**Minister of ICTs urges persons in the public to desist from soliciting on his
behalf**

ST. JOHN'S, Antigua and Barbuda – July 21, 2025...Please be advised that I Melford Nicholas the Minister of ICTs, Utilities and Energy have not given consent to any group of persons to solicit any resources, financial or material from any member of the business community.

“It has come to my attention that person/persons unknown to me have been making verbal representation via telephone to various members of the business community representing that they are Melford Nicholas”.

Regrettably, some business persons may have fallen prey to this fraudulent representation.

“I am therefore using this medium to notify and advise all persons in the business community that they should engage any future representation with suspicion and scrutiny with the prior knowledge that I am hereby disclosing that I have not authorized any such solicitation on my behalf”.

It has never been my practice, it is not my way, so please therefore be guided accordingly.
