**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

Office of the Governor General

Business Plan

FY 2025

Overview – Office of the Governor General

The nation of Antigua and Barbuda is a unitary, constitutional monarchy with parliamentary democracy. As such, Her Majesty Queen Elizabeth II is Antigua and Barbuda's Head of State. The Governor-General is Her Majesty's representative or viceroy in Antigua and Barbuda and is appointed on the recommendation of the Prime Minister of Antigua and Barbuda. The Governor-General's formal title includes the phrase "Commander-in-Chief, Antigua and Barbuda Defence Force" but he does not play an active role in military matters. The most significant role demonstrated in this capacity is the Governor General's leadership at the annual national military parade marking the anniversary of Independence Day. The Governor General's spouse (or vicereine) provides support through leadership in charitable work, designed to assist those in need, to promote national values and to strengthen the bonds of social cohesion. Support for the charities under Their Excellencies' patronage may be in the form of technical and financial assistance. The Governor General's spouse, H.E Lady Williams provides this leadership responsibility in her capacity as the Governor General's Goodwill Emissary. Presently, there are thirty-five organizations under Their Excellencies' patronage.

Antigua and Barbuda's Head of State is non-partisan and is not involved in the "business" of government, which is the responsibility of the Prime Minister and the Cabinet. This arrangement is best described by the saying that "while the Sovereign reigns, the Government rules." The Governor-General is expected to provide stability or act as a symbol of the state or nation. Government is comprised of a bi-cameral legislature and while the Sovereign and the House of Representatives together, make up the Parliament of Antigua and Barbuda, neither the Governor-General nor the Queen takes an active or initiating role in the executive functions of Government. By convention the Head of State acts on the advice of Ministers of the Crown, except on rare occasions such as when appointing a Prime Minister after an election. The Governor General is expected to have regular and confidential meetings with the Honourable Prime Minister on matters of concern to the state.

The Governor-General's role is an important one however includes several functions:

- Constitutional
 - appointing the government after an election
 - giving Royal Assent to legislation
 - appointing key public officials, principals of statutory bodies and judges
 - accepting diplomatic credentials
- Social Cohesion (Community leadership)

- Promoting a strong sense of national pride in citizens of Antigua and Barbuda
- supporting Vice-regal patronages
- attending community events
- visiting the inhabited islands within the nation of Antigua and Barbuda
- Ceremonial
 - Attendance at and/ or presiding over national events
 - Celebrating excellence through the awards of honours and hosting of investiture ceremonies
 - conferring honours
- Regional and International
 - representing Antigua and Barbuda at important international ceremonies
 - undertaking state visits

While the Office of the Governor General receives financial and other support from the Government, it is expected to operate as an independent office in accordance with the dictates of the Constitution and the laws of Antigua and Barbuda.

Vision

To be the institution which inspires unity among citizens and residents of Antigua and Barbuda, engenders national pride, national stability, good governance, and a full appreciation for the positive role of the Office of the Governor General and the Commonwealth in national development.

Mission

To provide quality administrative services and to develop a harmonious relationship with stakeholders to enable the Governor General to perform the required constitutional, legislative, social and ceremonial responsibilities effectively, efficiently and with excellence.

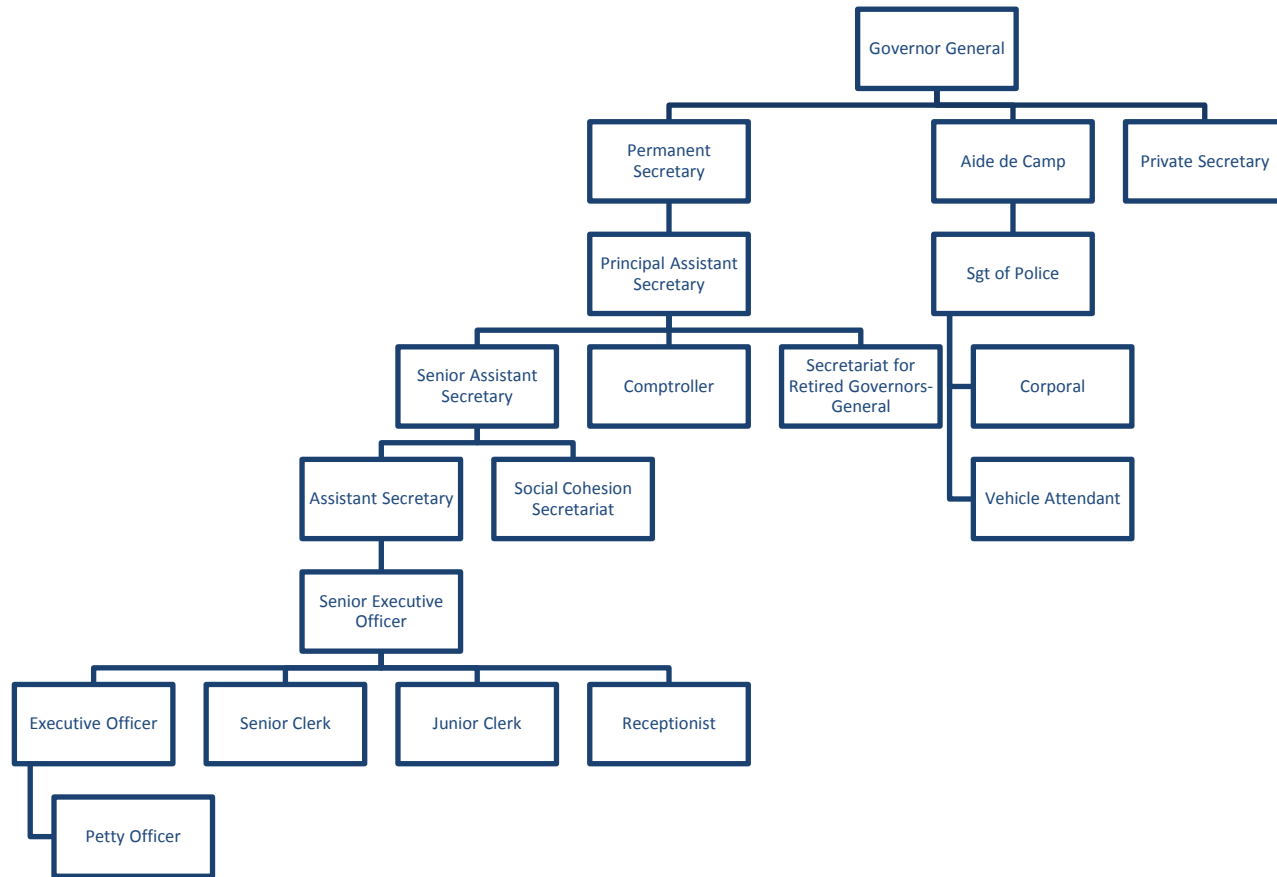

Figure 1 Organizational Chart - Office of the Governor General

Service Performance Review and Critical Issues

The Office of the Governor General was able to implement several of its programmes/projects in 2023 with significant input from the management and staff as well as partners. In addition to their busy schedules, several staff members were still able to participate in several short courses offered by the Training Division while others took personal responsibility for courses of study at the University of the West Indies. The Government House Restoration Initiative (GHRI) received a significant donation from Sir David Harrison to assist with the completion of the West Wing Range of Buildings. These spaces are now being used to temporarily house the staff while the main house is being repaired with the continued support of Sir David Harrison and other donors. The restoration continues to be managed by the Cabinet approved entity, the Heritage Trust Antigua and Barbuda Inc which is chaired by the President, His Excellency Sir Rodney Williams. Other directors include Vice President Her Excellency Lady Williams, HE Karen Mae Hill, Sir David Harrison, Mrs. Janey Howell and Ms. Gabriella Howell. The Halo Wings of Charity Auction and Gala 6th Edition was hosted in London. Other social initiatives continued by Their Excellencies through the Halo Foundation Inc with a strong focus on youth development and assistance for the needy. Other activities included the Commonwealth Day Celebrations in March and a Welcome Reception for SIDS4 Heads of Delegations.

The continuing critical issue for the office was that of having adequate resources to complete the government house restoration initiative, particularly the main building which is in a serious state of disrepair.

Service performance

Achievements

- 1. A number of staff members continued to pursue training in a range of areas from certificate to degree courses during the calendar year*
- 2. The Government House Restoration Initiative (GHRI) made some further strides this year with completion of the West Range of Buildings.*
- 3. The Governor General recognized the contribution to national development by several citizens, residents and friends of Antigua and Barbuda who had been awarded with National Honours (announced on Independence Day), The King's Realm Honours (announced on New Year's Day and the King's Official Birthday), the Governor General's Faithful and Meritorious Service Honours and the Halo Hero Humanitarian Awards.*

4. *Their Excellencies celebrated with centenarian citizens in person this year where it was permissible.*
5. *Their Excellencies continued to provide support for the nation's vulnerable through several initiatives organized and hosted by the Halo Foundation with assistance of the Office of the Governor General.*

Issues

1. *Although, the nation of Antigua and Barbuda has achieved political independence for over 40 years, there is still a need for continued education and awareness of the value which a Head of State brings the nation. There continues to be public uncertainty about the historic colonial arrangement as opposed to that which completely placed governance in the hands of the people with the attainment of political independence in 1981. There is still significant work to be done in increasing awareness of the role of the Head of State and her representative on the national level, through the Governor General, particularly as a symbol representing all citizens and encouraging national unity and social cohesion, regardless of differences which may exist, whether they are related to gender, ability, social, economic or other status. Additionally, the Office of the Governor General has identified the topic of national honours as another area about which the public needs to be enlightened. Efforts continue to provide more information on these topics through social media channels to realise the required objectives.*

2. *Limited financial resources continues to provide challenges for the completion of the restoration of the Office of the Governor General. In this regard, the Office of the Governor General continues to reach out to likeminded organizations and individuals with requests for financial, technical and other support to realise this objective.*

3. *The expanded service offerings of the Office of the Governor General demands significant human resources and while many provide volunteer services, the small staff complement at the Office of the Governor General is often called upon to serve above and beyond their call of duty. Every effort is being made to increase the level of training, source additional human resources through the Work Experience Programme and the Prison Rehabilitation Programme and encourage other qualified public sector workers to come on board.*

Organisational matters

Capability of the ministry/agency

Achievements

Issues

- 1. An in-house assessment has identified the installation of a surveillance and communication system as a major area for attention, particularly with the completion of the west wing buildings and planned commercial activities on the horizon. Greater attention must be paid to this area of service to include installation of a surveillance and communication system plus training of all staff in new systems.*
- 2. As efforts continue to create the Government House Museum as the centrepiece of a Heritage City Tour which will include the Museum of Antigua and Barbuda, the Cathedral of St John the Divine and Victoria Park, additional staff will be required. Over the next twelve months, the Office of the Governor General will be exploring with experts, the staffing and other requirements to implement such an undertaking. With the proposed completion date of the Government House Restoration Initiative revised for the end of 2025, there will be an increased push for more donor and government support to make this a reality.*

Summary of capability development strategy

Priorities, strategies and indicators

The priorities in order are:

1. Completion of the Government House Restoration Initiative and launch of the Government House Heritage Museum to include commercial enterprises.
2. Improvement of the security and communication systems on the Government House Property
3. Increased level of support for the needy and vulnerable through the hosting of various fundraisers throughout the year.

The strategies to achieve these priorities, the accountable institution and the indicators to measure performance are set out in the table below.

Priorities and strategies 2024 - 2025

Priorities	Strategies	Indicators
<p>Priority 1 – To complete the Government House Restoration Initiative and launch the Government House Heritage Museum to include commercial enterprises</p>	<p>Through requests to donors and the government of Antigua and Barbuda, raise the additional funds required in accordance with the Government House Museum Business Plan</p>	<p>Outputs:</p> <ul style="list-style-type: none"> a. In 6 months, an additional sum of US\$ 2.31 million raised in pledges for the restoration and operationalization of the Government House Heritage Museum. b. In 8 months, a comprehensive plan for the Government House Heritage Museum prepared for implementation. c. In 12 months, the Government House Heritage Museum opened with a café, deli, gift shop and exhibition spaces as commercial entities. <p>Outcomes: Government House Heritage Museum providing quality tourism and historical product to the public with an ability to cover up to 50% of its operational costs. Property continues to serve as the official office of the Governor General as well as the Government House Heritage Museum.</p>

Priorities	Strategies	Indicators
Priority 2 – Improve the security and communication systems on the Government House Property	Engage the services of a firm or expert to develop and implement a communications and security plan for the Government House Property	<p>Outputs:</p> <ul style="list-style-type: none"> a. In 6 months, produce a comprehensive security and communication systems plan for implementation at Government House. b. In 8 months, install the approved communications and surveillance system at Government House. c. In 9 months, train key staff members in the new communications and surveillance system. <p>Outcome: Operations on the government house property conducted in a safe and secure environment with greater levels of effectiveness and efficiency.</p>
Priority 3 – To increase the level of support for the needy and vulnerable through the hosting of various fundraisers throughout the year.	Engage with charities to discuss plans for the upcoming year to enable the development of a schedule of activities.	<p>Outputs: At least twice per year, host a fundraiser for a charitable cause or organization.</p> <p>Outcome:</p> <ul style="list-style-type: none"> a. Significant financial support provided for at least two organizations which fall under the Patronage of the Governor General and the Governor General’s Goodwill Emissary

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

Legislature

Business Plan
FY 2025

Ministry Overview

The two major units budgeted for under the Department of Legislature are the House of Representatives and the Senate.

Vision

To be a leading Parliamentary Department that supports democratic processes and legislative excellence through effective resource management, education, and knowledge dissemination.

Mission

To provide comprehensive professional support services to parliamentarians and stakeholders in discharging their duties.

Service Performance Review and Critical Issues for 2024

Achievements	Issues
<p>Achievements: <u>Service Performance</u></p> <ol style="list-style-type: none"> 1. Approximately 5 sittings of parliament hosted as of 6th October, 2024 2. Approximately 14 Hansards and 5 Minutes were produced as of 6th October, 2024 3. Approximately 23 Acts passed as of 6th October, 2024. 4. Approximately 5 Order of Business documents prepared for meetings as of 6th October, 2024 5. Approximately 14 school visits to the Parliament as of 6th October, 2024. <p><u>Organisational Matters</u></p> <ol style="list-style-type: none"> 1. Increased staff and Parliamentarian's exposure to local, regional, and international conferences/ training. 2. Increased student visits to the Parliament 3. Staff recruitment in the Secretarial Unit 	<p>Issues</p> <ol style="list-style-type: none"> 1. Non-operational Library equipped with the necessary resources and trained/qualified personnel 2. Establishing the Archives with a Modern Technological System. 3. Restructuring of Salary grade for Legislature Staff. 4. Inadequate Maintenance of the Parliament building and lack of fencing of the rear perimeter of the premises. 5. Modern kitchen appliances (new stove) are required to prepare meals for the Parliament Sittings. 6. New audio equipment needed in the Parliamentary Chambers

Priorities, Strategies, and Indicators for 2025

The priorities of the Legislature Department are:

1. Building and Infrastructure
2. Implementation of Library Services
3. Education and Training

Priorities and Strategies 2024-2025

Priorities	Strategies	Indicators
Priority 1		
Building and Infrastructure	Increase communication with the Ministry of Works to conduct frequent maintenance and modernize the current facility regularly.	Output: working environment would be more appealing and comfortable. Outcome: Added safety and security for staff, Parliamentarians, and other stakeholders.
	Network with the Ministry of Information Communication Technologies for a security system and periodical technological upgrades of computer systems.	Output: Prompt notification of the necessary personnel in the event of any security risk. Outcome: Implement state-of-the-art security systems to ensure the safety and integrity of parliamentary activities.
Priority 2		
Library Services	Liaise with the Ministry of Works to retrofit a space for a functional Library.	Outcome: Parliamentarians, various stakeholders, students, and the public have access to the resources to conduct research.

	Seek assistance from International legislative bodies to invest in technology to support the digitization of existing materials and the acquisition of new resources	Outcome: Access to digital library resources including journals and legislative documentation
Priority 3 Education and Training	Establishment of partnerships with training institutions for specialized short courses and certification.	Output: Foster a culture of continuous learning and professional growth. Outcome: Increased capacity building and productivity of staff
	Partner with international legislative bodies for shared learning, collaboration opportunities, and exchange programs to expose parliamentarians and staff to global legislative practices.	Outcome: Continuous professional development for parliamentarians and staff to enhance legislative capabilities

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

Cabinet Secretariat

Business Plan

FY 2025

Ministry Overview

In accordance with the provisions of Section 70 of the Antigua and Barbuda Constitution Order 1981 “there shall be a Cabinet for Antigua and Barbuda which shall have the general direction and control of the Government”. The Cabinet is the principal instrument of Government’s policy.

The policy making process begins with individual Ministers and their Ministries preparing and submitting to Cabinet, Circulation Notes regarding proposals and recommendations for consideration by the Ministers collectively. The originating Ministry is primarily responsible for implementing Cabinet decisions and reporting to Cabinet on the progress of implementation. Therefore, the effectiveness and efficacy of decision-making by the Cabinet of Antigua and Barbuda directly depends on the quality of submission by the individual Ministries and the commitment of each Permanent Secretary within the Civil/Public Service in ensuring that the implementation of Cabinet decisions are on-time, within budget and according to Cabinet’s expectations.

Section 77 of the Constitution establishes the Secretary to the Cabinet as a public office, giving the office holder control over the Secretariat, subject to instructions by the Prime Minister. The Cabinet Secretariat provides administrative, managerial and advisory support to Cabinet, thereby enabling the effective devising and implementation of policies of the Government. This includes arranging the sittings of Cabinet (usually every Wednesday, but this is at the discretion of the Prime Minister), receipt of Circulation Notes and conveyance of decisions of the Cabinet. The Secretariat is also responsible for paying Ministers’ salaries and allowances.

In order to strengthen Cabinet’s control over the policy management process, the Secretariat continues to engage stakeholders playing diverse roles in the policy process, around the structures, processes and tools required for more effective implementation of public policy. Going forward, the Secretariat’s Statement of Key Services include:

- **Secretariat Services to Cabinet** which involves receiving Circulation Notes, composing the Agenda, inviting officers to attend sittings at the request of Cabinet, preparing the minutes of Cabinet, dispatching Cabinet Decisions
- **Policy Advisory Services** (Principally to Cabinet but also to Government Ministries)
- **Monitoring and Evaluation** of the progress and impact of Cabinet Decisions

Vision

A leadership model in the creation and execution of policy solutions, which enhances the quality of governance and accrues benefit to the Government and people of Antigua and Barbuda.

Mission

The effective implementation of Government's policy agenda through excellence in administrative, managerial and advisory support to Cabinet, and the rest of Government.

Service Performance Review and Critical Issues for 2024

The Cabinet Secretariat fulfils its mandate in accordance with the provisions of the Constitution of Antigua and Barbuda. Over the past few years the Secretariat has been in the process of reorganizing its structure and processes to facilitate a more efficient delivery of services. To date, a number of interventions have been executed and several others are in train or scheduled to be activated as a part of a broad programme of reforms.

During FY2016, a policy modernization effort, supported by an adviser provided by the Commonwealth Fund for Technical Cooperation, resulted in a Functional Review which made a number of recommendations for improving the internal processes of the Secretariat and the manner in which the Secretariat works with the rest of the government. This review set in motion efforts to improve staff skills, make the process of managing Cabinet documentation more effective and efficient and strengthen the monitoring of decisions of the Cabinet.

Achievements	Issues
<p>Achievements:</p> <p><u>Service Performance</u></p> <ul style="list-style-type: none"> • Facilitated the execution of the business of Cabinet – This includes holding of 100% of the planned sittings of Cabinet and dispatch of the Decisions within established service standards <p><u>Organisational Matters</u></p> <ol style="list-style-type: none"> 1. The Cabinet Secretariat has reviewed its processes and has become even more efficient in the execution of its tasks despite the challenges it faces. It has achieved this by: <ol style="list-style-type: none"> a. Significantly digitizing documentation, reducing the use of paper b. Increased the use of communication technology to host meetings which have reduced other ancillary costs 2. The Secretariat continues to strengthen its relationships with other stakeholders in government to include Permanent Secretaries of the various ministries and Heads of Departments by lending its support through offering advice and training and development sessions. 	<p>Issues</p> <ol style="list-style-type: none"> 1. Funding has been one of the major issue that has prevented the Dashboard from coming to fruition. With the economic challenges that are being faced by the country, critical scarce resources have to be prioritized and certain projects have to be placed on hold in order that critical areas receive funding to enable the country to be kept afloat during these challenging economic times. To compound the situation, the Developer of the Software has failed on the promise of incorporating certain specific functionalities to include security and interface components and a resolution to this matter is being addressed with the Secretary to the Cabinet, the Minister for Information Communication Technologies (ICTs) and the Developer. 2. Training has been delayed as a result of the Dashboard not being deployed.

Priorities, Strategies and Indicators for 2025

Given the achievements and critical issues identified above, a number of priorities have been identified for the 2025 Financial Year. The priorities in order are:

1. Effective facilitation of the business of Cabinet
2. Improved policy management capacity within GoAB
3. Creation of Forums for discussion of policy issues
4. Strengthening the Governance Framework for the management of public policy

Priorities and strategies 2024-2025

Priorities	Strategies	Indicators
Priority 1 Effective facilitation of the business of Cabinet	Arranging the sittings of the Cabinet	<p>Outputs:</p> <p>Number of Cabinet sittings held</p> <p>Outcomes:</p> <p>Effective and efficient meetings, development of new policies and enhancing current policies leading to an overall improvement in the government sector</p>
	Dispatch Cabinet Decisions to appropriate stakeholders	<p>Outputs:</p> <p>Number of decisions dispatched</p> <p>Outcomes:</p> <p>Reduced time to dispatch decisions</p> <p>Reduced requests for copies of Cabinet Decisions</p>

	<p>Improve the security, accessibility and traceability of Cabinet documentation through the use of technology</p>	<p>Outputs:</p> <p>Cabinet Dashboard Solution</p> <p>Reduced requests for copies of Cabinet Decisions</p> <p>Outcomes:</p> <p>Increased accountability and reduction of Cabinet Decisions being accessed by unauthorized persons</p>
<p>Priority 2 Improved policy management capacity within GoAB</p>	<p>Creation of core Cabinet Liaison Officers</p>	<p>Outputs:</p> <p>Number of training sessions</p> <p>Outcomes:</p> <p>Efficiency in addressing policy issues and queries across departments</p>
	<p>Improve the tools used in policy management</p>	<p>Outputs:</p> <p>Standard templates in place for Circulation Notes and Policies</p> <p>Policy Register in place</p> <p>Cabinet Monitoring Matrix</p> <p>Outcomes:</p> <p>Enhance authenticity of all documents origination from the Office of the Cabinet</p> <p>Efficiency in organizing and locating policy decisions</p>

	<p>Create policy skills framework for the Government and deliver training programme</p>	<p>Outputs:</p> <p>Policy skills framework</p> <p>Professional Development Plan for Secretariat Staff</p> <p>Number of training sessions for Ministry staff</p> <p>Outcomes:</p> <p>Improved knowledge of the staff on policy management tools and approaches</p>
<p>Priority 3 Creation of Forums for discussion of policy issues</p>	<p>Stage Leadership Retreats to foster creation of common understanding and the fostering of trust</p>	<p>Outputs:</p> <p>Number of Leadership retreats</p> <p>Outcomes:</p> <p>Enhancement of trust and common understanding</p>
	<p>Engage Permanent Secretaries around options for improving policy management</p>	<p>Outputs:</p> <p>Number of Permanent Secretary Committee Meetings</p> <p>Outcomes:</p> <p>Confidence, efficiency and effectiveness in delivery of service and building personal capacity</p> <p>Improved buy-in from Policy Makers and Policy Managers</p>

<p>Priority 4 Strengthening the Governance Framework for the management of public policy</p>	<p>Conduct functional review of the Cabinet Secretariat and create structures for inter-Ministry policy coordination</p>	<p>Outputs:</p> <p>Core services and technical capabilities identified</p> <p>Governance Structure for public policy management implemented</p> <p>Outcomes:</p> <p>Increased efficiency of the Secretariat</p>
	<p>Finalize and submit the Cabinet Manual of Antigua for approval</p>	<p>Outputs:</p> <p>Manual endorsed by Cabinet</p> <p>Outcomes:</p> <p>Standardization of processes</p>

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

Service Commissions

Business Plan

FY 2025

OFFICE OF THE PUBLIC SERVICE COMMISSION

BUDGET ESTIMATES FOR THE FY 2025

PRODUCED ON 7TH OCTOBER, 2024

1. OVERVIEW

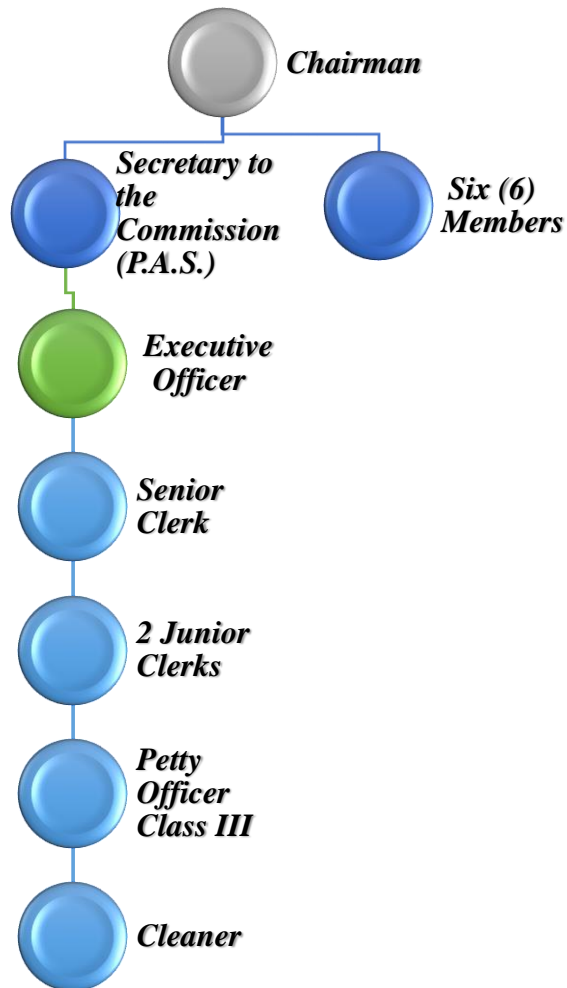

1.1 Vision

To be leaders in the Public Service and to earn the trust and respect of all through fairness, honesty and integrity.

1.2 Mission

To ensure equality and protect the interest of all Public Servants while adapting to a rapidly changing environment and promoting positive impacts on all.

1.3 Organizational Structure – THE PUBLIC SERVICE COMMISSION

1.4 Service Performance Review and Cultural Issues

FY 2025

A review of the programme areas for the department is outlined below.

Programme: General Public Services

Objective 1:

To ensure that submissions from the Chief Establishment Officer (CEO) are properly placed before the Commission at its weekly meetings, i.e. ensure that required documents are present etc.

Objective 2:

To make all necessary preparations so that the Commissioners would have a productive meeting each week.

Objective 3:

To dispatch decisions made by the Commission to the Chief Establishment Officer after being ratified bi-weekly, to enable the Establishment Department to efficiently and effectively implement these decisions.

Objective 4:

To maintain a record of all applications submitted at the Commission. Also maintain a registry of correspondence to and from the Commission.

ANNUAL OBJECTIVES

Annual Objective 1:

To create the Annual Report for the Commission which is to be tabled at Parliament.

Annual Objective 2

To maintain accurate records at the Commission, i.e. record minutes of the general meetings, hearings, audiences, interviews etc. with the Commission.

FY 2025

So far, the programme is meeting these objective of providing the necessary information to the Commission and dispatching decisions made by the Commission on a timely basis. Records are also being kept in accordance with established procedures. The Annual Reports are also being generated as required by Law.

1.5 Summary of Critical Issues

It is important that the office has the necessary tools, equipment and man power to carry out the functions of the office of the Public Service Commission. Because of the weekly cycle, it is imperative that the relevant supplies are also on stock, that equipment, for example, the photocopier, computers and printers are functioning optimally, and that enough staff is present to prepare for the Commission's meeting.

In addition, the period from the making of decisions to ratification of decisions is usually two (2) weeks. Therefore, correspondence from Permanent Secretaries need to reach the Chief Establishment Officer with enough lead-time for the matters to be submitted to the Commission, for the decision of the Commission to be made and ratified, and for the Chief Establishment Officer to then dispatch the Commission's decision back to the relevant Permanent Secretary for implementation of said decision in a timely manner.

The Commission envisages that the laws governing the Civil Service are clear and easily accessible to all Government institutions. It also expects that its decisions are carried out expeditiously. As stated in the critical issues summary, having the required tools, equipment and man power to work along with the Commissioners is imperative for the whole process and would improve the functions of the department.

Finally, adequate time must be dedicated to systematically collating all of the decisions of the Commission over the year, so that accurate data is placed in the Annual Report.

1.6 Strategic Objectives and Priorities

Ensuring that decisions made by the Commission are keeping with the laws of Antigua and Barbuda.

Ensuring that the Annual Reports are generated in a timely manner.

Ensuring that Retired Civil Servants are given due recognition by the Commission on their retirement.

1.7 Annual Objectives and Key Result Indicators

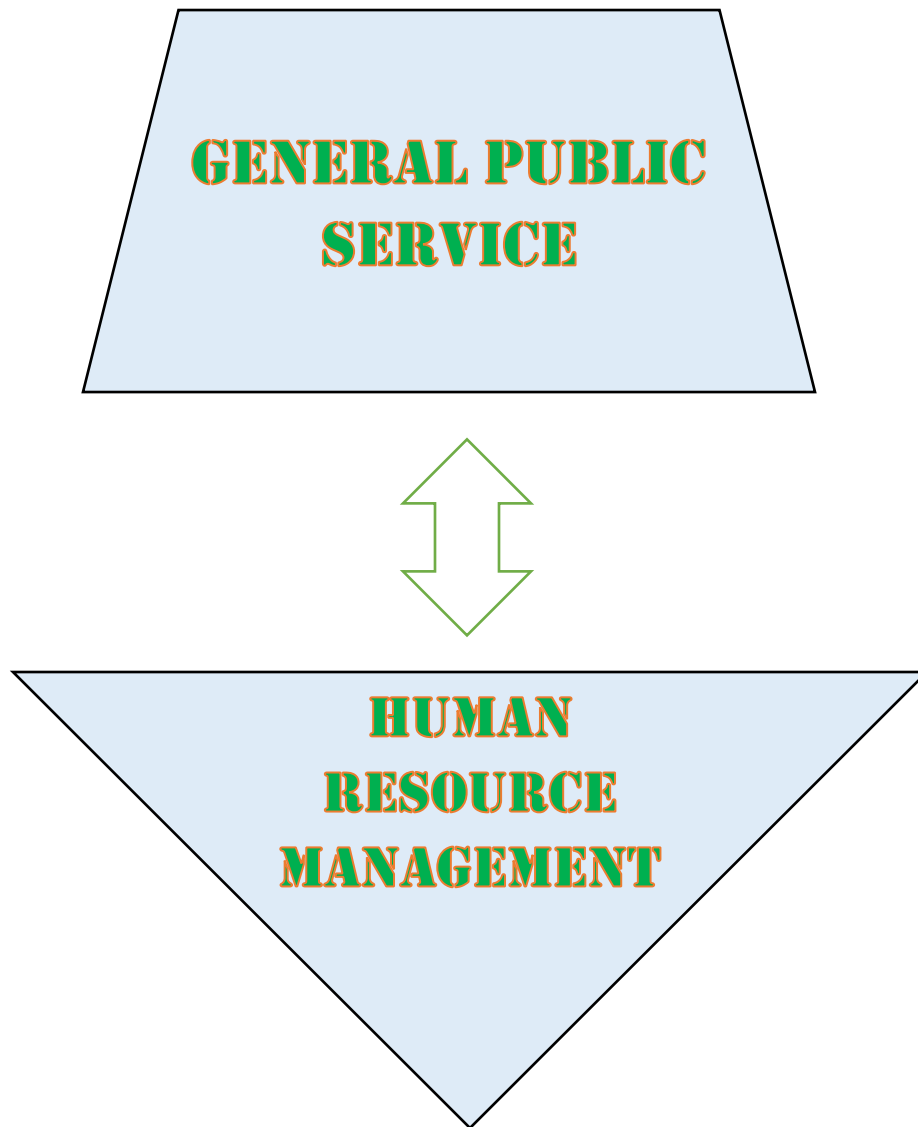

Programme: General Public Services

Annual Objective 2025	Expected Result	Performance Indicator
To ensure that submission from the Chief Establishment Officer (CEO) are properly placed before the Commission on a weekly basis for its meeting each Wednesday, i.e. ensure that required documents are present.	Submission have the required supporting document (s) attached to allow the Commission to make informed decisions	1. Submissions received from the Chief Establishment Officer are checked to ensure all the required documents are attached. 2. Agenda, and minutes of previous meeting, are prepared and photocopied. 3. Packages containing the above, prepared and dispatched to each Commissioner by Tuesday afternoon.
To dispatch decisions made by the Commission to the Chief Establishment Officer in a timely manner to enable the Establishment Department to efficiently and effectively implement these decisions	Decisions are sent to the Chief Establishment Officer for implementation within two days after ratification	After the minutes are ratified, a minute containing all of the decisions is prepared and dispatched to the Chief Establishment Officer by Thursday afternoon each week.

<p>To maintain accurate records at the Commission</p>	<p>Accurate minutes of the Commission’s meetings to be recorded, regular correspondence received are recorded and placed on correct files etc.</p>	<p>1. Record accurately the proceedings of the Commission’s meeting, then type minutes, then file on appropriate file after ratification. 2. Record all incoming and outgoing correspondence in relevant records book 3. File all correspondence on correct file, cross referencing where necessary</p>
<p>To create the Annual Report of the Public Service Commission by first quarter of the following year</p>	<p>Annual Report as created and sent to Government Printing Officer for production</p>	<p>Annual Report is created and printed and sent to Governor General’s office for onward transmission to Parliament within the first quarter of the following year.</p>

1.8 Activity Structure

The following diagram depicts the current activity structure of the department.

POLICE SERVICE COMMISSION

Budget Plan
For the FY 2025

October 2025

OVERVIEW

Police Service Commission

The Office of the Police Service Commission collaborates with the following departments for the operations of the Royal Police Force of Antigua and Barbuda:

-  Ministry of the Prime Minister
-  Ministry of Legal Affairs, **Public Safety** and Labour
-  Police Headquarters

The Functions of the Police Service Commission is printed on page 62 – Part 2, section 104 and 105 of the 1981 Constitution Booklet of Antigua & Barbuda.

1.1 Vision

To ensure that matters with regards to Officers in the Royal Police Force of Antigua and Barbuda, e.g. disciplinary hearings, promotions, etc. are dealt with by the Police Service Commission in a timely and effective manner.

1.2 Mission

To ensure that the Commission receives all relevant documentation which will enable them to make rational and strategic decisions for the benefit of the Service as a whole.

1.3 Performance Review

A review of the programme areas for the department is outlined below.

Royal Police Force

Objective 1: To put before the Commission, correspondences, from Ministry of Legal Affairs, **Public Safety** and Labour and the Commissioner of Police, for discussion and evaluation at its weekly meetings.

The programme has met this objective of providing the necessary information to the Commission on a timely basis.

Objective 2: To register Minutes of each meeting and keep record of interviews with officers who may wish to have an audience with the Commission.

This objective was achieved with the funds provided under the relevant programme.

1.4 Summary of Critical Issues

The Office of the Police Service Commission is faced with the challenge of correspondences not being received promptly from the Ministry of Legal Affairs, **Public Safety** and Labour in order to make decisions and further accommodate certain deadlines. In addition, the Commission has also encountered difficulty receiving vendor cheques in a timely manner from the Treasury Department and therefore gives rise to the unwillingness of merchants to offer goods and services to the Commission. Moreover, many Police Stations across Antigua and Barbuda are in deplorable conditions thus preventing the Commission from making visits to these Stations.

1.5 Strategic Objective and Priorities

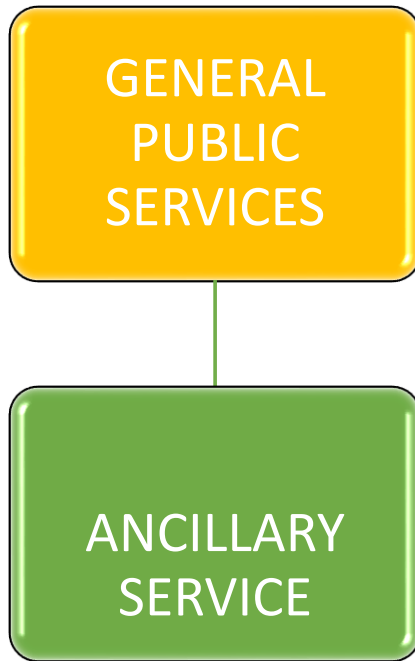

The Commission ensures that personnel and other matters for Officers of the Royal Police Force are dealt with in a timely manner.

1.6 Annual Objectives and Key Result Indicators

Programme: Service Commission

Annual Objective 2025	Expected Result	Performance Indicator
To ensure that personnel matters for Police Officers, e.g. disciplinary hearings, promotions, etc. are dealt with by the Commission as soon as possible.	To ensure that objective has been achieved	To ensure that persons to be interviewed are informed at least 1 week ahead of the meeting date.
To maintain and update the Police Office Management Software to a hundred (100%) accuracy	To use the information from the Office Management Software to help improve the decision making process.	To present an audit of Police Officers information in a timely manner.

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

Electoral Commission

Business Plan

FY 2025

**Budget Plan
for Fiscal Year 2025**

ELECTORAL COMMISSION

OVERVIEW

The Representation of the People (Amendment) Act No. 17 of 2001 outlines the functions of the Electoral Commission: responsibility for the general direction, control and supervision of the preparation of the voters' register and the conduct of elections in every constituency. In an effort to undertake these functions, the Commission appoints a cadre of support personnel throughout the organization, comprising staff at its Headquarters, Registration Officers and Registration Clerks in each of the seventeen (17) Constituencies throughout the State. Agents of Political parties represented in Parliament are nominated as Scrutineers to monitor the registration process.

VISION

The Antigua and Barbuda Electoral Commission is committed to ensuring that the electoral process is conducted in an impartial and transparent manner to ensure voters' confidence and through consultation on the process of continuing electoral reform emanating from "best practices" through experiences and knowledge obtained from cooperation among international electoral organizations.

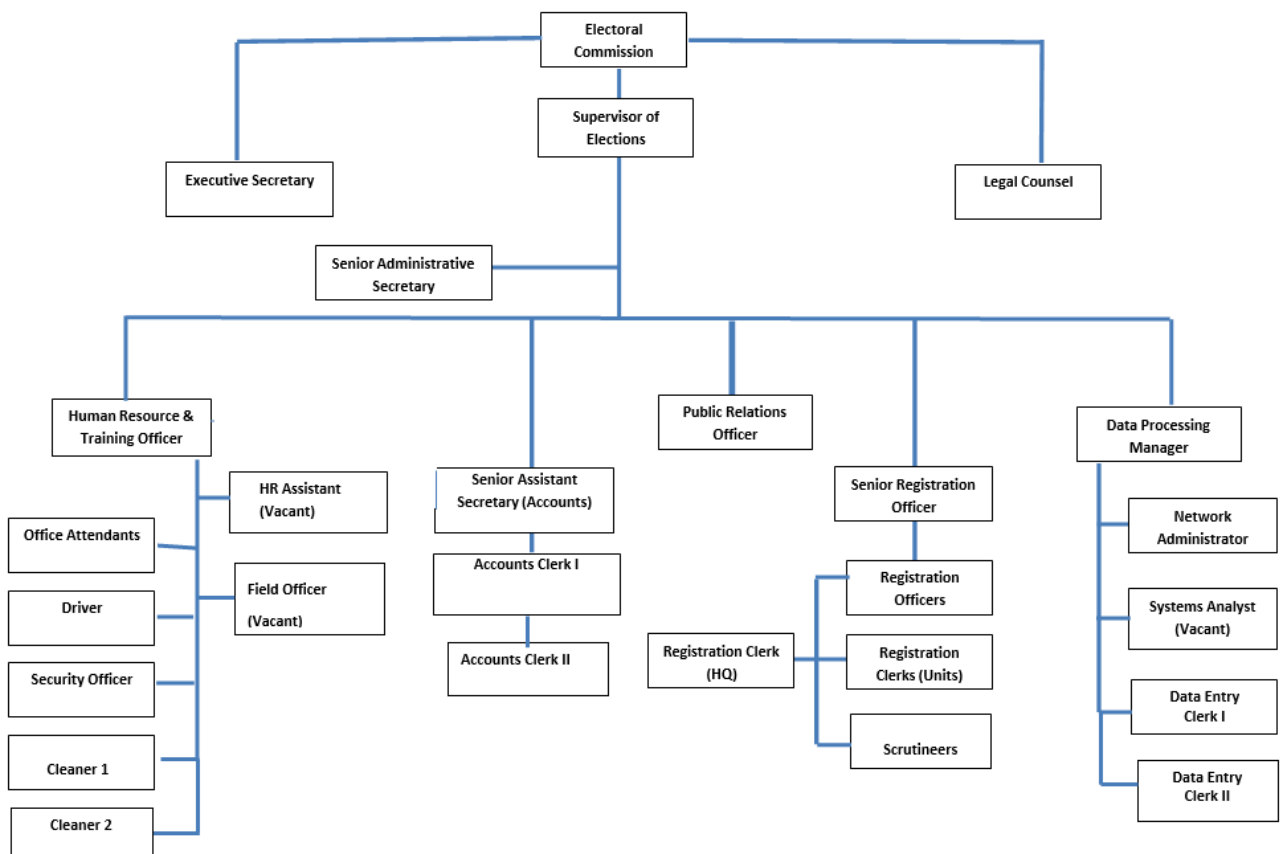

MISSION

The Antigua and Barbuda Electoral Commission will conduct its voter registration programme in a professional and effective manner to maintain the integrity in the voters' register and ensure the conduct of elections in a manner that will be assessed as impartial and transparent both locally and internationally.

The Commission will carry out a continuing review of its administrative strategies, policies, procedures and practices so as to provide effective and efficient service to enhance stakeholder confidence in the electoral process.

ORGANIZATIONAL STRUCTURE

The chart below depicts the current organization structure of the Electoral Commission:

SERVICE PERFORMANCE REVIEW AND CRITICAL ISSUES

Achievements

-Supplementary List

As required by law, Supplementary Lists of persons applying to become registered voters during each month, Preliminary Lists and Register of Electors are published as follows:

- By the 15th of each month
- Not later than 30th April and 31st October
- Not later than 30th June and 31st December

-Continuous Registration

Registration Units conduct continuous registration in all seventeen (17) Constituencies. Due to the unavailability of suitable buildings within the constituencies, the units of St. Peter and St. Mary's South were relocated to the Central Registration Unit on Factory Road. All Saints East & St. Luke Registration Unit was forced to share the space located within the constituency of All Saints West.

On August 12, 2024, the Electoral Commission launched its Expired Voter ID Card Replacement process across all 17 constituencies. Temporary rental accommodations were arranged for the St. Peter, St. Mary's South, and All Saints East & St. Luke Registration Units during the card renewal process.

-ID Card Printing

The printing of ID cards is a continuous process due to unavailability for several reasons e.g., fire, loss etc. Upon publication of a Register of Electors, it is also a requirement to print cards for new electors and persons who are replacing their expired voters ID Cards.

-Voter Education

Social and traditional media appearance is maintained and further enhanced, particularly during the Expired Voter ID Card process through press releases, flyers, notices and updates to the website. The Civic Education program continues in primary and secondary schools by conducting Student Council Elections by providing the necessary support. Along with providing support for other Civil Society Organizations and sporting groups.

Issues

-Housing of Units

There is the recurring issue of lack of premises to house several Registration Units.

-Equipment

Malfunctioning of several equipment requiring frequent replacements.

Outdated equipment such as desktops and laptops urgently need upgrading to ensure efficiency.

ORGANIZATIONAL MATTERS (CAPABILITY OF ABEC)

Achievements

-Training

Conducted Training of Registration Clerks and successfully recruited (25) Temporary Registration Clerks.

All Staff attended the Customer Service Workshop -Capacity Building and Development, focusing on enhancing customer service skills and professionalism in the workplace.

-Electoral Observation Missions

Representatives of the Electoral Commission were deployed to observe General Elections in Costa Rica, Venezuela and Sri Lanka.

Representation was made at the Meetings of Electoral Bodies, International Congress of Electoral Technology, TIKAL and UNIORE Conferences.

-Disbursement of Funds

Based on the new procedures implemented by the Ministry of Finance, effective March 2024 to present, there are no outstanding payments to Service Providers for the year 2024.

- High Speed Fiber Optic Cable

Internet Service has been acquired through APUA fiber optics system to include IP phones and has started to improve connectivity to various services and quality of service.

Issues

-Payments

Acquisition of funds for payment to service providers prior to March 2024 remain unsettled.

SUMMARY OF CAPABILITY DEVELOPMENT STRATEGY

PRIORITIES AND STRATEGIES 2025

#	PRIORITIES	STRATEGIES	INDICATORS
1	Housing of Units	<ul style="list-style-type: none"> • Acquire suitable structures for units. Revisit the proposal of container structures with the option of acquiring one or two annually. • Maintenance contracts and provision for supplies 	<p>Output: Easy accessibility for registration services within the Constituencies.</p> <hr/> <p>Outcomes: increase in the number of registrants.</p> <p>Reduction in rental expenses</p>
2	Upgrade Equipment in Registration Units & Headquarters	<ul style="list-style-type: none"> • Replace outdated equipment to improve productivity and efficiency. These include but are not limited to desktops and laptops. • Stagger acquisition of equipment annually to reduce costs over time 	<p>Output: to enhance and improve staff efficiencies</p> <hr/> <p>Outcome: adequately accommodate the increased production of material during the continuous Expired Voter Identification Card Replacement exercise</p> <p>Improved quality of printed material and becoming less reliant on outside sources</p>
3	Public Education Campaign techniques	<ul style="list-style-type: none"> • Develop short educational videos about various aspects of the electoral process for in house and social media. 	<p>Output: Production of material, visual, audio and electronic for public consumption.</p>

		<ul style="list-style-type: none"> • Consistently update social media platforms and website about key developments or engagements in ABEC. • Forge partnerships with traditional media to feature key information from ABEC on a monthly basis. • Continue to engage academic institutions about democracy and the registration process. • Conduct simulation exercises in the schools • Improve our services available to organizations (Civil Society and Sporting Organizations) and schools (Student Council Elections) to carry out electoral processes. 	<p>Outcomes: Increase public awareness about registration, card renewal and other key functions and role of ABEC.</p> <p>Increase knowledge about ABEC and its mission as an Electoral Management body.</p> <p>Increase awareness of the public.</p> <p>Younger people will become more engaged and interested in registration and eventually voting.</p>
4	Staff Development & Training	<ul style="list-style-type: none"> • Continue to develop creative and engaging in-house activities for the training and development of staff. • Seek and promote academic opportunities for staff members to enhance their skills and capabilities e.g. Antigua State College, ABITT, short courses at UWI etc. • Seek and promote local and overseas Electoral training opportunities for eligible staff. 	<p>Output: To enhance and improve staff capabilities and productivity.</p> <p>Outcomes: Increased productivity and efficiency from skilled human resources.</p> <p>Increased qualifications of staff members in various fields.</p> <p>Increased knowledge and electoral skill set of staff.</p>

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

**The Prime Minister's
Ministry and the Ministry of
Finance, Corporate
Governance and Public
Private Partnerships (PPPs)**

Business Plan

FY 2025

1.1 Ministry Overview

The Prime Minister's Ministry consists of the Office of the Prime Minister or Prime Minister's Headquarters. This Ministry includes the following divisions:

- Passport Office
- Citizenship by Investment Unit (CIU)
- Office of National Drug Control and Money Laundering Policy (ONDPCP)
- Antigua and Barbuda Department of Marine Services and Merchant Shipping (ADOMS)
- Antigua and Barbuda Defense Force
- The Electoral Commission
- The Information Commission
- The Antigua and Barbuda Port Authority

The effective management of the Ministry, therefore, is dependent on the ongoing collaboration between the Permanent Secretary and Department Heads.

