THE IMPORTANCE OF CYBERSECURITY KNOWLEDGE FOR YOUTHS

- Protection of Personal Information
- Prevention of Cyberbullying
- Safe Internet Practices
- Career Opportunities
- Promotion of Digital Citizenship

STRATEGIES FOR YOUTH ORGANIZATIONS FOR ONLINE PROTECTION

- Educate Members
- Implement Strong Password Policies and use MFA if Possible
- Try to NOT use the Same Password for Every Site
- Be Suspicious of Strange Emails
- Verify Email Senders
- If its Too Good to be True it Probably is
- Don't Share Personal Information Online
- Talk to a Trusted Adult if in Doubt

HARDWARE AND SOFTWARE TO SAFEGUARD ONLINE SAFETY

- VPN
- Secure Settings
- Device Encryption
- Remote Wipe
- Online Parental Control

**ONLINE SECURITY REQUIRES
EVERYONE'S EFFORT**
