

Video Transcript for Rhoda Essien, UN Youth Advisory Group Representative for Antigua and Barbuda

0:01

Digital Transformation equips learners with essential digital literacy skills that are vital for success in today's interconnected world.

0:11

Modern learning platforms foster engagement and interactivity, making the learning journey more effective and enjoyable.

0:21

As we handle digital education opportunities, youth can gain the knowledge and skills that are necessary to pursue fulfilling careers, contribute in improving processes within our societies, and achieve personal growth and success in existing and emerging industries.

0:41

Digital transformation enables empowerment through lifelong learning, enabling youth like me and young professionals to up skill and reskill, thereby staying relevant in a rapidly evolving job market.

0:57

In my personal experience, digital transformation has had a profound impact on my educational journey.

1:05

At first, embracing digital tools and technology to enhance my learning experience was a bit scary.

1:13

By doing a bit of research, I learned how digital transformation could offer personalized and self-paced educational improvement that are tailored to my strengths and even my preferences.

UNITED NATIONS
Barbados & the Eastern Caribbean
Anguilla • Antigua and Barbuda • British Virgin Islands •
Commonwealth of Dominica • Grenada •
Montserrat • Saint Kitts and Nevis • Saint Lucia •
Saint Vincent and the Grenadines • OECS

1:26

The COVID-19 pandemic forced me to spend a year away from my university campus, but being able to access online resources and virtual classroom broke down geographical barriers that allowed me to pursue education remotely and conveniently.

1:44

My name is Rhoda Issian and I believe that digital transformation has and will continue to bring a multitude of benefits to youth in Antigua and Barbuda.