In this regard, the Ministry carries out the following broad functions:

- Facilitates the overall management of all departments and units within the Prime Minister's Ministry.
- Provides support resources and national security for the proper management of activities relating to Passport and Citizenship, Merchant Shipping, Drug Control and Money Laundering and Defense.

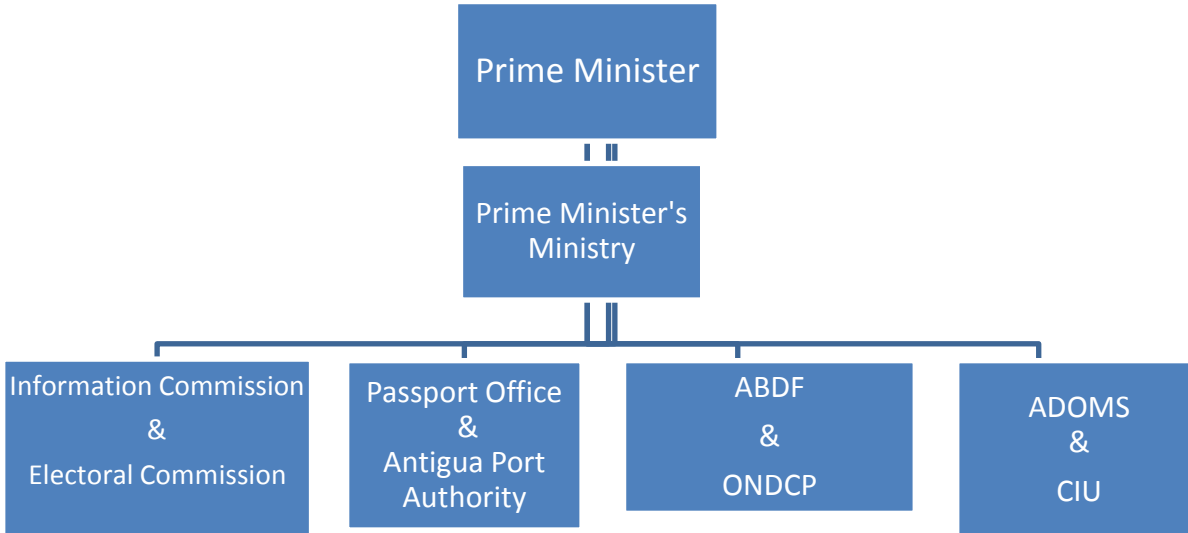

1.2 Vision

To be the driving force behind our nation's advancement in security and tertiary education, envisioning a future in which innovation, inclusivity, and good governance are paramount. We aim to set an example by creating a prosperous and harmonious society in which the well-being of all citizens is our top priority.

1.3 Mission

To diligently carry out Government policies and strategies, while providing unwavering support and optimal resources to streamline the operations of all departments and units overseen by the Hon. Prime Minister. Our commitment is to allocate resources wisely, in accordance with the Prime Minister's vision of transforming Antigua and Barbuda into a thriving economic force.

Structure diagram (Organisation Chart)

1.4 Service Performance Review and Critical Issues

The Prime Minister’s Ministry continues to play an important role in assisting its various departments in attaining their respective goals and objectives. The Ministry will continue in 2025 to facilitate and support each department as necessary.

Achievements	Issues
<p><u>ADOMS</u>: Antigua and Barbuda operates a fully-fledged international registry and a developed Maritime Administration. This administration is tasked with implementing and enforcing national and international rules and regulations regarding safety, security, the welfare of seafarers and the protection of the marine environment.</p> <p>The Antigua and Barbuda flag is listed on the whitelists for both the Tokyo and Paris Memoranda of Understanding on Port State Control (PSC) which is indicative of a quality registry that is attractive to ship owners.</p> <p>The registry is ranked among the top 30 in the world’s merchant fleet and is internationally recognized by stakeholders within all dimensions of the international shipping industry.</p>	<p>Lengthy processing times to register external companies.</p> <p>Lack of a competitive fee system: Lack of a readily available competitive registration fees documented and demonstrated to the client in a public forum such as the website or a business development program</p> <p>Lack of one (1) common database for the fleet: With multiple databases there is an inability to guarantee the consistency and accuracy of all registry data and safely related information.</p> <p><i>Outdated Corporate/Companies Legislation.</i> The Companies Act needs to</p>

<p><u>Organizational Matters</u></p> <p><i>Strengthening the technical capacity and enhancing professional development.</i> The implementation of an internal training plan for the enhancement of employee skill sets and a higher level of client service.</p> <p><i>Lack of organizational strategy to optimize staff retention.</i> There is a need for the implementation of a strategy to align organizational culture with the strengthening of leadership capabilities and the enactment of standard operating procedures that lead to transparency, appreciation of effort and a work ethic that ensures quality of output and continuity of service.</p>	<p>be reviewed and updated to optimize the registration of ships.</p>
<p><u>PMO:</u> The Ministry continues to be responsible for processing and supporting travel requests for the Non-Established Officers within the service and intends to manage this support element more efficiently. A number of government officers also received training in various short courses in China.</p> <p>The Prime Minister’s Scholarship Program continues to provide financial assistance to students. This initiative has seen an increase in the number of scholarships awarded. However, the Department has refocused its attention to granting scholarships to University of the West Indies (UWI) Five Islands Campus.</p> <p>There is also an increase in scholarships to international agencies including China, Cuba, India and Russian Federation.</p> <p>General maintenance and repair to the office building and grounds (ongoing).</p> <p>Restoration work mainly on the grounds at Heroes Park (former residence of the Late Sir. V. C. Bird) has begun.</p>	<p>The need to carry out a comprehensive assessment to determine overall maintenance needs of the office building.</p> <p>The availability of funds from the Treasury for scholarship recipients during the summer period at a time when students are starting a new term/semester.</p>

<p>Installation of surveillance equipment at Heroes Park (ongoing).</p> <p><u>Organizational matters</u></p> <p>Additional personnel were employed from the Job Programme to assist with maintaining the grounds at Heroes Park</p> <p>The Prime Minister’s Scholarship Programme continues to see an increase in scholarship recipients. There are over Sixteen Hundred (1600) scholarship recipients for the current year. The Department, however, continues to monitor students’ performance via transcripts.</p> <p>Staff participated in various training initiatives to include Accounting and Budgeting Procedures, Artificial Intelligence Research, and Occupational Health and Safety.</p> <p>Staff will continue to engage in other professional development workshops in 2025 such as Emotional Intelligence, Team Building and Team Work, Telephone Techniques, Conflict Resolution, Security Training for Security Personnel.</p>	
<p><u>ABDF:</u> The ABDF continues to collaborate with the Police and ONDCP to address various national security matters especially as it relates to crime prevention initiatives. Support is given to various Government and community organizations.</p> <p>The hosting of regional troops at Camp Blizzard in support of the 4th SIDS Conference.</p> <p>Renovation of the male barracks and the Training Building at Camp Blizzard</p> <p>Operationalizing of Alpha 2 and MV Makeva in support of Air Wing and Coast Guard Missions</p> <p>Deployment of personnel and equipment in support of CDEMA</p>	<p>Infrastructure across the force is in a dilapidated state and has proven inadequate for the number of members and civilian staff to live and work (infestation of termites, aged plumbing, issues of mould, water holding tanks deteriorated).</p> <p>Lack of an effective switchboard system has affected communication throughout the organization, especially at Coast Guard. This has impacted Coast Guard’s ability to respond to search and rescue cases.</p> <p>Late receipt of the impress cheques (food and services).</p>

<p>The Acquisition of UAVs with the support of CIP and international partners</p> <p>The Acquisition of a 38 feet interceptor in support of CIP.</p> <p>Organizational matters</p> <p>For Fiscal year 2025</p> <p>Renovation of the Head Quarters Building to include expansion of the Finance (Accounts) Office.</p> <p>Construction of a female barracks at Camp Blizzard</p> <p>Acquisition and construction of a hanger at VCB International airport.</p> <p>The expansion of the Cadet Corps into three (3) secondary schools.</p> <p>Expansion of the farm program (hydroponics, fishing and pigs).</p> <p>Training of ten (10) new medics</p>	<p>Timely receipt of travel and subsistence cheques</p> <p>Loss of critical assets, the two Coast Guard interceptors become non-operational because of manufacturing defects.</p> <p>The two aircraft became operationally unavailable due to lack of spares resulting from no funding.</p>
<p><u>ONDCP:</u> The Office of National Drug and Money Laundering Control Policy continues to be a lead agency in counter narcotics and financial investigation.</p> <p>Achieved compliance with 36 of the Financial Action Task Force (FATF) 40 Recommendations.</p> <p>Conducted outreach to inform national and sectorial understanding of Money Laundering/Terrorist Financing (ML/TF).</p> <p>Strengthened the framework for domestic cooperation and coordination by contributing to work groups and task forces at the national and agency levels.</p>	<p>There is a need for the calibration of human and technological resources to effectively respond to the evolving AML/CFT/CPF environment.</p>

<p>Enhancement of financial intelligence products to inform investigative and policy actions at the operational and strategic levels.</p> <p>Support given to the national security architecture.</p> <p><i>Organizational matters</i></p> <p>The agency seeks to embark on a series of drug surveys to enhance its understanding of the national drug situation.</p> <p>Ongoing training in intelligence gathering and investigations to keep abreast with the advanced modes of financial crime.</p> <p>Strengthen the technological capabilities of the tactical team.</p> <p>Establish a relationship with key stakeholders to include the Cannabis Authority to better support education and awareness of the dangers of drug use within the country.</p>	
<p>Antigua Port Authority</p> <p>The Port Modernization Project continues to serve as a transshipment hub for neighbouring islands. It is also expected to significantly improve market competitiveness, trade facilitation, enhance service levels, attract more shipping companies and provide storage space for goods to be off loaded.</p>	

Priorities and Strategies

Priorities	Strategies	Indicators
<p>Priority 1</p> <p>Increase security measures within the working environment</p>	<p>Strategy:</p> <p>Replace and install the baggage scanner machine. The current scanner is obsolete.</p> <p>Frequent maintenance /servicing of the Walk-Through Metal Detectors</p> <p>(PMO)</p>	<p>Outputs:</p> <p>Physical Security Systems in place to record and provide evidence should an incident occur.</p> <p>Outcomes:</p> <p>The premises of the Ministry are more secured. This can help to monitor any internal or external threats of theft, vandalism, attacks, prohibited items etc.</p>
<p>Priority 2</p> <p>Provide training opportunities to staff</p>	<p>Strategy:</p> <p>Conduct a training needs analysis to identify what type of training is required and the target group (ongoing)</p> <p>(PMO)</p>	<p>Outputs:</p> <p>Staff learn critical skills related to their roles and responsibilities.</p> <p>Outcomes:</p> <p>Improved skill sets, personal development, increased competencies among staff. Capacity building within the working environment.</p>
<p>Priority 3</p> <p>Improve General Building Maintenance</p>	<p>Strategy:</p> <p>Conduct routine inspections of the office building and grounds.</p> <p>Identify deteriorated elements so that they can be addressed in a timely manner.</p> <p>(PMO)</p>	<p>Outputs:</p> <p>Outcomes:</p> <p>Frequent maintenance practices can help to lower expenses associated with repairs or replacement.</p>

<p>Priority 4</p> <p>Reorganize and expand office spaces at the P.M's Office.</p>	<p>Strategy:</p> <p>To utilize the former YEEP (Youth Educational Empowerment Program) Building located west of the North Gate Guard House</p> <p>Conduct a feasibility study to determine the project's overall viability.</p> <p>(PMO)</p>	<p>Outputs:</p> <p>Expansion of office spaces</p> <p>Outcomes:</p> <p>More efficient use of office spaces to accommodate staff as needed.</p>
<p>Priority 5</p> <p>Continued employment of new personnel at ABDF and ONDCP.</p>	<p>Strategy:</p> <p>Embarking upon a targeted recruitment drive to attract suitable individuals to these organizations.</p> <p>(ABDF & ONDCP)</p>	<p>Outputs:</p> <p>Promotional Drive</p> <p>Outcomes:</p> <p>Improvement in the general operations of both divisions.</p>
<p>Priority 6</p> <p>Renovation of the Heritage site located at Tomlinson</p>	<p>Strategy:</p> <p>Conduct a feasibility study</p> <p>Partnership and collaboration with other government sectors and agencies.</p> <p>Secure Grant Funding</p> <p>(PMO)</p>	<p>Outputs:</p> <p>Preserving the historical value of the building and its contents</p> <p>Outcomes:</p> <p>Can be promoted as a tourist site and also revenue generation for the upkeep of the site.</p>

<p>Priority 7</p> <p>Better financial management and use of scarce resources</p>	<p>Strategy:</p> <p>Partnership and collaboration with other government departments and agencies.</p> <p>(PMO)</p>	<p>Outputs:</p> <p>Reduced maintenance and service costs.</p> <p>Reduced energy costs</p>
<p>Priority 8</p> <p>Renovation at ABDF due to major infrastructure issues at various units</p>	<p>Strategy:</p> <p>Conduct a comprehensive needs assessment to determine the overall issues and identify appropriate solutions.</p> <p>(ABDF)</p>	<p>Outputs:</p> <p>Improved operations at all units within the Antigua and Barbuda Defence Force</p>
<p>Priority 9</p> <p>Fully functioning air condition unit. Compressor is needed in the central areas (VIP, Foyer and Reception)</p>	<p>Strategy:</p> <p>Partnership and collaboration with other government departments to include Public Works Department.</p> <p>Procure a compressor etc</p> <p>(PMO)</p>	<p>Outputs:</p> <p>Outcomes: Fully functioning Central AC Unit</p>

Due to the weather conditions over time, rain etc, the wall is leaning and falling apart.</p>	<p>Strategy</p> <p>Partnership and collaboration with other government departments to include Public Works Department.</p>	<p>Output</p> <p>Perimeter wall fence repaired, and steel structures reinforced.</p>
<p>Priority 11</p> <p>Resolve the water drainage problem at the VIP parking lot. Water settles whenever it rains.</p>	<p>Strategy</p> <p>Partnership and collaboration with other government departments to include Public Works Department.</p>	<p>Output</p> <p>An effective drainage system.</p>

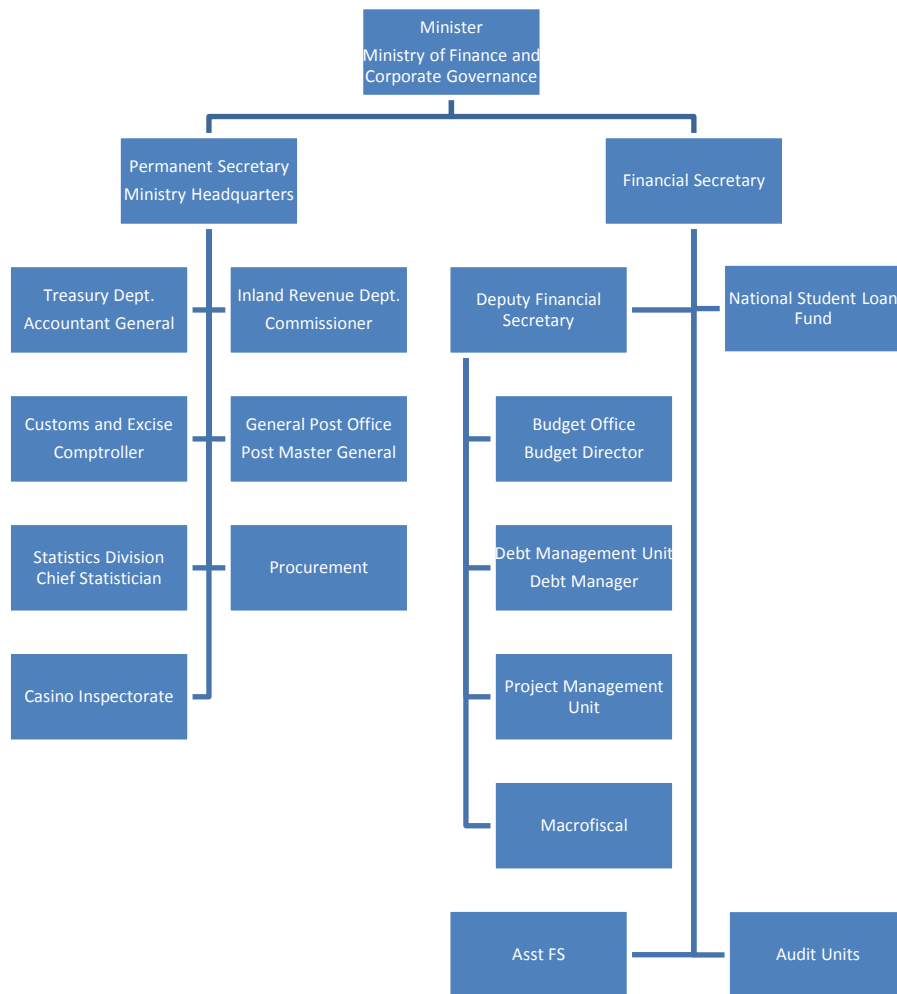

BUSINESS PLAN FOR THE YEAR 2025

**Ministry of Finance, Corporate Governance
and Public Private Partnerships**

*Budget Plan
For the FY 2025*

**Ministry of Finance, Corporate Governance and
Public Private Partnerships**

Organization Structure

1. MINISTRY OF FINANCE AND CORPORATE GOVERNANCE

The Ministry of Finance and Corporate Governance is responsible for the collection of revenue control of expenditure, execution of fiscal policy, management of debt, management of postal services, procurement, statistical data, development planning and auditory controls and corporate governance oversight.

Vision

A centre of excellence for modern financial management, strong economic growth and sustainable development for the well-being of all citizens of Antigua and Barbuda.

Mission

To efficiently coordinate and direct effective use of government's financial resources toward sustainable economic growth in a manner for Antigua and Barbuda to become an economic powerhouse within the region and the world.

2. SERVICE PERFORMANCE REVIEW

The Ministry of Finance and Corporate Governance's performance across Departments in 2024 has continued to be impacted by external economic and geopolitical factors and some global uncertainties. However, strong economic growth and implementation of several reforms aimed at building fiscal resilience have yielded positive results in public sector operations. Though inflationary pressures have eased and Government revenues improved compared to 2023, cash flow challenges remain and targeted interventions to enhance public financial management are necessary. The Ministry was able to execute some of the fiscal reforms presented in Budget 2024. However, institutional arrangements and capacity constraints have limited the pace of implementation and the ability of some departments to effectively attain the fiscal management objectives.

Achievements of 2024

1. The Debt Management Unit (DMU) successfully maintained the Government's presence on the Regional Government Securities Exchange Market (RGSM), avoided defaults, and issued multiple private placement securities. Additionally, the Ministry reduced short-term debt to the Eastern Caribbean Central Bank and ensured the repayment of long-term debt associated with the Government's 2010 bank resolution strategy.
2. The Ministry continued to work closely with the Caribbean Development Bank (CDB) to implement projects in several areas including healthcare, education and infrastructure development.
3. The Ministry completed the process for Antigua and Barbuda's membership in the Development Bank of Latin America and the Caribbean.
4. The Ministry successfully pursued loan rescheduling, refinancing and consolidation arrangements with domestic and external creditors to improve the government's debt servicing capabilities and improve creditor relations.
5. The Ministry revamped procedures and processes to improve cash flow and strengthen systems for the management of government expenditure. This has resulted in more timely processing of pensions, wages and salaries.
6. Provided training and capacity building and secured technical assistance in areas such as macro-fiscal management, public financial management and treasury reform, arrears management, monitoring and oversight of statutory corporations, fiscal risk assessment, post office operations.
7. The Ministry strengthened the macro fiscal function, updated the Medium-Term Fiscal Strategy, established and facilitated meetings of the Fiscal Resilience Oversight Committee.
8. The Ministry continued to increase oversight and management of financial operations through weekly cash management meetings to ensure that Government was able to fund priority expenditure.
9. Through the Project Management Unit, continued to collaborate with the Ministry of Education to advance work on the UWI Five Islands Campus Expansion Project.

10. Revenue collection by the Customs and Excise Division (CED) and the Inland Revenue Department (IRD) improved over 2023 and efforts to reduce arrears to domestic suppliers and contractors were intensified.

3. PRIORITIES, STRATEGIES AND INDICATORS

The priorities of the Ministry of Finance to ensure effective execution of the ministry's responsibilities include:

1. Oversee the development, revision and implementation of policies and programmes to ensure medium term fiscal and debt targets are achieved while improving the management of Government resources.
 - a. Efficient budget management and control
 - b. clear and consistent expenditure policies
 - c. Standardise procedures for managing debt issuance, servicing and reporting
 - d. Maintain compliance with financial regulations and standards
 - e. Efficient budget management and control
2. Strengthen Public Financial Management and supervise finance administration operations in to ensure compliance with the Finance Administration Act 2006.
3. Identify and utilise financial and technical assistance from regional and international agencies and bilateral partners to support fiscal and other economic objectives.
4. Strengthen arrangements for oversight and monitoring of statutory corporations to ensure compliance with the requirements of the Finance Administration Act 2006 and other legislation.
5. Improve development planning and project management capacity.

6. Develop and implement policies for capacity development, focusing on improved human resource management and enhancing performance and effectiveness across the Ministry.
7. Enhanced oversight and management of the SIRF as per the SIRF Fund Act and Regulations
8. Restructuring of the Treasury Department to improve operational efficiency, enhance fiscal management, and ensuring better service delivery.
9. Ensure successful implementation and maintenance of the IFMIS and enhancement of financial data's security and integrity
10. Renovation or Refurbishment of the building that houses the General Post Office
11. Distribute 75% of property tax citations within the first quarter and streamline property tax payments through financial institutions.
12. Review existing ABST, Income Tax Act, and Unincorporated Business Tax Act laws and related regulations, with a specific focus on administrative powers, and provide recommendations
13. Completion of the Population and Housing Census

Priorities and Strategies 2024-2026		
Priorities	Strategies	Indicators
<p>Priority 1</p> <p>Oversee the development, revision and implementation of policies and programmes to ensure medium term fiscal and debt targets are attained and to improve management of Government resources.</p>	<p>Implement legislative and institutional reforms for tax administration and public financial management;</p> <p>Review existing ABST, Income Tax Act, and Unincorporated Business Tax Act laws and related regulations, with a specific focus on administrative powers, and provide recommendations</p> <p>Introduce mechanism for improved oversight and monitoring of concessions and tax incentives to ensure compliance with relevant legislation and improved management of tax expenditures</p> <p>Pursue negotiations with creditors to secure financing for development, building climate resilience, establishing fiscal buffers and reducing the debt service burden.</p> <p>Develop and execute arrears clearance strategy.</p> <p>Engage technical expertise to build capacity and support changes in systems, processes and procedures in the revenue agencies to ensure improved revenue collections and tax compliance.</p>	<p>Outputs:</p> <ul style="list-style-type: none"> - Updated Finance administration Act and improved procedures and arrangements for expenditure management and more effective public sector operations. - Enhanced law with possibility to close existing loop holes - Debt for climate/liability management operation concluded and disbursed. - Arrears Clearance Strategy implemented <p>Outcomes:</p> <ul style="list-style-type: none"> - increased tax compliance and revenue collections - improved expenditure management and reduced arrears - financing mobilized for climate resilience and sustainable development - reduced debt service burden

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

Ministry of Foreign Affairs, Trade and Barbuda Affairs

Business Plan

FY 2025

**Antigua and Barbuda Ministry of Foreign Affairs
3-Year Strategic Plan
(2024-2027)**

1. Executive Summary

The Ministry of Foreign Affairs of Antigua and Barbuda is committed to advancing and maximising the nation's interests on the global stage through strategic diplomacy, economic partnerships, and sustainable development initiatives. This 3-year strategic plan (2024-2027) outlines a comprehensive roadmap to strengthen regional and international relations and engagements, promote economic growth and sustainable development, champion the advancement of Small Island Developing States (SIDS), advocate for climate resilience, and enhance service delivery to citizens and other key partners both domestically and abroad.

Building on a rich history of diplomatic achievements, the Ministry will focus on deepening bilateral and multilateral relations, positioning Antigua and Barbuda as a leader in regional and global fora. Through enhanced trade and economic diplomacy, the Ministry aims to unlock new market opportunities and strengthen economic partnerships. The plan also prioritises sustainable development and climate action, ensuring that Antigua and Barbuda remains at the forefront of the global climate agenda while advancing the achievement of sustainable development goals.

In line with strategic objectives, the Ministry will invest in its human resources and capacity-building mechanisms to strengthen its workforce and enhance the delivery of the country's foreign policy objectives. Digital transformation and innovation will also play a critical role in modernising the foreign service and its operations. The Ministry aims also to enhance consular services and citizen diplomacy, making them more accessible and efficient. Furthermore, the Ministry will continue to champion regional integration and cooperation, working closely with partners in the Caribbean and Latin America to address shared challenges and opportunities.

As such, this strategic plan serves as a blueprint for a future of enhanced global engagement, strengthened alliances, and inclusive governance, all of which aim to ensure Antigua and Barbuda's long-term prosperity and resilience.

2. Introduction, History, and Overview

From the dawn of post-colonial independence in 1981, Antigua and Barbuda emerged as a small nation with the ambition to make its presence felt on the regional and global stages. At the heart of this emergence was the Ministry of Foreign Affairs, which was initially named the Ministry of External Affairs and led by Lester Bird, the nation's late national hero and one of the foremost statesmen. As a young country, Antigua and Barbuda faced the challenge of carving out its role amid a world dominated by larger powers and interests, but it quickly proved that its size would not dictate its significance.

The Ministry of Foreign Affairs' mandate has been one to facilitate Antigua and Barbuda punching far above its weight. In the early years, the nation joined forces with its Caribbean neighbours, laying the groundwork for CARIFTA, which would evolve into the Caribbean Community (CARICOM). Antigua and Barbuda was not merely a participant but an architect in the regional integration movement. On the international front, the country stood resolute in supporting the fight against apartheid in South Africa and against the ongoing United States' embargo against Cuba, even when it meant standing against the prevailing winds of geopolitical pressure.

Perhaps the most striking David-and-Goliath moment came in 2003 when Antigua and Barbuda, took the United States before the World Trade Organization (WTO) to challenge its prohibition on the cross-border supply of online gambling services. Despite the immense disparity in power, Antigua and Barbuda won, asserting its rights under international law and becoming a beacon for smaller nations advocating for economic fairness. This case set a precedent for the rule of law and fairness in international economic relations.

Antigua and Barbuda has also been a global voice in advocating for climate justice, a leadership role underscored by its pivotal contribution to the landmark ITLOS Advisory Opinion on Climate Change Obligations. This opinion stands as a defining moment in the intersection of international law and climate action, affirming the responsibility of states to address the climate crisis.

The Ministry's work has always extended beyond traditional diplomacy. During the COVID-19 pandemic, Antigua and Barbuda deftly leveraged its diplomatic relations to secure critical resources, ensuring the safety of its citizens abroad and meeting the healthcare needs of those at home. Most recently, Antigua and Barbuda hosted the 4th International Conference on Small Island Developing States (SIDS4), culminating in the adoption of the Antigua and Barbuda Agenda for SIDS (ABAS), which will guide global discourse on small island development for the next decade.

The Evolution Phases of the Foreign Service:

- **Establishment and Post-Independence Diplomacy (1981–1989):** In the early years following independence, the Ministry of External Affairs, under Lester Bird, worked to establish Antigua and Barbuda as a credible voice in the global community. The nation quickly built relationships with key allies and positioned itself as a member of the Non-Aligned Movement, reflecting a strategic diplomacy that balanced global powers while protecting national interests.

- **Punching Above Our Weight Regionally and Internationally (1990–1999):** During this period, Antigua and Barbuda emerged as a leading force in regional integration, strengthening OECS and CARICOM along with ensuring that the interests of small states were heard. Internationally, the nation advocated for the marginalised and supported developing countries’ causes in international forums.
- **Expanding Diplomatic Footprint (2000–2010):** This decade saw Antigua and Barbuda expanding its diplomatic reach to over fifty (50) countries. New embassies and missions were established, and the country became more vocal in advocating for equitable economic relations and climate justice. The nation’s landmark WTO victory in 2003 remains one of the most significant legal triumphs of this era.
- **Strengthening Relations and Climate Action Leadership (2010–2020):** Antigua and Barbuda intensified its focus on climate diplomacy, playing a key role in international negotiations and agreements related to climate change. During this period, the country strengthened diplomatic ties with both traditional and emerging partners while also becoming a global advocate for sustainable development and access to development finance.
- **Modern Foreign Policy and Leading the SIDS Cause (2021–Present):** The Ministry has modernised its approach, embracing digital diplomacy and expanding its role as a leader for Small Island Developing States (SIDS). Antigua and Barbuda’s role in the ITLOS Advisory Opinion on Climate Change and the hosting of SIDS4 have solidified its reputation as a climate action champion. The Antigua and Barbuda Agenda for SIDS is now the guiding framework for the future of small island development.

Leadership of the Ministry of Foreign Affairs

The Ministry of Foreign Affairs has been steered by visionary leadership throughout its history. From the Late Sir Lester Bird, who laid the groundwork for Antigua and Barbuda’s diplomatic mission, to the current leadership under The Honourable E.P. Chet Greene, supported by the H.E. Clarence Pilgrim-Permanent Secretary, each era has been marked by a profound commitment to advancing the nation's interests globally.

The Minister of Foreign Affairs is responsible for shaping and executing Antigua and Barbuda's foreign policy, representing the nation's interests in international forums, and fostering diplomatic relations with other countries. The Minister leads efforts to advance trade, promote sustainable development, advocate for climate action, and protect the rights of citizens abroad, ensuring the country’s voice is heard on the global stage.

- Lester Bird (1981–1991, 1991–2004)
- Vere Bird (1991)
- Harold Lovell (2004–2005)
- Baldwin Spencer (2005–2014)
- Charles Fernandez (2014–2018)
- E. Paul Chet Greene (2014–2023)

Also, The Permanent Secretary of the Ministry of Foreign Affairs serves as the chief administrative and accounting officer, overseeing the implementation of foreign policy directives and managing the Ministry's daily operations. They ensure the coordination of diplomatic missions, the execution of international agreements, and the delivery of consular services while supporting the Minister in advancing Antigua and Barbuda's strategic goals globally.

- Clarence Pilgrim (2024–Present)

The Role of the Ministry and the Foreign Service

At the heart of Antigua and Barbuda's sustainable development lies the Ministry of Foreign Affairs, which serves as a conduit for the nation's voice on the regional and international stage. Through leveraging bilateral and multilateral relations, the Ministry has secured synergies and developmental opportunities in areas such as infrastructure development, education, health, finance, environment, tourism, agriculture, technology, law, and governance. The Ministry's efforts continue to ensure that Antigua and Barbuda remains a key player in shaping the global narrative while promoting national sustainable growth and resilience.

3. Vision, Mission, and Core Values

Vision

To position Antigua and Barbuda as a respected and influential member of the international community, fostering sustainable development, economic prosperity, and global partnerships.

Mission

To manage and enhance Antigua and Barbuda's diplomatic relations, promote its national interests, support economic growth through international cooperation, and provide exemplary consular services to its citizens worldwide.

Core Values

Integrity: Upholding honesty and transparency in all diplomatic engagements.

Excellence: Striving for the highest standards in regional and international representation.

Collaboration: Fostering partnerships and working collaboratively with allies along with regional and international organisations.

Resilience: Building capacity with the Foreign Service to navigate global challenges and promote sustainable development.

Inclusivity: Ensuring diverse, equitable, and talented representation within the Ministry and its initiatives, ensuring that no one is left behind.

4. Strategic Objectives and Initiatives

The Antigua and Barbuda Ministry of Foreign Affairs' *Strategic Objectives and Initiatives* are designed to strengthen the nation's global presence and drive sustainable national development. Rooted in a legacy of diplomatic achievements, the Ministry seeks to further deepen regional, hemispheric, and international relations while promoting sustainable growth and development and championing climate action. Through expanding diplomatic reach, modernising the Foreign Service, and leveraging international cooperation, these objectives serve as the foundation for advancing Antigua and Barbuda's leadership on the regional and global stage.

1. Diplomatic and International Relations

- Strengthen Bilateral and Multilateral Partnerships
- Enhance relationships with CARICOM, OAS, the Commonwealth, and the United Nations
- Increase the number of foreign missions and consulates in key global hubs

2. Global Presence

- Promote Antigua and Barbuda's interests in international forums
- Increase hosting of and participation in high-level diplomatic events and summits
- Promote Antigua and Barbuda as a regional and global diplomatic hub

3. International Trade and Economic Diplomacy

- Expand international trade and investment opportunities
- Increase focus on regional integration systems and collaboration with the WTO, UNCTAD, ELAC et al
- Attract additional foreign direct investment (FDI) in key sectors such as tourism, agriculture, and technology

4. Foreign Commercial, Business, and Investment Engagements

- Launch additional targeted marketing campaigns to showcase investment opportunities
- Facilitate trade missions and investment forums

5. Maximise Current International Trade Agreements and Opportunities

- Leverage current agreements to improve market access for people, goods, services, and capital
- Strengthen economic ties with strategic partners
- Seeking out new partnership opportunities for trade, development, and cooperation

6. Sustainable Development Goals (SDGs) and Climate Action

- Increase Advocacy for Climate Resilience
- Enhance representation of SIDS in international climate negotiations
- Alignment with the Antigua and Barbuda Agenda for SIDS (ABAS)
- Progress towards the achievement of the SDGs
- Secure additional climate financing and technical support for adaptation and mitigation projects
- Facilitating the implementation of policies to support the further development of renewable energy and sustainable practices
- Collaborate with international partners on environmental sustainability projects

7. Foster Sustainable Economic Growth through Diplomacy

- Support initiatives that balance economic development with environmental protection
- Encourage green investments and sustainable tourism

8. Foreign Service Governance and Capacity-Building

- Implement training programs for ministry staff in diplomacy, leadership, and international relations
- Implementation of the Foreign Service Orders 2009 to facilitate better Foreign Service personnel management
- Complete restructuring of the Ministry and the reclassification of staff
- Hold regular Heads of Mission and Ambassadors' Forum meetings
- Develop frameworks to ensure continuity in key leadership roles
- Identify and nurture future leaders within the Ministry
- Continue to foster regular administrative and technical meetings with key officers to enhance synergies within the Foreign Service

9. Promote Gender Equality and Inclusivity:

- Implement policies that foster a diverse and inclusive work environment
- Encourage the participation of women and underrepresented groups in senior diplomatic roles

10. Consular Services and Citizen Diplomacy

- Enhance consular services across the Headquarters and Overseas divisions of the Ministry
- Improve support systems for citizens abroad, including emergency assistance mechanisms and legal support
- Streamline consular processes through digital platforms and emerging technologies
- Increase consular support to Antiguan and Barbudan students abroad

11. Promote Heritage and Cultural Diplomacy

- Leverage Antigua and Barbuda's rich heritage, including its National Parks and historical sites, to enhance cultural diplomacy and foster international cultural exchange
- Promote the UNESCO World Heritage Site, Nelson's Dockyard National Park, and other historical sites through diplomatic channels and overseas missions
- Organise cultural events and partnerships that highlight Antigua and Barbuda's history, arts, and heritage
- Collaborate with international cultural organisations to support the preservation and promotion of the country's cultural landmarks and traditions
- Facilitate more cultural exchange programs and events through the Ministry's overseas missions to showcase Antigua and Barbuda's performing and visual arts
- Foster increased mutual international cultural partnerships and collaborations

12. Engage the Antiguan and Barbudan Diaspora

- Strengthen connections with Antiguan and Barbudan communities abroad
- Promote diaspora contributions through investment, remittances, and tourism
- Establish digital platforms to facilitate diaspora connections to Antigua and Barbuda

13. Digital and Green Transformation and Innovation

- Implement e-diplomacy platforms
- Digitalisation of Foreign Service administration management
- Develop digital tools for efficient communication with foreign missions and international partners
- Enhance online presence through a user-friendly ministry website and social media channels

- Acquire secure and efficient data management systems
- Leverage virtual platforms for international engagement and negotiations
- Electrification of the Ministry's fleet of vehicles

14. Regional Integration and Cooperation

- Deepen participation and engagement on CARICOM integration matters
- Support CARICOM's agenda for economic development and shared prosperity
- Collaborate on more strategic regional security, trade, and environmental sustainability initiatives
- Increase leadership within the OECS on regional projects
- Further engagement with ECLAC and South-South cooperation initiatives
- Craft regional initiatives for economic and social development

15. Engagement in International Law and Legal Administration

- Actively enhance Antigua and Barbuda's role in the development and application of international law
- Ensuring the nation's interests are effectively represented with active participation in regional and international legal frameworks
- Increase advocacy for the rule of law in human rights, humanitarian law, trade, and climate action
- Leveraging legal diplomacy to secure favourable outcomes in international negotiations and disputes

5. Implementation Framework

The successful implementation of the Antigua and Barbuda Ministry of Foreign Affairs' *3-Year Strategic Plan* hinges on a robust and well-structured framework that guides the execution of strategic objectives. This framework will encompass a comprehensive approach to action planning, resource allocation, and stakeholder engagement.

Action Plans

To ensure the effective realisation of strategic objectives, detailed action plans will be developed for each priority area. These plans will outline specific initiatives, assign clear responsibilities to relevant parties, establish realistic timelines, and identify the necessary resources to support implementation. By breaking down broader objectives into actionable steps, the Ministry can monitor progress, identify potential bottlenecks, and make necessary adjustments to stay on course.

Resource Allocation

Effective resource allocation is critical to the successful execution of strategic initiatives. The Ministry will prioritise the allocation of financial resources in alignment with strategic objectives, ensuring that adequate funding is available for key activities. This will involve careful budgeting

and financial planning to optimise resource utilisation and minimise wastage. In addition to financial resources, the Ministry will also focus on human capital development. By deploying skilled personnel to lead and manage strategic projects, the Ministry can foster a capable and motivated workforce that is equipped to drive innovation and achieve desired outcomes.

Stakeholder Engagement

Successful strategic implementation requires a collaborative approach that involves a wide range of stakeholders. The Ministry will foster strong relationships with internal stakeholders, ensuring that all departments and units are aligned with strategic goals and objectives, and working together towards a common vision. External stakeholders, including regional and international partners along with the diaspora, will also be actively engaged to leverage their expertise, resources, and support for strategic initiatives. By building strong partnerships and fostering open communication, the Ministry can create a supportive environment that facilitates the achievement of its strategic objectives.

6. Monitoring and Evaluation

Effective monitoring and evaluation (M&E) are essential for ensuring the successful implementation of the Ministry of Foreign Affairs' 3-Year Strategic Plan. By systematically tracking progress, identifying challenges, and adapting strategies, the Ministry can maximise its impact and achieve its desired outcomes.

The Technical Committee, comprised of subject matter experts with the Foreign Service, will play a pivotal role in developing and overseeing the M&E framework. This committee and its members will work closely to establish clear performance indicators, collect data, and analyse findings. Other regular ad hoc meetings will provide a platform for discussing M&E results, identifying areas for improvement, and making informed decisions. Additionally, periodic meetings with Heads of Mission and Ambassadors will ensure that the M&E process aligns with the needs and priorities of diplomatic missions abroad.

Further, the Heads of Mission and Ambassadors' Forum plays a pivotal role in the monitoring and evaluation process of the Ministry of Foreign Affairs' 2024-2027 Strategic Plan. This forum, through its regular meetings with the Ministry's most senior representatives, serves as a critical platform for reviewing the progress of the Ministry's diplomatic initiatives, bilateral and multilateral engagements, and foreign relations objectives. Heads of Mission and Ambassadors are responsible for providing updates on the implementation of key strategies, reporting on emerging opportunities and challenges, and ensuring alignment with the Ministry's overarching goals. Their insights and feedback enable the Ministry to assess the effectiveness of its foreign policy, adjust tactics where necessary, and maintain a proactive, responsive approach to international developments. The forum ensures that all diplomatic missions remain coordinated and aligned with national interests, fostering accountability and continuous improvement in the execution of the Ministry's mandate.

To track progress towards the Ministry's strategic objectives, a range of performance indicators will be utilised. These indicators will measure performance in key areas, including:

Diplomatic Relations: The number of new bilateral agreements signed, the increase in foreign missions, and participation in international forums will be monitored to assess the effectiveness of the Ministry's diplomatic efforts.

Trade and Investment: The Ministry's contribution to economic development will be evaluated based on growth in foreign direct investment (FDI), an increase in exports, and the successful negotiation of trade agreements.

Sustainability Goals: The amount of climate financing secured, the number of green projects implemented, and the reduction in the carbon footprint will measure the Ministry's commitment to sustainable development.

Human Resources: Staff training completion rates, leadership succession success, and diversity metrics will assess the Ministry's capacity to meet its human resource needs and promote a diverse and inclusive workplace.

Consular Services: Citizen satisfaction rates, response times for emergencies, and the number of diaspora engagements will gauge the quality and effectiveness of consular services provided.

Digital Transformation: The implementation of e-diplomacy platforms, website traffic and engagement metrics, and efficiency improvements will measure the Ministry's progress in leveraging technology to enhance its operations.

To ensure that the M&E framework is responsive and adaptive, regular reviews will be conducted. Quarterly Reports will monitor progress against strategic objectives and allow for adjustments to action plans as needed. Annual Evaluations will provide a more comprehensive assessment of achievements, challenges, and lessons learned, informing future planning.

Furthermore, feedback mechanisms will be established to gather input from various stakeholders. Internal feedback will encourage staff to provide insights on strategic initiatives and operational improvements. External feedback from citizens, partners abroad, and the diaspora will help the Ministry to enhance service delivery and diplomatic efforts.

By implementing a robust M&E framework, the Ministry of Foreign Affairs can ensure that its strategic plan is aligned with its goals, identify areas for improvement, and make data-driven decisions to achieve its desired outcomes.

7. Conclusion

The Ministry of Foreign Affairs of Antigua and Barbuda is poised to advance the nation's international standing through a well-defined strategic plan that builds on its rich history and addresses contemporary global challenges. By focusing on strengthening diplomatic relations, promoting economic growth, advocating for sustainable development, and enhancing consular services, the ministry will contribute significantly to Antigua and Barbuda's resilience and prosperity. Embracing digital innovation and fostering inclusive governance will ensure that the ministry remains agile and effective in a rapidly changing world. Through collaborative efforts and unwavering commitment, the Ministry of Foreign Affairs will continue to secure a bright and sustainable future for Antigua and Barbuda on the global stage.

**Antigua and Barbuda Ministry of Trade
3-Year Strategic Plan
(2024-2027)**

1. Executive Summary

The Ministry of Trade of Antigua and Barbuda is committed to strengthening the economy by enhancing trade facilitation, increasing export capabilities, attracting investment, supporting local industries, facilitating business development and the negotiation of trade agreements. The Ministry's 2024-2027 Strategy Plan outlines fifteen (15) priority areas aimed at positioning the country as a regional leader in trade, industry and commerce; fostering a sustainable and inclusive trade ecosystem and promoting long-term economic growth and development.

As the Nation recovers from the impacts of the Covid-19 pandemic, trade plays a crucial role in economic revitalisation. The plan prioritises exports in key sectors like tourism, agriculture and manufacturing and services while promoting diversification to reduce import dependency. Green and innovative approaches to supply chain resilience are encouraged, along with efforts to attract foreign direct investment (FDI) in locally emerging sectors such as renewable energy, technology (Artificial Intelligence), blue economy and electronic vehicles (EV's). This can be achieved through continuous efforts geared towards improving regulatory frameworks to enhance investor protection and investor incentives.

A key focus of the strategy is enhancing trade facilitation, particularly through promoting and supporting the digitalisation and streamlining of customs procedures and processes to improve efficiency and reduce trade costs. The Ministry also aims to reform regulations, making it easier for businesses to operate and foster a more agile and competitive business environment, positioning Antigua and Barbuda as a Caribbean hub for trade and investment.

Support for local industries, particularly micro small and medium-sized enterprises (MSMEs), is central to the plan. The Ministry will provide targeted assistance programs, to include capacity-building initiatives, incubators and accelerators, access to financing and technical support, with special emphasis on agro-businesses and green energy sectors that align with the nation's sustainability agenda. Going further, regional and international partnerships are at the heart of Antigua and Barbuda's trade policy. As a signatory to the CARICOM and OECS regional trade agreements, the Ministry aims to enhance market access and regional trade cooperation. Antigua and Barbuda sees the need to also strengthen ties within the African, Caribbean and Pacific (ACP) Group of States to open new markets for local products and services.

The introduction of the National Trade Council replaces the previously outlined Private Sector Advisory Board, providing a more structured and comprehensive platform for public-private collaboration. This council will play a pivotal role in aligning trade policies with business needs, ensuring that the Ministry's initiatives are both effective and responsive to the dynamic market environment. Also, by embracing digital innovations, promoting sustainable practices, maintaining robust stakeholder engagement, and upholding high standards and safety protocols, the Ministry of Trade will position Antigua and Barbuda as a dynamic and competitive player in the global market.

Through this 3 year strategy, the Ministry seeks to build a resilient and competitive economy that is aligned with national goals of economic diversification, global trade engagement and inclusive development.

2. Introduction

The Ministry of Trade in Antigua and Barbuda plays a pivotal role in driving economic transformation by facilitating trade, attracting investment, supporting local industries, and ensuring high standards and safety protocols. The Ministry of Trade was created by the government of Antigua and Barbuda in 1989. This new Ministry was given the mandate to handle issues of Trade, Industry and Commerce, which was previously the mandate of the Ministry of Tourism and Economic Development. The Ministry also coordinates with business associations such as the Chamber of Commerce and Small Business and Manufacturing Associations in their activities relating to promotion and trade, commerce, industry and cooperation and to stimulate the economy.

The Ministry of Trade currently consist of departments, namely the Antigua and Barbuda Bureau of Standards (ABBS), the Office of the National Authorizing Officer (NAO), Prices and Consumer Affairs Division (PCAD), Stitches 365 [formerly the National Garment Manufacturing Initiative – NGMI] and the Free Trade and Processing Zone (FTPZ).

Beyond this, the Ministry supports participation in and the implementation of regional and international trade agreements, such as CARICOM, the Organisation of Eastern Caribbean States (OECS), the European Union-CARIFORUM Economic Partnership Agreement (EPA), and other arrangements, which can potentially open new markets and strengthened Antigua and Barbuda's position as a regional trade and transshipment hub.

Antigua and Barbuda's economy relies on tourism, agriculture and financial services, which together form the backbone of the nation's economic output. Tourism, accounting for over 60% of GDP and employment, remains the dominant sector, while agriculture and financial services have grown steadily as part of a diversification agenda. In 2023, the country saw increased export activities, primarily driven by agricultural products such as fruits, vegetables, and seafood, alongside other creative goods. However, import dependency and global supply chain disruptions have highlighted the need for a more resilient trade strategy.

With the global economy still recovering from the impacts of the COVID-19 pandemic and increasing challenges such as climate change, international market fluctuations, and geopolitical tensions, the Ministry's 2024-2027 Strategic Plan is designed to build a more sustainable, inclusive, and resilient trade ecosystem. The plan prioritises key growth areas, such as renewable energy, technology (AI) and agro-processing, while enhancing export capacities and improving the business environment to attract both local and foreign investment.

By focusing on enhancing trade facilitation, increasing export capabilities, promoting foreign direct investment (FDI), and bolstering local industry development, the Ministry seeks to foster a

more diversified and competitive economy. The next three (3) years will be critical in positioning Antigua and Barbuda as a leader in regional commerce and securing long-term economic prosperity for its citizens.

3. Vision, Mission and Core Values

The Antigua and Barbuda Ministry of Trade's vision, mission, and core values define the guiding principles and long-term goals that shape its actions and decisions. These foundational elements reflect the Ministry's commitment to fostering sustainable economic growth, promoting inclusive development, and ensuring a resilient, competitive trade environment that benefits all citizens and supports national prosperity.

Vision

To establish Antigua and Barbuda as a competitive and sustainable trade hub in the Caribbean, fostering economic prosperity through robust trade, vibrant industries, dynamic commerce, high standards, and safety.

Mission

To enhance Antigua and Barbuda's trade landscape by streamlining trade processes, promoting exports, attracting investments, supporting local industries, fostering a thriving commerce environment, upholding high standards, and ensuring safety protocols.

Core Values

Integrity: Ensuring honesty and transparency in all trade-related activities.

Excellence: Striving for the highest standards in service delivery and trade facilitation.

Collaboration: Building strong partnerships with stakeholders, both locally and internationally.

Innovation: Embracing new technologies and innovative approaches to enhance trade and industry.

Sustainability: Promoting sustainable practices in trade, industry and commerce to ensure long-term economic health.

Safety: Upholding stringent safety protocols to protect consumers, workers and the environment.

4. Strategic Objectives and Initiatives

The strategic objectives and initiatives of the Antigua and Barbuda Ministry of Trade's 3-Year Strategic Plan entail fifteen (15) priority areas designed to strengthen the nation's trade ecosystem. These strategies, objectives, goals, and indicators focus on increasing exports, improving the business environment, supporting local industries, enhancing regional and international cooperation, advancing key industry and commerce sectors, and upholding rigorous standards and safety protocols. Together, these initiatives aim to drive sustainable economic growth and position Antigua and Barbuda as a leader in regional and global trade.

1. Enhancing Trade Facilitation

Goal: Streamline trade processes to reduce costs and time for businesses, ensuring efficient flow of goods and services.

Strategies:

- *Implement Electronic Systems:* Develop a single-window electronic trade platform for customs and trade facilitation that will also enhance the Ministry's automation capability.
- *Simplify Procedures:* paperwork and enhance regulatory procedures to streamline export and import processes.
- *Stakeholder Engagement:* Conduct consultations with businesses to identify pain points and establish a feedback mechanism for continuous improvement.
- *Reduced Processing Time:* The Ministry of Trade Licencing Processing Office at the Port.

Indicators:

- Reduction in time required for import/export clearance by 20%.
- Increased number of businesses utilising electronic trade platforms.
- Satisfaction rate from the business community on trade facilitation improvements.

2. Export Promotion and Diversification

Goal: Increase Antigua and Barbuda's exports by diversifying products and entering new markets.

Strategies:

- *Targeted Trade Missions:* Organise trade missions to key markets in the Caribbean, Latin America, North America, and Europe.
- *Support for SMEs:* Provide technical and financial support to small and medium enterprises (SMEs) to access international markets.

- *Product Innovation*: Invest in research and development to encourage the creation of high-value products, particularly in agriculture and manufacturing.
- *Create an Authentic Antigua and Barbuda Brand*
- *Development of an E-Commerce platform for MSME's*

Indicators:

- 25% increase in export volume by 2027.
- Number of new export markets accesses.
- Growth in SME innovation and participation in export activities.

3. Strengthening Regional Integration (CARICOM, OECS and ACS)

Goal: Maximise Antigua and Barbuda's trade potential within regional frameworks like CARICOM, OECS and the Association of Caribbean States (ACS) by enhancing cooperation, harmonising regulations, and promoting economic opportunities.

Strategies:

- *Leverage Regional Agreements*: Fully utilise existing trade agreements within CARICOM, OECS, and ACS to boost intra-regional trade, reduce trade barriers, and enhance market access for local businesses.
- *Harmonisation of Standards*: Collaborate with regional bodies to harmonise standards, which will make it easier for businesses to export goods and services across the region.
- *Strengthen Regional Value Chains*: Foster regional partnerships to develop value-added industries, allowing Antigua and Barbuda to benefit from regional production networks and supply chains.
- *Enhance Diplomatic Collaboration*: Establish a formal working group between the Ministry of Trade and the Ministry of Foreign Affairs to align international and regional trade objectives with Antigua and Barbuda's diplomatic efforts, ensuring unified approaches in CARICOM, OECS and other regional and international fora.

Indicators:

- 30% increase in intra-regional trade volume by 2027.
- Number of businesses benefiting from harmonised regional standards and frameworks.
- Establishment of new regional value-added industries and joint ventures.

4. Investment Attraction

Goal: Attract Foreign Direct Investment (FDI) in key sectors such as tourism, manufacturing, Blue Economy, technology (*5G, AI, Robotics, biotechnology, virtual reality*) and Electronic Vehicles (EV's).

Strategies:

- *Investment Promotion Strategy:* Develop a targeted investment promotion strategy, focusing on emerging sectors like green technology and digital industries in collaboration with national investment promotion agencies.
- *Incentive Packages:* Offer a more creative and mutually beneficial suite of incentives and benefits to attract high-value investments.
- *Public-Private Partnerships (PPP):* Encourage partnerships between foreign investors and local businesses to foster knowledge transfer and employment creation.
- *Investment Promotion Opportunity for Stitches 365:* targeting OECS markets

Indicators:

- 15% annual increase in FDI inflows.
- Number of PPPs established in priority sectors.
- Growth in local employment due to new foreign investments.
- Less than two ISD annually.

5. Strengthening Domestic Industries

Goal: Support local industries to become more competitive and resilient in the global market.

Strategies:

- *Capacity Building for SMEs:* Provide training and support programs for local businesses to improve productivity and competitiveness.
- *Access to Financing:* Work with financial institutions to create loan programs and grants specifically tailored for small businesses.
- *Technology Adoption:* Promote the use of modern technology and automation in local industries to boost efficiency.
- *Strengthen Existing Incubator and Accelerator programs nationally*
- *Re-establish and restructure Authentic Antigua and Barbuda (AAB) Retail Outlet project.*

Indicators:

- Increase in SME contribution to GDP.
- Number of businesses receiving capacity-building support.

- Growth in productivity levels across key industries.
- Increased quantity and variety locally made products in high traffic tourist areas
- Increase in the importation of raw material inputs

6. Trade Policy Development, Modernisation and Advancement

Goal: Modernise Antigua and Barbuda's trade policies to better align with all standards at the national, regional and international levels whilst enhancing competitiveness.

Strategies:

- *Policy Review:* Conduct a comprehensive review of current trade policies to identify areas for reform.
- *Substantive Engagement with WTO:* Ensure compliance with World Trade Organization (WTO) rules and update national trade legislation accordingly.
- *Stakeholder Consultations:* Involve key stakeholders in the development of new trade policies to ensure that they address current challenges.
- *Strengthen ties with the ACP countries*

Indicators:

- New trade policy framework developed and implemented
- Number of policy reforms aligned with WTO standards
- Positive feedback from stakeholders on new trade policy initiatives.

7. Promoting E-Commerce and Digital Trade

Goal: Facilitate the growth of e-commerce and digital trade to expand market access for local businesses.

Strategies:

- *E-Commerce Platform Development:* Support the development of national e-commerce platforms for businesses to sell goods and services globally.
- *Digital Skills Training:* Offer training programs for businesses to enhance their capacity in e-commerce and digital marketing.
- *Cybersecurity Framework:* Implement cybersecurity measures to ensure safe and secure online transactions in conjunction with the Ministry of Information, Communication, Technologies, and Energy.
- *Development of the Dadli-Buy E-Commerce Platform for local MSMEs to conduct business.*

Indicators:

- Number of businesses engaged in e-commerce.
- Increase in revenue from digital trade.
- Reduction in reported cybersecurity incidents related to e-commerce.
- Increase trade, market access and export potential.

8. Consumer Protection and Fair Trading

Goal: Strengthen consumer protection frameworks to ensure fair trade practices and consumer rights.

Strategies:

- *Consumer Protection Laws:* Review and update consumer protection laws to reflect modern challenges and technologies.
- *Consumer Education:* Launch public awareness campaigns on consumer rights and fair trading practices.
- *Complaint Resolution Mechanism:* Establish a fast-track complaint resolution system for consumers.

Indicators:

- Reduction in consumer complaints by 25%.
- Number of public awareness campaigns conducted.
- New consumer protection laws enacted.
- New Fair Trading/Competition law enacted.

9. Supporting the Blue and Green Economy

Goal: Leverage Antigua and Barbuda's natural resources to support sustainable development in the blue and green economies.

Strategies:

- *Sustainable Fisheries:* Collaborating with the Fisheries Division in the Ministry of Agriculture to promote sustainable fishing practices and support the development of aquaculture.
- *Renewable Energy Initiatives:* Encourage investments in renewable energy projects, particularly in wind and solar energy.
- *Eco-Friendly Trade Policies:* Align trade policies with global environmental standards to support a greener economy.

Indicators:

- Increase in sustainable fisheries promotion.
- Number of renewable energy projects launched.
- New eco-friendly trade policies implemented.

10. Enhancing Trade Infrastructure

Goal: Collaborate to improve trade-related infrastructure to support the efficient movement of goods and services.

Strategies:

- *Support the efficiency for improved modern trade-linked process at the Port:* Upgrade process and protocols to reduce bottlenecks and improve efficiency.
- *Support and encourage Warehouse Expansion:* cooperate with other relevant stakeholders and agencies to encourage the development of additional warehousing and distribution centres to support trade and the goal to become a transshipment hub.
- *Encourage transport linkages:* support the improvement of the transport networks and arrangements to facilitate trade flows.

Indicators:

- Reduced time and cost of transportation and logistics.
- Number of new warehouses and distribution centres developed.
- Increased capacity and efficiency at port facilities.

11. Capacity Building and Training for Trade Officers

Goal: Build the capacity of trade officers to improve the effectiveness of the Ministry's trade initiatives.

Strategies:

- *Training Programs:* Provide continuous skill and professional development programs for trade officers on trade negotiations, policy development and international best practices.
- *Cross-Agency Collaboration:* Encourage collaboration between trade officers and other government ministries and agencies, such as the Ministry of Foreign Affairs, to streamline services.
- *Mentorship Programs:* Develop mentorship programs pairing senior officers with junior staff to enhance knowledge transfer.

Indicators:

- Number of trade officers trained annually.
- Improvement in trade officers' performance evaluation scores.
- Enhance synergies among human resources.

12. Enhancing Public-Private Dialogue through the National Trade Council (NTC)

Goal: Strengthen collaboration between the Ministry and the private sector to ensure policies align with business needs through the establishment of the National Trade Council.

Strategies:

- *Regular Consultations:* continuously host quarterly meetings with National Trade Council members to discuss trade-related challenges, opportunities and policy initiatives.
- *Strategic Planning and Policy Development:* Utilise the insights and expertise of the National Trade Council to inform the Ministry's strategic planning and policy development processes.
- *Feedback Mechanism:* Create an online platform for businesses to provide continuous feedback and suggestions to the National Trade Council, ensuring ongoing dialogue and responsiveness.

Indicators:

- Number of strategic recommendations implemented from National Trade Council meetings.
- Increase in private sector satisfaction with Ministry policies.
- Number of policy adjustments based on National Trade Council feedback.

13. Industry Development and Commerce Promotion

Goal: Foster the growth and competitiveness of key industrial sectors to drive economic diversification and resilience. Also, enhance the commercial landscape by supporting businesses, improving market access, and fostering a vibrant commerce environment.

Strategies:

- *Sector-Specific Support:* Identify and prioritise key industrial sectors (e.g., manufacturing, agro-processing) for targeted support and development.
- *Innovation and Incubator Hub:* Establish the national innovation and incubator hub to provide infrastructure and resources for industrial growth. Also, it provides incubation services, mentorship, and financial support to startups and emerging businesses.

- *Research and Development (R&D)*: Promote R&D initiatives within industries to encourage innovation and the development of new products and processes.
- *Market Access Programs*: Develop programs that help businesses access local and international markets through trade fairs, exhibitions, and online marketplaces.
- *Retail and Wholesale Enhancement*: Support the growth of retail and wholesale sectors through infrastructure development, training, and access to financing.

Indicators:

- Growth in output and revenue of targeted industrial sectors.
- Number of innovation hubs and industrial parks established.
- Increase in R&D activities and new product launches within industries.
- Increase in the number of businesses participating in market access programs.
- Growth in the number of startups and emerging businesses supported.
- Expansion and modernisation of retail and wholesale sectors.

14. Development Standards Criteria and Projects in the Bureau of Standards

Goal: Enhance the quality and competitiveness of Antigua and Barbuda’s products and services through robust standardisation and compliance mechanisms.

Strategies:

- *Develop and Update Standards*: Collaborate with the Bureau of Standards to develop new standards and update existing ones to meet international benchmarks.
- *Compliance and Certification Programs*: Implement comprehensive compliance and certification programs to ensure that local businesses adhere to established standards.
- *Capacity Building for the Bureau*: Provide training and resources to the Bureau of Standards to enhance its capacity to develop, enforce, and monitor standards effectively.
- *Public Awareness Campaigns*: Launch campaigns to educate businesses about the importance of standards compliance and the benefits of certification.

Indicators:

- Number of new and updated standards developed by the Bureau of Standards.
- Increase in the number of businesses obtaining compliance certifications.
- Improvement in product quality and market competitiveness as measured by international assessments.
- Enhanced capacity of the Bureau of Standards through training and resource allocation.

15. Creating and Developing the Office of Radiation Security

Goal: Ensure the safe and regulated use of radiation in industries and protect public health and the environment through the establishment of a dedicated Radiation Security office.

Strategies:

- *Establish the Office:* Formally establish the Office of Radiation Security within the Ministry, outlining its mandate, structure and operational procedures.
- *Develop Radiation Safety Protocols:* Create comprehensive radiation safety protocols and guidelines for industries that utilise radiation, such as healthcare, manufacturing, and research.
- *Regulatory Compliance and Monitoring:* Implement robust regulatory frameworks to monitor and enforce radiation safety standards, including regular inspections and compliance audits.
- *Training and Certification:* Provide specialised training programs for personnel involved in radiation-related industries to ensure they are well-versed in safety practices and regulatory requirements.
- *Public Awareness and Education:* Conduct public education campaigns to inform communities about radiation safety and the measures in place to protect public health and the environment.

Indicators:

- Establishment of the Office of Radiation Security with defined roles and responsibilities by Q3 2025.
- Development and implementation of comprehensive radiation safety protocols.
- Number of inspections and compliance audits conducted annually.
- Percentage of relevant industry personnel trained and certified in radiation safety.
- Increased public awareness and understanding of radiation safety measures.

16. Project Proposals Under the Montreal Protocol

Goal: Preparation of HPMP Stage 11 project for submission for funding to the Executive Committee Meeting of the Multilateral Fund Secretariat for 2025. Once approved, this will allow the country to successfully phase out any remaining HCFCs and meet its target obligation of full phase out by 2030, as required for Article 5 countries under the Montreal Protocol, of which Antigua and Barbuda is included.

Submission of Project Proposal Request to the Multilateral Fund Secretariat for funding to conduct Enabling Activities to support the country's ratification of the Kigali Amendment. Specific national enabling activities to assist the country with regards to Hydrofluorocarbon (HFC) phase down are included.

Indicators

- Antigua and Barbuda to implement the Kigali Amendment.
- Strengthening of legislation to improve activities under the Montreal Protocol.
- Registration and Certification of all RAC Technicians
- Registration of all importers of all refrigerants and Equipment
- Upgrade of teaching tools to institutions conducting courses in Refrigeration and Air Conditioning.

5. Implementation Framework

The successful implementation of the Antigua and Barbuda Ministry of Trade's 3-Year Strategic Plan (2024-2027) relies on a well-defined implementation framework that adheres to modern governance standards and best practices. This framework outlines the approach for action planning, resource allocation, and stakeholder engagement to ensure efficient and systematic achievement of strategic objectives.

Action Plans

Each of the fifteen (15) priority areas will have a dedicated task force within the Ministry, composed of trade officers, stakeholders, and subject matter experts. These task forces will be responsible for developing detailed action plans that include specific steps, assigned responsibilities, timelines, and resource requirements. The action plans will serve as operational roadmaps for each priority area, ensuring clear accountability and a structured approach to implementation. Progress will be monitored through regular reviews and reporting mechanisms to track the achievement of milestones and adjust strategies as needed to stay on course.

Resource Allocation

The implementation of the Ministry's strategic priorities will require careful and strategic resource allocation across financial, human and technological domains:-

Budgeting: Financial resources will be allocated in alignment with the Ministry's strategic priorities, ensuring adequate funding is directed toward the most impactful initiatives within each priority area. This will include identifying domestic, regional, and international funding sources to support the Ministry's long-term objectives.

Human Resources: The Ministry will ensure that there is continuous training and professional development of all skilled personnel with an emphasis on building a capable workforce. Training and capacity-building programs will be implemented to ensure that

trade officers and support staff are equipped to handle the complexities of modern trade dynamics.

Technology and Infrastructure: Investment in technology and infrastructure is essential to enhancing trade facilitation, industry development and the promotion of commerce. The Ministry will prioritise upgrading digital platforms, particularly existing customs processes and regulatory compliance frameworks, as well as improving physical infrastructure to support standardisation and safety protocols.

Stakeholder Engagement

The Ministry recognises the importance of fostering strong partnerships with both *internal* and *external* stakeholders to achieve its strategic objectives:

Internal Stakeholders: Collaboration within the Ministry and across related government departments, such as the Ministry of Foreign Affairs, will be strengthened to ensure that all sectors are aligned with the overarching strategic goals. Regular inter-ministerial meetings and consultations will help synchronise efforts and resources.

External Stakeholders: The Ministry will actively engage with international partners, regional organisations, the private sector, the Antigua and Barbuda Bureau of Standards, and the diaspora. This engagement will be key to advancing strategic initiatives, leveraging external expertise, and accessing additional resources. Ongoing communication and collaboration with stakeholders will ensure that the Ministry's strategies are responsive to changing regional and global trade environments.

Through this comprehensive implementation framework, the Ministry of Trade will ensure that the 3-Year Strategic Plan is implemented with the focus to adhere effectively to modern governance principles and aligned with best practices to promote sustainable and inclusive economic growth and development for Antigua and Barbuda.

6. Monitoring and Evaluation

The Antigua and Barbuda Ministry of Trade's 3-Year Strategic Plan (2024-2027) incorporates a robust Monitoring and Evaluation (M&E) framework to ensure the successful implementation of its strategic objectives. This framework is aligned with international best practices and modern M&E standards, providing mechanisms to measure progress, assess outcomes, and make data-driven adjustments as necessary. The Ministry is committed to maintaining accountability, transparency, and continuous improvement throughout the execution of the plan.

Performance Indicators

Each of the Ministry's priority areas is guided by specific performance indicators to track progress and evaluate success. These indicators ensure that activities are aligned with strategic goals and provide clear metrics for evaluating outcomes:

- i. **Trade Facilitation:** Time reduction in trade processes, adoption rates of electronic customs systems.
- ii. **Export Promotion:** Growth in export volumes and the number of new markets accessed.
- iii. **Regional Integration:** Increase in intra-CARICOM, OECS, and Association of Caribbean States (ACS) trade, and adoption of harmonised standards.
- iv. **Investment Attraction:** Inflows of foreign direct investment (FDI) and the number of public-private partnerships (PPPs) established.
- v. **Domestic Industries:** SME contribution to GDP and overall productivity growth in key sectors.
- vi. **Trade Policy Reform:** Alignment with World Trade Organization (WTO) policies and stakeholder satisfaction levels.
- vii. **E-Commerce:** Number of e-commerce businesses established and digital trade revenue.
- viii. **Consumer Protection:** Reduction in consumer complaints and enactment of new protection laws.
- ix. **Blue and Green Economy:** Sustainable fisheries production and the number of renewable energy projects initiated.
- x. **Trade Infrastructure:** Improvements in logistics efficiency and infrastructure developments.
- xi. **Capacity Building:** Number of officers trained and measurable performance improvements.
- xii. **Public-Private Dialogue through National Trade Council:** Establishment of the National Trade Council and active participation leading to the implementation of its recommendations.
- xiii. **Industry Development and Commerce Promotion:** Growth in key industrial sectors and increased innovation activities. Participation of businesses in market access programs and growth in the retail sector.
- xiv. **Development Standards:** Number of new or updated standards, compliance certifications, and enhanced capacity of the Bureau of Standards.
- xv. **Radiation Security:** Establishment of the office for radiation security, implementation of safety protocols, compliance audits, and training for personnel.

Regular Reviews

To maintain the relevance and effectiveness of the strategic plan, the Ministry will conduct regular reviews and assessments:

- i. **Quarterly Reports:** Task forces will produce quarterly reports to monitor progress against the strategic objectives. These reports will track the performance indicators and adjust action plans as needed to address challenges or emerging opportunities.

- ii. **Annual Evaluations:** At the end of each year, the Ministry will undertake a comprehensive evaluation to assess overall achievements, identify challenges, and capture lessons learned. This evaluation will inform adjustments to strategies and guide future planning.
- iii. **Mid-Term Review:** A mid-term review will be conducted at the end of year two to critically assess the progress made, evaluate performance against key indicators, and make necessary adjustments to ensure the successful completion of the plan.

Feedback Mechanisms

The Ministry values both internal and external feedback to ensure continuous improvement and responsiveness to stakeholder needs:

- **Internal Feedback:** Staff feedback will be collected through regular meetings, performance reviews, and surveys to gain insights into operational improvements and strategic initiatives.
- **External Feedback:** The Ministry will engage international partners, local businesses, consumers, the Antigua and Barbuda Bureau of Standards, radiation-using industries, and the diaspora to gather input on service delivery and trade efforts. This feedback will help refine strategies and enhance the Ministry's effectiveness in meeting its goals.

This Monitoring and Evaluation framework ensures that the Ministry of Trade remains adaptive and proactive in achieving its objectives, fostering a culture of continuous improvement and accountability.

7. Conclusion

The Ministry of Trade's 3-Year Strategic Business Plan (2024-2027) is designed to enhance Antigua and Barbuda's trade landscape through comprehensive initiatives focused on trade facilitation, export diversification, investment attraction, industry development, commerce promotion, standardisation, and safety protocols. By implementing these strategies, the Ministry aims to build a competitive and sustainable economy that leverages regional and international opportunities, supports local businesses, fosters innovation, upholds high standards and ensures safety.

Incorporating Development Standards Criteria and Projects in the Bureau of Standards ensures that Antigua and Barbuda's products and services meet international quality benchmarks, consumer protection and enhance their competitiveness in global markets. The establishment of the Office of Radiation Security underscores the Ministry's commitment to safeguarding public health and the environment, fostering trust and confidence in industries that utilise radiation.

This 3 year strategic plan lays the foundation for long-term economic growth, improved living standards and a prosperous future for the nation.

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

**Ministry of Agriculture,
Lands, Fisheries & the Blue
Economy**

*Business Plan
For the FY 2025*

Ministry of Lands, Surveys & the Blue Economy (MALFBE)

Business Plan
For the FY 2025

Ministry Overview

The Ministry of Agriculture, Lands, Fisheries and the Blue Economy (MALFBE), was formally reconstituted in 2024 and has responsibility for policy, legislation, general jurisdiction and administrative governance of the operations within and related to Agriculture, Crown lands administration/development, primarily focusing on the business development of our ocean space and finally, all special projects which are considered Land Development based. The Ministry also achieves a top-down delivery of management via its allied agencies, statutory bodies and international partners.

The work of the MALFBE is executed through a divisional network of interrelated entities consisting of the Lands Division, the Surveys & Mapping Division, the Department of the Blue Economy, the Development Control Authority and the Development Planning and Design Unit. (See Fig. 1)

Programme monitoring/management, coordination, review and updates are achieved through regular meetings of Heads of the various entities with the Honourable Minister and periodic progress reports are tabled to the Honourable Minister responsible for the Ministry.

A multi-dimensional approach has been adopted in the implementation of the work programme of the MALFBE and as such significant linkages have been established with the Prime Minister's Office, Ministry of Legal Affairs, Ministry of Tourism, Ministry of Trade, Ministry of Health (Dept. of the Environment, Dept. of Health), Ministry of Finance, Ministry of Social Transformation, National Parks Authority, Antigua Public Utilities Authority, faith-based organizations and other stakeholder organizations/agencies such as Her Majesty's Prison and the Royal Defence Force of Antigua and Barbuda.

The key operational features of the Ministry

The corporate activities are conducted through the Administration, Accounts and Human Resource departments based at the Headquarters (HQ) recently relocated to a new self-purposed space on Friar's Hill Road.

Land administration and management responsibilities for all Crown land properties (including leases, rentals, vending licences, etc.) are delivered through the Lands Division. The Lands Division is responsible for extensive subdivision development and works very closely with its sister agencies the Surveys and Mapping Division and the Development Control Authority. **Cadastral services** are provided through the Surveys and Mapping Division; these include surveying services, production of maps of Antigua/Barbuda and updating and maintaining the Cadastral data sheets.

Special projects are managed and planned by the newly created Development Planning & Design Unit, which prepares the necessary development plans and interfaces with the relevant

agencies and divisions to accomplish physical development proposals as determined relevant by the Minister.

The Ministry's programmes are supported by its development partners through the provision of technical, financial and human resources to facilitate capacity building as well as infrastructure and institutional strengthening.

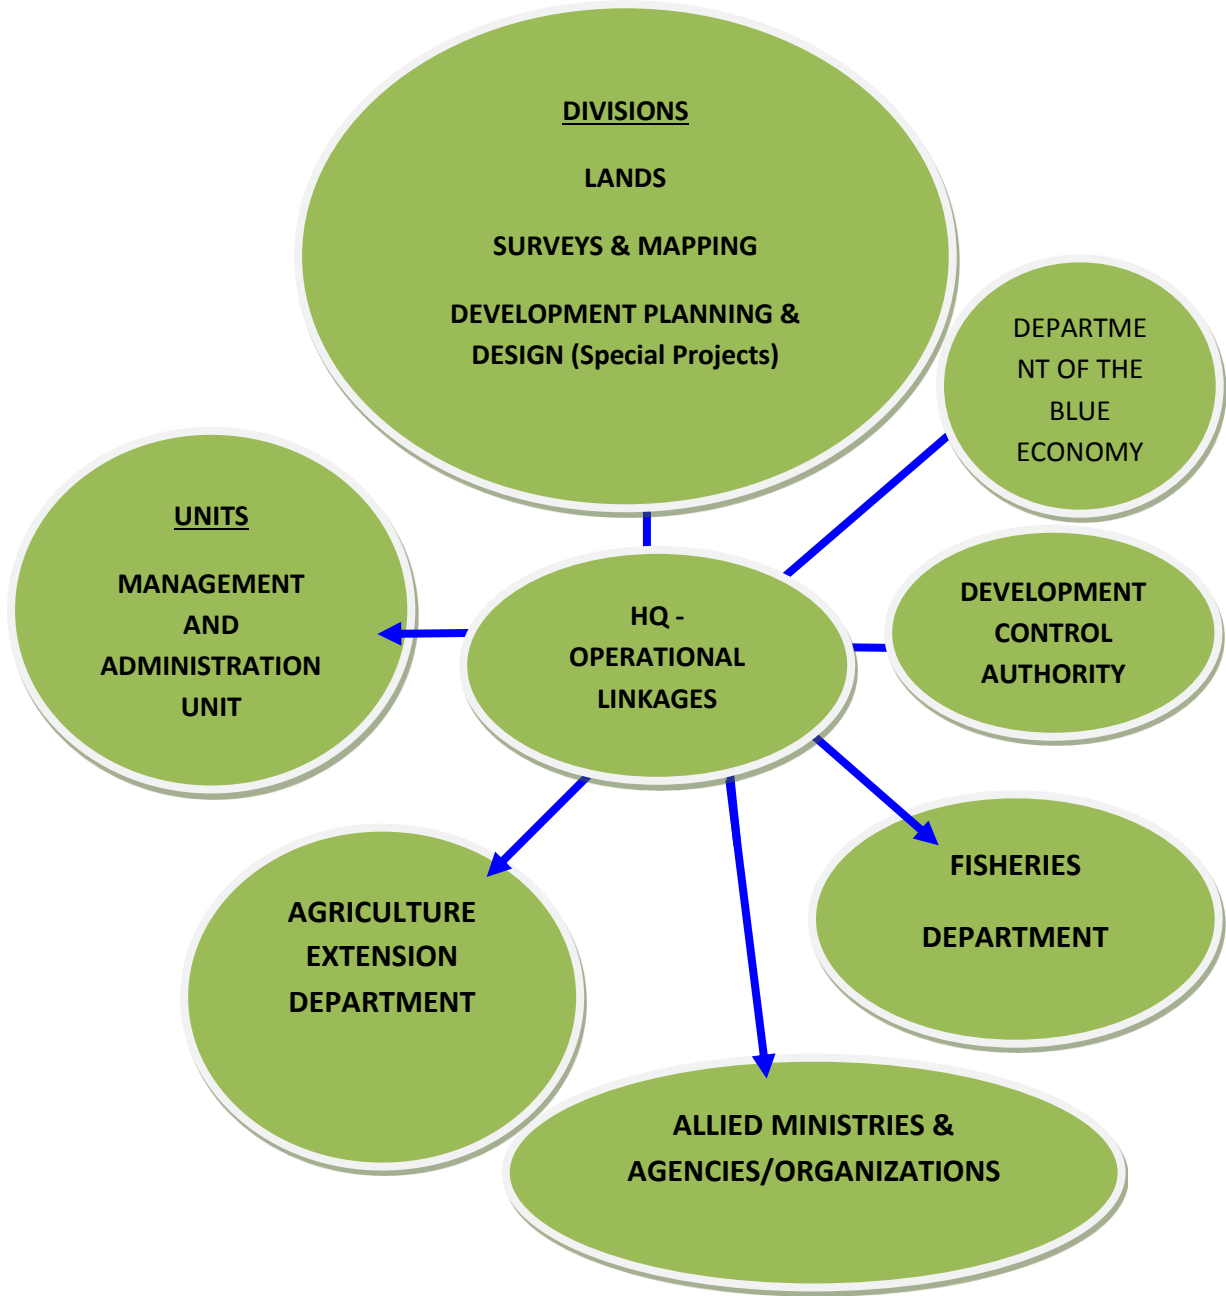

VISION

To be a vibrant organization guided by best practices and world standards fostering innovation, respect for the environment, standards of efficiency and the application of appropriate science and technology to deliver effective services and well planned physical developments.

MISSION

Ministry of Agriculture, Lands, Fisheries and the Blue Economy (MALFBE) will realize the engine of advancement for its divisions and stakeholders through efficient land use management, environmental conservation measures and sustainable development of natural resources thereby contributing to the well being of Antiguans & Barbudans, consistent with national objectives and stakeholders' expectations.

FIG 1: ORG CHART AND OPERATIONAL LINKAGES MALFBE

SERVICE PERFORMANCE REVIEW AND CRITICAL ISSUES

MAJOR ACHIEVEMENTS

1. Lands Division

During 2024, the Lands Division did not achieve the levels of success it had hoped for, however its revenue collection rose above that of 2024. Throughout the year, the Lands Division allocated a total of one hundred and fifty (**52**) parcels of crown land in various locations, which were approved by the Cabinet of Antigua and Barbuda for sale via the Lands Division. Additionally, a total of forty-six (**46**) instruments of transfer were processed, fourteen (**14**) licenses to occupy Crown lands were issued for various purposes and no (**0**) instrument of lease was executed.

The Lands Division was also able to commence the processing of a number of request for utility services to the tune of **EC\$109,045.68 (some vouchers still at the treasury to be paid)**. As at November 05, 2024, the Lands Division was able to realized a total of **EC\$9,400,534.73** in revenue collections.

In order to improve revenue collection machinery, the Lands Division embarked on a campaign, encouraging delinquent allocatees to come into the department to bring their outstanding balances up to date. The post of “Land Information Co-ordinator” was also established and filled. This officer is now responsible for collecting and managing the department's data to include revenue collected.

A staff complement of twelve (12), carries out the various functions of the Lands Department. Inadequate staffing, lack of equipment and supplies, and bureaucratic inefficiencies are impediments to the operations of a modern and vibrant Lands Division. A clear delineation of roles and responsibilities between the Surveys & Mapping Division, CHAPA, Lands Division and the Legal Department must be established to remove the bottlenecks evident in the current system of land administration. Top priorities that could be adopted to effect the desired changes:

- The drafting of a procedure manuals to guide the operations of the Division
- Computerization of the main functions
- Recruitment of adequately trained and motivated staff members to pursue university and technical studies
- Revision of remuneration packages to correct existing anomalies and to attract and retain qualified staff

Figure 2: Service Performance Matrix

Priorities	Activities	Achievements
Allocation and sale of Crown Lands for residential and commercial purposes	<ul style="list-style-type: none"> • Identification of areas • Processing of Applications • Transfer of title 	<ul style="list-style-type: none"> • 52 Allocation letters completed • 46 Transfers • 14 Licences • 0 Lease
Development of Infrastructure in potential housing areas	<ul style="list-style-type: none"> • Roads • Electricity • Water 	
Revenue Recovery	<ul style="list-style-type: none"> • Determine delinquencies • Contact Individuals • Arrange New Payment Terms 	
Establishment and maintenance of a Management Information System	<ul style="list-style-type: none"> • Acquisition of hardware • Acquisition of Software • Installation of equipment • Construction and Population of site (database) 	Discussions were had with the Government IT Department, and plans are presently being made to set up a server-based network for the department

Figure 3: Priority Strategies and Indicator Matrix

Priorities	Strategies	Indicators
<p>Priority 1</p> <p>Establishment and maintenance of a Management Information System</p>	<ul style="list-style-type: none"> • Complete the construction and population of the web-based site (Ministry of Housing, Lands & Urban Renewal - Administration Application) • Digitize hard copies of key information and data 	<p>A fully functional web-based management Information platform :</p> <p><i>System started</i></p> <p>Forty (40 %) of data currently in files to be migrated to the web-based platform by 2022/2023:</p> <p><i>The scanning of files has started, and continues on a weekly basis at the Government IT Center</i></p>
<p>Priority 2</p> <p>Allocation and sale of Crown lands parcels for residential and business purposes</p>	<ul style="list-style-type: none"> • Ensure compliance with stipulations enshrined in the SIRMZP: <i>Ongoing as of Sept. 2012</i> • Streamline the parameters and querying the GIS database (currently housed at Surveys Division) in the identification of suitable lands: <i>The post of GIS Technician within the department is now filled</i> • Utilize a computerized system for the processing of applications: 	<p>A 50% increase in lands available for residential and commercial purposes by the end of 2024:</p> <p>A 50% reduction in processing time:</p>

<p>Priority 3</p> <p>Development of Infrastructure in potential housing areas</p>	<ul style="list-style-type: none"> • Prioritizing cases with Surveys to clear back logged cases • Intensify linkages and coordination between the Lands Division, CHAPA, NHURDC, Public Works and APUA : <i>Ongoing as of Sept. 2012</i> 	<p>Clearing cases backlogged to January 2015 by mid-2024</p> <p>A 20 % realization of the required roads, electricity and water infrastructure completed by end of 2024. <i>An Annual amount of \$750,000.00 has been placed in the budget to cover these expenses</i></p>
--	--	---

Critical issues & operational inefficiencies

Critical Issues

- **Human Resource** – During the year 2023, the post of Deputy Chief Lands Officer was filled after being vacant for over five years. One of the vacant post of Lands Officer is now required to be filled in order to avoid a brain drain of the Chief Lands Officer and his deputy.

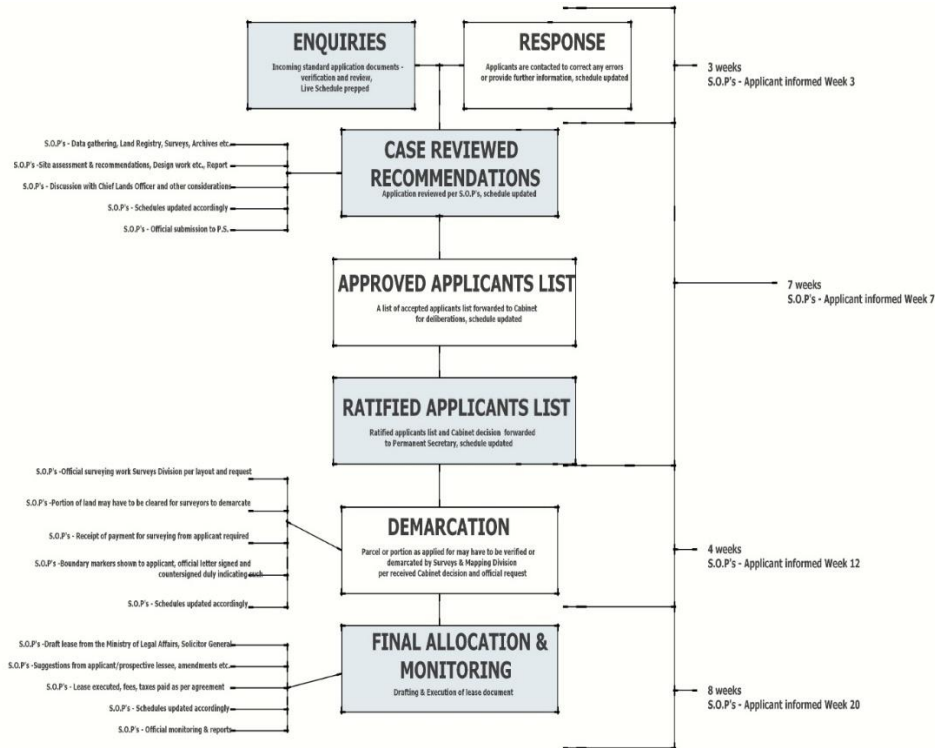

Priority Strategies and Indicators

For the financial year 2025 – 2026, the main priorities of the Lands Division will be the collection of outstanding revenue owed to the department as well as establishment and implementation of a fully functional Geographical Information Systems (GIS) unit. This will increase efficiency and productivity, as information will be accessed more readily. The division will also be aiming at a 50% increase in land development for both residential and commercial purposes by the end of 2025.

There are also locations in existing land development subdivisions (under the control of the Lands Division) which are in dire need of infrastructure development. As a result, the

division has set a target of completing at least 25% of these infrastructure needs by the end of 2025, and discussions are well on the way with the relevant authority to provide the infrastructure.

Figure 4: S.O.P. for operations 1

Operational inefficiencies

Although manned by a group of dedicated government employees, the Lands Division has to contend with procedural & operational deficiencies (resulting in an inefficient and handicapped process), as the Division at present, is under-staffed and technically restrained. The bureaucracy involved in the process of allocating and developing Crown lands has long been problematic. Much of the inefficiencies plaguing the Division stem from the fact that most of the work includes a lot of technical data entry tasks, but the Division is not automated or computerized. Resultantly, basic data entry tasks are still done manually, thereby lengthening the application process and producing further bureaucracy. There are

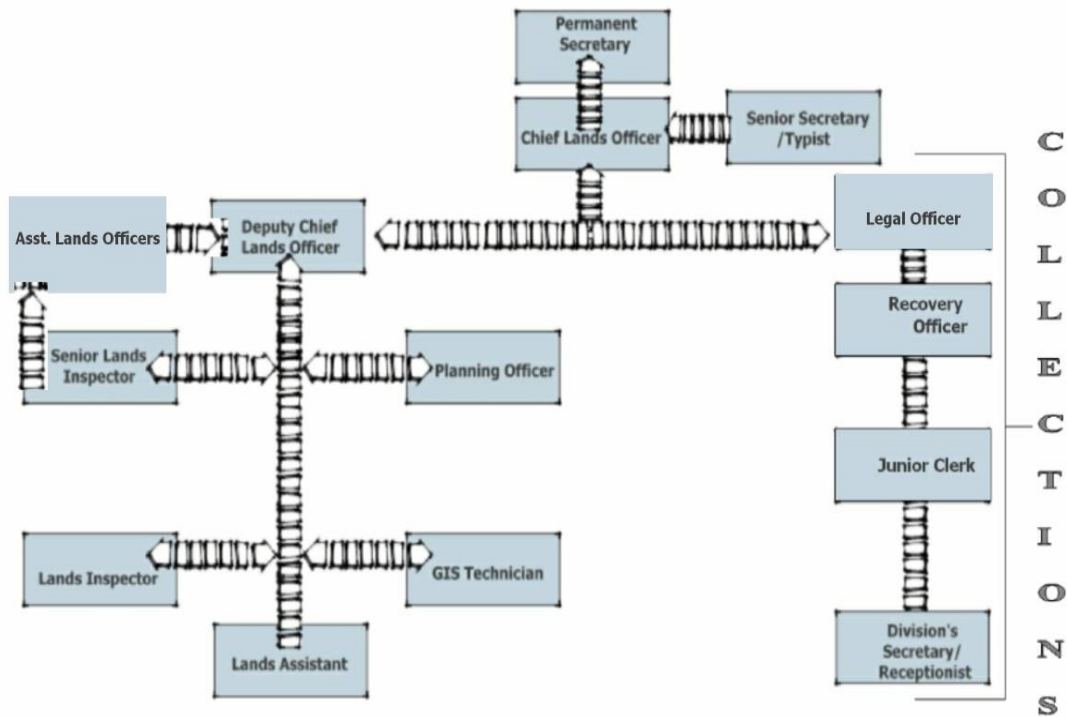

no on-going in-house training programmes in place to familiarize new staff and reacquaint the longer serving staff members. Land cases include a great deal of legal complexities, implications & requirements and consequently the correct procedures or appropriate techniques, and tools for evaluating land cases need to be imparted continuously to the staff dealing with these cases. There needs to be the development of an effective land-use planning and environmental management system which would tackle the two-pronged problem of staff deficiencies and lack of automation. This needs to be achieved within a likewise appropriate institutional framework which clearly identifies an efficient organizational structure and provides proper and timely review of all development matters the Lands Division is responsible for.

To maximize its capacity to manage land development the Lands Division must be structured and staffed to reflect the full range of functions of a modern land development agency. Three distinct Units should be established within the Lands Division's Technical Unit module as follows:

- Land Planning Unit: To manage/prepare land-use development plans and associated project documents/reports. This sub-unit will also oversee the Division's supporting environmental monitoring/management functions, research activities & GIS programme. A Planning Officer should also be retained to ensure proper review of proposals for environmental considerations.
- Site Inspection Unit: This sub-unit carries out site inspections, provides written technical field reports and liaises with the Survey department on matters relating to boundary disputes.
- A full cadre of secretarial and administrative staff will support these very important sub-units.

The full staffing needs are detailed in the "Proposed Organizational Chart" (see Figure 5).

Figure 5: Proposed organization hierarchy

Priority Strategies and Indicators

For the financial year 2025 – 2026, the main priorities of the Lands Division will be the collection of outstanding revenue owed to the department as well as establishment and implementation of a fully functional Geographical Information Systems (GIS) unit. This will increase efficiency and productivity, as information will be accessed more readily. The division will also be aiming at a 50% increase in land development for both residential and commercial purposes by the end of 2025.

There are also locations in existing land development subdivisions (under the control of the Lands Division) which are in dire need of infrastructure development. As a result, the division has set a target of completing at least 25% of these infrastructure needs by the end of 2025, and discussions are well on the way with the relevant authority to provide the infrastructure.

2. DEVELOPMENT CONTROL AUTHORITY (DCA)

The Ministry of Agriculture, Lands, Fisheries and the Blue Economy is responsible for Physical Planning in Antigua and Barbuda through its agency, the Development Control Authority (DCA). The Ministry recognizes the importance of planning, guiding and controlling development within the entire Nation, and this is carried out under the Physical Planning Act 2003 (No. 6 of 2003).

The Ministry thus sees its role within the Nation as imperative, recognizing the need to develop mechanisms that strengthen capacity within Government for environmental and physical development strategies and policies. The strategies and policies that fall under the ambit of the DCA relate to land use, control of the built environment, and all environmental aspects as they relate to natural resource use.

Dovetailing of physical, socio-economic and environmental factors will allow for development to achieve desirable levels for this and future generations.

Issues:

1. The need for institutional strengthening and capacity-building within the DCA.
2. Need for more training for the Building Inspectors (for example, in the areas of report writing and the use of GIS and GPS technologies, and in knowing more of the Building Code, Building Guidelines and the OECS Planning and Infrastructure Standards).
3. The need for at least three (3) additional 4x4 double-cab pick-up trucks for the DCA in Antigua and one in Barbuda, to facilitate the Building Inspectors going into the fields to monitor development sites and to investigate complaints.

Organisational Matters

Capability of the Agency

Achievements:

1. The DCA has successfully acquired a Physical Planner, who now heads the Physical Planning Unit.
2. The Physical Planning Unit is also staffed with: four (4) Planning Assistants, one (1) Geographical Information Systems (GIS) Technician and one (1) GIS Assistant.

Issues:

1. Lack of adequate training for the Building Inspectors (for example, in the area of report writing and in the use of GIS and GPS)
2. Inadequate monitoring of development projects.

3. Insufficient patrolling by Building Inspectors of some of the Inspection Zones in Antigua.
4. Sometimes slow processing of plan applications by the Building Inspectors.
5. Not enough execution of penalties, fines and charges as they relate to illegal and/or poor development, for example, squatters (persons occupying Crown lands without permission from relevant authorities, such as the Ministry of Agriculture, Lands and the DCA)
6. Eight (8) high capacity computers are needed for the technical unit to operate AutoCAD.
7. All the office computers need to be connected as a network.
8. The DCA Digital Portal has already been developed, and training of relevant personnel to operate it has been done. The Portal aims to facilitate the submission of development applications to the DCA in soft/digital format for processing and approval – currently, development applications can only be submitted as hard documents. There was to be a pilot launch of the Portal, but this is being held up due to the lack of DCA access to a venue that has high capacity computers, a computer server and fibre-optic data service.
9. About two (2) years ago, the DCA was compelled to relocate from its office space at Antigua Barbuda Transport Board (ABTB) Headquarters due to ongoing air quality issues, to office space in the Ministry of Lands buildings on Friars Hill Road. However, the new office space is very inadequate for the over 60 DCA staff members and the many files and plans to be stored. Additional office space is being retrofitted by the Public Works Department in space in the same building recently vacated by the B-Tropics Company, and the Cabinet has already allocated the funding for this project. However, until this retrofitting is completed, many of the DCA staffers are forced to operate in very cramped conditions, some without desks and chairs. A 40 feet storage container had been moved to the Ministry of Lands parking lot, and is to be retrofitted by the National Housing Company to store DCA approved plans. This retrofitting needs to be done quickly, as the current cramped space at the DCA cannot properly store these plans; and further, there are hundreds of plans that are left at the ABTB that need to be brought over and stored in this container as well.

Summary of Capacity Development Strategy:

1. Appoint and fill relevant positions, to include:
 - Two (2) Senior Building Inspectors
 - Four (4) Building Inspectors for Barbuda (in addition to the one working there already)
2. Promotion within the DCA for some of the staff members.

Figure 6: Priorities, Strategies and Indicators – DCA

	Priorities	Strategies	Indicators
1	Implementing the National Physical Development Plan (NPDP) (SIRMZP)	More training for staff in the Development Planning Unit within the DCA. Such staff include: one Physical Planner, three Planning Assistants, one GIS Technician and one GIS Assistant.	<p>Outputs:</p> <p>Implementation and periodic updating of the NPDP; formulation of regional (parish area), local area and subject area plans.</p> <p>Outcomes:</p> <p>Proper zoning and land use allocation at the community level for better rationalization and use of the nation’s scarce lands and natural resources. Meeting the mandate of the Physical Planning Act 2003 for Development Planning to be done by the DCA – not only at the national level but at the parish and community levels as well. Better resilience and mitigating the effects of, climate change on physical development activities.</p>
2	Reviewing of applications for development/planning permission in the context of the NPDP, Regional (Parish) and Local Area Plans.	Ensuring that developers are aware that planning permission MUST be granted before construction commences, and that DCA staff are competent and equipped to execute plan reviews and monitoring procedures. Separating incompatible from compatible land uses.	<p>Outputs:</p> <p>Planning permissions that are granted in accordance with the Nation’s zoning, land use and development policies.</p> <p>Outcomes:</p> <p>More appropriate uses of the Nation’s limited lands and less degradation of the environment. Less cost to the Nation in not having to remedy the effects of poor/inimical land uses. A more harmonious marriage between built development and environmental</p>

			<p>conservation/preservation.</p> <p>Balancing physical, socio-economic and environmental growth on a sustainable level for present and future generations.</p>
3	<p>Reviewing of building applications to ensure that ALL buildings conform to the Antigua and Barbuda Building Code and Building Guidelines.</p>	<p>Ensuring that staff are competent and equipped to carry out proper site inspections, and to collate, analyze and draft development plans based on Government policies and programs for implementation. This will be attributed to a feed-back process whereby checks and balances can be achieved.</p>	<p>Outputs:</p> <p>Increased compliance with the Building Code and Building Guidelines, manifested by (a) a reduction in Stop and Enforcement Notices, (b) a reduction in plan rejections, (c) an increase in development permissions, (d) a decrease in unplanned development; thus, contributing to greater efficiency in the Authority carrying out its mandate.</p> <p>Outcomes:</p> <p>Improvement in building standards and building safety, and better planned developments. Increased Government revenues resulting from more development approvals.</p>
4	<p>Policing the country to ensure that buildings are constructed in accordance with approved plans and to reduce the incidence of unapproved development work.</p>	<p>Employing an adequate number of Building Inspectors, and providing them with the necessary training, transportation, capabilities and equipment to make effective policing possible. Ensuring that staff can and do make timely reports on</p>	<p>Outputs:</p> <p>A 100% compliance with approved plans, Building Codes and Building Guidelines.</p> <p>Outcomes:</p> <p>Better-constructed and safer buildings. Less planning conflicts. Less squatting. Less damage and degradation to the environment, especially the pristine marine and terrestrial ecosystems and heritage sites. Less vulnerability to extreme</p>

		building and large-scale development projects.	hydro-meteorological and seismic events.
5	Taking a leading role in the road/street naming and building numbering projects for Antigua.	These two projects were being carried out in Antigua from 2013 onwards, but after a few years had stagnated. The DCA is currently making efforts to have the draft Street Naming and House Numbering legislation incorporated into its draft Physical Planning and Control Regulations that should receive ratification shortly.	<p>Outputs:</p> <p>In 2013 onwards, there was training of technical staff at the DCA, Survey Department, PWD and NODS in GIS, GPS and road and building numbering methods, by technicians from Colombia and Mexico. Procurement of GPS hardware and software from the OAS. Procurement of GIS software and licenses, and materials to erect road/street name & number signs and building number plates.</p> <p>Outcomes:</p> <p>A well-designed road/street naming and numbering system, as well as a building numbering system, across Antigua. The erection of road/street signs and building numbering plates within the next few months in Antigua. A DCA that is well equipped, staffed and trained to continue administering the building numbering system.</p>

3. Ministry Overview – Surveys & Mapping Division

Established in the early 1970's by a number of enabling pieces of legislation, the Surveys & Mapping Division is a key agency providing geodesic and cadastral service to the people of Antigua and Barbuda.

The main functions of the Surveys & Mapping Division are:

1. **Maintain and update all Cadastral Maps** - These maps changes on a daily basis, with every new survey submitted to be registered.
2. **Land Registry Interoperation** - Constantly providing the Land Registry with new parcels number and areas and other land dealing related to land tax.
3. **Research** - Research and improve the Division capability to reach its full potential in delivering its service, and technical training for staff to keep abreast of ever changing profession.
4. **Providing all maps for the country** - Surveys Division has the sole rights for production and distribution of any types of maps of Antigua/Barbuda, e.g. Topographic, Digital terrain Model (DTM), Colour Raster images, Tourist Maps, Cadastral, Streets, and Transportation network (bus routes).

The main aim of the Surveys & Mapping Division is to become a Surveying, Mapping and Geospatial department, producing various types of maps of the country, providing key Government offices with digital based maps and GIS technical support. To be a vibrant organisation guided by creativity, innovation, respect for the environment, standards of efficiency and the application of appropriate science and technology to deliver effective services. And finally, to work in conjunction with other Agencies in providing technical support in developing the Physical Land Use and Marine Spatial Plans. Establishing and maintaining Antigua/Barbuda Spatial Data Infrastructure (ABSDI) for the Country.

Vision

Developing a modern, sustainable, geomatics and geo-statistical public office, meeting the needs of all sectors, citizens, visitors and investors to inform decisions in diverse areas.

Mission

To enhance and implement guidelines/framework, regulations and policies to enhance the development, monitoring and enhancement of a robust Spatial Data Infrastructure to effect Geomatics & Geo-statistical Information dissemination.

Figure 10 - Service Performance Review and Critical Issues for 2024

Achievements	Issues
<p>Achievements: <u>Service Performance</u></p> <ul style="list-style-type: none"> • Landfolio 7 have been launched and operational with 2022 satellite imagery bringing about a more updated view of parcel location. • Nine (9) registration sections have been created for Barbuda and embedded into Landfolio 7 allowing for a digital cadastre once the Adjudication process have been completed. • New GNSS GPS purchased with all field staff receiving training on basic operations. • Increased number of completed surveys. • Active participation in SIDS4 exposing staff to advance GIS. A result is a Data Hub workshop to train regional and local GIS oriented staff on handling data for the support of SIDS Centre of Excellence housed in Antigua & Barbuda. • Strengthened inter-agency relationships seeing an exchange in staff, knowledge and other resources, <p><u>Organisational Matters</u></p> <ul style="list-style-type: none"> • Nine (9) computer systems upgraded with latest version with connectivity to the network allowing for access to information. • All member of the public now subjected to the payment of prescribed fees thus increasing revenue. 	<p>Issues</p> <ul style="list-style-type: none"> • Access to finance through treasury is slow due to staff lacking knowledge in this area. Guidance is constantly sorted through Ministry staff. This results in limited-no office supplies and material. • Lack of payment to Landlord results in some physical elements of the building unkempt (e.g., changing of ceiling tiles, prompt response when water pump goes down, etc.). • Building condition is deplorable due to bad air quality (no natural ventilation resulting in several staff reporting sick due to mould presence) and significantly limited operational AC units (of 11 units, 2 fully functional, 3 operates periodically, 6 does not work. • Office now operates daily from 8am to 1pm, closing to the general public at noon due to lack of air and ventilation. • Landfolio 7 upgrade brought about several technical issues which slows the operation between SMD, Inland Revenue and Land Registry prompting the staff to request additional training. • Vehicle continue being a challenge with now only 2 operational vehicles. One (G2331 SANYANG) was deemed unsafe to drive by dealership and Gov't workshop. • Junior clerks exhibit poor work ethics indicating they are in need of basic business training ahead of being hired.

<ul style="list-style-type: none">• Hierarchy protocol established relieving some issues from the Chief Surveyor.• One General Staff meeting, two Senior Staff meetings and three divisional meetings were held to date to encouraging communication among staff on day-to-day operations.• Security Card Swipe System reactivated throughout the office.• Two new members joined staff filling the positions of Assistant Surveyor II and Junior Clerk with one being temporary.• Several staff undergo training in areas of basic first aid, Conflict Resolution and budget preparation.• Two (2) female staff have been training and continues to train until December 2024 in Basic and Intermediate GIS analysis tool.	
--	--

Figure 11 - Priorities, Strategies and Indicators for 2025

Priorities	Strategies	Indicators
<p>Priority 1</p> <p>To carry out and implement a Cadastral system in Barbuda. This will allow for a satellite Land Registry to be established on the Island and those making the registering of land to become a common process as in Antigua.</p>	<p>Complete the Land Adjudication Process in Barbuda.</p>	<p>Outputs:</p> <p>Completion of Land Adjudication Process.</p>
	<p>Implement Parcel Fabric into Landfolio 7 leveraging technology with traditional methods of parcel information/dataset.</p>	<p>Outputs:</p> <p>Active Parcel Fabric by December 2025.</p> <p>Training of staff in GIS software (license and open source).</p> <p>Making related conferences, workshop and seminars accessible to staff.</p>
<p>Priority 2</p> <p>Implementation of the Antigua & Barbuda National Spatial Data Infrastructure (ABNSDI).</p>	<p>Enable data sharing environment between private and public sector including academia through policy.</p> <p>Training of staff in utilizing GNSS equipment and drafting software.</p>	<p>Outputs:</p> <p>ABNSDI Policy implementation with reference to SIDS Data Hub.</p> <p>4 Staff being trained locally/regionally/internationally in GIS and surveying disciplines.</p> <p>Internal departments functioning at capacity in the absence of a supervisor.</p>
<p>Priority 3</p> <p>To provide technical support to the Statistic Division to meet their objective for the 2021 national census which will be held in 2024-2025.</p>	<p>Seeking the needs of Statistics Division into the next cycle of census.</p>	<p>Outputs:</p> <p>All technical requirements are met as it's related to technology.</p>
	<p>Provide support allowing Statistics Division to be efficient in Data acquisition, analysis and dissemination.</p>	<p>Outputs:</p> <p>Local universal geospatial suite of parameters for data collection.</p>

3. Department's Overview – Department of the Blue Economy

In July, 2024, the Department of the Blue Economy was transferred to the Ministry of Agriculture, Lands, Fisheries and the Blue Economy. The Department previously fell under the portfolio of the Ministry of Social Transformation.

The Department was first created in 2020 and globally, the concept of the Blue Economy has been widely recognised as a major global growth area. Given the vast ocean space available to Antigua and Barbuda, we are advantageously positioned to pioneer research on the Blue Economy and Development in the Caribbean region. Thus, we could gainfully capitalise on the development potential of this emerging sector to fuel new economic activities and support industries and communities.

The Department's primary focus is the business development of our ocean space while maintaining the health of the ocean. The sector is expected to annually contribute at least ECD \$300 million or 20 – 30 % of GDP. Moreover, the Department is expected to support national sustainable economic growth and development, provide entrepreneurial opportunities especially among the youth and lower unemployment. Presently, one of the main priorities is the drafting of the relevant legislation and policies to govern the operations of the Blue Economy. Furthermore, the Maritime Blue Economy Plan (MBEP) is recognised as the blueprint or guiding document for the Department of the Blue Economy. The MBEP, coupled with the Gap Analysis, outlines the Mandate, with the main goal being to diversify the country's economy through the sustainable and responsible use of ocean or marine based resources. The MBEP and the draft National Ocean Policy (NOP) have outlined four (4) main priority areas as the pillars of the Blue Economy:

Priority One: A strong tourism industry as an economic anchor

Priority Two: Better utilisation of the marine area

Priority Three: Improve collaboration to support the Blue Economy

Priority Four: Adopting an Island Systems Management Approach

Vision - To build a vibrant, resilient and inclusive economy through the sustainable and responsible use of ocean resources.

Mission - The Department of the Blue Economy is committed to harnessing the full potential of our marine resources to enhance economic growth, protect the environment, and improve the livelihoods of our people. Through strategic planning, policy development and stakeholder engagement. We will foster innovation, promote sustainable practices, and create partnerships to ensure the long-term viability and prosperity of our nation's blue economy.

Figure 13 - Service Performance Review and Critical Issues for 2023

Achievements	Issues
<p>Achievements: Service Performance [briefly list the achievements in delivering/funding services, developing policy, carrying out regulatory functions, delivering on major capital projects, and where relevant indicate the results in terms of impacts on the community (outcomes)]</p>	<p>Issues [briefly list the issues in delivering/funding services, developing policy, carrying out regulatory functions, delivering on major capital projects in priority order, significant issues in the maintenance and development of capability in areas such as human resources, systems, processes, equipment, financial health, relationships, etc.]</p>
<p>1. The Five Islands Campus of the University of the West Indies (UWI) has appointed Dr. Branson Belle to serve as the Director of the Centre of Excellence of Oceanography and the Blue Economy (COBE). The Department of the Blue Economy will continue to coordinate the International Steering Committee (ISC) meetings and will introduce potential partners to Dr. Belle.</p>	<p>1. Now that the Department is under a different Ministry, the staff members urgently need to relocate to another office as soon as possible. The working conditions are presently very cramped.</p>
<p>2. The Handing-over Ceremony for the Aquaponics System for the Disability Centre Project was held on 30th July, 2024. The project was a collaboration between the Department of the Blue Economy and the National Vocational and Rehabilitation Centre for Persons with Disabilities. It was funded by the British High Commission and the Government of Antigua and Barbuda.</p>	<p>2. Limited essential resources and equipment hamper the Department's overall output, productivity and efficiency due to the need for another local telephone line, an overseas line, desktop computers, file cabinets and ink for the printer.</p>
<p>3. The Department of the Blue Economy held a Logo Competition that was open to all public and private secondary schools, the Antigua State College and the University of the West Indies. The winning entry was submitted by the Jennings Secondary School and the Awards Ceremony was held on 17th June, 2024. Awards and prizes were given to the participating students.</p>	<p>3. There are ongoing delays with the Department being authorised for the free balance system. This situation has caused a setback with ordering essential supplies and equipment for the Department.</p>

<p>4. To date, the Consultant appointed by the UN Division for Ocean Affairs and the Law of the Sea (DOALOS) has submitted the following documents for review and feedback from the stakeholders:</p> <ul style="list-style-type: none"> • Antigua and Barbuda Blue Economy Report • Antigua and Barbuda Blue Economy Policy and Implementation Plan • Blue Economy Bill and Explanatory Notes 	<p>4. There is a lack of human resources as the Department is presently very short-staffed. The Department is especially in dire need of competent technical staff.</p>
<p><u>Organisational Matters</u> [briefly list significant achievements in the maintenance and development of capability in areas such as human resources, systems, processes, equipment, financial health, relationships, etc.]</p>	
<p>1. A delegation from the National Ocean Technology Centre (NOTC) in China visited Antigua and Barbuda from 31st May, 2024 – 5th June, 2024 to meet with key stakeholders and to visit coastal areas. This visit was to enable them to gather important information about Marine Spatial Planning (MSP). They will compile a report and will plan a follow-up visit.</p>	<p>1. Lack of human resources as the Department is presently very short-staffed and there are several critical duties to be fulfilled.</p>
<p>2. In collaboration with the Ministry of Foreign Affairs and the Chinese Embassy, the Department played an integral role in coordinating various important training opportunities that took place in China throughout 2024. These training</p>	<p>2. Lack of essential office equipment, such as: desktop computers, file cabinets, ink for the printer and another telephone line.</p>

<p>opportunities all focused on various aspects of the Blue Economy.</p>	
<p>3. The inaugural Commonwealth Ocean Ministerial Meeting (COMM) was held in Cyprus from 17th – 19th April, 2024. The first draft of the Commonwealth Ocean Declaration was shared for discussion. The aim is to finalise the document ahead of the next Commonwealth Heads of Government Meeting (CHOGM) in October, 2024.</p>	<p>3. It can sometimes be a challenge to get the needed support, timely feedback and cooperation from some of our key stakeholders which leads to unfortunate delays.</p>
<p>4. The Fifth Global Dialogue on Sustainable Ocean Development was held in Indonesia from 1st – 5th July, 2024. The objective was to inform about the importance of ocean accounting which arises from its ability to organise social, economic and environmental information in a manner consistent with economic accounting systems already implemented by many countries.</p>	<p>4. The Department needs to relocate to another office as soon as possible due to now being in a different Ministry and the current cramped working conditions.</p>

Figure 14 - Priorities, Strategies and Indicators for 2024

Priorities	Strategies	Indicators
<p>Priority 1 – Continued strengthening of the Department’s working relationship or partnership with the Chinese Government to encourage future capacity building opportunities.</p>	<p>Continue to remain in close contact with the Chinese Embassy, Ministry of Foreign Affairs and colleagues in China</p>	<p>Outputs: Maintain partnership with the Fujian Institute of Oceanography (FJIO); Seek to build relationships with the Second Institute of Oceanography (SIO), the Third Institute of Oceanography, Island Research Centre (IRC) and Xiamen University.</p> <p>Outcome: Strong working relationship with the Chinese government is enhanced and amplified.</p>
	<p>Effectively and efficiently utilise training and knowledge sharing opportunities and make appropriate linkages and introductions.</p>	<p>Outputs: Staff members and stakeholders will continue to take advantage of training opportunities; necessary introductions will be made with the newly established Centre of Excellence of Oceanography and the Blue Economy (COBE) at the Five Islands Campus of the University of the West Indies (UWI).</p> <p>Outcome: Staff members, stakeholders, colleagues and students will benefit from various capacity building opportunities.</p>
<p>Priority 2 – Advancements or progress made with the drafting of the legal framework to govern the operations of the Blue Economy. Projects are ongoing with the UN Division for Ocean Affairs and the Law of the Sea</p>	<p>Continue to work along with the consultants from the UN Division for Ocean Affairs and the Law of the Sea (DOALOS) and the Commonwealth Secretariat.</p>	<p>Outputs: Sharing of documents and information with the consultants; arrangement of meetings with stakeholders; review of documents and reports submitted by the consultants; regular communication with DOALOS and the Commonwealth Secretariat.</p> <p>Outcome: The consultants are equipped with all of the necessary information and receive the requisite support to complete drafts.</p>

<p>(DOALOS) and the Commonwealth Secretariat.</p>	<p>Share the revised drafts of the National Ocean Policy (NOP) and draft legislation with key stakeholders for review and feedback before the issuing of the final versions.</p>	<p>Output: Inclusion of key stakeholders from the onset of both projects to their completion.</p> <p>Outcomes: Updating of the NOP, the finalisation of the Blue Economy Bill and the first draft of the Deep Sea Mining legislation.</p>
<p>Priority 3 – Continued collaboration with the National Ocean Technology Centre (NOTC) for assistance and support with Marine Spatial Planning (MSP).</p>	<p>Finalise the scope of the Cooperation Technology Proposal with the NOTC.</p>	<p>Outputs: Continued communication and discussion with the NOTC; ongoing participation in future training opportunities and workshops on MSP.</p> <p>Outcomes: Maintenance of partnership with the NOTC and increased knowledge of MSP and its benefits.</p>
	<p>Continue to include all of the key stakeholders in this project and this is a multi-sectoral endeavour.</p>	<p>Outputs: Continue to follow-up with stakeholders for information requested by the NOTC; share any reports or updates from the NOTC with the key stakeholders, assist the NOTC with arranging proposed follow-up visit.</p> <p>Outcome: Stakeholder involvement and support are maintained throughout this important initiative.</p>
<p>Priority 4 – Scaling up of activities for World Ocean Month that takes place each year in June.</p>	<p>Inclusion of more activities in the celebration of World Ocean Month.</p>	<p>Outputs: Planning and organising of both educational and recreational activities; involvement of the media to increase public awareness; use of social media</p> <p>Outcomes: The celebration of World Ocean Month will receive more recognition in Antigua and Barbuda.</p>
	<p>Inclusion and involvement of youths to encourage them to appreciate and learn about the Blue Economy and the ocean from an early age.</p>	<p>Output: Inviting and encouraging youths to participate in the month's activities.</p> <p>Outcome: Increased involvement of the youths of the nation.</p>

Ministry of **AGRICULTURE,**
FISHERIES & VETINARY
SERVICES

Business Plan
For the FY 2025

Ministry Overview

The Ministry of **Agriculture**, Land, **Fisheries** and Blue Economy is the Government's principal agency tasked with ensuring (the nation's food and nutrition security and the general development of the agriculture sector. This it does through a multi-disciplinary approach, incorporating thematic areas such as policy formation, legislation, statistical analysis, capacity building, field research, testing and analytical services, programme development and implementation. The Ministry's programmes are supported by the invaluable contributions of its development partners and stakeholders through the provision of technical, programmatic and human resources to facilitate capacity building as well as institutional strengthening. Currently, to assist in ensuring the appropriate environment for successful food production significant attention is being given to soil and water management.

The Ministry is comprised of the following Divisions and Units.

Agriculture Division

Agriculture Extension Division

Analytical Services Division

Cotton Division, Plant Propagation and Research Stations - Green Castle, Christian Valley, Cades Bay

Fisheries Division

Forestry Unit

Pesticide and Toxic Chemicals Registrar

Plant Protection Division

Statistics Research and Information Technology Division

Veterinary and Livestock Division

Government agencies associated with the Ministry consist of the Agricultural Development Corporation (ADC), Antigua Fisheries Ltd and the Central Marketing Corporation (CMC). Partner organisations and stakeholders include, inter alia, Caribbean Animal Health and Food Safety Association (CAHFSA), Caribbean Agricultural Research and Development Institute (CARDI), the Food and Agricultural Organisation (FAO), Gilbert Agricultural and Rural Development (GARDC) Centre, the Inter-American Institute for Cooperation on Agriculture (IICA), the Poultry and Livestock Associations, Layers Association, Beekeepers Cooperative.

Vision: To be a sustainable and resilient agricultural sector.

Mission: To create an environment that facilitates self-sufficiency, economic opportunities, climate change adaptability, food and nutrition security for all residents of Antigua and Barbuda and safe trade through team building and scientific approaches.

Service Performance Review and Critical Issues for 2024

During the period 2023 - 2024, the Ministry continued to deliver on its mandate despite very challenging circumstances. The primary thrust of the Ministry's activities focused on attaining greater levels of food security and nutrition and protecting livelihoods, while at the same time increasing its contribution to GDP. These goals and objectives are well aligned with the imperatives associated with achieving the stated outcomes of the Sustainable Development Goals (SDG #2, Zero Hunger), CARICOM's 25 by 2025 initiative and the OECS Food and Agricultural Systems Transformation (FAST) Strategy. Increasingly, Antigua and Barbuda is signing on to various multilateral and bilateral protocols and agreements

ACHIEVEMENTS	ISSUES
<p>Agriculture Extension Division</p> <ul style="list-style-type: none"> • A total of fifty acres of land was cleared in the Northeast District to assist small scale farmers to increase food production. • The Division worked very closely with the FAO, during the period under review, regarding initiatives on climate smart agriculture and water catchments for use by small farmers. 	<ul style="list-style-type: none"> • Inability of the tractor unit to service request from farmers for land preparation. • Lack of field vehicles to adequately cover the Agricultural Districts.
<p>Analytical Services</p> <ul style="list-style-type: none"> • A total of 3018 samples were analysed in 2023 compared to 2483 in 2022 for physicochemical and microbiological parameters. • During the period under review staff received training in a number of areas to include. <ul style="list-style-type: none"> 1. Operation of the X-ray fluorescent analyser. 2. Illicit drug analysis. 3. Sampling and analysis of Persistent Organic Pollutants 4. Diagnostic and surveillance of Citrus Canker. 	<ul style="list-style-type: none"> • Lack of service technicians for repairs and maintenance of equipment. • Dilapidated infrastructure at the Dunbars site.
<p>Cotton Division, Plant Propagation & Research Services</p> <ul style="list-style-type: none"> • In-house staff training sessions on Agronomy, Physiology of crops and pesticides use were conducted during the period under review. • Field staff were exposed to training over a three month period on all aspects of general Agriculture at CARDI Field Station 	<ul style="list-style-type: none"> • The work programme was severely affected by the repurposing of the lands at the Dunbar's Research Station.

ACHIEVEMENTS	ISSUES
<p>Fisheries Division</p> <ul style="list-style-type: none"> • The Division once again successfully passed the remote assessment of control systems governing the production of Fisheries products intended for export, conducted by the European Commission Directorate General for Health and Food Safety. This allows Antigua & Barbuda to maintain access to the EU market. • Training sessions were conducted in navigation, safety at sea and laws and regulations in accordance with section 35(3e) of the Fisheries Regulation. The training was geared at professionalizing the industry to enable fishers to better access financing and insurance. • The Fisheries Division held a workshop on the very important issue of diver safety addressing the issue of decompression sickness. • Several officers have received short term training in various areas to include the use of Drones, Beach Monitoring and Marine Sediment Analysis 	<ul style="list-style-type: none"> • There are limited qualified/certified staff with expertise in seafood safety and quality assurance e.g.(HACCP,GMP).This factor is part of the evaluation by the EU of countries food safety programmes. • Antigua & Barbuda lacks an accredited laboratory to test fish and fishery products destined for international markets. • The Fisheries Complexes need major repairs along with proper fencing and security to address vandalism and attempted break-ins. Further, the ceiling of the Point Wharf processing plant needs repair to return the plant to the approved list of export facilities.
<p>Plant Protection Division</p> <ul style="list-style-type: none"> • Antigua & Barbuda was selected by CAHFSA and IICA to pilot the development of the national AHFS policy and action plan under the EU's 11th EDF SPS project, The policy has received cabinet approval and is to be published in the official Gazette. • The Division continues to improve its services by implementing a stakeholder registration process and is nearing completion of an E-permit system that would significantly increase efficiency and 	<ul style="list-style-type: none"> • Management of the Giant African Snail remains near impossible due to the lack of timely and targeted resources. The current resource allocation model for the eradication of the GAS is inadequate.

<p>cost effectiveness of the import permit issuing process.</p> <ul style="list-style-type: none"> • The Division coordinated the acquisition of 1600 lethal yellow tolerant coconut seeds through the CARDI International Trade Centre regional project. 	
<p>Statistics Research &IT Division</p> <ul style="list-style-type: none"> • The Division transitioned from quarterly crop production surveys to monthly allowing for the disaggregation of data by month. • The pool of stakeholders to which data was supplied expanded, along with the continued facilitation of quarterly economic surveillance by the Central Statistics Division and the compilation of National Accounts. • The Division continued the collection of price data through its monthly price survey of agricultural commodities 	<ul style="list-style-type: none"> • The Division was unable to access a significant portion of its budgetary allocation resulting in its inability to achieve a lot of its planned activities for 2024.

Priorities	Strategies	Indicators
<p>Priority #1 Upgrade & properly maintain landing, handling, processing, cold storage and distribution of seafood according to international standards.</p>	<ul style="list-style-type: none"> • Convince cabinet to provide the resources and to mandate PWD to effect repairs to especially the Point Wharf fish processing plant. 	<p>Outputs: Repaired facility</p> <p>Outcomes: Point Wharf added to the approved list of export facilities and resumption of export services to local processors.</p>
<p>Priority #2 Increase local and export market for sea food products.</p>	<ul style="list-style-type: none"> • Develop E-marketing system to bring buyers and sellers together. • Conduct value chain analysis for new seafood products. 	<p>Outputs: E-Marketing Apps</p> <p>Outcomes: An increase in export quantities.</p> <p>Outputs: Completed value chain analysis.</p> <p>Outcomes: Increase in the number of fishers developing new products for Trade</p>
<p>Priority #3 Upgrade the skills of fishers to strengthen fishing operations and bring modernization to the fleet.</p>	<ul style="list-style-type: none"> • Continue to implement the fisherfolk professional programme in collaboration with local partners. • Collaborate with Caribbean network of fisherfolks in their virtual leadership training programmes. 	<p>Outputs: Training workshops held.</p> <p>Outcomes: Increase in the number of fishers trained in select areas.</p> <p>Outputs: Several scheduled on-line courses.</p> <p>Outcomes: Increased number of trained fishers in the areas of organizational management and leadership.</p>
<p>Priority #4 Review of the Organisational Structure and Job Descriptions of the Plant Protection Division.</p>	<ul style="list-style-type: none"> • Revisit the December 2022 Cabinet Decision with a view of establishing a structure and remuneration package in-line with the Division's mandate. 	<p>Outputs:</p> <ul style="list-style-type: none"> • Job descriptions for all positions developed. • An updated Cabinet submission on the structure in collaboration with the Est. Dept. • Inclusion of the Cabinet approved structure in the 2026 estimates. <p>Outcomes: Implementation of the Plant Protection Act in a more effective and efficient manner.</p>

Priorities	Strategies	Indicators
<p>Priority #5 Acquisition of a Seaport Quarantine station.</p>	<ul style="list-style-type: none"> • Engage with PWD and the Port Authority. • Passage of draft regulations for Plant Quarantine Stations at the official ports of entry. 	<p>Outputs: An assigned fully functional facility.</p> <p>Outcomes: The Plant Protection Division offering vastly improved services at the Seaport as listed in the Plant Protection Regulation.</p>
<p>Priority #6 Renovation of the Ministry's Headquarters Building.</p>	<ul style="list-style-type: none"> • Engage the Architectural section of the P.W.D to produce a renovation plan inclusive of cost. • Make a compelling presentation to cabinet regarding financing the plan. • Secure the financing approved by cabinet. 	<p>Outputs: The Ministry Headquarters fully renovated by 30th June 2025.</p> <p>Outcomes: A significantly improved physical work environment</p>
<p>Priority #7 Development of a medium term agricultural sector strategic plan.</p>	<ul style="list-style-type: none"> • Engage a consultant to review previously produced document. • Undertake a strategic planning process. • Stakeholder awareness of the strategic plan. 	<p>Outputs: Completed cabinet approved Strategic Plan with Action plan.</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Phased implementation of the strategic goals and objectives. • A more responsive and productive government agency.
<p>Priority #8 Upgrade to the Land Tillage Services Unit.</p>	<ul style="list-style-type: none"> • Acquisition of three new tractors. • Refurbish and repair the five existing tractors and implements. • Training of tractor operators in preventative and simple breakdown maintenance techniques. 	<p>Outputs:</p> <ul style="list-style-type: none"> • Three new and five existing tractors operational. • Training programmes executed. <p>Outcomes: A vastly improved land tillage service especially for farmers producing targeted commodities.</p>

Priorities	Strategies	Indicators
<p>Priority #9 Functional review of the Extension Division.</p>	<ul style="list-style-type: none"> • Detailed examination of the Division’s operations to identify ways to improve its performance. 	<p>Outputs: A document outlining the functions the Division should be performing, inclusive of standard operating procedures and a revised organizational structure; having identified existing functions that are obsolete, duplicated or need changing.</p> <p>Outcomes: Better delivery of agricultural extension services which provide farmers with information, training and support to improve their agricultural practices.</p>
<p>Priority #10 Continued construction and rehabilitation of surface water catchments.</p>	<ul style="list-style-type: none"> • Engage the services of a Soil and Water Engineer on contract. • Start the process of reestablishing the Soil and Water Conservation Engineering Unit. • Procurement of select Heavy Duty Equipment. (C.D.F & Central gov’t) 	<p>Outputs:</p> <ul style="list-style-type: none"> • Select equipment procured. • Consultant Engineer engage on at least two contract. • At least five million gallons of additional storage created. <p>Outcomes: Additional availability of surface water to farmers resulting in increase and more efficient production of the targeted commodities</p>
<p>Priority #11 Continued analytical and advisory services to farmers</p>	<p>Provision of reliable physicochemical and microbiological services to farmers.</p> <ul style="list-style-type: none"> • Determine suitability of water for irrigation • Assess nutrient quality of soil to determine fertilizer requirements • Assess nutrient content of plant tissue to determine fertilizer requirements. • Identification of pests. 	<p>Outputs: Analysis of the number samples processed over the last five years.</p> <p>Outcomes: Improved farmer satisfaction with the services provided.</p>

Priorities	Strategies	Indicators
<p>Priority #12 Conduct a review of current pesticides, toxic chemicals and precursor chemicals laws and regulations.</p>	<ul style="list-style-type: none"> • Conduct an analysis of current legislation and propose new legislation to address gaps 	<p>Outputs: Cabinet decision on draft legislative changes with subsequent submission to the legislature for passage.</p> <p>Outcomes: Improved efficiency of chemical management.</p>
<p>Priority #13 Sustainable Management of Forest Resources</p>	<ul style="list-style-type: none"> • Modernization of the legal framework governing Forestry. 	<p>Outputs: Amended Forestry Act and properly developed forestry regulations.</p> <p>Outcomes: Increased capacity of the unit to generate revenue while reducing illegal logging and land clearing.</p>
<p>Priority #14 A comprehensive review of the operations of the Livestock Station.</p>	<ul style="list-style-type: none"> • Set up an internal five man assessment team with a strong mandate to repurpose the unit. 	<p>Outputs: A document providing firm recommendations on the way forward.</p> <p>Outcomes: A revamped and repurposed livestock station with clear strategic goals and objectives.</p>
<p>Priority #15 Hire Three Technical Staff (veterinary & livestock production extension services)</p>	<ul style="list-style-type: none"> • Target local and regional trained personnel. • Execute two year contracts until an organizational review is completed. 	<p>Outputs: Three contract officers In-place with clear job descriptions.</p> <p>Outcomes: Improved Livestock Production Extension and Veterinary Services.</p>
<p>Priority #16 Upgrade and rehabilitation of the Agricultural Out-stations. (Greencastle, Christian-valley & Cades Bay)</p>	<ul style="list-style-type: none"> • Prepare a rehabilitation master plan outlining the focal areas of each station. • Secure dedicated cabinet approved financing for execution of the plan. 	<p>Outputs: Increased production of targeted crops and commodities.</p> <p>Outcomes: Efficient utilization of scare resources and improved revenues.</p>

<p>Priority #17 Antigua Black Pineapple Rapid Multiplication Project. (Cades Bay)</p>	<ul style="list-style-type: none"> • Set up a committee to oversee project activities. • Prepare a project document on the Rapid Multiplication Programme. • Identify and allocate sources of financial support for programme activities. • Establish two distinct focal areas at the Cades Bay Station.(locally procure slips & tissue cultured plantlets) 	<p>Outputs:</p> <ul style="list-style-type: none"> • At least 5 acres of pineapples slips established by 30th September 2025. • DNA typing process ongoing. <p>Outcomes: The Rapid Multiplication Programme fully Operational by 31st May 2025.</p>
<p>Priority #18 Revitalisation of the Crop Research and Development Division.</p>	<ul style="list-style-type: none"> • Projectise the activities related to the relocation of the Division to the Bethesda location. • Engage PWD to effect upgrade of the property inclusive of secure fencing. • Procure furniture and associated equipment. • Install communication equipment. 	<p>Outputs: Infrastructure in place to allow for structured and streamlined research activities by 31st July 2025.</p> <p>Outcomes: Targeted crop research and seedling production nursery fully in place by 30th November 2025.</p>

FY 2025

Ministry of Education, Sports and The Creative Industries

*Business Plan
For the FY 2025*

Projection: Department of Culture 2025 and Beyond

Moving into 2025, the Department of Culture (DoC) will continue its mandate on supporting the development of the CIs through its many programmes across schools and communities. Although the DoC is without a physical operation space, the management and staff continue to support all national ventures inclusive of Carnival and Independence celebrations, regional and international cricket and other regional and international convention hosted by the Government and people of Antigua and Barbuda.

The DoC is embarking on a 3 pillar approach for 2025 and beyond. The three pillars are listed below.

Preservation

Education &
Development

Showcasing

The year 2025 will see all activities and platforms streamlined across these three pillars in an effort to further strengthen the DoC's operations moving forward.

Service Performance Review and Critical Issues for 2024

Throughout 2024, the Department of Culture engaged the wider community through a variety of developmental programmes for the people of Antigua and Barbuda. Though the department was not able to accomplish all of the targets set, there were many achievements for the year 2024. The listing below provides an overview of the year 2024.

Achievements	Issues
<p>Achievements: <u>Service Performance</u></p> <ul style="list-style-type: none"> - Cultural History Month Celebration - The DoC only succeeded in hosting the Cultural Church Service. This is due to financial confirmation coupled with late executions. Planning has begun for execution in 2025. - Partnership with Princess Margaret School on Pan Week 2024. - The Department of Culture succeeded in the partnership with the Princess Margaret School in hosting this year's pan week by bringing world renowned Duvone Stewart from Trinidad to host a workshop and final night performance for the people of Antigua and Barbuda. The event featured over 300 young pannist from various primary and secondary schools in steelpan performance and career paths. The final night event attracted a full house to experience the work of both the students and our international guest. - National Theatre Arts Festival - The DoC successfully completed the 6th edition of the NSSTAF. This event featured dancers, choreographers, actors, actresses, playwrights, directors young sound and light technicians from across Antigua and Barbuda across Dance and Drama discipline - SIDS Conference - The Department of Culture was a major contributor to the execution of the SIDS 4 conference held in May 2024. The DoC was tasked with planning and executing a full opening production which featured a cast of approximately 70 performers for support staff. The DoC was also tasked with executing the SIDS4 Culture Village that ran the 4 days of the conference. 	<p>Issues</p> <ul style="list-style-type: none"> - Department of Culture has been without a physical space since 3rd quarter of 2023. The DoC currently has no operation at any of its three (3) branches. This has caused major strain on the operations of the department - Music Month activity - The DoC was not able to engage this event due to the overwhelming physical and financial support for the international Small Island Developing States Conference and ICC Cricket World Cup. Plans are being made to execute this activity across 2025. - CulArts Showcase - This main event was also placed on hold due to the overwhelming amount of activities at this time. - Ministry's Carnival production - The Department of Culture is still without an operational space which hindered the production of costumes for this production. On July 15th, the DoC was able to move temporarily into a room at the antigua Grammar School to commence a reduced production for Antigua Carnival 2024 - S.A.C. - Summer in Arts and Culture - Due to outstanding monies from 2023, the Department of Culture was unable to execute its highly anticipated S.A.C. focused on youth development in Arts and Culture. Through this camp, youths are exposed to all disciplines of the arts to include, literary, visual, theatrical and music. - Lack of support at critical times The expectations of Department of Culture requires the department to support private and governmental agencies through accessing performances, infrastructural and financial support. There continues to be difficulty in accessing support (especially financial) particularly when there are other activities unrelated to the

<ul style="list-style-type: none"> - ICC Cricket World Cup - The DoC was tasked with planning and executing cultural entertainment for the 2024 Cricket World cup Cultural entertainment was planned and executed for 8 cricket matches and entertainment for team arrivals for the duration of the cricket matches. - National Adjudication Workshops for Calypso and Steelpan Adjudicators The Department of Culture planned and executed the two (2) full day professional development workshops across Calypso and Steelpan (new and existing) adjudicators in late June 2024. These workshops facilitated by industry leading Nubia Williams trained over 50 adjudicators across both disciplines to assist in the adjudication of national competitions. - Support for Community based Summer Camps - The DoC is currently engaged in 4 community-based summer camps for youth development across Antigua. - Support for Carnival Activities. The Department of Culture currently supports the training of contestants and artistes for the upcoming Antigua Carnival and continues to support the Department of Festivals in the execution of Antigua Carnival 2024. - The DoC continues to run the CulArts developmental programme in schools on a weekly basis. Much more support is needed for a home for the Department of Culture. - Creatives Among Us A platform to highlight the work of creatives across 10 identified CI sectors. This forms part of our research and educational pillars. - Sunset Rhythms In support of rhythmic aspects of our music and people, the DoC embarked on this first time which will be a staple on the calendar moving forward. 	<p>developmental mandate of the Department of Culture.</p> <ul style="list-style-type: none"> - National Music Awards moved to February 2025 because of the overwhelming regional and international demands of the country.
---	---

<ul style="list-style-type: none"> - Support for CPL Cricket The Department of Culture provided entertainment support for the (5) five matches held at the SVRCS. - Extensive Support for National Independence Celebrations The Department of Culture staff continues to be the backbone of numerous National Independence activities to include Evening of Arts, Festival of Choirs, National Food Fair, National Schools’ Panorama, Street Fair - Relaunching of National Groups for further Community Development - UNESCO Supported ICH training workshops for ongoing ICH project 	
---	--

Organisational Matters	
Positives	Negatives
<ul style="list-style-type: none"> - Professional Developmental Workshop for Art Instructors This is a partnership with Ministry of Education. - 	<ul style="list-style-type: none"> - Department of Culture has been without a physical space since 3rd quarter of 2023. The DoC currently has no operation at any of its three (3) branches. This has caused major strain on the operations of the department

Priorities, Strategies and Indicators for 2025

Priorities	Strategies	Indicators
<p>Priority 1 Expansion of the Department of Culture’s CulArts Programme and the Growth of the National Youth Programme</p>	<ul style="list-style-type: none"> • The development of Cultural Arts Programmes hosted by Central Government and private • The creation of training workshops in all Art Disciplines to upskill practitioners in the field • 	<ul style="list-style-type: none"> • Acquisition of uniform, steelpan cases and material for the NYPO and other national groups • Appointment of a musical directors for the orchestra and choirs • Weekly training sessions for the nation’s best youths and adults • Bi-annual recitals to showcasing the work of the stakeholders and students in the Arts in School and Community Programme • Creation of a healthy competitive atmosphere among the cultural groups and practitioners to foster creativity and innovation • Market Antigua and Barbuda’s Culture and Arts for the generation of income for musicians and practitioners in their respective fields • Resumption of the Department of Culture’s Magazine entitled “Fu Arwe”

Priorities	Strategies	Indicators
	<ul style="list-style-type: none"> • The acquisition of heavy-duty equipment and drums for the expansion of the community/school steelband programmes • Educate select populations on varying disciplines within the Arts • Create platforms for the further development of Arts and culture • Staging small monthly events for promoting Antigua and Barbuda’s music culture to extra-regional outlets 	<p>Outcomes:</p> <ul style="list-style-type: none"> • Self-sufficiency in providing for the pan community while providing a revenue stream • Building of capacity in the art of steel pan creation and tuning. • The development of youths in vocal, drama and steelpan artforms through higher education at the National Groups • Bi-annual recitals to showcasing the work of the stakeholders and students in the Arts in School and Community Programme • Creation of a healthy competitive atmosphere among the cultural groups and practitioners to foster creativity and innovation • Market Antigua and Barbuda’s Culture and Arts for the generation of income for musicians and practitioners in their respective fields
	<ul style="list-style-type: none"> • The Growth of the National Groups (National Choir, National Youth Choir, National Children Choir, National Youth Theatre and the National Youth Pan Orchestra as the leading development programme for creatives across Antigua and Barbuda 	

Priorities	Strategies	Indicators
<p>Priority 2 CARIFESTA XV</p>	<ul style="list-style-type: none"> - Department of Culture to Plan and Execute CARIFESTA preparations for representation in Barbados, August 2025. - Host auditions and casting calls for local participants in CARIFESTA 2025 - Identify and provide support for performing and visual artists - 	<p>Outputs:</p> <ul style="list-style-type: none"> - Auditions to foster creativity and ensure high standards of performances and displays for CARIFESTA 2025 - Workshops and training sessions across Art disciplines to strengthen capacity for Carifesta 2025 and beyond - Acquire and Produce costumes, uniforms, set designs for productions <p>Outcomes:</p> <ul style="list-style-type: none"> - Successful representation at CARIFESTA XV - Upskill participants for future years.
<p>Priority 3 The Hosting of the Antigua and Barbuda National Music Awards</p>	<ul style="list-style-type: none"> • To honour the contributions of musicians and music educators • To create an avenue for the further development of music and music practitioners • To create a platform for promoting Antigua and Barbuda’s music culture to extra-regional outlets. 	<p>Output:</p> <ul style="list-style-type: none"> • Award ceremony honouring musicians for their contribution • To create a healthy competitive atmosphere among the music society to foster creativity and innovation • To market Antigua and Barbuda’s music and musicians for the generation of income for musicians and practitioners in the field of music <p>Outcome:</p> <ul style="list-style-type: none"> • To successfully host ABNMAs and highlight the largest CI sector in Antigua and Barbuda.

Priorities	Strategies	Indicators
<p>Priority 4: Redevelopment of the DoC Pan Lab on All Saints road into Creative Industrial Park</p>	<ul style="list-style-type: none"> • The development of the pan lab facility to include storage and power equipment • The creation of training workshops • To Enhance facility to include a craft district for handicraft and woodwork • The installation of an Industrial Culture Park 	<p>Output:</p> <ul style="list-style-type: none"> • Facility to build pans to meet requirements of the school and community steel orchestras/bands • Facility with the resources to create steel pans to meet international standards • Facility to encourage training and innovation for development and a sustainable steelpan and craft industries • Building and refurbish steelpans, stands • Creation of craft items for sale and souvenir • Facility to encourage tours for locals and visitors <p>Outcome:</p> <ul style="list-style-type: none"> • Self-sufficiency in providing for the pan community while providing a revenue stream for government. • Building of capacity in the art of steel pan creation. • Encouraging a “Made in Antigua and Barbuda” brand for local consumption and exports. • Revenue generated paid tours

Priorities	Strategies	Indicators
<p>Priority 5: FOLKLORE: The Antigua Carnival Cultureal Experience</p>	<ul style="list-style-type: none"> • Conduct workshops for wire benders, costume makers and designers. • To execute the Folklore Design Competition • To use traditional mas as the backbone of expression and colour for Antigua Carnival 2025 • To build a folk culture experience for Carnival Monday and Tuesday 	<p>Output:</p> <ul style="list-style-type: none"> • Purchase material and build a contingent of African Highlanders, Skellihoppers, John Bulls and Stiltwalkers/moko Jumbies, market ladies etc. • Produce design competition for youths 7 to 21 across two categories. <p>Outcome:</p> <ul style="list-style-type: none"> • Preservation and Protection of the authentic cultural aspects of the annual carnival celebrations for the safeguarding of our cultural Identity and to enhance young and innovative mas costume builders and designers

Ministry of Education, Sports and The Creative Industries

Festivals Office

Festivals Office Overview

The Festivals Office which falls with the Department of Creative Industries holds the responsibility of:

1. All major Events to include:
 - a. Carnival
 - b. Independence
 - c. V C Bird Day Celebrations
2. Exposure of Arts (Visual, Performing, Decorative and Musical)

The organizational structure set in place to support this mandate includes the establishment of the following Units and Board:

1. Administration
2. Board of Commissioners
3. Marketing and Communication
4. Events and Logistics

Service Performance Review and Critical Issues for 2024

Achievements	Issues
Through our ongoing partnership with Miami Broward Carnival; Antigua got the main stage for Florida’s largest carnival celebration. Further, the contingent was able to expose their talents through Interviews on Synergy TV, appearances at several major events and a visible presence during the Jouvert Morning celebration.	<i>Antigua Day Celebrations - For the first time in recent times, a logistical issue stemming from a last- minute mandate from. NYPD and Park officials to change venue. Nonetheless, the Antigua Day Celebrations in New York had one of the largest turnout.</i>
Established key partnership with Sound Chat Radio and Synergy TV, which brought opportunities to include: <ul style="list-style-type: none">o Presence during the annual Labor Day Celebrations in NYC and Television appearance on New York PIX 11 and ABC	<i>Due to ongoing negotiations that resulted in a high level of uncertainty; the sponsor of the event went into some disrepute. This however, was resolved once the government and the association got over the impasse.</i>

<ul style="list-style-type: none"> ○ Over 75,000 views reaching viewers from all across the Caribbean and further afield. ○ Established screen presence at the 2024 staging of Trinidad Carnival 	
<p>Continued partnership with the Antigua Barbuda Tourism Authority Locally, Regionally and Internationally. Resulting in advanced reach, key influencers and targeted campaigns, activation and road shows.</p>	<p><i>The office was closed due to concerns over the building fitness to occupy. We have since, change the ducting and deep cleaned the building. The next step is to put a protective shield on the windows. Until this is done, the office will continue to operate on shortened work day.</i></p>
<p>Aggressive marketing campaign for Antigua's Carnival through top local promotors which maximised attendance and awareness for our summer festival.</p>	<p><i>The Department continues to operate with little to no resources as it relates to desktops, Laptops, reliable internet, Telephones. This means that the staff continues to utilize their personal devices, which puts the government at risk of losing valuable information should someone transfer or leaves.</i></p>
<p>Increased sponsorship for our events and festivals; and fulfilling all obligations stipulated within the related contracts</p>	<p><i>The office is in need of new furniture and retrofitting. Currently, a number of desks are falling apart and senior technical officers do not have the privacy needed.</i></p>

Priorities, Strategies and Indicators for 2025

Priorities	Strategies	Indicators
Creative Industries		
<p>Priority 1: Training, formalizations of roles and introductions of key positions</p>	<ul style="list-style-type: none"> • Training /Certification for staff • Events Décor Coordinator • Events Manager • Marketing Manager • A Social media expert to manage our digital platform; • Graphic Designer; 	<p>Output:</p> <ul style="list-style-type: none"> • In-house design of graphics • In house decorator for events. • Management of the ABFC digital platform <p>Outcome:</p> <ul style="list-style-type: none"> • Faster turn-around for promotional material, inclusive printed and electronic; • Building of capacity within the ABFC thus reducing the cost of out-sourcing. Specifically, for venue set-up inclusive of decoration; • Timely updates, sharing, responding and monitoring of social media pages, thus creative a more efficient marketing platform;

<p>Priority 2: Building of Inventory to increase revenue</p>	<ul style="list-style-type: none"> • Branded Drinks Mugs to be sold at events; • Specially Branded T-shirts and other branded items for resale; • Festivals Branded tents; • Festival Branded vehicle; • 50 K Generator • Flooring Tiles • Cocktail Tables, Regular Tables and Chairs • Basic Decorations to include fabric, table cloths, chair covers, tie-back etc. trussing etc. 	<p>Output:</p> <ul style="list-style-type: none"> • An inventory of branded items for resale to increase revenue; • Designated branded area to promote upcoming events, ticket sales, registrations etc.; • Acquisition and maintenance of decorative items. <p>Outcome:</p> <ul style="list-style-type: none"> • Significant savings on costs associated with decorating events; • Significant savings on costs associated with setting up events; • Guaranteed revenue streams to offset some of the smaller cost associated with events, especially FREE events; • Creation of branded areas at events to promote and support sale of events;
<p>Priority 3: Privatization of services to increase revenue</p>	<ul style="list-style-type: none"> • Offer businesses the option to provide services at events for a cost. 	<p>Output:</p> <ul style="list-style-type: none"> • The selling of specific services to businesses within events for example, VIP sections, cool-down areas etc. • Privatization of the Bar(s) giving exclusivity of same <p>Outcome:</p> <ul style="list-style-type: none"> • Guaranteed revenue

<p>Priority 4: Introduction of New events and promotional initiatives!</p>	<ul style="list-style-type: none"> • Introduction of a Carnival Food fair that incorporates arts and rum, which will target nationals returning home. • Introduction of an African Dress Day to commemorate Emancipation Day • Introduction of online platforms dedicated solely to the promotion of Local music year-round • Year-round pocket events for Calypso • Introduction of paper-view for 1 main event in this instance • Reintroduction of the Warri War Competition • Expand our reach regionally and internationally through collaborations. <ul style="list-style-type: none"> • ARG Mural Competition (West Wall) 	<p>Output:</p> <ul style="list-style-type: none"> • Great opportunity for revenue by charging any revenue making vendors \$250.00 for Food Fair; • Greater exposure of local music and cultural traditions; • Greater awareness our Emancipation. <p>Outcome:</p> <ul style="list-style-type: none"> • Increased revenue to offset bills. • Creation of an added value to our summer festival • Opportunity to bring awareness to our artist and local products
<p>Priority 1: Increased visibility: Regionally and Internationally</p>	<ul style="list-style-type: none"> • Creation of Platforms that attracts neighbouring islands to promote their festivals at our Carnival for a cost • Participate in Trinidad Carnival ensuring Visibility through Synergy TV collaboration • 	<ul style="list-style-type: none"> • The creation of a stage on the road flanked with booths promoting carnival and carnival related events at a cost • Utilize Synergy TV concept of the “Synergy TV Stage” in Trinidad thus ensuring maximum exposure • Participate in Trinidad, Grenada and Nottinghill Carnival with the aim at promoting our festival

Ministry of Education & Sports

*Business Plan
For the FY 2025*

SCHOOL MEALS PROGRAM

Priorities, Strategies and Indicators for 2024

Priorities are key areas of focus for the ministry's policy and other services, its regulatory activities, and major capital development for the community (e.g roads, schools). If ministries face organizational challenges, such as limitations in human resources, their priorities may involve the development of staff and systems, along with other relevant aspects. However, it is essential to strike a balance and ensure that these concerns do not overshadow or take priority over the broader set of priorities.

This issue is particularly evident in the current business plans, where there is a lack of emphasis on the desired outcomes and outputs that the ministry should be generating with its funds and resources. Priorities can include enhancing services to the public, improving business practices within the ministry to enhance productivity, and being more responsive to client needs, among others.

The strategies to achieve these priorities, the accountable institution and the indicators to measure performance are set out in the table below.

The priorities in order are:

1. Kitchen expansion and maintenance
2. Urling's Satellite Kitchen and Barbuda centre expansion and maintenance
3. Reclassification of staff
4. Training & Professional Development
5. Maintenance of serving stations at individual schools
6. Achieving self-sufficiency

Priorities and strategies 2024-2025

Priorities	Strategies	Indicators
Priority 1 Expanding and Maintaining Kitchen	Create a greater work space for the production of meals to satisfy the growing student population served by the unit. This will increase the ability to achieve standardization and quality assurance in the food production. (Engage Strong Total Quality Management Personnel)	<p>Outputs: Estimated Total Quality Management (TQM) quarterly checks by accounting expert and consultation to acquire in-depth knowledge of purchasing system and strategies</p> <p>Outcomes: Adaptation of more effective TQM strategies that contribute to greater standardization and quality assurance in the output.</p>
	Provide workshops/seminars on Total Quality Management and control for management for all Kitchen Personnel	<p>Outputs: Estimated quarterly/semi-annual workshops for unit team on cost control measures for 3 x 2025.</p> <p>Outcomes: Increase in achieving standardization of output as well as improve the quality assurance rate for the unit in the future.</p>
Priority 2: Expansion and maintenance of Urling’s Satellite Kitchen and Barbuda Centre	Expand and maintain functional satellite centres in Urling’s and Barbuda with efficient services by July 2025	<p>Outputs: Estimated purchasing equipment for expanding and maintaining functional centres at Urlings and Barbuda plant by January 2025</p> <p>Outcomes: Ability to provide continued services for southern zonal schools and sister island student body population</p>
	Provide quality equipment to facilitate productive and efficient units that will satisfy projected customer base (Chef’s World)	
	Promote self-sufficient centres to contribute to revenue generating activities that may result in increased ROI (NSMP)	<p>Outputs: Estimated 3 inspections of school centres at identified school plants 2025-2026, two (2) x 2025, three (3) x 2026.</p>

<p>Priority 3: Reclassification of Staff</p>	<p>Continue reclassifying current staff to undertake appropriate tasks delegated by management so that the individual divisions can be equipped to function more efficiently.</p> <p>Provide quality training in the respective classified areas to facilitate productive and efficient units that will satisfy the overall vision and objectives of the department (BCLA/UWI)</p>	<p>Outputs: Estimated reclassifying and deploying current staff to create functional departments at main satellite branches by March 2025</p> <p>Outcomes: Ability to provide service for both Antigua & Barbuda student body population as well as be equipped to undertake projects that contribute to self-sufficiency of the department.</p>
<p>Priority 4: Training & Professional Development</p>	<p>Provide on the job workshops, coaching/mentoring, seminars, as well as short courses for management and staff to acquire knowledge in specific fields of expertise (ABHTI/BCLA)</p>	<p>Outputs: Mentors and coaches in job specification estimated quarterly/semi-annually for management and staff 3 x 2025</p> <p>Outcomes: Reduction in employee turnover rate, increase in transformational leadership for a secure program. Increase sensitivity of managers/supervisors to subordinates and vice versa for future collaboration and teams that are more efficient 3 x 2025</p>

	Continue implementing staff assessment tools to eliminate unprofessionalism within the workplace and promote the need for a transformed culture that aids efficiency and productivity at National School Meals Programme plant.	<p>Outputs: Creation and implementation of key performance indicators (KPIs) management tools estimated quarterly for 3 x 2025</p> <p>Outcomes: Reduction in tardiness and absenteeism from the workplace, increase in productivity and efficiency among workers.</p>
	Continue organizing organizational activities aimed at improving the performance of employees within the unit to achieve increase productivity and efficiency.	<p>Outputs: Estimation of staff professional development and key performance indicators (KPIs) seminars and workshops estimated monthly and/or quarterly for 4 x 2025</p> <p>Outcomes: Increase in communication, teamwork and collaboration among management and staff. Promotion of positive work environment culture. Strengthens public relations skills and transforms company's brand.</p>
Priority 3: Maintaining Schools' Service Stations	Collaborate with the Ministry of works and individual vendors in the technical field to help with continued maintenance of individual school units (Ministry of Works)	<p>Outputs: Formal basic maintenance procedures documented, applied and reported on by management by June 2025 as well as regular monitoring reports provided to NSMP coordinator.</p>
	Improve the quality and functionality of the service units to better serve student bodies across the country in a timely manner so that they can be accessible to serving staff. (Build partnership with local tradesmen such Philip's Woodworking, etc.)	<p>Outputs: National school meal service centres fully operational and equipped with necessary tools and equipment to cater to and serve meal to staff and expanding student bodies across the country going forward in 2025 and beyond.</p>

<p>Priority 6: Achieving Self Sufficiency</p>	<p>Increase third-party service provision ventures to secure fund generation that may increase brand awareness and GDP</p>	<p>Outputs: Estimated four/five (4/5) social activities organized and plan by public ministries and educational institutions.</p> <p>Outcomes: Ability to generate capital for passive stream of income that the department can use to offset expenses and invest in small projects for development of the units.</p>
--	--	---

National Archives National Archives of Antigua and Barbuda

Department Overview

The Archives and Records Act (Cap. 35, Laws of Antigua and Barbuda) establishes Archives and Records Office with following responsibilities:

- Preservation of public and non-public records of historical value.
- Custody, preservation, arrangement, repair and rehabilitation, and for such duplication and reproduction of records maintained at the Archives.
- Preparation and publication of inventories, indexes, catalogues and other finding aids or guides facilitating the use of such records.

Vision

To create a modernized and fully digitized National Archives where we will derive funding opportunities, provide open access, take patrons on virtual a journey of reflecting on our past, redefining our history, and redirecting our future.

Mission

To preserve and conserve national historical documents on a suitable medium so that they can be accessible, as well as guide others through the care and preservation of their own archives.

Service Performance Review and Critical Issues

The National Archives is presently working to resolve several serious challenges and that must be the focus of the 2025 financial year. These include urgent repairs to the roof and office spaces. In addition, several pieces of critical equipment need to be repaired or replaced. Moreover, the continued digitization of the records remains a top priority as this will ensure that the National Archives creates a steady revenue stream. In this regard, there will be a strong emphasis on the upgrading of the IT infrastructure and the creation of a website. Security at the premises is a fourth area of focus as lighting, fencing, and the installation of security cameras need attention.

Service performance

Issues

1. Extensive leaks in certain areas of the roof put the records at the National Archives at high risk of being severely damaged or destroyed.

2. Office spaces need to be repaired. This problem has been ongoing since 2017 and has caused a situation whereby there is not enough space to accommodate all staff for the entire workday. A shift system has therefore been in place since then.
3. Conservation Room is non-functional to bind books or repair documents, thus it is being used to accommodate other records from the Repository Rooms.
4. Some equipment used to bind books and repair documents need to be repaired or replaced. These include the guillotine and book press machine.
5. Security of the building needs to be improved: fencing between the Public Library and the Archives needs to be installed, gates to be repaired, installation of security cameras, alarm system, and improved lighting of the grounds.

Organisational matters

Capability of the National Archives

Achievements

1. Appointments for the following technical staff: Records Manager, Researcher, Assistant Records Manager, Assistant Conservationist.
2. Additional administrative staff joined the Accounts Unit in July 2024.

Issues

1. Funding to effect repairs to the building and equipment.
2. Upgrading of IT infrastructure.
3. Upgrading of service to the public through the creation of a website and making the collection available.

Summary of capability development strategy

The National Archives needs to be creative in attracting sources of funding that do not necessarily depend solely on the Consolidated Fund. To this end, the formation of partnerships with corporate entities and regional and international agencies is critical.

Priorities, strategies and indicators

The priorities in order are:

1. Funding to repair the building and equipment.
2. Training and development of staff.
3. Digitalized National Archives - moving beyond simply digitizing records i.e., creating an e-Archives.
4. Strengthening social media and general online presence.

(National Public Library)

Ministry Overview

National Public Library

Vision

To provide free, open and equal access to information and strive to be a critical part of the community's intellectual, educational, leisure, business and cultural life.

To envision a future in which all the community's interests are well represented in the library's collection, where all residents can make use of the library's resources to enrich lives and enhance personal growth.

To be recognized as a leader in connecting people to the communicated resources of the world through offering access to a wide range and depth of materials.

Mission

To provide and promote open access to reading, cultural, recreational, intellectual and informational resources that enable the community's diverse population to promote personal and professional growth and lifelong learning. Emphasizing efficient, convenient access and courteous, professional service.

Service Performance Review and Critical Issues for 2025

Achievements	Issues
<p>Achievements: <u>Service Performance</u> Support literacy and education. Promote lifelong learning. Resumption of providing a safe space for the community. Increased visits to pre-schools and schools to engage in story time and to encourage reading. Resumption of hosting library visits with interactive engagements. Provide afterschool services for homework help, book clubs and technological engagements. Provide face-to-face engagements and workshops. Communicate through social media to promote events. Support economic development for entrepreneurs and small businesses.</p> <p><u>Organisational Matters</u> Provide on-the-job library training for College Interns. Personal development to improve knowledge and skill for education advancement (individual staff).</p>	<p>Issues Delivery: Inadequate resources to enhance services. Limited technological resources (laptops/desktops). Poor Internet services for research (slow speed). Insufficient photocopiers for more efficient services. Poor air quality, insufficient and inadequate air conditioning units.</p> <p>Funding: Inability to provide sufficient and efficient resource services. Pay and maintain library database. Purchase technological equipment. Timely payment of business merchants. Regular training and retraining for career advancement and up-to-date trends. Employment of qualified librarians.</p>

Priorities, Strategies and Indicators for 2025

Priorities and strategies 2024-2025

Priorities	Strategies	Indicators
Priority 1 Provide access to information, resources, and services that promote personal growth, cultural enrichment and lifelong learning	Increase resources and programmes for all users that encourage learning, a new skill, or development of personal interests, and to enrich the education curriculum (Ministry of Education/National Public Library)	Outputs: Expected increase of library users Outcomes: Attract and increase readers, stimulate research and independent study, and broaden base for library borrowers through resources, reading materials, computer and Internet
Priority 2 Improvement in security services	Provide 24/7 security service for staff and patrons as necessity to control flow of activity within department (Ministry of Education)	Outputs: 100% security to cover all workdays to include after-hours' programmes/meetings by library and community Outcomes: Enhanced security to control programmes and services

	<p>Security to maintain law and order in department (Ministry of Education)</p>	<p>Outputs: Install additional security cameras to monitor all indoor and outdoor activities. Deter illegal activities of vandalism, theft and violence. Outcomes: Deter criminal activities. De-escalate incidents. Keep employees safe. Boost library's reputation. Maintain library's compliance and responsibility. Rapid response to incidents.</p>
<p>Priority 3 Provide Fibre Optic for increased broadband internet.</p>	<p>Obtain Fibre Optic service (Ministry of Education/ APUA)</p> <p>Enhance access to technology through laptop/computer services (Ministry of Education/Information)</p>	<p>Outputs: Estimate number of laptops/computers needed to enhance services Outcomes: Increase in computer/laptop services offered by the end of 2024</p>
	<p>Improve Internet services through fibre to increase quicker access for information (Ministry of Education/ Information)</p>	<p>Outputs: Install fibre, lessen complaints and frustrations of community Outcomes: Increase use of technological services through efficiency of fibre from 2024</p>

<p>Priority 4 Fence library compound to control access in and out of property.</p>	<p>Seek assistance from businesses and private entities to acquire fencing materials to offset cost (businesses/private entities).</p>	<p>Outputs: Reduce break-ins and unauthorized parking of vehicles Outcomes: Reduce trespassers and provide safer surroundings for staff and patron community. Protect building and resources from break-ins and vandalism.</p>
--	--	--

Antigua State College

Plans for 2025

To facilitate the delivery of over three hundred courses and improve administrative services, a variety of strategies will be implemented in 2024.

Priority 1: Security

- **Strategy:** Create a security department at the institution in collaboration with the Ministry of Education.
- **Outputs:** Establish security guard positions.
- **Outcomes:** Enhance safety and security for staff, faculty, and students.

- **Strategy:** Forge partnerships with alumni to fence the institution's perimeters.
- **Outputs:** Complete fencing around the property and provide more security camera.
- **Outcomes:** Protect college infrastructure and property.

Priority 2: Classroom

- **Strategy:** Collaborate with the private sector to repair damaged buildings and increase the number of available classrooms.
- **Outputs:** Expand classroom stock to meet demand.
- **Outcomes:** Improve the teaching and learning environment.

Priority 3: Training

- **Strategy:** Increase the number of short courses offered by the Professional Development Unit.
- **Outputs:** Offer a series of training programs to the wider community.
- **Outcomes:** Enable individuals to drive social change through education and skill development.

Priority 4: Quality Assurance

- **Strategies for Quality Assurance:**
 - (i) Accreditation and Compliance.
 - **Output:** Initiate the accreditation application process and ensure compliance with accreditation requirements.
 - **Outcome:** Achieve or maintain accredited status from relevant bodies.
 - (ii) Curriculum Evaluation:
 - **Output:** Establish a regular curriculum review process and collect feedback from stakeholders.
 - **Outcome:** Maintain a relevant, up-to-date curriculum.
 - (iii) Faculty Development:
 - **Output:** Implement ongoing professional development programs for faculty.
 - Provide opportunities where staff can upgrade their skills through our program
 - **Outcome:** Faculty members stay current with teaching methodologies, technology, and industry trends, leading to improved teaching quality.
 - (iv) Student Support Services:
 - **Output:** Enhance student support services, including academic advising, counseling, and career services.

- **Outcome:** Improved student success and a better overall quality of the educational experience.
- **(v) Data-Driven Decision Making:**
- **Output:** Implement data collection and analysis processes for student performance, graduation rates, and course evaluations.
- **Outcome:** Identify areas for improvement and enhance the quality of education based on data insights.

Assessment of Learning Outcomes:

- **Output:** Develop and implement a system for assessing and measuring student learning outcomes.
- **Outcome:** Ensure that the college is achieving its educational goals and make necessary adjustments to teaching methods and curriculum.

Quality Improvement Plans:

- **Output:** Create and implement systematic quality improvement plans addressing identified weaknesses.
- **Outcome:** Ensure a continuous enhancement of the educational experience and institutional processes.

External Benchmarking:

- **Output:** Conduct benchmarking studies with other institutions, both regionally and internationally.
- **Outcome:** Learn from best practices and identify areas where Antigua State College can excel based on external benchmarking data.

Technology Integration:

- **Output:** Invest in technology and digital resources to enhance the teaching and learning experience.
- **Outcome:** Ensure that the institution's technology infrastructure is up to date and effectively supports the delivery of quality education.

These strategic priorities and strategies for 2024 are aimed at addressing immediate needs and challenges while aligning with the long-term vision of Antigua State College.

Sir Vivian Richards Stadium

Priorities and Strategies and Indicators 2024-2025

Priorities	Strategies	Indicators
Priority 1: Enhance Visitors' Experience	<p>Upgrade the Perimeter Fence</p> <p>Upgrade the perimeter fence to enhance security and visual appeal.</p>	<p>Outputs: Perimeter fence upgraded</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Increased visitor satisfaction • Reduction in security incidents <p>Timeline: 6 Months</p> <p>Budget: \$800,000.00</p>
	<p>Refurbish Luxury Suites</p> <p>Modernize luxury suites by updating interiors and furnishings to provide a premium experience for guests.</p>	<p>Outputs: All luxury suites refurbished.</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Increased corporate clients' bookings for high-profile events. • Enhanced guests experience rating <p>Timeline: 5 Months</p> <p>Budget: \$500,000.00</p>
Priority 2: Improve Operational Efficiency	<p>Purchase Field Equipment</p> <p>Acquire state-of-the-art equipment for field maintenance and events.</p>	<p>Outputs: New field maintenance and event equipment purchased.</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Improved event readiness • Long-term reduction in maintenance costs <p>Budget: \$200,000.00</p>

Priorities	Strategies	Indicators
	<p>Increase Specialized Staff</p> <p>Hire additional staff in key operational areas such as event management, customer service, and maintenance.</p>	<p>Outputs: New staff hired and trained</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Improved service quality. • Enhance operational efficiency. <p>Timeline: Ongoing</p>
<p>Priority 3: Boost event quality</p>	<p>Implement Enhanced Traffic Management</p> <p>Build out gates and optimize existing traffic control measures to manage ticket holder flow effectively.</p>	<p>Outputs: Gates installed for efficient ticket holder flow.</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Improved ticketing control with reduced congestion. • Enhanced security and crowd management during events <p>Budget: \$420,000.00</p> <p>Timeline: 5 months</p>
<p>Priority 4: Increase Revenue</p>	<p>Attract More Events</p> <p>Implement marketing strategies to attract diverse events.</p>	<p>Output: Increased number of visitors and events scheduled.</p> <p>Outcomes: Generate higher ticket sales and ancillary revenue.</p>

The Department of Sports

Refurbishments are as follows:

Facility	Strategies	Indicators
YMCA	Upgrade and maintenance; - Ministry of Works and Department of Sports Advertisement: Department of Sports.	Increase in activities as well as more rental opportunities of the facilities for shows and events other than sports. Increase sports tourism opportunities for England based netball teams as well as regional tournaments.
ARG	Funds raised from advertising wall spots will be utilized to do remedial work with help from Ministry of Works for any major improvements required	Increase in rental space and opportunities for more frequent shows and activities
YASCO	Funds raised form wall space advertisement will be used to do remedial work. Ministry of Works to install pavilion, spectator seating and bathroom facilities	Regional and international events will be held in Antigua and Barbuda with the installation of bathroom and seating. In addition, international exposure of Antigua and Barbudan athletes with coverage by international media such as Sports Max and TrackAlerts TV. Increase in rental space for events and shows
Factory Cricket Grounds	Ministry of Works for major works needed to be done at the facility ie pavilion, spectator seating and bathrooms	Emphasis placed on sports tourism, with an increase in England based cricket teams visiting our shores to play cricket and enjoy our beaches and historical sites. This will be the home for schools' cricket as well as advanced training for elite cricketers conducted by top cricket coaches and former West Indies players such as Ridley Jacobs and Sylvester Joseph
Department of Sports Office	Ministry of Works APUA for additional phone lines	Better working condition for the staff as well as an opportunity to provide better services to stake holders. In addition, to conduct more informative and empowering workshops for staff
Coaching Courses	Sports Department Ministry of Education National Olympic Committee Foreign Affairs National Associations/federations International sporting organizations	Refresher coaching courses in all disciplines will enhance the delivery to athletes, thereby improving all round performances.

Business Plan

FY 2025

**Ministry of Health, Wellness and the
Environment**

*Business Plan
For the FY 2025*

1.1 Ministry Overview

The Ministry of Health with support from the Pan American Health Organization (PAHO) conducted an assessment of the Essential Public Health Functions for Antigua and Barbuda in late 2023/early 2024. During the PAHO Executive Committee session held in Washington DC September 2023, Member States requested the Pan American Health Organization (PAHO) to proceed with the development of a strategy for strengthening the Essential Public Health Functions (EPHF) to accelerate health systems transformation in the Region of the Americas. Antigua and Barbuda needed to do an assessment to identify the gaps and weaknesses ahead of the updating of the National Strategic Plan for Health which expired in 2020.

In conducting the assessment, the Ministry brought together key technicians and stakeholder as the outcome of this assessment was intended to generate critical recommendations that would influence the updating of the National Strategic Plan which is specifically geared towards Universal Health Coverage. The assessment also provides a detailed understanding of the current health landscape, institutional mapping and capacities across the eleven (11) Essential Public Health Functions.

In 2024, the Ministry continued to promote and focus its efforts on Primary Health Care. Health Financing as well as policy and legislation continues to be a challenge, and the Ministry intends to build on its efforts from 2024 into 2025 with these priorities on its health agenda. The Ministry also relied heavily on its partnerships and collaboration for support especially as it relates to training, equipment and supplies, and technical assistance. During the hosting of the SIDS4 Conference, there was high level participation by the Ministry of Health with support from PAHO/WHO under the theme, “Next Decade of Action on Non-Communicable Diseases and Mental Health”. This created a platform for recommitment to act decisively on the reduction and prevalence of NCDs and mental health conditions, as well as provided the opportunity to hear compelling evidence and innovative strategies to address these health issues. Other health issues were debated as it relates to the impact of climate change on health, such as excessive heat, new and re-emerging diseases, and health disasters.

The Ministry continued its Health Systems Strengthening in 2024. The Epi and Surveillance Unit continues to be strengthened with designated trained staff and equipment to collect, record, analyse and disseminate information and data for improved decision-making. With the purchase of the CELLMA Software the Ministry will have the capacity to report information in real time.

The Ministry also intends to continue the efforts for the implementation of a National Health Insurance. This is on track to re-commence in 2025 following the updating of the National Strategic Pan for Health with support from the Pan American Health Organization.

During the hosting of the Ministry's consultation on the updating of the National Strategic Plan for Health led by the Pan American Health Organization held early November, 2024, the priority areas were modified to align with the global health agenda, the signed conventions by the country and the UN Sustainable Development Health goals. Following are the eight (8) Strategic areas considered, recommended and supported by the country for the updating of the plan. It is expected that the Ministry will design its interventions under these strategic areas.

1. **Non-Communicable Diseases**
 - Prevention(Protocols of Care)
 - Health Education and Promotion
 - Policy and Legislation
2. **Communicable Diseases**
 - Public Education and Awareness
 - Anti-Microbial Resistance
 - Strengthen Laboratory Testing
3. **Health Systems Strengthening**
 - Foster Partnerships and Collaboration
 - Strengthen HR Capacity
 - Network and IT Strengthening
4. **Environmental Health**
 - Vector Control Strengthening
 - Inter-sectoral Collaboration
 - Public Education
5. **Food and Nutrition**
 - Food Labelling Standards
 - Taxation on Sugar Sweetened Beverages
 - Public Education
6. **Mental Health**
 - Community Outreach
 - Development of SOP's for Institutions
 - Policy and Legislation
7. **Family and Child Health**
 - Vaccine Preventable Diseases
 - Public Awareness and Education
 - Life course approach to health services
8. **Human Resource Development**
 - Training and Recruitment
 - Incentivise services for HRH
 - Revise Organogram
 - Policy for staff retention

The establishment of a planning unit continues to be a part of the strategy for the ministry to support the programmes and activities under the priority areas. There is need for trained and

dedicated staff such as Health Planners, Human Resource Managers, Information System Managers, etc. Additionally, the SLBMC is in dire need of Laboratory Technologists and Specialist doctors. Through our Bi-lateral agreement with Cuba, the SLBMC is able to meet some of the specialist needs as part of the Cuban Medical Brigade.

The current team of senior technicians and Managers continues to be a part of the monthly meetings chaired by the Chief Medical Officer. These meetings creates the forum to share information and resolve key issues, as well as make recommendations for decision making. This is one of the mechanisms that continues to support the vision of promoting and providing high quality health services that are accessible and affordable.

During 2025, the established agenda of health services will continue through all the departments and statutory bodies that fall under the responsibility of the ministry. These departments are shown in Table 1 below.

Table 1: Health Departments and Statutory Bodies

Department	Department	Statutory Bodies
Emergency Medical Services, Antigua and Barbuda drug Procurement Unit Director of Pharmaceutical Services Central Board of Health, Medical division Community Health Nursing Services Dentistry District Medical Doctors AIDS Secretariat Hannah Thomas Hospital	Care Project Clarevue Psychiatric Hospital Fiennes Institute Health Information Division Health Disaster Management Unit Nutrition Unit Epidemiology/Surveillance Unit The Department of Environment	Mount St. John Medical Centre, Medical Benefit Scheme National Solid Waste

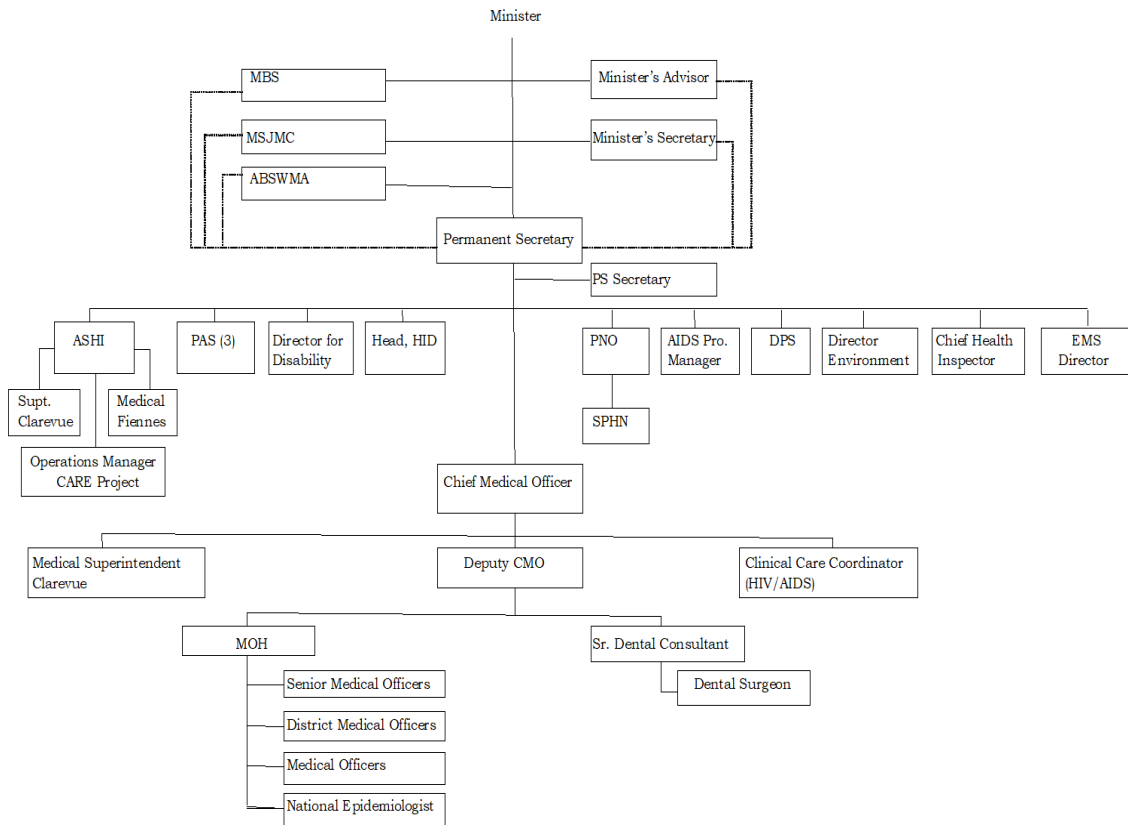

1.2 The Emergency Medical Services (EMS) continues to be a high performance unit within the Ministry of Health providing support to all other Departments in the Ministry.

The EMS also supports the efforts with inter-sectoral collaboration, providing support to other Ministries. EMS also provides support in country to visiting project teams.

The AIDS Secretariat, continues to build capacity and has quality tests at all testing and care delivery points. Efforts are being made to have additional trained nursing and lab personnel to continue and improve the HIV/AIDS Programme. The efforts by these departments will continue in 2025.

1.3. The Health Disaster Management Unit was borne out of the need to have an ongoing programme to manage health disasters or health risks within disasters. The Health Disaster Unit working in collaboration with CARPHA developed a Health Disaster and Pandemic Plan in 2024. A project proposal with financing through the pandemic fund is being considered for implementation in 2025. Training in mass casualty management was also undertaken in 2024 with support from CARPHA.

Organization Chart (Due for review and updating in 2025 with technical support from PAHO)

1.4 Service Performance Review (Headquarters, SLBMC, EMS, AIDS Sec.)

Major Achievements/Accomplishments

- The SLBMC under the CDB Line of credit received (Eleven)11 new Dialysis Machines, two(2) Sterilizers complete with reverse osmosis plant and a Chemical Analyser for use by the Lab.
- EMS in Collaboration with AUA - Trained over eighty(80) persons in Basic Life Support (BLS)
- EMS received seven(7) new rapid response unit vehicles to meet the increased demand
- Completed Legislation for Taxation of Sugar Sweetened Beverages
- Recruited a Statistician under the Health Information Division to strengthen data collection and analysis.
- Procured six (6) sterilizers for use by the Community Clinics. The Ministry also requested the procurement of distilled water for the use of the sterilizers through the SLBMC
- Procured a Colposcope, Examination bed and Couch to support the HPV Screening and Cervical Cancer Elimination Project
- Procured a new heavy duty Multi Task and Printing Machine for the Ministry of Health
- Appointed the Expanded Programme on Immunization (EPI) Manager.
- Received two (2) new electric vehicles under the Department of Environment to support the Ministry's projects effort.
- The SLBMC Neonatal Unit received the WHO/PAHO Certification of being Baby Friendly
- The AIDS Secretariat Staff trained in Quality Testing for HIV/AIDS

Through its partnerships and collaboration the ministry received several donations. The SLBMC received several lab equipment and other supplies from the Caribbean Public Health Agency (CARPHA). CARPHA also donated two (2) fogging machines along with the required chemicals to the Vector Control Unit within the Central Board of Health (CBH)

Under the CDB Line of Credit Project, "Supporting Recovery post COVID 19" the SLBMC is to receive an additional eleven (11) Dialysis machines, and a new Incinerator. The Tentative Termination Date (TTD) is 21st December, 2024. However, an extension to 30th June, 2025 is being sought for all activities to be finalized and all reports submitted.

The Ministry with support from the Pan American Health Organization intends to re-commence the STEPS Survey which started in 2023and continue in 2024. There were some

challenges identified and competing efforts with the Statistics Division where the field work was suspended to allow the Statistics Division to complete its work. The STEPS survey is critical to capturing key risk factor indicators and contributory lifestyles choices amongst the population.

These risk factor measurements is intended to provide information on co-morbidities and general lifestyle diseases which will influence the development of policies to manage NCDs. These factors taken in consideration with the social determinants of health using the life course approach to health and well-being is expected to guide critical programmes and intervention for the population.

Critical Issues

- Delayed payments to members of Licensing Boards and Committees
- Major rehabilitation and repair work required at the Ministry of Health Headquarters and the Environment Division
- Limited Office space,
- Challenges with quality of internet at all office spaces
- Training specifically in management and leadership for senior managers
- Delayed payments from the Treasury (e.g. overtime owed to EMS)
- Decreased efficiency affected due to the new procurement process
- Trained and qualified staff needed to strengthen PR Unit and develop PR Plan
- Need to recruit and train staff in data management
- Need to establish the Planning Unit within the Ministry of Health
- Health financing to support Universal Health Coverage
- Dedicated Human Resource for Health

1.5 Organization Matters

Staff Work Ethics and Performance

While the Ministry continues to encourage and support staff, there are some chronic cases of absenteeism, and sick leave submission by a few staff within the EMS and Health Information Division. These cases are being dealt with at the individual level. Some staff are not focused and require continuous monitoring. There is also need for further and periodic training on the job to keep information current (especially registry work).

Consistent staff monitoring needs strengthening within the Department of the Environment. There is also a need for staff training in workplace relations, and interpersonal skills. The Ministry intends to conduct a staff assessment and audit in 2025, as part of the Human Resource for Health Development. The assessment of the skills and competencies will determine training needs, and identify the right person aligned to the appropriate task.

2. PRIMARY HEALTH CARE SERVICES

The Business Plan for Primary Health and is provided as a separate chapter which is presented at the end of this Chapter.

2.1 MOHWE Priorities, Strategies, Indicators (Based on the Investment for Wellness –and Universal Health Coverage)

Priority	Strategy	Indicator	
		Output	Outcome
1. Vaccine Preventable Diseases 2. Strengthen Health Information Systems 3. Reduction of Overweight and Obesity	a. Management of HPV b. PAHO Assessment of Vaccine Storage Completed c. Public Education Campaign initiated	a. Scale up HPV vaccine uptake b. Vaccine storage and safety improved	a. Target for the Elimination of Cervical Cancer on track b. Cold chain maintained
	a. Established a robust data collection system b.. Dedicated staffing c. Assessment for roll out of Cellma Software	a. Improved reporting on NCD's b. Real time data reporting c. Staff Training	b. Surveillance System Strengthened a. Data avail b. Competent staff
	a. Taxation of sugar sweetened beverages b. Standardized front of package food labelling c. Continuing Education and promotion of physical activity	a. Reduction of sugar intake b. Reduced risk of NCD's c. Patient Empowerment	a. BMI managed b. NCD's monitored c. Wellness improved

4.Strengthening Service Delivery at the SLBMC	<p>a. Procurement of Essential Equipment to include incinerator</p> <p>b. Training of Doctors and Nurses as well as Patient Education</p> <p>c. Recruitment of Specialist Doctors and other staff</p>	<p>a. Improved capacity for Dialysis</p> <p>b. Strengthening staff competence</p> <p>c. Capacity to manage biohazard waste</p>	<p>a. Service demand met</p> <p>b. Staff competence improved</p> <p>c. waste management improved</p>
5.Strengthening Legislative Framework	<p>a. Updating of the Public Health Act</p> <p>c. Updating of the Health Administration Act</p> <p>d. Design Public Education and Awareness Programmes</p>	<p>i. Current trends in Public Health addressed</p> <p>ii. Management issues addressed</p> <p>iii. Community engagement strengthened</p>	<p>-Governance strengthened</p> <p>- Span of control strengthened</p> <p>-Public policy implemented and monitored</p>
6. Establishment of a Planning Unit	<p>a. Creation of positions and Dev of TOR aligned National Strategic Plan</p> <p>b. Having a Central unit for Planning and research</p> <p>c. Mechanism for informed decision making</p>	<p>i. Monitoring and Evaluation of planned programmes</p> <p>ii. Trained and dedicated staff</p> <p>iii. Structure for proper governance</p>	<p>- Planned programmes supported</p> <p>- targets met</p> <p>- Consistent reporting</p> <p>-Leadership maintained</p>
7. Human Resource Development	<p>a. Development of the Health Workforce</p> <p>b. HRH Policy</p> <p>c. Staff retention</p>	<p>i. Mechanism for incentive prog.</p> <p>ii. Having trained and dedicated staff</p>	<p>- Health Workforce Strengthened and maintained</p>

<p>8. Health Financing</p>	<p>d. Training opportunities(UWI)</p> <p>a. Establish the National Health Insurance</p> <p>b. Universal Health Coverage Design-NHI</p>	<p>i. Financing of Health Services</p> <p>ii. Basket of services designed</p>	<p>-Health Services Financed</p> <p>-Improved wellbeing</p>
<p>9. Partnerships and Collaboration</p>	<p>a. Foster PAHO ongoing support for BWP</p> <p>b. Maintain programmes through CARPHA, OECS and CARICOM</p> <p>c. Foster inter-sectoral and NGO partnerships</p>	<p>i. Technical assist. provided</p> <p>ii. Support for capacity building</p> <p>iii. Interventions and community engagement</p>	<p>-Projects Sustained</p> <p>- Deliverables met</p> <p>Programmes sustained</p>
<p>10. Manage Climate Action Projects and Interventions</p>	<p>a. Monitor Programmes through partnership agreements</p> <p>b. Improve capacity of programme support staff</p> <p>c. Manage reporting mechanisms</p>	<p>i. Mechanism for monitoring and evaluation strengthened</p> <p>ii. training of technical staff as required</p> <p>iii. Reports generated and submitted as required</p>	<p>- Project Targets measured</p> <p>- Donor Reporting sustained</p> <p>-Project deliverables met</p>

Introduction to Primary Health Care

Primary Health Care (PHC) is the cornerstone of an effective and efficient healthcare system. It represents a comprehensive approach to health service delivery that aims to provide accessible, equitable, and patient-centred care to individuals, families, and communities. As the foundation of our health system, PHC plays a crucial role in improving population health outcomes, enhancing healthcare efficiency, and promoting health equity.

At its core, Primary Health Care encompasses:

1. **First point of contact:** PHC serves as the initial and ongoing point of contact for patients within the healthcare system, addressing a broad spectrum of health concerns.
2. **Comprehensive care:** It covers health promotion, disease prevention, treatment, rehabilitation, and palliative care across the lifespan.
3. **Continuity of care:** PHC emphasizes ongoing relationships between patients and healthcare providers, ensuring consistent and coordinated care over time.
4. **Person-centered approach:** It focuses on the holistic needs of individuals, considering their physical, mental, and social well-being.
5. **Community-oriented:** PHC takes into account the broader determinants of health and involves community participation in healthcare planning and delivery.
6. **Interdisciplinary collaboration:** It involves a team-based approach, integrating various healthcare professionals to provide comprehensive care.
7. **Health equity:** PHC aims to reduce health disparities and ensure that quality healthcare is accessible to all members of society.

This business plan outlines our strategy for strengthening and expanding Primary Health Care services in Antigua and Barbuda. It details our achievements, addresses critical issues, and sets forth priorities and strategies for the coming year. By investing in and optimizing our PHC system, we aim to improve the overall health and wellbeing of our population while ensuring the efficient use of healthcare resources.

Service Performance Review and Critical Issues for 2024

The information below represents the collective achievements, issues, priorities, strategies and indicators of the Primary Health Care arena. The details of the various clinics and departments are provided in the attached individual budgets.

Achievements:	Issues
<p>Extensive potable and recreational water monitoring systems by CBH ensure that parties maintain optimal water sanitation practices leading to reduced gastrointestinal infections, ocular conditions and an overall maintenance of the minimum standard adherence for water quality.</p> <p>Aided by regional and international partners, CBH developed a small-scale insectary where the breeding habits of the <i>Aedes aegyptii</i>, the <i>Culex Quinquefasciatus</i> and the <i>Anopheles albinmanus</i> are studied through controlled breeding and targeted observations. The development of the insectary has allowed for staff training in sterile insect technology, fogging machine calibration and maintenance, mosquito species identification, and insecticide resistance training.</p> <p>CBH performs weekly surveillance and treatment which allows the department to consistently keep mosquito indices below recommended thresholds.</p> <p>The rate of inspection of food service establishments and food handlers training have increased by 70% over the last 3 years.</p> <p>Central Board of Health partnered with CARPHA to execute two food safety training sessions in Mass Gathering Food Safety Training; 356 vendors were trained and received certificates of participation.</p> <p>The Maternal and Child Health Clinic Booklet and take-home Records were reviewed and issued.</p>	<ol style="list-style-type: none"> 1. Untimely and insufficient receipt of funds from the Government Treasury results in the Ministry’s inability to meet recurrent and capital expenditure, thus adversely affecting the operational efficiency of departments and the quality of care to clients. 2. Significant Indebtedness to vendors and service providers. 3. Antiquated legislation in certain aspects of the Public Health Act and Mental Health Act. 4. Severe shortage of qualified nurses and other allied health professionals in the Primary Care arena. 5. Inadequate maintenance of health facilities. 6. Insufficient personnel in clinical and non-clinical areas. 7. No backup power at many health facilities. 8. Insufficient computers and the absence of an integrated electronic health information system. 9. Buildings in various stages of disrepair. 10. Stock out of essential supplies, furniture, stationery and toiletries.

Achievements:	Issues
<p>Implementation of an action plan re. the Maternal Child and Adolescent Manual.</p> <p>Training of 16 nurses at UWI in Masters in Public Health.</p> <p>Extended Programme of Immunisation (EPI) vaccine coverage:</p> <ul style="list-style-type: none"> • Hep B Birth dose 37% (administered at Sir Lester Bird Medical Centre). • Pentavalent (DPT, Hep B, Hib) 97%-99%, Polio Vaccine 97%- 98% 1st Booster DPT and OPV 87%, 1st MMR 94%, 2nd MMR 87%. <p>Training and continued professional development for doctors, nurses and allied health professionals in a variety of areas such as malnutrition, Safe Vaccine, Hypertension and Diabetes management, Foot and Wound Care, DHSI training, Customer Service, SIPS, HPV Screening, Public Health Training at tertiary HEARTS, Health Disaster, Cervical Cancer Guidelines and Pathway.</p> <p>Continue to provide mobile service to mentally challenged individuals in the various communities.</p> <p>Consistent medication therapy for psychiatric patients which is comparable to world standards.</p> <p>Provision of daily physician, dental and limited EKG services at Villa Polyclinic.</p> <p>The implementation of an educational programme to stimulate and teach new skills to the residents at the Care Project.</p>	<p>10. Absence of unreliable transport for staff and services.</p> <p>11. Non-functioning and insufficient sundry medical equipment and devices.</p>

Priorities, Strategies and Indicators for 2025

Priorities	Strategies	Indicators
Provide Comprehensive High-Quality Care.	Continuation of the following programmes: Cervical Cancer Prevention and Control Programme, Extended Immunisation Programme, Regional Childhood Obesity Study, Chronic disease self-management program, Breastfeeding initiative, Childhood Nutrition Programme, Sugar Sweetened Beverage campaign and legislation, Developing the NCD and Cancer Registry. Tuberculosis Programme reviewed by PAHO. STEPS Survey.	Early detection and prevention of NCDs resulting in the reduction of the incidence and prevalence of Cervical Cancer, preventable childhood diseases, Obesity, of Non- Communicable Disease. Reduction in the incidence of Non- Communicable Diseases by 15%.
	Implementation of the HEARTS Initiative for the better clinical management Cardio-Vascular Disease (CVD) Hypertension and Diabetes.	Reduction in the incidence and prevalence of persons living with, or having CVD, uncontrolled Hypertension and Diabetes by 10%.
	Commence HPV campaigning in schools.	Increase vaccination rates when exposed greater awareness and shared information.
	Commence the administration of HPV vaccines at 2 months IPV, 4 months OPV, and 6 months IPV.	Elimination of polio and other preventable childhood diseases.

Priorities	Strategies	Indicators
	<p>Perform a skills audit to inform and guide a plan for general and specialized training/ recruitment as well as continuing professional development for Doctors, nurses, allied health professionals and administrative staff in their respective disciplines/departments. Implement the resultant training plan.</p>	<p>Competent Staff in adequate numbers to perform the duties assigned.</p>
	<p>Establish a quality assurance team to assist in monitoring and evaluating programs related to MCAH.</p>	<p>Improved patient and departmental outcomes.</p>
	<p>Develop and implement mental health programs and fit-for-purpose acute accommodations for children and adolescents.</p>	<p>Better patient outcomes.</p>
	<p>Development of a national manual for Events supposedly attributed to Vaccines and Immunisation (ESAVI).</p>	<p>A learning tool in keeping with international standards.</p>
	<p>Develop policies and standard operating procedures based on best practice.</p>	<p>Consistent and reliable care and services.</p>
	<p>The implementation of a rapid response unit for the mentally challenged. The unit will be outfitted for patient care and used for the transportation of patients to and from their appointments and the facility.</p>	<p>The presence of an on-site team of trained persons to manage psychologically persons professionally and humanely when most needed.</p>

Priorities	Strategies	Indicators
To Improve access to care.	Establish a Maintenance Unit for MOH & utilize the EMS for the management of health facilities.	Timely and proficient repairs and maintenance of physical facilities and Sundry equipment. Reduce clinic downtime / eliminate service delays & interruption due to poor physical working conditions by 60 - 70%.
	Coordinate with the MOF re. the use of Global Climate Initiative funds to retrofit health facilities utilizing energy conversion and conservation methods for more efficient use of power, potable water supplies as well as providing more climate-resilient buildings.	Eliminate clinic closures during power outage, water shortage or the effects of natural disasters.
	Retrofit and equip the newly acquired facility to house psychologically challenged persons.	An expanded fit-for-purpose facility.
	Provide Spanish lessons for relevant care givers and front-line staff.	Reduce the effect of language barrier as a deterrent to accessing care.
	Provision of selected laboratory, radiography sonography and pharmacy services at Polyclinics.	Bring selected services to the community where the patients reside.

Priorities	Strategies	Indicators
	Vigorously lobby the relevant Treasury officials to ensure allocated budgeted funds are disbursed in a timely manner.	Reduce the curtailing or absence of service experienced when suppliers/ providers withhold/withdraw their goods and services due to significant and increasing arrears.
To Improve Efficiency	Upgrade the Telecommunications, Computers and Network Systems and implement an electronic Health Information System for all public sector health services and link same to SLBMC.	Real-time access to staff and patient information, thereby facilitating more timely informed decision-making regarding staffing issues and patient treatment.
	Provision of sundry medical and non-medical equipment, stationery and office furniture.	Employees have the necessary resources to perform their assigned duties.
	Provision of a fleet of reliable sundry vehicles and drivers.	
	Establish an electronic Inventory Management System in conjunction with the MBS.	Reduce incidents of stockout, expiration of supplies and better distribution to match usage patterns.

Ministry of Social Transformation

*Business Plan
For the FY 2025*

Ministry Overview Overview

An Overview of Social Transformation

Social Transformation portfolio encompasses the following: -

The Ministry Headquarters

- Department of Social Policy, Research & Planning
- Department of Youth Affairs
- The Directorate of Gender Affairs
- National Office of Disaster Services
- Family and Social Services Division- (GRACE Programme; Child Care and Protection; Probation Unit; Boys Training School; Substance-use Prevention, Assessment and Rehabilitation Centre (SPARC - formerly Substance Abuse)
- Community Development and citizens' engagement division (cd-ced)
- National Vocational and Rehabilitation Centre for persons with Disabilities
- Department of Youth Education and Empowerment Program (YEEP)
- Establishment Department
- Training Division
- Ecclesiastical Affairs
- Par-Transit Unit

The Ministry of Social Transformation (MST) is responsible for providing services and programmes aimed at improving standards of living, increasing social protection benefits and reducing incidences of poverty within the society. To fulfil its mandate, the Ministry collaborates with other Ministries, Non-Governmental Organisations (NGOs), regional and international agencies, which offer programmes, services and assistance that enables social inclusion and poverty reduction to help to break the cycles of exclusion and inequality.

Vision

To ensure that all citizens and residents thrive in a supportive environment with reliable, accessible and equitable services which empower and promote self-actualisation, preserve and protect their human rights and dignity.

Mission

A Ministry committed to working with its partners in formulating robust social policies that incorporate the Sustainable Development Goals agenda and other social Conventions to ensure provision of proactive and responsive social services and priority actions which promote self-reliance, equality, social inclusion, human rights and reduction in vulnerability to poverty and disasters.

Service Performance Review and Critical Issues for 2024

The Ministry of Social Transformation plays a pivotal role in enhancing the quality of life for citizens through a comprehensive array of initiatives focused on poverty reduction, community mobilization, and sustainable development. By prioritizing youth empowerment and gender-responsive programming, the Ministry actively engages in training and capacity-building interventions that foster resilience against the multifaceted risks posed by climate change.

Understanding that social issues are frequently interrelated, the Ministry works closely with other governmental agencies, non-governmental groups, and religious institutions. The implementation of a collaborative strategy guarantees the efficient and well-coordinated handling of urgent social challenges. The Ministry addresses a wide range of issues, such as reducing poverty, preventing domestic violence, youth development, social protection, disaster vulnerability, and meeting the needs of vulnerable groups, such as the elderly and disabled.

The Ministry's commitment to social transformation is evident in its tireless work alongside stakeholders from civil society, regional, and international agencies. By developing and implementing impactful policies, the various Departments within the Ministry strive to deliver services that directly address the needs of the most marginalized. Despite the

challenges faced, significant progress has been made, reflecting a steadfast commitment to improving the lives of those served. Through these efforts, the Ministry not only seeks to mitigate immediate social issues but also aims to build a more resilient and equitable society for all.

In 2025, the Ministry plans to enhance its operations through digitalization, evidenced by the creation of the National Beneficiaries Management Information System in the Department of Social Policy and the Child Protection Management Information System in the Family and Social Services Department. This initiative aims to streamline processes, improve data management, and better serve beneficiaries by leveraging technology for more efficient and effective service delivery

Service Performance Review and Critical Issues for 2024

Achievements	Issues
<p>Achievements:</p> <ol style="list-style-type: none"> Central Beneficiary Registry System: Received funding from the United Nations Children's Fund (UNICEF) to initiate the creation of a Central Beneficiary Registry System. This funding will lay the groundwork for a comprehensive and efficient system to track and manage social assistance programs. Additionally, we have cultivated a strong relationship with UNICEF and are currently exploring opportunities for expanded support in areas such as building the capacity of the current staff complement and assistance in attracting 	<ul style="list-style-type: none"> <input type="checkbox"/> Limited Resources: Insufficient funding to meet the growing demand for social services and to fully implement planned programs. <input type="checkbox"/> Data Gaps: Lack of comprehensive and up-to-date data on social vulnerabilities and needs, hindering effective targeting of interventions. <input type="checkbox"/> Capacity Constraints: Challenges in recruiting and retaining qualified staff, particularly in specialized areas such as social work, data management, and analysis. <input type="checkbox"/> Bureaucracy: Bureaucratic hurdles can delay the delivery of services to beneficiaries. <input type="checkbox"/> Sustainability: Concerns about the long-term sustainability of social programs, particularly in the face of economic uncertainties. <input type="checkbox"/> Outdated Infrastructure: <ul style="list-style-type: none"> • Office computing equipment

<p>qualified individuals to fill critical roles.</p> <p>2. National Social Protection Policy: Successfully finalized the National Social Protection Policy and engaged with the Caribbean Development Bank (CDB) for final review prior to Cabinet submission.</p> <p>3. <i>Let's Chat Empowerment Series</i></p> <p>The DYA launched the Let's Chat Empowerment Series in January 2024. It targets students in primary and secondary schools and is designed to engage youth in interactive group discussions on topics that matter to them. Essentially, the sessions will enable the DYA to share valuable information and create an open space for them to air their views in a safe environment. Some of the topics that were covered setting goals, navigating conflict, and developing a healthy lifestyle. All students received certificates at the end of term. Four schools are now involved in the programme: Golden Grove Primary, Greenbay Primary, Clare Hall Secondary School, and Jennings Secondary School.</p>	<ul style="list-style-type: none"> • Software • Phones • Printers • Internet provision <p><input type="checkbox"/> Building Upgrades: The building that houses the Department requires upgrades based on a health and safety report conducted by the Department of Labour.</p> <p><input type="checkbox"/> Strained Relationships: Fractured relations with key partners has impeded collaboration and access to resources, limiting the Department's/Ministry's ability to effectively deliver services.</p> <p>More manpower is needed.</p>
---	---

<p>4. Delivering/funding services, developing policy,</p> <ul style="list-style-type: none"> • Engaged with critical stakeholders USAID for the review of the National CDM Policy and legislation <p>carrying out regulatory functions,</p> <ul style="list-style-type: none"> • Assisting agencies in CDM plan development • Designs and conducting agencies (including ports) and national exercises and drill <p>major capital projects,</p> <ul style="list-style-type: none"> • CDEMA-ERF - Flood Mitigation Rebuild of Bridge in Golden Grove Extension- alleivate flood conditions seen in Nov 2020 • CDEMA-CDF - Built Pilot District Disaster Command Centre Rural East • Approved CDEMA project for Establishing National District Disaster Command Centres • Approved CDEMA project for upgrade of national search and rescue training site at Crabbs (To Build High Angle Rescue Tower) • Completion of EW4ALL consultation and Gap analysis of national Early Warning System • Complete Consultation for Early Warning systems Siren development and build out 	<p>Limitations in Technical personnel Developing Policy Implementations Subject to project cycle timeframe of organisation</p> <p>Schedule of partner agencies Competition with On-going events</p> <p>Funding challenges or donor internal processes</p> <p>Projects Donor agencies internal processes and project cycles</p>
--	--

<p>5. GRACE continues to certify persons to care for our elderly personnel</p> <p>6. SPARC launched the Youth Against Substance-Use (YAS) which is currently being piloted in four (4) Secondary School</p>	<p>The Division continues to experience challenges in accessing funds to run programs. The working environment is not supportive of the specific needs of the population we serve. We also await approve of several restructuring of the division that will allow for optimal operations</p>
<p>7. <i>Emerging Female Leaders Programme</i></p> <p>The EFL Programme is a programme which falls under the political participation portfolio and involves a series of personal and professional development initiatives geared towards preparing young women for leadership in public and private life. It aligns with Directorate of Gender Affairs’ core mandate to empower women and promote gender equality nationally and with Goal 5 of the Sustainable Development Goals, to achieve gender equality and empower all women and girls. Some of the activities under the programme this year included a Seminar which exposed young aspiring leaders to expert facilitators and knowledge in the areas of politics and business, and there was also a summit on innovation and technology, exposing young women to the STEM field.</p>	<p>Financial Constraints – It is often hard to access funds allocated within the budget and treasury for the department and this means that we have to be almost exclusively dependent upon the financial support of regional and international donor and development agencies, who have their own respective priorities and agenda at given times.</p>

<p>8. Over seven thousand (7000) citizens and residents have been educated under the YEEP Programme since 2016. They were exposed to nine (9) CSEC and four (4) CAPE Subjects.</p>	<p>Lack of additional space to adequately accommodate students.</p> <p>Lack of security (Physical and Technological)</p> <p>Lack of transportation</p>
--	--

Priorities, Strategies and Indicators for 2025

Priorities and strategies 2024-2025

Priorities	Strategies	Indicators
<p>Priority 1</p> <p>Adoption of the National Social Protection Policy</p>	<p>Strategy 1: Conduct a comprehensive awareness and sensitization campaign to inform stakeholders, including government officials, civil society organizations, and the public, about the key provisions and benefits of the National Social Protection Policy.</p> <p>Accountable institution: Department of Social Policy, Research and Planning in collaboration with Ministry of Social Transformation HQ</p>	<p>Outputs: Development and dissemination of educational materials, organization of workshops and conferences, media outreach.</p> <p>Outcomes: Increased awareness and understanding of the National Social Protection Policy among stakeholders, support for its implementation.</p>

	<p>Strategy 2: Establish a multi-sectoral implementation committee to oversee the implementation of the action plan for the National Social Protection Policy.</p> <p>Accountable Institution: Department of Social Policy, Research and Planning, with representation from government departments, NGOs, and the private sector.</p>	<p>Outputs: Utilization of the implementation plan, coordination of activities, monitoring and evaluation.</p> <p>Outcomes: Effective and efficient implementation of the National Social Protection Policy, alignment with national development priorities.</p>
<p>Priority 2</p> <p>Commencement of the Development of the Social Protection Central Beneficiary Registry System</p>	<p>Strategy 1: Conduct a thorough assessment of existing data systems and identify the necessary infrastructure and resources for the development of the Social Protection Central Beneficiary Registry System.</p> <p>Accountable Institution: Department of Social Policy, Research and Planning, in conjunction with the Ministry of Social Transformation, Ministry of Finance and the Ministry of Information Technology.</p> <p>Strategy 2: Recruit qualified personnel for key roles to support the smooth development and operationalization of the Social Protection Central Beneficiary Registry System.</p> <p>Accountable Institution: Ministry of Social Transformation, in collaboration with the Civil Service Commission.</p>	<p>Outputs: Development of a system requirements document, identification of funding sources, procurement of necessary equipment and software.</p> <p>Outcomes: Establishment of a solid foundation for the development of the Social Protection Central Beneficiary Registry System.</p> <p>Outputs: Development of job descriptions, recruitment and selection processes, training and development programs.</p> <p>Outcomes: Adequate staffing levels, availability of skilled personnel, efficient system development and implementation</p>

	<p>Strategy 3: Establish partnerships with relevant organizations, such as UNICEF, to provide technical assistance and financial support for the development of the Social Protection Central Beneficiary Registry System.</p> <p>Accountable Institution: Ministry of Social Transformation, in collaboration with UNICEF and other international development partners.</p>	<p>Outputs: Negotiation of partnership agreements, development of joint work plans, mobilization of resources.</p> <p>Outcomes: Access to technical expertise and financial resources, accelerated development of the Social Protection Central Beneficiary Registry System.</p>
<p>Priority 3</p> <p>Community Resilience</p>	<p>Enhance community structure with improved response and recovery capabilities (Minis Social Transformation, Community Development Gender, NODS, DDC, Civil Society)</p>	<p>Output: Cadre of trained personnel at community in critical response and recovery skills including CERT, Damage Assessment, shelter management, Project Management</p> <p>Outcome: Enhanced community skill to respond to hazards, recovery and develop local initiative to resort livelihoods</p>
	<p>Enhanced Community response infrastructure (NODS, DDC)</p>	<p>Output: Network of command centres and physical equipment procured and operations</p> <p>Outcome: Community-based response management improved by improved facilities for operations and collaborations</p>
<p>Priority 4</p> <p>Street Naming and House Numbering Project</p>	<p>This will be a joint and ongoing effort with the private sector (corporate citizens), local communities and civil society. It will be an opportunity to bring people together to develop economically sustainable ideas while developing the community at minimum cost to the central government</p>	<p>Outputs: Small Government Grant to subsidize project inclusive of renaming and renumbering plan</p> <p>Outcomes: Streets were named and numbered so that houses, residents and community sites can be easily located through the planned comprehensive public address system</p>

<p>Priority 5</p> <p>Improve the rehabilitative environment at the Boys' Training School</p>	<p>Rebuild the institution to facilitate the implementation of programs most effective in rehabilitation and reintegration.</p>	<p>Outputs: Reduce reoffending to 73% in 2025 while at the invitation.</p> <p>Outcomes: Increase support from staff initiated</p>
	<p>Implement rehabilitative programmes and behaviour modification improvements.</p>	<p>Outputs: Residence Reduced the rate of absconding from institution by 100% in 2025</p> <p>Outcomes: Increase adherence to rules by residents at BTS</p>
<p>Priority 6</p> <p>To mainstream issues of gender into the public and private sector</p>	<p>Draft a national gender policy</p>	<p>Output: A National Gender Policy was drafted</p> <p>Outcome: Policy is passed by cabinet. Implementation of policy through sensitization and training begins.</p>
<p>Priority 7</p> <p>More Classrooms</p> <p>Increase the available classrooms to meet the demand and provide a better teaching and learning environment for both tutors and students.</p>	<p>Build new classrooms or renovate portions of the Old Ottos School.</p>	<p>Output: Creation of space for more Students.</p> <p>Outcome: Increase teaching and learning environment.</p>

<p>Priority 8</p> <p>Civic engagement and social justice</p>	<p>Develop asset-based, research supported programmes and service delivery system in keeping with the priorities and objectives of the National Youth Policy, as well as more youth-led initiatives for community engagement and social change. (DYA)</p>	<p>Outputs: Creation of platforms for youth voice, participation, and advocacy.</p> <ul style="list-style-type: none"> -promotion of inclusivity, diversity, and social justice -organization and facilitation of youth-led initiatives for community engagement and social change <p>Outcomes: Active citizenship and increased participation of youth in decision-making processes.</p> <ul style="list-style-type: none"> -Promotion of social equality, tolerance, and respect for diversity. -Youth-led initiatives and projects addressing social issues and promoting positive change. -Strengthened social cohesion and community development
---	---	--

	<p>Improve social marketing plan (DYA)</p>	<p>Outputs: message development: creating compelling and tailored messages that resonate with the youth audience and effectively communicate the desired behaviour change or action</p> <p>-communication channels: identifying and utilizing appropriate communication channels to reach and engage with the youth population, such as media platforms, websites, mobile apps, or peer networks</p> <p>-Production of materials -Media appearances (tv/radio)</p> <p>Outcomes: increased awareness: enhanced awareness among young people about specific issues, programmes, services, or opportunities relevant to their well-being, personal development, or societal impact</p> <p>-behaviour change: positive changes in youth behaviour, attitudes, or beliefs that align with the desired outcomes of the social marketing plan, such as adopting healthier habits, engaging in community services, pursuing education, or practicing sustainable behaviours.</p> <p>-empowerment and agency: increased sense of empowerment and agency among youth, enabling them to take leadership roles, advocate for their rights, and contribute to positive social change. An informed and engaging youth development sector</p>

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

Ministry of Tourism, Civil Aviation, Transportation and Investment

Business Plan
FY 2025

*Ministry of Civil Aviation and
Transportation*

*Business Plan
For the Financial Year 2025*

Ministry Overview

The Ministry of Civil Aviation and Transportation is located at Cassada Gardens and is housed in the former Antigua Public Utilities Authority Headquarters building. This Ministry seeks to provide quality administrative and technical services, while ensuring that a harmonious relationship with, and between stakeholders is developed and maintained.

The Ministry of Transportation encompasses the Antigua and Barbuda Transport Board only; of which is a Statutory Entity and is therefore responsible for their budget and other related matters. Conversely, the Ministry of Civil Aviation comprises of the Ministry's Headquarters, Air Traffic Services, and the Meteorological Department; all of whom will be captured in this budget. In addition, it should be noted that the Antigua Barbuda Airport Authority also falls within the ambits of the Ministry of Civil Aviation. However, they too are a Statutory Entity and likewise, they are responsible for their budget and other related matters.

The Air Traffic Services Division is the nerve center of any airport operations since it involves providing a unique service to Airline Operators in the air and on the ground. It is the safety net which holds the lives of all travelers once they decide to take a flight from one country to the next. These professions must always be taken seriously by administrative and operational personnel, in order to secure our future in the tourism industry. The Division comprises of the following Units: Administration and Operational Air Traffic Control (ATC). These Units are managed directly by a management team comprising of the Chief of Air Traffic Services (CATS), Deputy Chief of Air Traffic Services (DCATS), Air Traffic Service Operations Officer (ATSOO), Air Traffic Service Training and Examining Officer (ATSSEO) and Coordinator of Aeronautical Information Services.

The Meteorological Division delivers daily, public weather forecasts including daily forecast for the Eastern Caribbean, the Leeward Islands, and the British Virgins. Additionally, the Meteorological Service provides weather warnings for Antigua and Barbuda, the other Leeward Islands, and the British Virgin Islands. The Meteorological Office continues to deliver products geared toward the safe movement of air transport services into and out of Antigua and Barbuda. This it facilitates, through services such as: flight briefings, documentations, hourly weather reports and forecasts.

Vision

To become the best in the region in delivering civil aviation and transportation services to our clients.

Mission

To provide quality service to stakeholders who utilize aviation and transportation throughout our nation.

Service Performance Review and Critical Issues for 2023/ 24

Achievements:

Service Performance

Within the Ministry's headquarters we continue to encourage the staff to equip themselves with the relevant qualifications for the job. As such, all our officers who participated in various training courses were all successful.

Further, due to the nature of Air Traffic Services (ATS) and the Antigua Barbuda Meteorological Services (ABMS), the staff is required to be highly skilled and trained, hence certification and training as well as recertification and retraining are mandatory and continuous despite the varying challenges. This is evident from the number of certification and training as well as recertification and retraining programs that have been extended and utilized by the department. However, it should be noted that certification and training as well as recertification and retraining are mandated by the Eastern Caribbean Civil Aviation Authority (ECCAA) and is also a requirement of the International Civil Aviation Organization (ICAO).

Additionally, it should be noted that during the fiscal year, on-the-job training for the successful new recruits within the ATS department who completed the initial training in the United Kingdom in 2021 continues. Also, an additional seven (7) recruits were sent to Trinidad in August 2024 to complete the Ab-Initio training.

As it relates to the Radar System, familiarization of the Air Traffic Management System (ATMS) continues and training commenced, the commissioning of this system will greatly aid in making the workload easier within the Tower. In addition, the department has successfully commissioned the acceptance of overflight payments via credit and debit cards.

The Meteorological Office continues to provide frequent weather updates to the Eastern Caribbean, Leeward Islands, and the British Virgin Islands. During the fiscal year the six (6) newly recruited Meteorological Officer III's went off to Barbados for their six months training and they all completed successfully. However, since their return they have commenced the on-the-job training, which will make them eligible to "sit on the bench" and function on their own. Additionally, there's the return of one staff member who was overseas studying and the return of an intern who has completed her studies overseas also; both of whom are also engaged in the on-the-job training.

Organisational Matters

The Ministry's focus for the past year has been on the continuous development of human resources and technological advancement within the Ministry and the respective departments, which will improve the quality of service we provide.

The Ministry will continue to ensure that the Air Traffic Services Division maintains its hundred percent (100%) enviable record for safe take-off and landings at the V.C. Bird International Airport. This will materialize by utilizing the technical skills which are acquired by specialized training of personnel and the use of highly technical and modern equipment.

In addition, The International Civil Aviation Organization (ICAO) is actively on course to changing varying aspects of civil aviation, such as the idea of simply AIS to Aeronautical Information Management (AIM) most of this change has already taken place. This change mainly involves ‘a transition from a manual, printed on paper product to a digital environment product, based on the corresponding standards. States are required to come up with a plan for implementation of the many changes that are expected to take place.

This necessitated the hiring of dedicated AIS staff with basic entry requirements and an established salary scale different from that of an ATCO. Presently, we have recruited six persons and of those six, five have successfully completed the AIS course in Barbados. Therefore, we are required to train an additional four officers.

However, it is our intention to maintain at least ten Air Traffic Control Assistant positions since having completed proficiency checks and refresher training, it is now evident that we are in dire need to train Air Traffic Controllers.

Training for Air Traffic Services is very important and costly each year we requested monies for training and the budget for training is reduced by more than 75% thus the planned training cannot be done; thus, fast becoming a deficiency.

Licensing of Air Traffic Controllers:

In accordance with the Civil Aviation (Air Navigation) Regulations (circa. 1996) regulation 68, and the Civil Aviation Regulations 2004 Regulation 6, Air Traffic Controllers in the OECS are required to be holders of valid licenses, including at least a Class 3 Medical Certificate, when providing any form of Air Traffic Control Services. In this regard, the implementation program for the licensing of controllers in the OECS has started.

Mental evaluation: For many years’ officers have been recruited without undergoing a mental evaluation the time has come for us to be compliant with ICAO Annex 1 which states that to be employed within Air Traffic Control A Class 3 medical Assessment must be done this includes both Physical and mental requirements.

The applicant shall have no established medical history or clinical diagnosis including:

1. An organic mental disorder,

2. a mental or behavioral disorder due to psychoactive substance use, this includes dependence syndrome schizophrenia or schizotypal or delusional disorder,
3. a mood effective disorder,
4. a neurotic stress related or somatoform disorder
5. a mental disorder not otherwise specified.

This evaluation would be biennial.

The purchase of software is to support the automation of Aeronautical Information Management which will intern facilitate, collection of flight data for billing, SMS, planning and projections. In order for there to be a comprehensive contingency plan there needs to be enough management positions filled to be able to keep the control tower opened with flow control during adverse conditions.

The rationale here is that as a contingency, the Deputy Chief Air Traffic Services, Air Traffic Services Operations Officer, Senior Air Traffic Services Examining/Training Officer, Quality Assurance and two Air Traffic Service Examining Officers will remain current while carrying out their duties so that in times of emergency the unit will continue to function at a diminished capacity.

In addition, the Examining officers will assist with the continuous proficiency checks that are required once the licensing of controllers take effect. Such a pool of examining officers will be able to assist the Senior Training Officer to carry out in-house refresher training in order to ensure that ATC staff keep their skills and knowledge updated, being able to do the training ourselves will save the expense of brining trainers to Antigua or having to send officers overseas. Finally, the Ministry aims to remain compliant with ICAO's requirements; that is, regular Specialized and Refresher's training, the facilitation of employee development and encourage staff awareness to changes in procedures within the Air Traffic Services department and the Meteorological Services department. Additionally, the upgrading of navigational and communications equipment as the industry dictates and employing new technologies such as the Radar will aid in maintaining our 100% enviable safe record.

Antigua Barbuda Meteorological Services (Accomplishments)

Community Engagement and Outreach

- Provided the inaugural interview for the commencement of the hurricane Season on ABS TV, focusing on the past season and forecast for the 2025 season. The aim was to bolster the nation's preparedness against hurricanes by empowering communities, governmental bodies, and individuals. Further, the interview aimed to encourage proactive measures to mitigate

risks associated with hurricanes and strengthen resilience in the face of these impactful weather events.

- We effectively commemorated World Meteorological Day by welcoming more than 100 students and teachers, raising their awareness about weather and climate-related topics. This was our biggest ever celebration of this day, Mar 14.
- Established a multi-media centre, with strong leadership from the Ministry, equipped to directly connect with ABS TV or create informative videos, specifically focusing on disseminating weather and climate information, particularly during extreme events, to keep the public informed. The centre is valued at 10s of thousands of dollars (US).
- Expansion of social media outreach to efficiently disseminate relevant weather and climate information to a broader audience at a faster pace.
- Facilitated over a dozen schools visits to the Met Office and supported multiple schools in preparing to effectively address weather and climate topics at both primary and tertiary educational levels.

Modernization and repair of Infrastructure

- Collaborated with the Ministry of Finance to secure a grant of US\$37,500 from the CCRIF, designated for the enhancement and repair of Automatic Weather Stations (AWSs) and servers. This initiative aims to elevate our public service delivery to the next level.
- Took the lead in successfully securing the selection for grant funding from the Systematic Observation Financial Facility (SOFF). While the precise amount is pending confirmation, this project is anticipated to bring considerable value to the Met Office, estimated in the range of hundreds of thousands of dollars (US), with the expected range of US\$0.5 million to US\$2 million over 5 years.
- Received notification from WMO officials regarding Antigua and Barbuda's selection as one of four countries in the Caribbean and among thirty globally to be fast-tracked for coordinated and targeted support through the United Nations' Early Warning for All (EW4ALL) Initiative. This initiative aims to develop a comprehensive early warning system to effectively address climate variability and changes, with a particular focus on mitigating the impacts of extreme events.
- Acquired supplementary office space from ABAA to accommodate our expanding staff.

Human Resources

- Collaborated with the DOE to allocate scholarship funds totalling US\$24,840, distributed among four staff members and an intern for crucial

academic studies essential to advancing the growth of the Met Office. These funds were sourced from the GCF Build Project, in which the Director serves as a member of the National Steering Committee.

- Submitted a proposal to the Ministry for the restructuring of the Met Office to existing and emerging challenges in harmony with the request from the Cabinet in 2020.
- Recruited and trained five young Antiguan and Barbudans at the Caribbean Institute for Meteorology and Hydrology, the most we have ever trained. These will be the future of the Met Office

Disaster Risk Reduction

- Successfully guided Antigua and Barbuda and the rest of the Leeward Islands and the British Virgin Islands through the 2024 hurricane season.
- Advise the Ministry of Finance on the selection of the best Caribbean Catastrophic Risk Insurance Facility (CCRIF) segregated portfolio company parametric (SPC) insurance policies to obtain, given the financial constraints, maximize our chances of getting a payout after an extreme weather event. Our advice contributed to the payout to Antigua and Barbuda a total of approximately US\$3 million.
 - CCRIF SPC is a segregated portfolio company, owned, operated and registered in the Caribbean. It limits the financial impact of catastrophic hurricanes, earthquakes and excess rainfall events on Caribbean and Central American governments by quickly providing short-term liquidity when a parametric insurance policy is triggered. It is the world's first regional fund utilizing parametric insurance, giving member governments the unique opportunity to purchase earthquake, hurricane and excess rainfall catastrophe coverage with lowest possible pricing.
- Work with the NODS system to provide early warning and decision-support to protect life, property, livelihoods and infrastructure.
- Participated in the start of the hurricane season news conference with the NODS.

Issues

The Ministry and all its divisions continue to suffer the same fate as it relates to the payment to local merchants and the servicing of outstanding arrears in subscriptions to International and Regional Partner Organizations. Due to the non-payment to the organizations, this has resulted in the voting rights for Antigua and Barbuda being suspended until subventions are paid.

Further, for years, the Ministry has been unsuccessful in paying merchants in a timely manner. This has since led to all merchants suspending the release of goods to the Ministry until the receipt of payments. The Ministry's Accounts

Department made numerous efforts on a regular basis to secure merchant cheques from the Treasury but to date no cheques have been issued.

In addition, unfortunately the ATS department continues to experience failures within the currency of their certifications; thus, resulting in the early closure of V.C. Bird International Airport.

Management Upgrades/Reclassification (Air Traffic Services)

In the past, ATS management contracts have been negotiated by the union which represents the workers. This situation is untenable as it:

- i. sets the stage for role reversal which inevitably breathes disrespect and contempt.
- ii. has the potential of equipping the union with power which, if misused, can be used as an instrument for intimidating management.

As a consequence, it is recognized that ATS Management will have to relinquish their membership of the Guild of Antigua and Barbuda Air Traffic Control Officers in order to preserve the independence that is required for effectiveness. It is in this context that the management team has commenced discussions in order to present a proposal for an upgrade on its behalf to the Government for consideration. This proposed has already been submitted to The Establishment Department.

COMPLETE UPDATE OF THE SURVEILLANCE SIMULATION NETWORK

The operational context has evolved significantly; Antigua has recently acquired a radar system. Consequently, it is essential to align your simulator with the new radar display, ATS routes and procedures, aircraft data tags, and other components as closely as possible.

Our suggestion is to swap out all the Central Processing Units (CPUs) for compatible ones, replace every input device, and upgrade to larger, higher resolution, and more responsive displays. Practically, every single component of the surveillance simulator should be replaced. And of course, the simulation software will be replaced with the latest version, and customized to resemble as much as possible, the new radar operational environment.

This upgrade of the surveillance simulator will

- provide more precise simulations, which can enhance the reliability of training and testing scenarios.
- offer higher resolution, allowing for more detailed and realistic simulations of radar performance.
- work with the latest technologies and standards, ensuring compatibility with other modern systems and equipment.

- require less maintenance and can be more reliable, reducing downtime and maintenance costs.
- enhance the effectiveness and value of radar training for radar air traffic controllers and airspace users.

COST OF THE COMPLETE OVERHAUL OF THE SURVEILLANCE SIMULATION NETWORK

The cost for the original simulator was 300,000.00 USD the cost for complete overhaul of the simulation network is \$324,000 USD or **880,276.00 XCD**

Service Includes:

- Replacement of all Central Processing Units with updated high-performance models, along with two additional spare CPUs.
- Replacements of all 32-inch displays for 43-inch displays
- Replacement of all keyboards, mice, headsets
- Installation of the new/customized radar simulation software on the new hardware
- Customization of display set up to mirror as much as possible the operational display of the Antigua's radar system (radar display, new or modified ATS routes and DEP/ARR procedures, aircraft data tags).
- Functionality Verification: Ensuring the network operates correctly.
- Warranty: 12-month warranty for the radar simulator hardware. 24- month warranty for the radar simulator software.

Antigua Barbuda Meteorological Services

Challenges being faced by the department:

1. Likewise with all departments within the Ministry, the Antigua Barbuda Meteorological Services Department continue to struggle badly to get budgeted funds out of the treasury to pay out stakeholders, thus hampering the development of the organization. This is compromising our service to the public.
2. Insufficient staff to operate optimally. The department has alleviated this challenge significantly by the hiring of five new staff and one secondment. Notwithstanding, more people are required.
3. Unable to further develop the ICAO/ECCAA required quality management system. This needs a fully trained and staffed quality team, which we don't have.

Priorities, Strategies and Indicators for 2025

The Ministry's priorities remain the same and they are:

1. Certification of Air Traffic Controllers
2. Training of Air Traffic Controllers

3. Training of Meteorological Officers
4. Training of management staff both in the Ministry, Air Traffic Services and the Meteorological Services
5. Urgent need for upgrading modern equipment for both Meteorologist & Air Traffic Controllers
6. Payment to local merchants
7. Servicing of outstanding arrears in subscriptions to International and Regional Partner Organizations

Priorities and strategies 2024-2025

Priorities	Strategies	Indicators
Priority 1: Training in business communication and professionalism	Increase training opportunities for line, middle and senior management staff in business communication and professionalism workshops	Output: Secure funding for training in 2024 Outcome: The staff will be better able to offer first class customer service when attending to clients in person and also remotely.
Priority 2: On-going training of Air Traffic Controllers and Meteorological Officers as per ICAO requirements	Ensure that ICAO standards are always met. Upgrade of navigational and communication's equipment as the industry dictates employing new technologies	Output: the utilization of technical skills, specialized training of Controllers and Met Officers Outcome: the prevention of collision between aircrafts The expediting and maintaining of orderly flow of air traffic The publishing of timely and accurate weather bulletins and forecasts in the Met Officer
Priority 3: Filling of vacant posts	Create opportunities for the promotion of staff in each tier of the organization	Output: Upward mobility for staff members Outcome: Greater job satisfaction Increase staff morale, motivation, and productivity.

Priorities	Strategies	Indicators
<p>Priority 4: Staff Rotation</p>	<p>Give each member of the staff/team, the opportunity to be well rounded</p>	<p>Output: Alleviate the strain on staff when one or more employees are absent or on leave</p> <p>Outcome: Each staff will be flexible and competent in performing duties in all the Departments.</p>

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY**

**Ministry of TOURISM, CIVIL
AVIATION, TRANSPORTATION AND
INVESTMENT**

*Business Plan
For the FY 2025*

Ministry Overview

The Ministry of Tourism and Investment covers four main portfolios spelt out in the title of the Ministry. The mandate of the Ministry is essentially to manage, direct and control the tourism industry and to seek major investment prospects for Antigua and Barbuda. Additionally, as the gateway to the destination and as one of its portfolio's the ministry has oversight for the ABAA. The Tourism industry is made up of three pillars. The pillars that support the tourism industry are accommodations, yachting and cruise tourism.

To effect its mandate the Ministry is divided into two (2) functional entities i.e., Ministry Headquarters which is responsible for Product Development including the maintenance of historical sites, the development of new tourism enterprises and policy development. The second area is the marketing and promotion of the tourism product. The Antigua and Barbuda Tourism Authority, while it is embedded in the Ministry's portfolio it is governed as a statutory organization. It is managed by a Board of Directors selected from among key stakeholders. The daily operations are under the direction of a Chief Executive Officer.

The Ministry of Tourism and Investment has oversight of the following agencies:

- The Antigua and Barbuda Investment Authority (ABIA)
- St. John's Development Corporation (SJDC)
- Antigua and Barbuda Tourism Authority (ABTA)
- Antigua and Barbuda Hospitality Training Institute (ABHTI)
- Antigua and Barbuda Transport Board

VISION: Tourism in Antigua and Barbuda, a national priority, significantly contributing to the quality of life of the people in a sustainable manner.

MISSION: Maintain an organizational environment that effectively delivers an authentic Antigua and Barbuda hospitality experience.

VALUES: The principles expressed below represent the values that the Ministry fully embraces as the foundation for accomplishing its mandate. The values provide an ethical foundation for staff while conducting business on behalf of the Ministry.

- **Accountability** – A willingness to accept responsibility for actions, decisions and policies.
- **Environmental Consciousness** – Committed to responsible use and protection of the environment.

- **Excellence** – Consistently enabling and delivering work that meets and exceeds industry standards.
- **Integrity** – Following moral or ethical principles in conducting our business transactions in all circumstances.
- **Professionalism** – Demonstrating behaviors that reflect the highest level of competence and ethics.
- **Respect** – Relating to all persons in a manner that shows recognition of them as persons held in high regard.
- **Teamwork** – Function in a manner in which interaction and mutual support achieve common goals.

Service Performance Review and Critical Issues

Achievements

1. As of September 2024, the **Quality Assurance Unit** in the Ministry successful licensed and certified over 600 tourism accommodations under the Tourism Licensing and Classification Act 2019. It must be noted that all registered properties must have a TIN number.

The Tourism Standards Officer heads the Tourism and Hospitality Committee for Tourism Standards which operates under the direction of the Standards Council. Draft specifications, awaiting ABBS council approval, have been prepared covering Tourism Sites and Attractions (in-progress).

2. The **Training and Education Unit** - Relaunch of the 2023-2024 Antigua and Barbuda Tourism Cadet Corps Program (ongoing). The Antigua and Barbuda Tourism Cadet Corps is a non-profit youth organization supported by the Ministry of Tourism, Civil Aviation, Transportation and Investment, aimed at exposing senior secondary school students to appropriate and effective tourism education, training and awareness program. It is considered an integral program to ensure that Antigua and Barbuda possess a cadre of creative, capable and qualified nationals who can contribute to a sustained and competitive tourist industry.

Senior secondary school students, both males and females, between the ages of 15 and 18 who are interested in exploring the opportunities tourism provides as a viable career option.

The Cadet Corps competed in the Florida-Caribbean Cruise Association 2024 Children's Essay Contest. This annual competition again invited students from schools around the Caribbean and Latin America to submit a 500-word essay on the topic: "How can my country and cruise lines work together for more sustainable cruise calls?" The schools submit their finalists to represent the destination in the contest, with each destination allowed one finalist per age group – the junior division,

consisting of students between the ages of 9 – 12 years, and the senior division, featuring students between 13 – 16 years old. The final essays are read and rated by a six-person panel, with the ratings averaged to award the first-, second- and third-place.

In total, this year's contest attracted entries from 17 nations. Antigua and Barbuda won third place in the senior division of the 2024 competition.

3. The **School Tourism Awareness Program** continues to be a great success. The main purpose for the program is to sensitize students as to their role in the Tourism Industry. The students are referred to as Tourism Ambassadors since tourism is our main industry. It is imperative that they take an active role even as a student to participate in the growth and success of the tourism product. In particular, they are encouraged to keep the environment clean by not littering and they can also give directions to our visitors when necessary. The students are also encouraged to choose a career in the industry after leaving school and/or at the college level.

The principals, teachers and students are usually very excited to listen to the presentations and to participate in the question-and-answer segment. Tokens of appreciation are presented to the teachers, and the students also receive a token for answering the questions correctly.

4. The **Agritourism** Unit has embarked on a grass roots program to create a paradigm shift in the cultural culinary mind set of the local population. The Agritourism Unit has worked with the Beekeepers Association to present the industry as an attraction.
5. The **Beach Safety and Security Unit**, in 2024, completed the Basic Life Support certified training program.
6. There was an overall positive trend in the YTD air visitor arrivals as of September 30, 2024 compared to the previous year. The total YTD visitor arrivals in August 2023 were 229,248, which is a 6.63% increase compared to August 2024 and a 4.67% decrease compared to October 2019.
7. **Sports Tourism** hosted and collaborated with the Ministry of Sports on the hosting of the T20 World Cup and the England vs West Indies test.
8. Six additional **Special Constables** were commissioned and, as a result, they possess powers of arrest. They function, in collaboration with the Police in touristic areas covering the beach, Heritage Quay and other select sites.
9. **Devils Bridge** was upgraded to include the instillation of bathrooms and a water tank and pump to ensure the availability of water.

Issues

1. Cash flow from the Treasury Department
2. Funding for Capital Development Projects
3. Need for increased technical capacity

Summary of Capability & Development Strategy

Priorities	Strategies	Indicators
<p>Priority 1 Establish and institute a Functional Organizational Structure</p>	<ul style="list-style-type: none"> • Finalize a new organizational structure • Complete job descriptions in line with new organizational structure 	<p>Outputs: Completed organizational structure with the associated job descriptions</p> <p>Outcomes: A restructured organization designed to provide better service delivery and targeted product development</p>
<p>Priority 2 Ongoing restoration of select Heritage Sites.</p>	<ul style="list-style-type: none"> • Maintain the collaborative framework (between private & public sectors) towards the financing of infrastructural works. 	<p>Outputs: Devil’s Bridge, Fort James, Betty’s Hope and Fort Barrington significantly upgraded inclusive of signage</p> <p>Outcomes: Fort James and Fort Barrington included in the tour packages for cruise ship visitors. Devil’s Bridge and Betty’s Hope vastly improved as excursion sites</p>
<p>Priority 3 Development of a Customer Quality Assurance Program</p>	<ul style="list-style-type: none"> • A review of the level of service, industry-wide • Continuous stakeholder consultations • Commission two subsectors for a pilot project based on the outcomes of the review • Development of the Customer Quality Assurance Framework • Roll out of the program 	<p>Outputs: Completed report on the review of the sector’s service industry.</p> <p>Implementation of two subsector quality assurance programs (ground transportation and dive shops)</p> <p>Outcomes: Institution of a Quality Assurance Framework for evaluation of services in the sector.</p>
<p>Priority 4 To ensure hotels, tourist facilities</p>	<ul style="list-style-type: none"> • Continue to strengthen the skillsets of the Quality 	<p>Outputs: Compilation of an annual audit and compliance report.</p>

<p>and services comply with conditions specified in the Tourism Licensing and Classification Act and Regulations</p>	<p>Assurance Unit via targeted training.</p> <ul style="list-style-type: none"> • Institute awareness-building mechanisms for the general public and private sector, geared towards better understanding the distinctions associated with quality service and product. • Undertake regular inspection of hotels, tourist facilities and services for compliance with set standards. 	<p>Outcome: Improved regulatory environment for Hotels, Tourist Facilities and services.</p> <p>Outcome: Enhanced awareness by the general public and the private sector that quality assurance is a proactive and preventative process which help to boost business.</p>
<p>Priority 5 Improve the road access to select heritage sites</p>	<ul style="list-style-type: none"> • Establish a collaborative framework with the Ministry of Works 	<p>Outputs: Improved vehicular access to Devils bridge, Fort Barrington and Bettys Hope</p> <p>Outcomes: Increased visits by cruise and stayover visitors.</p>
<p>Priority 6 Continue the awareness program for sustainable tourism</p>	<ul style="list-style-type: none"> • Enhanced marketing and promotion strategies <ul style="list-style-type: none"> - Media outreach programs - The ABTA social media engagement - Enhanced use of social media influencers • Use of trade shows to advance the sustainability agenda 	<p>Outputs: successful completion of all stated outreach programs.</p> <p>Outcomes: Presentation to stakeholders to increase their awareness and understanding of sustainable tourism and their role in it (four primary and four secondary schools and two select communities).</p>

<p>Priority 7 Lease/Acquisition of Flow Tourism Channel</p>	<ul style="list-style-type: none"> • Enter into an agreement with Kelcom Intl. to gain control of the content produced and aired via the Tourism Channel. • Create a standard rate sheet. • Offer to all Tourism Enterprise the opportunity to market their products on the channel. • Assign a dedicated sales officer to ensure slots are filled and revenues collected. • Assign staff to ensure continuous development of content. 	<p>Outputs: The channel leased and representing a profitable enterprise.</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Stayover visitors can view updated information on tours, attractions and entertainment options. • Opportunity for the Ministry to contribute to the government’s revenue stream.
<p>Priority 8 Hosting of Tourism Week- 2025-2026</p>	<ul style="list-style-type: none"> • Establish an inclusive steering committee in September 2024 to plan and execute the event • Close collaboration with relevant stakeholder and partner agencies to recognize contributors, draw attention to the impact of tourism and to attract young persons to the industry 	<p>Outputs: Successful hosting of the events of Tourism Week</p> <p>Outcomes: A specific period officially assigned to herald the start of the Winter Tourist Season</p> <p>Public recognition of the event</p>
<p>Priority 9 Support implementation of the Apiculture Tour Project</p>	<ul style="list-style-type: none"> • Collaborate with Antigua and Barbuda Beekeepers Association in developing the appropriate framework, including a business plan • Support the further development of bee habitats 	<p>Outputs: Framework set up for the development of the tour</p> <p>Outcomes: Functioning of the developed bee habitats as a viable and sustainable tourist attraction</p>
<p>Priority 10 Increase participation of local artisans and agro-processors, especially women, in providing authentic, quality</p>	<ul style="list-style-type: none"> • Targeted collaboration with local and external partners and stakeholders • Targeted training for local artisans and agro-processors (emphasis on women), 	<p>Outputs: Select training for artisans and agro-processors with emphasis on women</p> <p>Improved product quality and offerings.</p> <p>Outcomes:</p>

goods to the sector	specifically from a technique, business and standards domain.	Improved choice of authentic locally produced products Increased earnings for local agro-processors and artisans, particularly women

MW MINISTRY OF WORKS

Moving Forward Together

A Brief History of the Ministry of Works

On July 29th, 1864 the legislature adopted a tax for Water Works establishing the Public Works and Road Act. The Ministry of Works is an institution that is 160 years old and continues to be one of the most important ministries in government. Its services cover a myriad of areas upon which the public depends daily.

The Ministry has a wide and diverse range of responsibilities covering road and building infrastructure, project management, rental and lease of buildings for government's operation, central government vehicle coordination, heavy-duty vehicle and equipment management, communications, marketing and data processing, traffic lights, and intra-government services. The Ministry has several divisions and units, namely the Accounts Department, Registry, Typing Pool, Pay Office Section, Refrigeration & Air Conditioning Unit, Government Mechanical Workshop, Burma Quarry, Bendals Quarry, Hot Mix Plant, Concrete Plant, Electrical Department, Plumbing Department, Lab, Security Division, Carpenter Shop, Traffic Light Unit, Accommodations, Landscaping, Engineers Office, Drawing Office, Surveyors, Motor Pool, Secretariat, Buildings, Records & Research, Stores, Roads, Survey & GIS and Transport.

The Ministry has incorporated the Project Implementation Management Unit (PIMU) responsible for implementing projects that are funded by the Caribbean Development Bank and facilitates a cohesive Ministry of Works that strives for a culture of excellence.

The Ministry of Works currently has a staff complement of approximately of over 1,000 employees, most of whom are non-established.

Our Vision, Mission & Core Values

VISION:

To be an institution of excellence in the prudent development and management of the nation's physical infrastructure.

MISSION:

Provide professional services in Architecture, Engineering, Infrastructural Project Management and Procurement by being an effective, efficient, and transparent organization based on sound leadership and effective strategic partnerships.

VALUES:

The Ministry's culture and work ethics are based on core values and ethical beliefs of efficiency, integrity, equity and accountability.

Functional Areas of the Ministry of Works

<u>DEPARTMENT</u>	<u>FUNCTION OR SERVICES OFFERED</u>
Roads	Planning, construction, and maintenance of roads throughout Antigua and Barbuda along with road-building standardization.
Buildings	Maintenance and construction of all government buildings in addition to architectural designs and consultations.
Quarry	Mining and distribution along with sales of all aggregates used for government projects.
Concrete plant	Production and sale of all concrete or cement-related products for government use.
Hot Mix	Production and sale of all asphalt materials used in government projects.
Survey & GIS	Conducts cadastral, topographical, and engineering surveys of roads, drains, and other relevant government properties.
Transport	Procurement, maintenance, distribution, and rental of all government vehicles or equipment.
Government Motor Pool	Procurement and distribution of fuel for all government transport and equipment and management of the government fleet.
Workshop	Service and maintenance of all government vehicles and equipment.
Security	Provide security for relevant government facilities.
Traffic Light	Installation and maintenance of the traffic lights system.
Stores and Accommodations	Procurement and distribution of goods (to also include furniture and appliances).
Aggregate testing lab (materials lab)	Production of formulas for concrete and asphalt plants and testing of all aggregates from both private and government entities.
Landscaping	Maintenance of properties, cleaning of buildings sites, relocation of office furniture.

Service Performance Review and Critical Issues in 2024

The Ministry of Works continues to provide holistic support (internally and externally) to government departments with respect to the provision of goods and services, transportation, office accommodation, special projects, maintenance and repair needs for sustaining government services.

Achievements	Issues
<p><u>Roads Rehabilitation and Reconstruction</u></p> <p><u>Service Performance</u></p> <p>Maintaining quarry and concrete plant productions consistent with current projects.</p> <p>Road rehabilitation in areas such as Urlings/Cades Bay; Johnson’s Point/Crabb Hill; Darkwood/Jolly Harbour.</p> <p>Daily deployment of patching crews to repair emerging potholes on major highways and community roads.</p> <p>Undertaken extensive roads overlaying work around various sections of the island and rehabilitative work on Fort Road and Bay Street and other areas.</p> <p>Supported extensive construction and rehabilitation projects for the SIDS IV Conference 2024.</p> <p>Successfully tested an additional method for road construction – Roler Compacted Concrete Roads – for the community roads rehabilitation project.</p> <p>Supported the Second Roads Rehabilitation Project (SRIRP) funded by the Caribbean Development Bank (CDB).</p> <p>Established a media unit to communicate planned road works with the public.</p> <p><u>Organizational Matters</u></p> <p>Identified the strategic inputs to support both the existing and enhanced national roads infrastructure rehabilitation project (community and main arteries).</p> <p>Commenced streamlining functional and maintenance efficiencies for the plant (quarries and concrete) production to support roads rehabilitation works.</p> <p>Set the parameters for improved base structure for roads construction.</p> <p>Identified a training program in collaboration with the Ministry of Education to increase training of heavy equipment operators.</p>	<p>Interrupted operation of supporting plants due to inadequate supply of spare parts on hand.</p> <p>Inadequate supply of heavy equipment and operators to effectively manage multiple sites simultaneously.</p> <p>Inconsistent availability of necessary tools and equipment to support the road rehabilitation plans.</p> <p>Fragmented collaboration with APUA for road restoration after water repairs that require road reconstruction.</p> <p>Recognized intermittent coordination among patching crews.</p> <p>Procedural and operational delays affecting the progress of the Second Roads Infrastructure Rehabilitation Project (SRIRP).</p>

Achievements	Issues
<p><u>Buildings / Design & Control</u></p> <p><u>Service Performance</u></p> <p>Continued retrofitting projects for government office spaces and accommodation: ECCAA, Magistrates Court; Statistics/Census; Social Transformation (multiple offices); High Court; Magistrates Court; Jennings Playfield; Bolans Playing Field; design of all clinics; General Post Office; Ministry of Agriculture; Forensic Lab; YMCA; Sports & Culture relocation plans; Hotel Training School; LIAT 2020 Offices preparation; Surveys; Public and Police Service Commissions, NAMCO, ABDF; Army Base; SIDS IV Conference; Booby Alley Phase 2; Ministry of Works HQ improvements.</p> <p><u>Organizational Matters</u></p> <p>Revised the procedure for bill of quantities costing buildings construction projects to facilitate competitive pricing from contractors.</p> <p>Assessed internal requirements to meet government-wide office accommodation.</p> <p>Identified equipment, technical and human resource deficiencies that limit current capabilities to meet high demand for technical design and management of multiple government office renovation projects.</p> <p>Conducted an inventory of government and private office accommodation to consolidate and reduce cost associated with the rental/lease of private properties.</p>	<p>Inconsistent payment of rent complicates the landlord/tenant relationship and compromises availability of office accommodation.</p> <p>Limited ability to repair/maintain government offices; an increase of eviction notices.</p> <p>Availability of required resource tools for the Design and Control section: plotters, licensed design software, computer hardware, internet services and networking.</p> <p>Inadequate availability of personnel to manage the various functions of the Buildings section.</p> <p>Inconsistent management of leases.</p> <p>Uncoordinated, unstructured responses to government department's request for assessments, repair/rehabilitation of physical infrastructure.</p>

Achievements	Issues
<p><u>Transportation</u></p> <p><u>Service Performance</u></p> <p>Continued assessment of government vehicles (light and heavy) management.</p> <p>Commenced re-establishing routine maintenance to secure longevity of vehicles.</p> <p>Delivered coordinated transportation needs to the SIDS IV Conference.</p> <p>Reinforcement of G-plate registration to better monitor vehicle assignment and use. Vehicle use monitoring.</p> <p>Continued use of Audit stickers to improve identification and tracking of government vehicles.</p> <p>Promote driver assessment and training to promote responsible driving and reduce accidents.</p> <p>Coordinated an array of trucking and heavy equipment services to multiple project sites.</p> <p><u>Organizational Matters</u></p> <p>Reviewed organizational structure toward eliminating staffing anomalies and regularizing wages and salaries within the section.</p> <p>Noted the need for improved records and verification procedures for the assignment, use and maintenance of government vehicles and heavy equipment assigned to projects.</p>	<p>Noted anomalies in staff posts within the Transport and other sections requiring a review and regularization of staff post, wages and salaries for a stable organizational structure.</p> <p>Lack of electronic record limits the accuracy of recording and tracking fuel consumption and supplies used in maintenance.</p> <p>Require systems to improve management and lowering fuel consumption.</p> <p>Accountability measures for efficient use of light and heavy equipment.</p>

Achievements	Issues
<p><u>Procurement</u></p> <p><u>Service Performance</u></p> <p>Improved procurement procedures across the crucial functions within Accounts, Accommodation, Stores and Building Stores.</p> <p><u>Organizational Matters</u></p> <p>Assess and improve recording and dispatch procedures; track incoming and requisitioned goods; improve inventory management.</p> <p>Adjusted supervisory management of government acquisitions.</p> <p>Improved reporting lines and certification, recording systems and approvals.</p> <p>Improved inventory management and certification for government stores of materials and replacement parts.</p>	<p>High demand of items used government-wide depend on timely procurement procedures to deliver crucial items on time.</p> <p>Inconsistent supplier confidence in revised procurement procedures and payment timelines.</p> <p>Procurement coordination remains poor at some satellite stations.</p> <p>Storage areas for government supplies and goods require better security.</p>

<u>Achievements</u>	<u>Issues</u>
<p><u>Support Functions</u></p> <p><u>Service Performance</u></p> <p>Review of the supporting functions of the Ministry toward enhancing coordination between transport, equipment repair and maintenance, GIS surveys, production of aggregate production, adequate tooling and human resource training and development.</p> <p><u>Organizational Matters</u></p> <p>Identified and committed investment in training and development of employees such as Geographic Information Systems (GIS) training, adult classes, degree courses, professional and technical certification.</p> <p>Commenced the development of a training program in conjunction with the Ministry of Education to train a cadre of heavy equipment operators and encouraging the inclusion of female trainees.</p> <p>Continued review of Ministry organization structure toward developing a comprehensive assessment of professional skillset and application across administrative and professional functions.</p> <p>Active recruitment of necessary labour and specialized engineering expertise.</p> <p>Recognize need for stronger relationship with workers' Unions to foster healthy and fair working conditions.</p>	<p>Weak to moderate coordination among some functions within the Ministry.</p> <p>Noted significant anomalies in staff posts requiring reclassification commensurate with duties performed and required experience; and need for regularizing wages and salaries.</p> <p>Low interest generated for employment opportunities in technical positions (engineers, architects etc).</p> <p>Procurement practices are inconsistent and require stronger controls.</p>

Priorities and Strategies 2024 – 2025

Priorities	Strategies	Indicators
<p>Priority 1 Roads</p> <p>Execute a comprehensive roads rehabilitation and reconstruction program of main highways and community roads.</p>	<p>Apply available technical resources to roads construction.</p> <p>Employment of additional labourers to form multiple roads crews.</p> <p>Purchase and deployment of heavy equipment fleet.</p> <p>Install security personal and measures to protect the Ministry’s investment.</p> <p>Implement a zoning system consisting of five (5) zones to modernize infrastructure management.</p>	<p>Outputs:</p> <p>Enhanced technical supervision.</p> <p>Increased labour force.</p> <p>Heavy equipment for roads construction.</p> <p>Secured investment.</p> <p>Outcomes:</p> <p>Sustained roads work repairs executed simultaneously in multiple areas.</p> <p>Outputs:</p> <p>Zonal matrix of five zones</p> <p>Assigned engineers, equipment, transport labourers, timekeepers and security personnel.</p> <p>Outcomes:</p> <p>Sustainable monitoring and management of infrastructure repair within fixed zones with applied resources.</p>
<p>Priority 2 Buildings</p> <p>Streamline efficient management of office accommodation, repairs and renovation of buildings infrastructure and leases to enhance office accommodation</p>	<p>Identify government properties that can be renovated and used to consolidate office accommodation.</p>	<p>Outputs:</p> <p>Database of all government and private properties.</p> <p>Outcomes:</p> <p>Reduce number of rented properties and rental cost.</p>

made available to Government Departments.

Prioritize assessment and renovation of physical structures based on need and consequential impact.

Outputs:

Report on physical infrastructure requests assessed by national need and socio-economic impact.

Outcomes:

Structured implementation of design and renovation projects.

Track and eliminate utilities services of unoccupied, rented properties that remain on the government account.

Outputs:

Database of utility services on government account.

Outcomes:

Timely disconnections for terminated leases and reduction in utility cost to government.

Review and renew expired leases.

Outputs:

Database of leases expiry dates and terms.

Outcomes:

Timely renewals and review of terms for best price.

Institute a proactive, quarterly maintenance inspection schedule of all office accommodation.

Outputs:

Quarterly assessment reports.
Scheduled repair interventions.

Outcomes:

Preventative maintenance of all office accommodation.

<p>Priority 3 Transportation</p> <p>Improve on the deployment and management of government's transportation fleet and consumption of fuel.</p>	<p>Assessment of existing fleet prior to replacement of vehicles.</p> <p>Managing the daily use of G-Plated vehicles.</p> <p>Ascribing greater responsibility of drivers of government vehicles (personal liability for vehicular accidents where duly negligent).</p> <p>Proper training of assessed and approved drivers of government vehicles.</p> <p>Emphasis of strict adherence to all traffic laws.</p> <p>Reduce fuel consumption (gas and diesel).</p>	<p>Outputs: Vehicle Management Policy and Operating Guidelines.</p> <p>Outcomes: Effective and sustainable management of Government fleet of vehicles.</p> <p>Outputs: Verified authority and methods for fuel dispensation.</p> <p>Record of mileage used per week against assigned purpose of vehicle.</p> <p>Tagged containers for tracking bulk deliveries.</p> <p>Tagged heavy equipment based on project site that qualify for fuel.</p> <p>Outcomes: Accountable reporting and sustainable management of fuel consumption.</p>
---	--	---

<p>Priority 4 Integrated Functions</p> <p>Effectively coordinate the supporting functions of the Ministry as key inputs to the core priorities.</p>	<p>Provide tools, equipment and comprehensive maintenance schedules.</p> <p>Develop human resources training and build capacity.</p> <p>Expand procurement procedures to all procuring sections of the Ministry.</p> <p>Enhance security measures to protect government assets and investment.</p>	<p>Outputs:</p> <p>Trained and resourced workforce.</p> <p>Established supply of inputs at fair prices.</p> <p>Outcomes:</p> <p>Sustainable and secure human resources and physical assets necessary for national development.</p>
--	--	--

Conclusion

The Ministry’s priorities, strategies and indicators underscores the interrelatedness of its various functions for successful communication, collaboration, and data-sharing amongst the development stakeholders within and between sectors. The Ministry continues to strive to strengthen its core assets (physical, technical and financial) and deliver routine and critical services nationally. Notwithstanding inherent challenges, the Ministry is imbued by dedicated technical, administrative and supportive staff, sustaining its effort to achieve its priorities and sustainable outcomes toward quality infrastructural development for Antigua and Barbuda.

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

**Office of the Attorney
General and the Ministry of
Legal Affairs, Public Safety,
Immigration and Labour**

Business Plan

FY 2025

Ministry Overview

The Ministry of Legal Affairs is responsible for:-

- The Administration of Justice
- The provision of Legal Services to the Government of Antigua and Barbuda (i.e. all Government Ministries and Departments and State owned Corporations)

The Ministry comprises of the following Divisions:

- Office of the Attorney General and Ministry of Legal Affairs
- Office of the Director of Public Prosecutions
- Government Printing Office
- Land Registry Division
- Industrial Court
- High Court
- Magistrates' Division
- Legal Aid and Advice Centre
- Intellectual Property and Commerce Office
- Antigua and Barbuda Civil Registry
- Office of the Public Trustee

Vision Statement

To be an integrated Ministry with efficiently run departments, staffed by committed professionals and trained administrative personnel; providing legal services to the various Government Ministries in a timely manner; while providing effective justice by a sufficiently qualified judiciary that guarantees equality in the administration of justice.

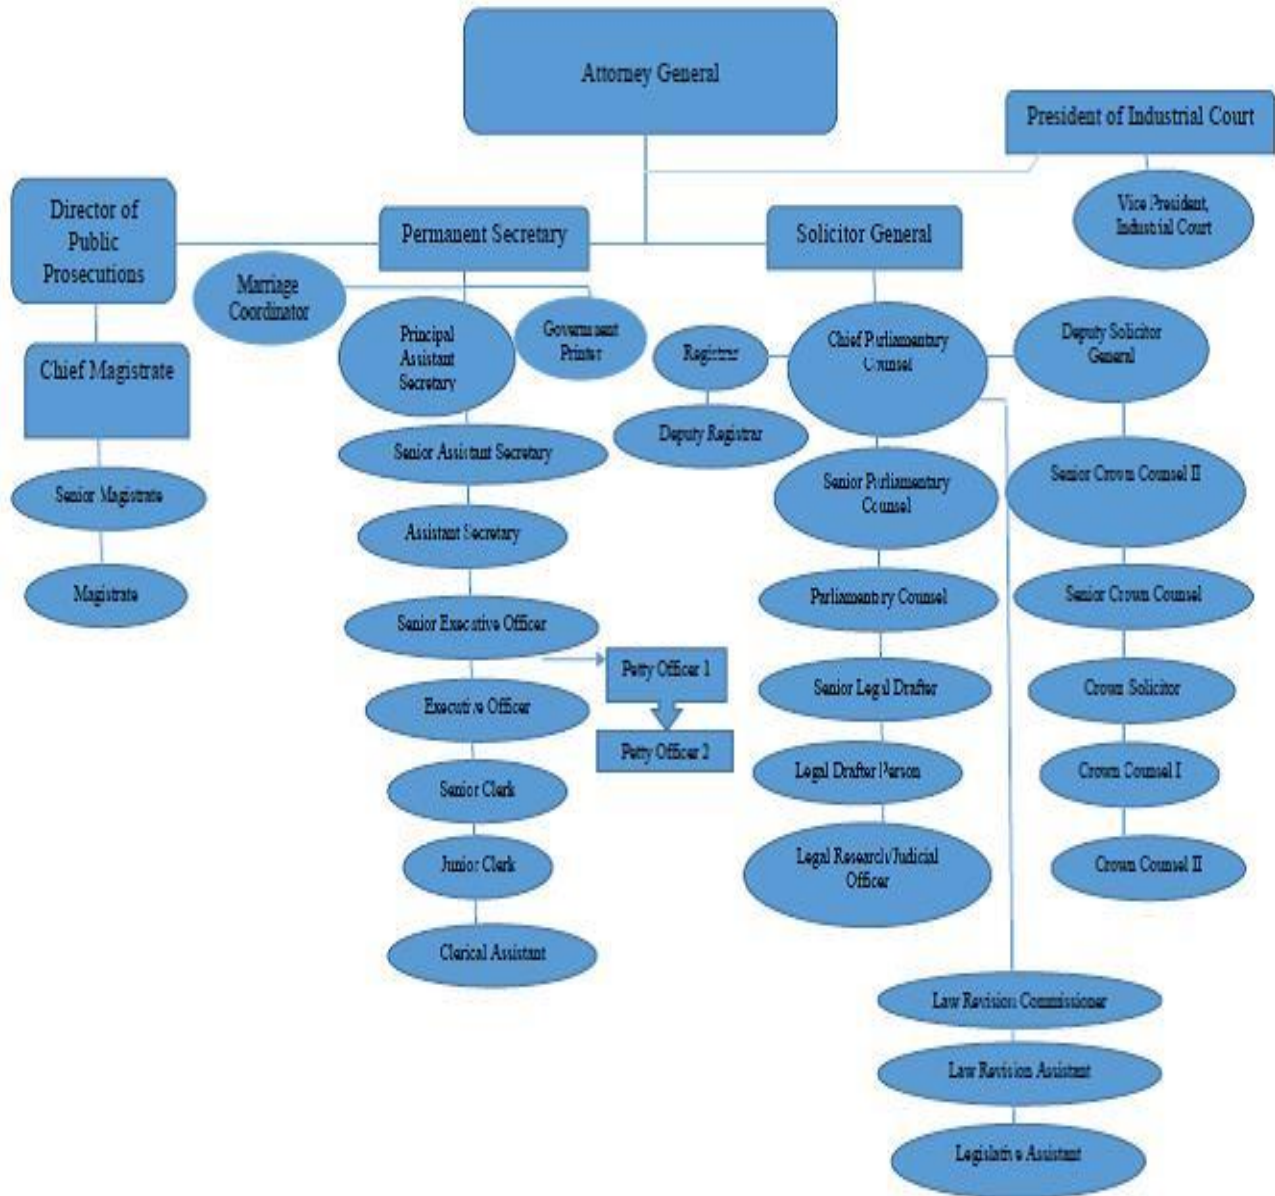

Mission Statement

To consistently deliver proficient and relevant legal services, sound legal advice, skilled advocacy and a progressive legislative agenda, dedicated to the improvement of the lives and status of the people of Antigua and Barbuda within an environment which respects the rule of Law.

The Ministry's Mandate

The mandate of the Ministry of **Legal Affairs**, Public Safety and Labour is to develop and maintain a modern legislative framework which promotes sound delivery of justice in Antigua and Barbuda. Within this legal construct, the Ministry provides legal services for all government and statutory agencies and ensures access to legal support for members of our society who are unable to finance the cost of such services; while enabling business development and providing secure records of life events for all citizens, residents and visitors.

ORGANIZATIONAL CHART

Services Performance Review and Critical Issues

Achievements

Attorney General's Chambers:

For the past several months, the Legislative Drafting Unit has been focusing on addressing legislations that are critical to the Organization for Economic Cooperation and Development's (OECD) assessment of Antigua and Barbuda, in respect tax transparency and cooperativeness.

In or about October 2023, Antigua and Barbuda was black-listed by the OECD as being a non-cooperative jurisdiction in relation to international standards for tax transparency. The reasons given for this rating, also highlighted several shortcomings in the legislative framework governing reporting requirements, access to information and knowledge of beneficial ownership. As a result of these findings, several principal legislations governing reporting of corporate and business activities were amended.

Additionally, amendments were done to the Prevention of Terrorism Act 2005 and Parliament also passed the Weapons of Mass Destruction (Prohibition and Non-Proliferation) Act 2024, both aimed at strengthening and improving the overall legislative framework to support the fight against terrorism and terrorist financing. As a result of these efforts, Antigua and Barbuda was removed from the blacklist, pending demonstration of the effective implementation of the laws.

The Legislative Drafting Unit was also instrumental in strengthening the legislative framework in support of local crime fighting via amendments to the Firearms Act, the Magistrate's Code of Procedure Act and the Anti-Gang Act. The Anti-Gang Act aims to deter children and young adults from becoming involved in gang related criminal activities, and provides stringent penalties for persons who recruit, finance and harbor gang members. The Small Charges (Amendment) Act 2024 prohibits loitering of children and sets a 10:00pm curfew for children; thereby requiring them to be in the company of a parent or guardian if they are in any public place after 10:00pm.

For the upcoming Legislative year, priority will be given to amending legislations that will come under the scrutiny of the Financial Action Task Force (FATF) as Antigua and Barbuda prepares for its Mutual Evaluation in or around 2026.

Sale of the M/Y Alfa Nero

The M/Y Alfa Nero has been docked at the Falmouth Harbour since early March, 2022. On the 2nd August, 2022 Andrey Grigoryevich Guryev, his son Andrey Andreevich Guryev and the Alfa Nero were designated for US Government sanctions which results in a criminal offence for these persons to utilize the US financial system or engage in commercial or financial transactions or other activities related to the Alfa Nero.

On the 19th August, the Court made an order to seize M/Y Alfa Nero, search and to restrain the Captain from removing the M/Y Alfa Nero (Vessel) from the territorial waters of Antigua and

Barbuda. Thereafter, on or around 26th August, 2022 the Central Authority and the Attorney General obtained a court order to release the vessel.

The Port Authority (Amendment) Act 2023 was duly passed in Parliament in the House of Representatives and the Senate on 16th March, 2023 and 20th March, 2023 respectively and assented into law by the Governor-General on 20th March, 2023. The Port Authority (Amendment) Act 2023 was subsequently published in Gazette No. 18 dated 20th March, 2023. It was published in Gazette No 18 of the same date. The express purpose of the Act was "to make provision for the better security of harbours and Ports throughout Antigua and Barbuda and for other incidental and connected matters".

Relevant sections of the Port Authority (Amendment) Act 2023

1. That Act introduced section 38A to the Port Authority Act 1973.
 - i. Where for any reason, a ship or other seagoing vessel has been seized, detained or abandoned in any Antigua and Barbuda harbour or near any Antigua and Barbuda harbour or tidal water, the Port Manager may-
 - (a) take possession of the ship or other seagoing vessel; and
 - (b) subject to subsections (4) and (5), sell the ship or other seagoing vessel by public auction or private treaty, provided the sale is not to a sanctioned individual or entity or a person suspected of being involved in criminal activity."
2. Section 38 A (5) of the **Port Authority (Amendment) Act 2023** confers power on the Port Manager to seize, and sell a vessel under a number of circumstances. Section 38 A (5) provides:

"The Port Manager shall, before exercising the power under sub-section 1, satisfying himself that the ship or other sea going vessel to be sold –

.....

- (d) has been abandoned; and*
- (e) the vessel, if left in its current state –*
 - I. will deteriorate or further deteriorate*
 - II. is or is likely to pose a threat to the safety or security of the vessel 2 and other vessels in the harbour;*
 - III. is causing or is likely to cause environmental damage in the harbour and its surrounding areas; or*
 - IV. is or is likely to pose a threat to human health and safety."*

Actions taken by the Port Manager

3. The Port Manager duly complied with the provisions of the Amendment Act when he issued the declaration of seizure, and notice of sale based on the evidence before him which showed, that the vessel was, among others: (i) not being maintained by the owners; (ii) not insured;(iii) de-registered (iv) required parts, and as a result, leaks occurred which caused the leaking or dumping of untreated sewage in the ocean, and fire extinguishers and fire pumps could not be maintained. As a result, if the Alfa Nero remained in the harbour in that condition, coupled with the likelihood of further deterioration, there existed a real risk of environmental damage in the Falmouth Harbour and its environs, human health, and persons using, working in or living at the harbour.
1. As a result of the Port Manager seizing the vessel and giving a notice of intention to sell the same, on around 2023 a number of claims were filed in the High Court, Court of Appeal and Privy Council. The owner of the vessel Flying Dutchman Overseas Ltd filed a judicial review and constitutional claim in the High Court. Mrs. Yulia Gurieva-Motlokhov who claims a beneficial interest in the vessel also filed a constitutional claim in the High Court. The trial for these matters are set down for November 19th to 22nd November 2024.
2. It should be highlighted that both claimants filed separate interim applications for an injunction in the High Court to stop the sale of the vessel on 22nd May, 2023 and 15th June, 2023. The High Court dismissed the Applicants' application for an Injunction on 8th June, 2023 and 29th June, 2023. Flying Dutchman Overseas Ltd appealed directly to the Privy Council an on 19th July, 2023, it dismissed the Flying Dutchman's appeal.
3. Mrs. Gurieva-Motlokhov appealed the decision of the High Court on 12th July, 2023 and on 22nd November, 2023 the Court of Appeal dismissed the appeal. She further sought permission from the Court of Appeal 12th December, 2023 to appeal to the Privy Council and that application was denied on 29th April, 2024.
4. In essence, the Courts have ruled (right up to the highest Court of the land) in favour of the Government having the right to sell the vessel and this was through highly contentious litigation with the legal team having little time to prepare because of the urgency of the matters.

Office of the Director of Public Prosecutions (DPP)

For the period under review - July 2023 to June 2024 the Office of the Director of Public Prosecutions (DPP) continues to deliver excellent services to members of the public, whose matters came before the criminal courts in the prosecution of matters. The office continues to strive to meet its goal for case disposal rate of 80% of cases which are scheduled for hearing in the High Court. This has resulted in improved investigation methods, which have yielded successful outcomes in the courts. The prosecutors in the Office of the DPP, have been appearing in the Magistrates' Court, High Court and Court of Appeal; and have performed commendably in most cases.

High Court

On 4th October, 2024 the launch of the Criminal module of the E Litigation Portal was held and this will assist greatly with the processing of criminal matters. Training in respect to the new module, was held for the Judges, Registrars and staff, prior to the launch.

The High Court is now well equipped for all video conferencing and all courtrooms have the required technology. The addition of a Network Technician to assist the Information Technology Manager, has proven to be a tremendous benefit.

Family Court

The process with the Transitioning of the Maintenance Collections Account continues; and full implementation is expected to be completed in 2025. This will give the Family Court full autonomy, in respect to the Maintenance and Collections Account.

Intellectual Property and Commerce Office (ABIPCO)

The Intellectual Property and Commerce Office (ABIPCO) has enjoyed significant progress and aims to continue to do so. The goal is to ensure that the Registry updates its legislation, provide electronic services, deliver services in a timely and professional manner, and improve the overall ease of doing business in Antigua and Barbuda.

- Major achievements have been realized for attainment of the goal for electronic services for business names and companies. A substantial amount of data have been entered into the system and data cleansing is ongoing. The Registry received a donation of equipment from the Organisation of Eastern Caribbean States (OECS), which will greatly assist with the offering of electronic services.
- ABIPCO secured funding from Compete Caribbean to assist with launching of a new website and assistance for continued work on the new internal system and online companies' registry system, which will be launched in 2025. All forms, laws and other relevant information which the Public requires, in respect to the services which the department provide, are available on the website.
- The Online Companies Registration System (OCRS) has been implemented and continues to be a work in progress. The electronic filer initiative of the World Bank, was recently implemented. All cases are filed manually but are entered and processed through the system. In addition, all certificates and payments are recorded through the system. The OCRS will be a mitigating factor in disasters and will improve the way of doing business in Antigua and Barbuda.
- ABIPCO's new website which was funded by Compete Caribbean has been launched. This medium will assist in marketing the services of the department and provide information to stakeholders of the Registry. Forms, fees, relevant legislation and treaties are available on

the website. Electronic services, which will include a search function, will also be available on the site.

- A Stakeholder’s Committee has been formed to support the Compete Caribbean “One Stop Shop” Service. This has been extremely beneficial to the project, and removing the Board of Education’s registration from the Business Registration process. Social Security will now absorb the registration requirements of the Board of Education.
- ABIPCO hosted a seminar entitled: “Lunch and Learn – Understanding the Laws of Non-Profit Companies”. This seminar aimed at demystifying the obligations and understanding the roles of non-profit companies, in combating the financing of terrorism (CFT) This seminar was hosted in collaboration with the Office of National Drug and Money Laundering Control Policy (ONDCP), Grant Thornton and the Environmental Awareness Group. Over sixty (60) participants attended this workshop, virtually and in person. The session was very well received and it featured one of the many initiatives which have been implemented to increase awareness of the obligations of companies, following their incorporation.
- In tandem with the Lunch and Learn Seminar, the office hosted, three iterations of the Library Drop-in initiative. These were held on May 21, June 26 and July 25 2024 at the National Public Library. This initiative offered a consultation opportunity for companies with the office to assist in understanding their legal obligations and roles in combating the financing of terrorism. This activity preceded the amendment of the Companies Act 1995.
- The upgrade to the cloud is a direct result of the executed Technical Cooperation with the World Intellectual Property Organisation (WIPO) and the Government of Antigua and Barbuda. This will assist us with offering of electronic filing.
- Installation and utilisation of the Method of Procedure (MOP) software to electronically send documents back to the WIPO. This procedure is utilized in processing International Trademark information.
- The successful registration of the first three collective trademarks from the Antigua and Barbuda Beekeepers Co-operative, Antigua and Barbuda Wildflower and Barbuda Logwood honey. This was a result of a project with the World Intellectual Property Organisation, ABIPCO and the Beekeepers Co-operative.
- This successful project led to an exhibition at this year’s General Assemblies and the office participated in a roundtable discussion with WIPO Antigua and Barbuda Beekeeper’s Co-operative on the topic of its Trademark Project. This opportunity afforded the Office the display of the Antigua and Barbuda’s first registered Collective marks, our beautiful twin-island state and the project as a whole. This display featured staff of ABIPCO, the president of the Beekeepers Co-operative and a member from Barbuda. It was extremely well attended. Stemming from this project the Madrid system will be used to increase protection.

Antigua and Barbuda Civil Registry

The Civil Registry continues to process applications for life events certificates and rectification of the associated records in a timely manner. The timeline for the issuance of the certificates was changed from three (3) working days to two (2) working days at the beginning of the year for regular applications. Urgent or emergency applications are processed forthwith, once authorised by the Registrars or persons delegated to give such authorisation.

Outreach Activities

The Registry embarked on several outreach seminars in 2024. A special session on the registration of deaths under the heading “Death: Notification to Interment” was held in May, 2024 targeting Magistrates and their support staff, the Police and the relevant officers in the Criminal Investigation Department (CID), the Registration and Administrative Departments at the Sir Lester Bird Medical Centre (SLBMC), the Pathology Department, and funeral homes. The participants were taught the new process of notification of natural and unnatural deaths; who is responsible for notifying the Registrar; and information and supporting documents that are required to be filed before a record of death is created.

The implementation of the new forms and processes after the session, has had its challenges, since in some instances, the persons who were trained were either not able to impart the knowledge to their colleagues or did not do so accurately.

As a matter of priority, there will be an increase in outreach workshops for the relevant stakeholders, particularly with those who would have participated in the series of online workshops, which were held in 2021. As the Registry moves towards implementing the new forms and rules governing procedures, in compliance with the law, preparation and training of the relevant stakeholders will be critical.

Additionally, in commemoration of the fifth (5th) Anniversary of the establishment of the Registry, a series of campaigns, will be held, to sensitize the public, in relation to the new certificates which will be issued in 2025 and the associated requirements. The activities will include; the issuance of flyers, the launch of the website, media blitz, and an educational float to be on display during the carnival celebrations.

The Land Registry

The Land Registry became the repository of Antigua’s land records following the introduction of the registered land system in 1975. The Registry receives and processes all registrable documents and applications relating to land. In 2005, the Landfolio software was introduced to the Department, which allowed it to process instruments and applications electronically for the first time. Among the system’s capabilities is the capacity to generate reports and store copies of every document filed via the network since 2005.

The long-awaited upgrade of the Landfolio software from version II to version VII took place in the second quarter of 2024. The system is dissimilar to the former version, and as a result of the system provider's change in ownership, the maintenance fee structure has changed, to incorporate not only the Land Registry but also the Survey and Mapping Division and the Inland Revenue Department. This has resulted in an increase in the annual fees.

Legal Aid and Advice Centre

The Legal Aid & Advice Centre has increased its workload in meeting the legal needs of the citizenry. During the year 2024, the department processed ninety-three (93) matters and was able to complete thirty-five (35) to date. At present there are fifty-eight (58) active matters falling under the areas of Divorce Proceedings, Landlord and Tenant actions, Domestic Violence Proceedings, Negligent Driving, Personal Injury, Non-contentious Probates, and Child Maintenance/Access matters to name a few. The Department approaches the year 2025, with sheer optimism, and will continue to perform with the same vigor, passion and determination thus exceeding the standards set in 2024.

The Industrial Court

Between June 2023 and June 2024, the Court recorded 53 new case filings. During this period, there were 120 sittings, including 33 Hearings, 28 Trials, 20 Ex parte Trials, 1 Case Management Conference, 3 Pre-Trial Reviews, 4 Reports, 4 Contempt Proceedings, and 27 Deliveries of Judgments.

The Court's provisional website is continuously being upgraded, with the latest enhancement being a search engine, which is designed to quickly locate online Industrial Court Judgments.

Office of the Public Trustee

The Office has assisted in providing basic advice and information to persons, and to departments, in connection with the purposes of the Office. Representation by the Office has also been requested in three legal matters to date (High Court and Magistrate Court levels) in which the Office was named as a Party to the action.

ISSUES

The Land Registry

The most significant challenge since Land folio's inception in 2005 is the upgrade from version II to version VII. Spatial Dimension acquired Trimble in 2023, and as a result, the relationship between the Registry and the service provider has significantly changed.

The High Court

The single most impactful matter on the department has been the accommodation of the Family Court at the High Court, which commenced in February 2023, for an initial period of three (3) months. This arrangement is now indefinite, and is negatively impacting both Courts. A second Jury Room was scheduled to be completed in 2023 but this has not materialized, since the Family Court is occupying the space which is required for the Jury Room.

- Similarly the Civil Master's Chambers was scheduled to be completed in 2023 but the Master has not been able to move into this space because his chambers is serving as a temporary second jury room;
- The High Court lost several productive hours in 2023 and into 2024 because the staff of the Family Court were unhappy with their accommodations at the High Court.

Office of the Director of Public Prosecutions

While there is a complement of seven attorneys, it is still insufficient to have the efficient prosecution service which is required for Antigua and Barbuda, particularly because half of the complement do not possess the required experience to be assigned complex matters. This means that the burden cannot be equally distributed and certain officers are enduring the work of more than one person. The following issues need to be addressed urgently:

- 1) The Appointment of a Director of Public Prosecutions (DPP)
- 2) The hiring of at least one more counsel with at least 7 years' experience in prosecutions

There is a need for a digital case management system which can be shared with the police and the ONDCP to create a more efficient way of sending and receiving case files for review and advice and the overall management of cases more efficiently. Also, such a system could consolidate the various electronic databases which currently exist in the office.

The Criminal Prosecution Service Act, 2017 came into effect in 2021 and it provides for both the attorneys of the Office of the DPP and the police prosecutors to be governed by the same office.

In fulfilling the mandate of the Act, there is a requirement to have the full complement of staff housed in the same building. This will also allow the DPP to have the proper oversight of all prosecutions as contemplated by the Act. In that regard, there is the need for more office space to allow for such an accommodation. There is the need for the allocation of additional resources to allow for online subscriptions to libraries, to assist in research and preparation

of submissions for the various courts. Antigua and Barbuda is scheduled for evaluation by the Caribbean Financial Action Task Force (CFATF) in 2026. To ensure that the country performs well and is found to be compliant with the CFATF's recommendations and goals, it will become necessary for the prosecutors in the office to receive training in certain technical areas of the law.

There is a great deal of work to be completed between now and then, and the office needs as much assistance as it can receive. This will require facilitating certain meetings; particularly with the Regional Security System Asset Recovery Team. Therefore, it would be necessary to have the allocation of funds for these purposes. Such trainings and initiatives should be an annual expense in order to develop the capabilities of the staff and the office as a whole, not only close to the time when that evaluations take place or to react to a situation which has occurred. Storage space is very limited, given the number of files, depositions and other documents which require storage.

STAFF

The Office of the Director of Public Prosecutions, strives to fulfill its mandate in less than ideal conditions, particularly in respect to the shortage of competent and driven prosecutors. Some notable achievements over the past year are as follows:

1. There are seven (7) attorneys, including the acting Director of Public Prosecutions (DPP) employed in the office. Mr. Paulio Williams joined the office as Crown Council II in September 2023 and has been a valuable addition to the Department.
2. The victim Care Unit continues to function although another care officer is needed to replace Ms. Elizabeth Phillip who has been transferred to the Ministry of Foreign Affairs.
3. Mr. Curtis Cornelius has completed his course of study, and has been awarded a Master's Degree in Criminology. He will be able to share the knowledge and experience gained with the other attorneys and make proposals on how it may be implemented for the benefit of the office.
4. Several members of the administrative staff received acting appointments for senior positions.
5. The post of Petty Officer I was added to the administrative staff and Ms. Dimple Anderson has been recommended to fill that post which allows for upward mobilization.
6. The office also gained an additional administrative officer who is serving as an acting Junior Clerk. The additional staff allows for the even distribution of work and ensuring that there is sufficient staff when persons have to proceed on leave.
7. Training of Interns- There were two (2) interns attached to the Office in June to August, 2024. This annual programme, facilitates the training of law students from The Antigua State College and The University of the West Indies. These students were able to gain

practical experience by conducting research, reviewing real cases and attending court to see the “law in action”. They have reported that their experiences have been invaluable and will aid in their studies as they conclude their courses.

Civil Registry Division

The Registry Staff have maintained a high rate of productivity from the start of 2024 even amid persistent challenges such as loss of valuable officers, delay in the appointment of officers, and the shortage of computer systems which utilise the current software and have adequate storage space. Persons continue to submit verbal and written commendations of the staff for their hard work and the quality of the customer service they not only experienced but experienced consistently.

By July 2024, the substantive Deputy Registrar returned to office, two (2) persons were appointed to act as senior clerks, one (1) additional senior clerk was transferred to Registry, and three of the trainees have resigned from the Registry after waiting two (2) years for their appointments. To date, five (5) trainees have been interviewed by the Public Service Commission and it is hoped that their appointments will be received before the end of the year. Two trainees were appointed as Office Attendants (Office keeping duties), non-established. The Registry is currently awaiting responses to other recommendations that were made in 2023 for promotions.

On December 7, 2023, the Registry held its first staff retreat and its second annual Staff Awards under the Theme “Becoming/Being an Asset”. This was a follow-up to the week of sessions/activities on the said theme that were held in September as part of the anniversary activities. These activities and training sessions usually coincide with the anniversary of the Registry which was officially established on September 25, 2020.

To ensure that the staff remains current with procedures and changes to the system, a series of in house training were held during the period February to April 2024. Active cases were given to the staff to identify and solve the issues with applications and the records. These sessions succeeded in enhancing their knowledge of the respective procedures and legal provisions applicable to all major processes within the Registry.

A special training exercise was held at the end of April 2024 for the supervisors, the focus of which was the examination of the role of a supervisor, and the different leadership styles to determine the most effective style applicable for the Registry. Part 2 of this session will be held during the last quarter of 2024.

The Division’s annual Customer Service training was held on 25th September 2024, under the theme, “Being the Ideal Employee”. The members of staff were given the opportunity to work as a team to accomplish different tasks and they had the opportunity to identify the success and setbacks of the Registry since its establishment. The groups listed the things/actions that should “Stop, Start, and Continue”. The object of this exercise was to create professional development goals for the Registry to be accomplish in 2025 and to track the progress at various stages. The takeaway from this exercise is that the participants have given their commitment to ensuring that these goals are achieved.

In 2025, the number of workshops and in-house training for staff will increase in preparation for the additional services that will be rendered as prescribed by law; and the re-start of the digitalization project.

ABIPCO

- The provision of uniforms has had a positive impact on the morale of the staff. For a department that interacts constantly with the public, this is of great value.
- Several new positions have been created to facilitate staff advancement. This will build staff morale and provide more opportunities for personal development.
- The persistent non-payment to vendors creates difficulties for planning and execution of planned activities and programmes.
- The lack of physical space is a longstanding issue at ABIPCO. The Office is in dire need of a filing room to house documents and a room for Information Technology equipment to house our server and other hardware. This issue negatively impacts work processes and how compliance matters are conducted.
- The inability to secure payments from the Treasury remains a problem. The Registry is still awaiting payment for seven computers which were approved in 2022 budget. In addition, many documents and files are being stored on the floor, as a result of the inability to obtain the required funds from the Treasury to effect payment for filing cabinets.

ISSUES

Full computerization of the Family Court

Accounts department - The accuracy of the accounting records in relation to the maintenance accounts are important in order that compliance with orders of the court can be verified. The computerization of the process will allow the court to perform this function more efficiently.

- a. Other member of staff – Base on the nature of work performed by the family court staff, it is crucial that all members of staff be assigned a computer to effectively carry out their duties.
2. Provide digital and online banking services in relation to the maintenance and collections accounts

Online banking will provide an ease to all parties involved. Businesses that are required to make payments to the court will be able to do so through direct deposits; and payments made into the court can also be deposited directly to the beneficiary's account, by the court office.

3. Facilitate appropriate intervention for children in conflict with the law in accordance with the provision of the Child Justice Act.

An appropriate facility should be identified to accommodate the secure housing of children in conflict with the law. For children not attending high school provision be made for that child to attend ABICE free of cost.

4. Purchase of vehicle for the Family Court

The Family Court is in dire need of a vehicle to assist in its day to day functions. The vehicle in use presently cannot be driven at any time during a downpour of rain. The windshield wiper has fallen off due to severe rust. The entire body of the vehicle has rusted which include the hood that houses the engine and also the flooring. The left doors are unable to open, the windows are unable to wind down. There is a crack also in the windscreen.

Government Printing Office

The building which houses the Government Printing Office continues to disintegrate, with no apparent effort to remedy this substandard work environment. It is unacceptable for staff to be operating in such deplorable condition. The bathrooms are not for use by staff and the entire physical environment is deplorable.

The Ministry continues to make representation for improvement in the physical working environment at the Government's Printing Office.

Priorities	Strategies/Accountable Institutions	Indicators
<p>Priority 1</p> <p>Construction of facility to accommodate the Family Court. The Family Court is a pilot project for the Eastern Caribbean.</p>	<p>Finalize drawings for the facility.</p> <p>Secure funding from the Caribbean Development Bank for construction.</p> <p>Complete all tendering and procurement processes by June, 2024.</p> <p>(Ministry of Finance) (Ministry of Legal Affairs) (Ministry of Works)</p>	<p>Outputs:</p> <p>Approval of loan by the Caribbean Development Bank.</p> <p>Award of contract to successful contractor.</p> <p>Outcomes:</p> <p>State of the art facility to accommodate the Family Division of the High Court.</p>
<p>Priority 2</p> <p>Establishment of the Office of Public Defender to assist persons who are charged with criminal offences and are unable to finance the cost of legal representation.</p>	<p>Identify accommodations for operations of this office.</p> <p>Appointment of an appropriately qualified attorney as Public Defender, along with supporting staff.</p> <p>(Ministry of Legal Affairs) (Legal Aid and Advice)</p>	<p>Outputs:</p> <p>Accommodations secured and aptly outfitted.</p> <p>Appointment of Public Defender and supporting staff</p> <p>Outcomes:</p> <p>Office of Public Defender established.</p> <p>Noticeable reduction in the number of persons who are left without legal representation when being charged with criminal offences.</p> <p>Visible enhancement of the system of Justice in Antigua and Barbuda.</p> <p>Improvement in legal services offered by the Legal Aid and Advice Centre.</p>

<p>Priority 3</p> <p>Digital Banking for disbursement of funds from the Child Maintenance Account</p> <p>Online for</p>	<p>Make the necessary requests/arrangements with the Ministry of Finance, the Treasury Department and banking institutions to provide the service.</p> <p>Provide easy access to timely and well defined information and guidance to clients.</p> <p>Set an achievable timeline for implementation</p> <p>(Ministry of Legal Affairs, Ministry of Finance, Treasury Department and Family Division of the High Court)</p>	<p>Output:</p> <p>Electronic Disbursements from the Child Maintenance Account.</p> <p>Outcomes:</p> <p>Staff who are currently assigned to preparation of cheques and related physical documents assigned to others tasks.</p> <p>Significant reduction in the number of persons visiting the office.</p> <p>Easy access to funds by clients.</p> <p>More efficient accounting processes and procedures.</p>
<p>Priority 4</p> <p>Digital Court Recording System for the Magistrates' Court</p>	<p>Provision of funding for purchasing of the recording equipment.</p> <p>Provide the necessary training to Magistrates, staff and operating and maintenance personnel</p> <p>(Magistrates' Court Treasury Department Ministry of Information)</p>	<p>Output:</p> <p>Installation of recording equipment at the Magistrates' Court.</p> <p>Requisite training for Magistrates, staff, operating and maintenance personnel.</p> <p>Outcome:</p> <p>Bona fide Record of all court proceedings.</p> <p>Access to reliable information from court records for submission to the High Court as may be necessary.</p>

		Reduction in errors which occur in hand written notes.
Priority 5 Implementation of Filing Fees at the Industrial Court	Make the necessary Request to the Cabinet for authorization for introduction of Filing Fees	Generation of revenue to be paid into the Consolidated funds
Priority 6 Secure storage for most of the Departments: Headquarters, Dpp, Land Registry, Civil Registry, Land Registry, Magistrates' Court	Liaise with the Ministry of Works Department for the purchase of 40ft containers	Security of Documents Easy Retrieval of Important Documents Secure space for documents and other important government property.
Priority 7 Computerization of Maintenance, Civil and Criminal records payments.	Liaise with IT department to secure computers.	Outputs: easy access to information Outcomes: Time efficiency and reduction in human error.
Priority 8 To review and consolidate the existing body of laws, to ensure that they are current, coherent, and accessible. The Revision will cover Laws passed between 1992 to 2021.	Engage relevant stakeholders in respect to those legislation which will be reviewed to ensure that the critical areas are Addressed. Shedule consultations at least two months prior to the target date for review of each legislation, to allow for a coordinated approach to information sharing.	1. Outputs: Finalize drafts and obtain approval. Making the necessary finances available for the Law Revision Centre to assist in completing, consolidating and formatting of the remaining laws and proofreading of laws already consolidated and

		<p>formatted. Ongoing Review: Establish a mechanism for continuous review and updating of laws to ensure they remain relevant and effective.</p> <p>Outcomes: Publication and subsequent, approval of the final revised version of the laws, by the Honourable Attorney General for publication.</p> <p>2. Dissemination:</p> <p>Publish the revised and consolidated laws, making them available to the public and legal professionals both in printed volumes and online for a fee where necessary.</p>

LABOUR DEPARTMENT
ANTIGUA AND BARBUDA

Ministry of Legal Affairs, Public Safety,
and Labour Headquarters

Business Plan

For the FY 2025

Ministry Overview

In Antigua and Barbuda, the Ministry of **Public Safety and Labour** is responsible for:

- The prevention, detection and prosecution of crime.
- The maintenance of law and order.
- Enforcement of laws.
- The maintenance of industrial peace.
- The enforcing of the law relative to the health, safety and welfare of employees.
- Labour dispute management and mediation.

The Ministry comprises the following Departments, Division and Units:

- **Ministry Headquarters – Public Safety and Labour** ○
 - Policy Research and Development Unit (**PR&DU**) ○
 - Project Support and Implementation Unit (**PS&IU**) ○
 - Trafficking in Persons (Prevention) Committee (**TIPPC**) ○
 - Trafficking in Persons (Prevention) Unit (**TIPPU**)
- **Antigua & Barbuda Forensic Services (ABFS)** ○
 - **Labour Department** ○ One
 - Stop Employment Centre (**OSEC**) ○ Work
 - Permit (**WP**) ○ Free Movement Committee (**FMC**) ○ New
 - Work Experience Programme (**NWEP**)
- **Royal Police Force of Antigua and Barbuda (RPFAB)** ○
 - Forensic Evidence Recovery Unit (**FERU**) ○ Regional Cyber
 - Investigation Laboratory (**RCIL**) ○ Sir. Wright F. George
 - Police Training Academy (**SWFGPTA**) ○ Antigua &
 - Barbuda Fire Department (**A&BFD**)
- **His Majesty's Prisons (HMP)**

Vision

Enforcing and maintaining security and creating a system of justice and fair play within the borders of Antigua and Barbuda.

Mission Statement

To provide a safe, twin-island state where residents and visitors are assured that the laws of Antigua and Barbuda will be executed impartially as they relate to National Security and Labour.

•

Service Performance Review

Introduction

The Ministry of Public Safety and Labour is dedicated to enhancing service delivery and ensuring public safety through collaborations with local, regional, and international agencies. In 2024, these improvements in service delivery fostered greater public confidence in law enforcement, contributing to a reduction in crime rates.

Key Initiatives

- **Training and Capacity Building:** Staff engaged in various training seminars covering critical areas such as cybercrime, trafficking prevention, labour relations, and strategic management. Additionally, the Forensic Services Unit received upgrades to its Biology and Chemistry laboratories from China, with plans to expand operations to include ballistic services.
- **Industrial Relations:** The industrial climate remained stable, thanks to effective collaboration and mediation between trade unions and employers, bolstered by new legislation.
- **Police Academy:** The Sir Wright F. George Police Academy, now based at the former American Navy Base, has begun recruit training for both Regular and Fire services. The Cabinet of Antigua and Barbuda has approved renovations for the Training Academy.

Ministry Headquarters - Public Safety and Labour Policy Research and Development Unit (PR&DU) & Project Support and Implementation Unit (PS&IU)

The Ministry of Public Safety and Labour is the government entity charged with ensuring the public security of Antigua and Barbuda and overseeing the implementation of the areas of responsibility that fall under the portfolio of the Minister of Justice, Legal Affairs, **Public Safety and Labour**.

The Government of Antigua and Barbuda places high priority on safety and national security and this is indicative of the significant allocation that is made to the Ministry's annual budget and the recent initiative undertaken by the Prime Minister.

The Ministry has policy oversight for the major agencies in the country that are responsible for ensuring law and order, security, corrections, and Labour relations. They are the Royal Police Force of Antigua and Barbuda, the Antigua and Barbuda Fire Service, His Majesty's Prisons, the Antigua & Barbuda Forensic Services (ABFS), Trafficking in Persons (Prevention) Unit and the Labour Department.

It is well known that the security agencies that fall within the Ministry are party to many regional and international agreements and treaties, which require strict adherence to implementation, management, monitoring and reporting standards.

Administration

The Hon. Sir Steadroy Olivero Benjamin, Attorney General and Minister of Justice, Legal Affairs, Public Safety and Labour, is the head of the Ministry and exercises general direction and control over the Ministry. The Permanent Secretary, Mrs. Joan Carrott, is the Chief Administrative/Accounting Officer responsible for the supervision of the Ministry, human resources, accounting matters and the daily implementation of the government's policies and programmes.

The Ministry currently has a staff complement of twenty-seven (29) comprising of senior administrative team, executive officers, accounting officers, executive secretaries and clerical and support staff – this comprises Established and Non-established.

To maintain a cohesive team and enhanced performance, the Ministry places emphasis on staff development and training at all levels of the organization through attendance at meetings, conferences, seminars and workshops locally, regionally and internationally.

Core Responsibilities

Support Services: Assist various departments, divisions, and committees.

Partnerships: Collaborate with local, regional, and international agencies to enhance public service.

Law Enforcement: Ensure impartial enforcement of laws related to National Security and Labour relations in Antigua and Barbuda.

Boards, Committees, and Councils

The Ministry is supported by several committees, including:

- **Prisons Visiting Committee (PVC)**
- **Police Service Commission (PSC)**
- **Trafficking in Persons Prevention Committee (TIPPC)**
- **National Labour Board (NLB)**
- **Economic Recovery Committee (ERC)**
- **Labour Taskforce Recovery Committee (LTRC)**
- **Free Movement Committee (FMC)**
- **National Tripartite Council (NTC)**
- **Firearm Licensing Committee (FALC)**

Priority

The Ministry aims to improve safety, efficiency, and accessibility for citizens through key initiatives.

Key Initiatives

- **Border and Citizen Security:** Enhance security for citizens and borders.
- **Support for Departments:** Provide necessary resources to ministry divisions.
- **Forensic Services Enhancement:** Strengthen forensic services to aid law enforcement.
- **Labour Department Expansion:** Open a new office in Barbuda and refurbish the Antigua office.

-

- **Modernization:** Improve efficiency and accessibility across the ministry.
- **Digitization:** Transform record-keeping through digital methods.
- **Revenue Collection:** Implement advanced systems for government revenue.
- **Staff Training:** Provide training on new technologies for improved service delivery.

Future Plans

The ministry plans to establish:

- Policy Research and Development Unit
- Project Support and Implementation Unit

Additionally, it aims to streamline administration and enhance collaboration with international agencies for better resource management.

Critical Issues

- **Health and Safety:** Ensure compliance with health protocols for staff.
- **Document Management:** Digitize Work Permit forms to reduce storage needs.
- **Forensic Services Space:** Acquire and retrofit additional space for forensic services.
- **Prison Rehabilitation:** Address the urgent need for improvements in His Majesty's Prisons.
- **Staff Recruitment:** Focus on hiring qualified personnel for various departments.
- **Ministry Image Revamp:** Modernize the Ministry's image in line with technological advancements.
- **Fire Brigade Structure:** Draft a new fee structure and construct a new fire station.
- **Police Station Renovation:** Renovate the St. John's Police Station.

Trafficking in Persons (Prevention) Committee (TIPPC) & the Trafficking in Persons (Prevention) Unit (TIPPU)

The Unit is focused on combating human trafficking through ongoing monitoring and sensitization efforts, including quarterly workshops. To enhance its capabilities, it requires adequate resources and currently employs a small team, including a Director and support staff.

Responsibilities

The Unit is tasked with:

- Conducting preventative education and awareness activities.
- Collaborating with law enforcement to identify, rescue, and protect victims, as well as investigate and prosecute offenders.
- Offering workshops for frontline officials, including Department of Labour and Immigration and Customs Officers, to enhance their training and awareness.
- Technological Advancements
- To improve the effectiveness of the Cases Task Force:

The Unit has acquired recording equipment for interviews, aiding in cases where victims may not cooperate or testify.

Plans to utilize audiovisual technology for intelligence gathering to assist in rescue operations and secure necessary warrants.

Awareness Initiatives

Emphasizing the principle that “Prevention is better than cure,” the Unit aims to raise public awareness about human trafficking, including:

- Using conventional media (radio and TV) and developing a dedicated website.
- Revamping its social media presence to engage younger audiences.
- Investing in billboards for counter-trafficking messaging.

Achievements

The Director and team have successfully collaborated with law enforcement to protect victims and prosecute traffickers.

Priorities

Moving forward, the Unit will:

- Continue awareness campaigns about human trafficking.
- Develop its online and social media presence.
- Invest in billboards for messaging.
- Acquire advanced recording technology for interviews.

Critical Issues

The Unit will:

- Persist in raising awareness of human trafficking.
- Develop and promote its website and social media.
- Invest in traditional billboards and recording equipment.
- Lead efforts to prevent trafficking and protect victims while ensuring the prosecution of offenders.

Antigua & Barbuda Forensic Service (ABFS)

In 2016, the Cabinet mandated the creation of a modern forensic science laboratory to support law enforcement in crime detection. The ABFS became operational in 2022, but the approval of a feasibility study for the new laboratory is still pending. Despite this, training and equipment acquisition for the Chemistry and Biology labs have progressed.

Responsibilities

The ABFS is tasked with:

- Providing expert examination and analysis of evidence to aid investigations and prosecutions.
 - Supporting law enforcement agencies in Antigua and Barbuda and the wider Caribbean region in crime detection.

- Proposed Structure
- The ABFS is expected to include several departments and units:

Administration Department

Forensic Chemistry, Biology, DNA Profiling, Ballistics, Crime Scene Support, Document Examination, and Cybercrime units.

Achievements

- Drafted the Antigua & Barbuda Forensic Services (ABFS) Bill to govern the agency's operations, awaiting review by the Ministry of Legal Affairs.
- Prepared guidelines for the feasibility study for the new laboratory.
- Proposed temporary housing for the ABFS during renovations.
- Staffed with qualified forensic scientists and approved additional technician positions.
- Plans to provide services related to cannabinoid profiling for the Medical Cannabis Authority.
- Established an anti-narcotics laboratory for drug research and testing.
- Acquired a 4X4 pickup for operational use.

Priorities

- Finalize and approve the feasibility study.
- Advance the review of the ABFS Bill for legislative ratification.
- Improve staff efficiency through training and acquire necessary laboratory equipment.

Critical Issues

- The ABFS Bill needs to be passed to govern the agency properly.
- Construction of a purpose-built facility for forensic analysis is essential, contingent on equipment acquisition.
- Adequate budget allocation for expansion and retrofitting is necessary.
- Efforts to identify and secure land for the ABFS are ongoing.
- Recruitment and training of qualified staff remain priorities to ensure effective operation.
- Completion of the feasibility study contract is awaited.
- Continuous training in forensic science is critical for staff competency.
- Development of health and safety testing protocols is needed for the ABFS

Labour Department

The Labour Department has resumed its pre-COVID operational levels, integrating lessons learned during the pandemic with established practices.

Key Activities

- **Canadian Seasonal Agricultural Workers Program:** Secured five new positions for nationals, although travel costs for biometrics in Trinidad posed challenges. The Department participated in virtual negotiations regarding work conditions and attended an Annual Review Meeting in Barbados.
- **Online Meetings:** Continued utilizing online platforms for conciliation hearings and meetings with regional and international partners, while exploring options for more face-to-face interactions.
- **Training Initiatives:** Senior staff facilitated numerous training sessions in collaboration with social partners, celebrating events like International Men's Day and International Domestic Workers Day.
- **ILO Collaboration:** Stakeholders reviewed ILO Conventions 189, 190, and 151, with a consultant hired for legislative recommendations. A validation exercise, led by ILO, involved a diverse group of public and private sector stakeholders. A Rapid Assessment of Child Labour was also conducted to inform future actions.
- **Public Engagement:** Developed promotional materials and organized educational visits to schools and a Street Fair to raise awareness.
- **Occupational Safety and Health:** Media appearances were organized for World Day for Occupational Safety and Health in April 2024, with plans to rebroadcast interviews.
- **Increased Public Engagement:** Foot traffic to the Department, including the Work Permit section, has increased, indicating economic vibrancy.
- **Professional Development:** Continued collaboration with stakeholders to provide training and seminars for jobseekers, contributing to the Department's success.
- **New Services and Revenue:** Introduced services like photocopying and expedited work permits, generating nearly \$100,000 in additional revenue.

New Work Experience Programme (NWEP)

The NWEP offers young unemployed individual's opportunities for personal and professional development, with approximately 695 trainees placed in 80 establishments, including government and statutory organizations. The program benefits businesses by reducing overhead costs and includes placements for individuals with disabilities. The NWEP also supported the launch of the Kitchen for Schools Meals Programme in Barbuda. All trainees placed in the government system for over six months were made permanent employees, aligning with best practices in labor laws.

Critical Issues

- **Vehicle Shortage:** There is a lack of serviceable vehicles for the Labour Commissioner and Department.
- **Transition to Face-to-Face Meetings:** The Department is gradually resuming in-person meetings with local partners while continuing to use online platforms.

- **Staff Training:** Ongoing training for Labour Department staff is essential.

Royal Police Force of Antigua and Barbuda (RPFAB)

The RPFAB is committed to ensuring the safety of citizens and visitors while modernizing its operations through strategic policies for the fiscal year 2025. The force aims to adapt to new challenges through collaboration with public servants and law enforcement agencies, while also incorporating feedback from the community.

Key Challenges

The ongoing impact of COVID-19 and global conflicts (e.g., Ukraine and Israel-Palestine) affecting economic conditions, leading to increased crime rates, particularly property crimes among youth.

The need for a shift in operations to address these challenges while maintaining public trust.

Strategic Plan (2023-2025)

The RPFAB has outlined seven key pillars in its strategic framework:

- Organizational Restructuring and Capacity Building
- Crime Reduction, Road Safety, and Youth Empowerment
- Enhancing Staff Welfare and Wellness
- Improving Public Safety and Citizen Security
- Public Engagement
- Efficiency through Communication and Technology
- Enhancing the Office of Professional Standards
- Achievements
- Improved service delivery and increased crime detection and solving rates.
- Significant reduction in serious crimes.
- Promotional advancements filling management vacancies.
- Participation in critical training programs and acquisition of new vehicles and motorcycles.
- Completion and renovation of police stations, including Bolan's Police Station and the Youth Intervention Unit.

Priorities

- **Preventing Crime:** Increase visible police presence and train personnel as crime analysts.
- **Training on Human Rights:** Provide ongoing training to enhance community relations.
- **Youth Outreach:** Collaborate with various ministries to educate youth on crime and safety.
- **Tourist Safety:** Work with the Ministry of Tourism to ensure a safe environment for visitors.

- **Recruitment and Fleet Maintenance:** Develop robust recruitment procedures and maintain an effective vehicle fleet.
- **Road Safety Initiatives:** Proactively reduce road fatalities through education and enforcement.
- **Intelligence-Driven Operations:** Enhance information sharing with other agencies to tackle domestic and transnational crimes.
- **Fire Safety Campaigns:** Reduce fire incidents through awareness campaigns.
- **Emergency Response:** Improve response times to emergencies.
- **Cyber Laboratory Development:** Strengthen the Cyber Laboratory with skilled personnel and advanced equipment.
- **Regional Security System Accreditation:** Work towards full accreditation.

Critical Issues

- **Human Resource Shortages:** Affecting patrol coverage and investigations.
- **Delayed Payments:** Hindering relationships with business entities.
- **Inadequate Facilities:** Poor office space and resources impacting performance.
- **Administrative Delays:** Lengthy processing times discouraging business engagement.
- **Station Amalgamation:** Challenges arising from merging larger stations into smaller ones.
- **AFIS System Unavailability:** Hinders matching latent prints from crime scenes.
- **Maintenance Issues:** Dilapidated conditions of police facilities due to lack of upkeep.
- **Budget Accessibility:** Inaccessible funds allocated for police operations.
- **Equipment Shortages:** Insufficient uniforms and malfunctioning communication devices.
- **Renovation Needs:** Ongoing work required at key police stations and the Telecommunications Department.

Sir Wright F. George Training Academy (Open Campus)

The Sir Wright F. George Police Academy is vital for training police officers in Antigua and Barbuda, especially given the importance of tourism to the economy. With 71 recruits currently undergoing training, it is essential that the Academy receives adequate funding to modernize its facilities and training programs.

Current Situation

The Academy has been in its current location for over 50 years and is facing significant challenges due to the deterioration of the facility caused by environmental factors.

It has temporarily relocated to the former American Naval Base while plans for renovation and construction of a new facility are underway.

Goals

The aim is to have the Academy accredited, enhancing the quality of training and producing more versatile and effective law enforcement officers.

Achievements

- Demarcation of lands for the Academy.
- Near completion of a fencing project, supported by the Ministry of Public Works and corporate donations.
- Upcoming graduation of Course 49/5.

Priorities

- **Construction of a New Academy:** Develop a modern training facility (Open Campus).
- **Accreditation and Rebranding:** Enhance the Academy's credibility and visibility.
- **Complete Fencing:** Ensure the Academy compound is secure for training.
- **Detailed Planning:** Obtain plans and estimates for the new facility's construction.
- **Continuous Training:** Deliver refresher courses, seminars, and workshops to improve officer versatility.

Critical Issues

- **Need for New Facility:** Renovations on the current structure are not feasible.
- **Budget Constraints:** Insufficient funding limits meaningful improvements to the aging property.
- **Delayed Payments:** Affecting business relationships with service providers.
- **Inadequate Facilities: Challenges include:**
 - Leaking barracks during rain.
 - Insufficient kitchen and dining space.
 - Problems with safe water storage.
 - Lack of proper living space for instructors.
 - Absence of a law and research library.
 - No medic station on-site.
 - Inadequate office space for leadership.
 - Lack of female instructor accommodations.

Antigua & Barbuda Fire Department

The Fire Department is a Department within the Royal Police Force of Antigua and Barbuda and has five (5) stations which are as follows.

1. St John's Fire Station
2. All Saints Fire Station
3. Coolidge Fire Station
4. Barbuda Fire Station
5. Johnson Point Fire Station

Achievements:

In 2024, the Fire Department focused on enhancing its capabilities and response services, including the acquisition of five new fire tenders to improve operations in both Antigua and Barbuda. The construction and equipping of the new Barbuda Airport were also completed.

Response Statistics (as of October 31, 2024)

- Fire Calls: 339
- Motor Vehicle Accidents: 99
- Ambulance Requests: 67
- Fire Prevention Activities: 195

Key Responsibilities

The Fire Department emphasizes fire safety and prevention, which includes:

- Training staff from various government and private agencies.
- Conducting educational field trips for youth and schools to raise awareness about fire dangers.
- Performing fire safety inspections and promoting best practices.

Priorities for 2025

The Fire Department aims to further improve services through:

- **Fire Prevention:** Enhancing measures to prevent fires.
- **Fire Suppression:** Efficiently responding to and extinguishing fires.
- **Fire Investigation:** Investigating causes of fires.
- **Professional Development:** Ongoing training for fire personnel.
- **Enforcement of Safety Protocols:** Ensuring adherence to fire safety regulations.
- **Fee Structure Implementation:** Establishing a legislative framework for service fees.
- **Acquisition of PPE:** Ensuring firefighters have necessary personal protective equipment.

Critical Issues

- Promotion Delays: Approval for promotions of fire personnel is lagging.
- Payment Delays: Payments to merchants for goods and services are delayed.
- PPE Shortages: There is a lack of adequate personal protective equipment for personnel.
- Infrastructure Needs: A need for improved administrative facilities and comfortable accommodations for staff.

His Majesty's Prison (HMP)

The Prison Administration is focused on holistic reform to enhance rehabilitation and reduce recidivism. While this goal is supported by corrections officers and offenders, challenges such as deteriorating infrastructure, insufficient resources, outdated legislation, and a lack of interagency

cooperation impede progress. Corrections officers face low regard, inadequate training, and poor pay, which negatively impacts their motivation and productivity.

Current State and Challenges

Overcapacity: The prison currently houses 250 offenders, exceeding its capacity, which complicates rehabilitation efforts and contributes to recidivism.

Infrastructure Needs: There is a significant deficit in infrastructure, requiring investments in:

- Sewage treatment facilities
- Renovation of cell spaces
- Dining and food storage improvements
- Enhanced security measures
- A new administrative building with educational facilities
- Revitalization of rehabilitative programs
- Acquisition of essential vehicles

Funding for these projects is challenging and may necessitate government lobbying for support from international and private sectors. Financial monitoring will be crucial for effective resource utilization.

Mission and Vision

Mission: To manage offenders in a safe and humane environment while facilitating rehabilitation opportunities.

Vision: To create a secure environment conducive to the rehabilitation of all inmates.

Core Values

Professionalism: Commitment to high international standards in correctional practices.

Integrity: Upholding ethical conduct in all duties.

Honesty: Ensuring transparency and impartiality.

Partnership: Fostering collaborative relationships to support the mission.

Service: Promoting public safety and the reintegration of offenders.

Priorities

- **Advocacy for Restructuring:** Seek assistance to restructure His Majesty's Prisons for effective rehabilitation and recidivism reduction.
- **Addressing Inmate Needs:** Enhance responses to inmates with complex needs, including mental health and substance misuse, through improved training and partnerships.
- **Leadership and Training:** Provide training to promote a safe and supportive workplace, improving performance culture.
- **Operational Capability:** Develop a refreshed operational strategy to tackle security breaches and drug use, aiming for measurable improvements in 12 months.
- **Increase Manpower:** Raise staff levels to the authorized strength of 150 personnel to better fulfill the prison's mandate.

- **Community Outreach:** Improve community engagement through sports and other initiatives.
- **Living Conditions:** Upgrade accommodation to modern standards to reduce overcrowding and enhance safety and morale.
- **COVID-19 Protocols:** Continue strict COVID-19 protocols to limit virus transmission between inmates and staff.
- **Transport Vehicles:** Acquire two purpose-built prisoner transport vehicles and one truck for daily operations.
- **Perimeter Security:** Complete perimeter security enhancements to strengthen protocols.
- **Sewage System Upgrade:** Advocate for the upgrade of the current sewage system.
- **Security Checks:** Ensure rigorous security checks for all entrants to HMP.

This comprehensive approach aims to create a safer, more effective correctional environment that supports rehabilitation and community reintegration.

Critical issues

- Shortage of human resources thus affecting productivity and security.
- Delays of payment to business entities that provide goods and services.
- Performance hampered by inadequate office space, resources and equipment.
- Lengthy delays in delivery of medical and dental care services to offenders.
- Increased health and safety risks to the Prisons and prisoners due to severe rodent and bed bug infestation.
- Extended delays in the provision of services from outside government agencies.
- The telecommunications network is outdated and suffers frequent outages for extended periods.
- Praedial larceny and severe water shortages at the Prisons Farms.
- Lack of industry standard equipment and duty gear for officers.
- Overcrowded and dilapidated residential spaces.

***The strategies to overcome these shortcomings are set out in the following table.**

Priorities, Strategies and Key Indicators		
Priorities	Strategies	Indicator

<p><u>Ministry of Public Safety and Labour Headquarters</u></p> <p>Priority 1</p> <p>Securing the citizens and borders of Antigua and Barbuda and maintaining the rule of law</p>	<p>Provide the law enforcement agencies with the necessary personnel, equipment, tools and support to protect our citizens and borders.</p> <p>Establishment of a new Training Academy Construction of the new St. John’s Fire Department Renovation of the St. John’s Police Station Improvement in the screening process for all new recruits Develop and implement Strategic Training Plan that identifies and addresses the critical training needs of the RPFAB</p>	<p>Output: Working with the citizens in their communities to maintain the rule of law.</p> <p>Outcome: Better security for the country and its borders. A safer and more productive society. Protection of our tourism industry and financial markets. A more efficient Police Administration and Force and placement of Officers -accountability and effectiveness</p>
<p>Priority 2</p> <p>Provide the necessary personnel, tools, equipment and support to all the Ministry’s departments, divisions and committees.</p>	<p>Continue to petition the Cabinet and the Establishment Department to provide much-needed qualified personnel. Ensure the necessary budgetary allocations are made to the individual departments and divisions and committees.</p>	<p>Output: Better staffed and equipped Ministry, departments, divisions and committees.</p> <p>Outcome: More and better qualified and trained personnel. Better equipment and tools for the employees to do their jobs. More readily available data for proper decision making. Employees are comfortable on their work sites. Increase in production and the quality of work produced.</p>
<p>Priority 3 Ensure that the Antigua & Barbuda Forensic Services (ABFS) is provided with an existing building from which it can operate and provide the much needed forensic science services to all the law enforcement agencies in Antigua and Barbuda.</p>	<p>Ensure the necessary budgetary allocations are in place. Identify an existing temporary facility for the ABFS. Ensure Feasibility Study is completed. Commission Public Works Department to design the architectural plans and commence renovations</p>	<p>Output: Completion of the temporary facility to accommodate the ABFS.</p> <p>Outcome: Building available for the Chinese Grant Aid Program to set up the anti-narcotics laboratory. Source and install the necessary forensic kits and equipment, etc. in the facility. Commencement of the analysis of forensic evidence.</p>

<p>Priority 4 Quality of Staff for the Labour Department</p>	<p>Training, Coaching and Mentoring</p>	<p>Outputs: A well trained workforce equipped with the required level of skills and competency to deliver high quality services to customers. Outcome: A respected and professional Department providing quality service.</p>
<p>Priority 5 Continue Restructure of the Work Permit Department</p>	<p>Utilization of the learner friendly Work permit systems renamed Labour Market Information System (LMIS) and the Labour Administration Application (LAA)</p>	<p>Output: Provides improved interactions and service delivery to customers Outcomes: Delivery of a high quality of service by staff.</p>
<p>Priority 6 Increase modernisation efforts to ensure that the Ministry and its departments are more efficient and accessible to the citizens of Antigua and Barbuda.</p>	<p>Acquire modern equipment and tools and ensure that they are available for the use of the employees.</p>	<p>Output: A modernized Ministry. Outcome: A much improved and efficient service to the citizens of Antigua and Barbuda.</p>
<p>Priority 7 Digitization of records in the Ministry and all its department to include the Labour Department.</p>	<p>Acquire the necessary equipment. Work along with the Ministry of Information, Broadcasting, telecommunications and Information Technology complete this task.</p>	<p>Output: All the Ministry's information securely digitized and securely stored. Outcome: Easy access to the Ministry's data and information. Ministry's Data and information secured.</p>
<p>Priority 8 The implementation of advanced computerized methods to assist in the collection of government revenues.</p>	<p>Acquire the necessary equipment. Work along with the Ministry of Information, Broadcasting, telecommunications and Information Technology complete this task.</p>	<p>Output: Computerization of Ministry's Systems Outcome: More efficient method of collecting revenue. Better security of collection records. Increase in the collection of revenue.</p>

<p>Priority 9</p> <p>Upscaling of the staff with the knowledge of new technology</p>	<p>Provide training course and other opportunities</p>	<p>Output: Well-trained officers.</p> <p>Outcome: Make the government sector more efficient and accessible in providing services to the general public, investors and other entities. Improve information development, handling and sharing. Developing quality information which can be disseminated internally, externally, regionally and internationally.</p>
<p>Priority 12</p> <p>Identified and streamline the Administration and the Policy Research and Development Unit, the Project Support and Implementation Unit, Records Management and Activity Monitoring, Evaluation and Reporting Units.</p>	<p>Employ tertiary level qualified personnel to work in these departments. Provide the necessary equipment, software and support to do the job.</p>	<p>Output: More efficient Departments and better collection and dissemination of information.</p> <p>Outcome: Enable the Ministry to take full advantage of assistance available from agencies such as the USAID and USID, CARICOM IMPACCS, CDB, the ILO, the World Bank, the Caribbean Basin Security Initiative (CBSI), the United Nations Regional Centre for Peace, Disarmament and Development in Latin America and the Caribbean (UNLIREC), Regional Security Systems (RSS) and others.</p>
<p><u>Antigua & Barbuda Forensic Services (ABFS)</u></p> <p><u>Priorities</u></p> <p>Priority 1</p> <p>Renovate or lease an existing building and/or construct a temporary structure for the ABFS to facilitate the Chinese Grant Aid Program, Ministry of Public Security of China in setting up the Antinarcotics laboratory.</p>	<p><u>Strategies</u></p> <p>Ensure the necessary budgetary allocations are in place. Identify an existing temporary facility for the ABFS. Commission Public Works Department to design the architectural plans and commence renovations. Construct a structure on lands approved by Cabinet and identified by Minister of Agriculture, Fisheries, and Barbuda Affairs. Purchase of furniture, equipment, tool, hardware, and software.</p>	<p><u>Indicators</u></p> <p>Output: Completion of the temporary facility to accommodate the ABFS.</p> <p>Outcome: Building available for the Chinese Grant Aid Program to set up the narcotics laboratory. Source and install the necessary forensic kits and equipment, etc. in the facility. Commencement of the analysis of forensic evidence.</p>

<p>Priority 2</p> <p>Pursue the Ministry of Legal Affairs for the completion of the contract for the bidders of the feasibility study</p>	<p>Petition the Ministry of Legal Affairs to have the contract completed as soon as possible so the feasibility studies can be finalized for the ABFS project.</p>	<p>Output: Contract for the feasibility studies awarded to an appropriate bidder. Completion of the feasibility studies.</p>
<p>Priority 3</p> <p>Construct forensic science laboratory on the land allocated by the Cabinet and identified by the Minister of Agriculture, Fisheries, and Barbuda Affairs</p>	<p>Ensure the necessary budgetary allocations are in place. Seek additional funding if necessary. Commission and finalize the design of architectural plans. Begin construction. Source equipment and furniture, etc.</p>	<p>Output: Completion of the purpose built forensic science laboratory. Outcome: Acquire and install equipment and furniture, etc. Commencement of forensic analysis.</p>
<p>Priority 4</p> <p>Pursue the Ministry of Legal Affairs to complete the review of the legislation for the ABFS and submit same to the Legislature for ratification</p>	<p>Continue to seek assistance from the Minister of Justice, Legal Affairs, Public Safety and Labour to have the ABFS legislation reviewed and presented to the Legislature for ratification.</p>	<p>Output: ABFS legislation ratified. Outcome: Legislation by which the ABFS could legally operate and provide its services.</p>
<p>Priority 5</p> <p>Acquire additional forensic laboratory staff.</p>	<p>Petition the Cabinet of Antigua and Barbuda to support the employment of additional qualified forensic scientist and cybercrime experts. Registration of beneficiaries as job seekers. Launch a recruitment programme.</p>	<p>Output: New staff hired. Outcome: An increase in staff complement. Beneficiaries as job seekers will be engaged in the Temporary Employment Programme for a period of 6 months.</p>
<p>Priority 6</p> <p>Improving the efficiency and quality of the staff in the Workplace through training</p>	<p>Ensure that all staff receive the appropriate training, coaching, mentoring and regular evaluation of their performance. Allocate funds for training both locally and overseas. Acquire the necessary equipment and tools for training.</p>	<p>Output: Staff properly trained. Outcome: New skills learned by staff and staff receive certification. The adherence of the standard operation procedures and policies. A well respected and professional ABFS provides a quality forensic service.</p>

<p>Priority 7</p> <p>Acquire forensic kits, laboratory equipment and office equipment and furniture</p>	<p>Allocate funds.</p> <p>Source equipment.</p>	<p>Output: Receive equipment and furniture.</p> <p>Outcome: Receive the forensic kits, equipment, and furniture. Commence analysis, production, and efficiency.</p>
<p>Priority 8</p> <p>Acquire specialized vehicle for the ABFS</p>	<p>Ensure the necessary budgetary allocations are in place.</p> <p>Purchase Vehicle.</p>	<p>Output: Receipt of specialized vehicles.</p> <p>Outcome: Staff better able to perform assigned duties.</p> <p>Increase in production.</p>
<p>Priority 9</p> <p>Continue the drafting of Occupational Health and Safety (OHS) instrument for the ABFS</p>	<p>Seek technical assistance from the Ministry of Legal Affairs to draft the instrument.</p>	<p>Output: OHS completed.</p> <p>Outcome: Greater awareness and protection for staff.</p> <p>Addressing OSH issues in the workplace.</p> <p>Relevant ABFS legislation.</p>
<p>Priority 10</p> <p>Prepare for the Accreditation of the laboratory processes.</p>	<p>Develop written standard operating procedures for the laboratory processes.</p>	<p>Output: Laboratory Accreditation.</p> <p>Outcome: Accreditation compliance of the different disciplines within the forensic laboratory.</p> <p>Greater accountability and a clear line of authority.</p> <p>Strong defense against legal challenges and civil suits in the Courts. Results are reproducible.</p>
<p>Priority 11</p> <p>Cyber-Crime Investigation</p>	<p>Acquire more staff qualified in cyber-crime investigation.</p> <p>Ensure the necessary budgetary allocations are available.</p> <p>Seek additional funding.</p> <p>Purchase cyber-crime fighting equipment and tools.</p> <p>Source training, coaching and mentoring.</p>	<p>Output: Provide Cyber-crime fighting services to all law enforcement agencies.</p> <p>Outcome: A team of well-trained cyber-crime fighting personnel who understand ethics and the legal procedures involved in cyber-crime investigations.</p> <p>New up to date equipment with valid licenses.</p> <p>Commencement of forensic analysis of devices.</p>
<p><u>Labour Department</u></p> <p>Priority 1</p> <p>Quality of staff</p>	<p>Training, Coaching and Mentoring</p>	<p>Outputs: A well trained workforce equipped with the required level of skills and competency to deliver high quality services to customers.</p> <p>Outcome: A respected and professional Department providing quality service.</p>

<p>Priority 2</p> <p>Continue Restructure of the Work Permit Department</p>	<p>Utilization of the learner friendly Work permit systems renamed Labour Market Information System (LMIS) and the Labour Administration Application (LAA)</p>	<p>Output: Provides improved interactions and service delivery to customers</p> <p>Outcomes: Delivery of a high quality of service by staff.</p>
<p>Priority 3</p> <p>Continued Training of Job Seekers</p>	<p>Collaborate with stakeholders in the provision of training and seminars</p>	<p>Output: A more ready supply of professionally developed Job Seekers.</p> <p>Outcome: Better trained and qualified Job Seekers.</p>
<p>Priority 4</p> <p>Provide New Work Experience Programme Workers to businesses</p>	<p>Create placements to a large number of young people in local businesses</p>	<p>Output: Interns and apprentices are employed.</p> <p>Outcome: The New Work Experience Programme continues to provide young unemployed people with opportunities for personal and professional development</p> <p>The New Work Experience Programme was an important lifeline as businesses were saved from collapse, the reduction of overhead costs by utilizing the interns and apprentices.</p>
<p><u>Royal Police Force of Antigua & Barbuda (RPFAB) POLICE</u></p> <p>Priority 1</p> <p>Prevention of Crime</p>	<p>Prevention and detection of crime</p> <p>Train more Officers in investigative techniques</p>	<p>Output: More precise mobile and foot patrols throughout Antigua and Barbuda in areas experiencing a high level of criminal activities.</p> <p>Outcome: To enhance the capacity to investigate crime in a more efficient manner. To enlist the support of the DEA in criminal investigations involving drugs or drug trafficking.</p>

<p>Priority 1 – Cont’d</p> <p>Prevention of Crime</p>	<p>Analysis of Crime</p> <p>Continue to assist Communities in Antigua and Barbuda in operating Neighborhood watch Programs. Technological Crime Equipment</p> <p>Develop an Urban Renewal program in consultation with the relevant Government agencies.</p>	<p>To undertake a full analysis of those crimes which gives rise to the greatest fear within our communities in order to demonstrate that in many cases such fears are unfounded. Enhanced Police/ community interactions. Reduction and prevention of crime. Providing police with modernized computerized crime fighting equipment and tools. Higher level of crime control through predictive measures which will reduce criminal activities. Working with the communities to influence proper maintenance of their properties and environs. This includes a better lighting system. Reduction in criminal activities and opportunities.</p>
<p>Priority 2</p> <p>Guiding Philosophy and Human Rights</p>	<p>Reflect what the organization believes in</p> <p>Avoid violence between the Police and Citizens</p>	<p>Output: These beliefs are reflected in the recruitment and selection practices. Outcome: Significant progress in improving community police relationship.</p> <p>Output: Reducing incidence of violence with the citizens. Outcome: Cultivate an atmosphere of cooperation and mutual respect between the police and the people we serve and having respect for human rights.</p>
<p>Priority 3</p> <p>Young People</p>	<p>Identify youth at risk and to make intervention and support the effort of other organizations, i.e., Social Welfare</p>	<p>Output: Reduce youth crime by interacting with youths to encourage the practice of religious values and respect for each other. Outcome: Police interaction with youths to prevent youth crimes. Police working with communities to solve and prevent crime issues.</p>
<p>Priority 4</p> <p>Tourism</p>	<p>Enhance visitor safety</p>	<p>Output: Through effective enforcement and proactive crime prevention enhance the safety and quality of life for visitors. Outcome: Visitor experience</p>

		satisfaction, making the visit memorable and reducing liability.
Priority 5 Efficient Management of Resources	Monitoring and eliminating waste and developing human resource capability through training. Proper servicing of our plants. Timely servicing of our vehicles. Proper deploying of Human Resource.	Output: Review of expenditure to manage resources more efficiently. Outcome: A high level of efficiency in relation to our Human Resource. Longer life span for vehicles and properties. Eliminates overwork and burn out.
Priority 6 Traffic management and Traffic control	Develop a nationwide traffic law enforcement plan Develop a traffic operational plan integrating traffic law enforcement with other police operations.	Output: Developing and implementing the plan based on community consultation. Outcome: Reduced traffic accidents and fatalities. Output: Performing stop and search and rolling roadblocks operations in concert with other police operations. Outcome: Crime prevention and reduction based on integrated approach.
	Improving the traffic ticketing process. Advising government on traffic flow	Output: All stations and units ticketing violators. Outcome: Aggressive enforcement to prevent and reduce crime. Output: Annual report on traffic flow regulations. Outcome: Improved traffic flow.

<p>Priority 7 Intelligence led Policing</p>	<p>Become an Intelligence led Police organization by continuing to train, develop and practice intelligence gathering and handling of information and information sharing. Convince the government about the importance of informants pay and that these funds go to pay participants of ID Parades and the basis for paying informants whom we depend on. Pushing intelligence to relevant investigative units</p>	<p>Output: Fully trained and functional Police officers in respect of intelligence gathering across the organization. Outcome: Improve Information flow from public to the police and from police to other law enforcement agencies. Partnership and networking with other law enforcement agencies. Output: Developing quality contacts and informants. Outcome: Improve information development and handling thereby preventing and reducing crime. Output: Developing quality information and disseminating it internally, externally, regionally. Outcomes: Improved information flow to prevent and solve crime.</p>
	<p>There is a great need for modern intelligence equipment to assist crime fighting. Implement Operational Plans under the comprehensive crime fighting strategy. Train, orientate and educate our officers in crime detection.</p>	<p>Output: Implement the crime fighting strategy and operational plans. Outcome: Improving the prevention, investigation, and detection of crime. Output: Increase the number of training opportunities for police officers. Outcome: Better-trained police officers to prevent, reduced and solved crime.</p>
<p>Priority 8 Fire</p>	<p>The training of our fire Officers as it pertains to life saving methods Develop a fire safety education strategy and plan for Antigua and Barbuda.</p>	<p>Output: Implementing the fire reduction strategy and plan. Outcome: Reducing fire and mortalities caused by fires. Output: Implement the fire education strategy and plan. Outcome: A better educated public about fire. Outcome: More effective and efficient fire service to the public.</p>
<p>Priority 9 Cyber Investigation</p>	<p>To engage more skilled personnel in cyber-crime investigating</p>	<p>Output: Increasing funding for equipment and training for investigating cyber-crimes. Outcome: Up-to-date equipment, renewal of licenses and personnel having a better understanding of cyber-</p>

		crimes and the legal procedure to investigate.
Priority 10 Accreditation	Develop written standards based upon standards.	<p>Output: Drafting of standards for the force.</p> <p>Outcome: Stronger Defense against civil suit. Better able to defend against civil lawsuit. Personnel will be more equipped to handle the issues.</p> <p>Output: To increase community advocacy.</p> <p>Outcome: Embodies the concept of community-oriented policing, where police and citizens work together to prevent and control challenges confronting the police and the community.</p>
Priority 11 Proceed of Crime Unit	Police need to be zealous about going after criminals who are benefitting from the proceeds of crime.	<p>Outcome: Criminals will not want to continue, knowing once caught, their illegal gains will be confiscated.</p>
<u>Antigua & Barbuda Fire Department</u> Priority 1 Fire Prevention	School Education Programs. Institutions: 1. Government Schools. Private Schools	<p>Output: Fire Prevention Sessions in all schools in the Years 2023-2025.</p> <p>Outcome: Children will learn and practice the elements of healthy Fire Prevention Practices.</p>
<u>Antigua & Barbuda Fire Department</u> Priority 1 Fire Prevention	Adult Education Programs Institutions Government Ministries Health Institutions 2. Hospitality Institutions	<p>Outputs: Fire Prevention Lectures to staff in these Institutions in the years 2023-2025.</p> <p>Outcomes: Adults will learn and practice the elements of healthy Fire Prevention Practices.</p>

<p>Priority 2 Fire Suppression</p>	<p>Public Safety Announcements and Programs.</p>	<p>Output: Fire Prevention program and announcement on all available media in the years 2023-2025.</p>
	<p>Institutions: 1. Radio 2. Television 3. Newspaper 4. Internet</p>	<p>Outcome: The public will learn and practice the elements of healthy Fire Prevention Practices.</p>
	<p>Public Interaction. Intuitions: 1. Expositions 2. Town hall Meetings 3. Fire Station Open Days / Station Visits</p>	<p>Outcome: Fire Prevention lectures will be presented to the general public in the years 2023-2025. Outcome: The public will learn and practice the elements of healthy Fire Prevention Practices.</p>
	<p>Increase Fire Suppression Coverage. Institutions: 3. Willikies and Bolans Fire Station</p>	<p>Outputs: Fire Stations will be built in Willikies and Bolans in the years 2023-2025. Outcomes: The Fire Department will be able to provide a more readily available Fire Suppression coverage to the areas in the south and east of the Island.</p>
<p>Priority 2 Fire Suppression Priority 3 Fire Investigation</p>	<p>Increase in the number of Fire Vehicles. Institution: 1. Fire Brigade Administration</p>	<p>Outputs: The Fire Brigade will acquire one (1) new Ladder Truck and one (1) new Ambulance in the year 2023. Outcomes: The Fire Brigade will be able to respond to high-rise fire emergencies, and to medical emergencies at the V. C. Bird International Airport.</p>
	<p>Fire Training for Investigation Team Institution: Fire Brigade Administration 1.</p>	<p>Outputs: Personnel from the Fire Investigation Team will acquire additional training in the years 2023-2025. Outcomes: The public will benefit from this additional training of the Fire Investigation Team by the increased efficiency with which this team will be conducting fire investigation.</p>

<p>Priority 4</p> <p>Fire Personnel Professional Development</p>	<p>Training Institution: Fire Administration</p>	<p>Outputs Personnel from the Fire will acquire additional training in the years 2023-2025. Outcomes: The public will benefit from this additional training of the Fire Brigade personnel by the increased efficiency in which these fire fighters will be conducting fire suppression duties.</p>
<p><u>Sir Wright F. George Training Academy</u></p> <p>Priority 1:</p> <p>Obtaining a detailed plan and estimate for the proposed training Academy.</p>	<p>Engage the Ministry of Works to provide the plan and estimate for the Academy.</p>	<p>Output: A visual layout as to the structure of the proposed new Academy. Outcome: A detailed estimate as to the material and service equipment required to ensure the construction of the Academy.</p>
		<p>Output: A detailed estimate of labor costing to construct the Academy. Outcome: Identify the best and most economical way to construct the facility. To make informed decisions as to the time frame within which the project can be completed.</p>
<p>Priority 2:</p> <p>Constructing New Training Academy</p>	<p>Selection of contractor and or subcontractors through the Ministry of Works to commence the construction of the New Academy.</p> <p>Improve the quality of training at the Academy.</p>	<p>Output: Improve the holding capacity of the Academy. Outcome: Multiple training can occur at the Academy simultaneously. Increase in the number of training courses held at the Academy. Increase in the type of training held at the Academy. Increase in the number of persons being trained through CBSI online training. Output: Improve the image of the Academy</p>

		<p>Outcome: Revenue generation as a result of other agencies utilizing the facility for training and or other functions.</p> <p>Reduction in the amount of monies Government spends on training aboard.</p> <p>Reduction in budgetary allocation to the training Academy.</p> <p>Increase in Revenue to the country as a result of more regional training being held at the facility.</p>
<p>Priority 3</p> <p>Production of more versatile Police Officer to Support the Organization</p>	<p>Increase in the number of trained officers in various disciplines</p>	<p>Output: Improvement in the quality of human resources of the organization.</p> <p>Outcome: Facilitate easy rotation of Officers.</p> <p>Outcome: Competent and Efficient Officers in all departments.</p> <p>Outcome: Augments the quality of service the citizens and visitors receive.</p> <p>Outcome: Reduction in crime rate.</p> <p>Outcome: An increase in solvability rate.</p> <p>Outcome: Increase in consistency in staff performance.</p>
Priorities	Strategies	Outcome
<p>Priority 1</p> <p>Renovating infrastructure to reduce overcrowding</p>	<p>Conduct and complete a comprehensive feasibility plan that would address the reconstruction of Division- B & E, inclusive of bathroom facilities for Divisions A and B</p>	<p>Improvement in personal living space.</p> <p>Reduction in violence and greater control of individual groups.</p> <p>Improved classification of offenders and housing allocation by nature of offence.</p> <p>Elimination of cliques and inmate hierarchy system.</p> <p>Better health conditions</p>
<p>Priority 2</p> <p>The construction of a modern sewage facility to eliminate the outdated “slop pail” method.</p>	<p>Complete feasibility study and construct a modern sewage treatment system to process bio waste generated by a population of almost 300 inmates.</p>	<p>Improvement of health conditions of inmates and staff.</p> <p>Improved control and reduction of communicable diseases.</p> <p>Elimination of rodent and pest infestation.</p> <p>Reduction in Government expenditure for medical services</p>

<p>Priority 3</p> <p>Acquisition (employment) of additional Prison / Correctional Officers</p>	<p>Use of the Cabinet Decision authorizing the hiring of additional Prison Officers</p> <p>Coordinating with the Ministry of Labour to assist with the employment process</p> <p>Training 6-8 week initial training program commencing early first quarter 2025</p>	<p>Improvement in the security operations within HMP</p> <p>Improved morale among officers</p> <p>Enhanced operational safety</p> <p>Greater efficiency in the supervision of routine duties and tasks</p>
<p>Priority 4</p> <p>Enhancing the Security of HMP</p>	<p>Upgrade the existing CCTV system.</p> <p>Installation of electronic screening equipment at access control points.</p> <p>Completion of the perimeter exclusion zone fencing.</p> <p>Re-fresher training of officers</p> <p>Introduction of new security protocols</p> <p>Enhanced vetting procedures</p> <p>Upgrading infrastructure security</p> <p>Acquisition of safety and security equipment for officers</p>	<p>Overall reduction in criminal activities.</p> <p>Early detection of attempted perimeter intrusions.</p> <p>Significant reduction or elimination of contrabands HMP</p> <p>Prevention of escapes and security breaches.</p> <p>Identification of criminal perpetrators.</p> <p>Improved management and control of both officers and inmates</p>
<p>Priority 5</p> <p>Rehabilitation of Inmates</p>	<p>Continued sustainable rehabilitation and prison outreach programmes within HMP that are built on the foundation of academic, vocational training, counselling, spirituality and recreational activities. This comprehensive strategy entails collaboration with both governmental and non-governmental organizations.</p>	<p>Enhances the social infrastructure thus mitigating and minimizing disruptive activities within HMP</p> <p>Inmates acquisition of a skill and profession</p> <p>Encourages inner healing, self-reflection and mind-set changes</p> <p>Encourages civic engagement</p> <p>Reduction in Recidivism</p> <p>Positive and productive re-integration into society</p>
<p>Priority 6</p> <p>Enhance the prison's capacity to better</p>	<p>The provision of adequate facilities to monitor, evaluate and rehabilitate</p>	<p>Achieve some level of comfort and peace to the minds of inmates and their families.</p>

<p>respond to the basic needs of the inmates, particularly addressing the response to prisoners with complex needs including mental health difficulties or substance abuse by reviewing internal training and improving partnership working with treatment providers.</p>	<p>inmates with complex needs.</p> <p>The provision of trained personnel to care for the inmates with complex needs.</p> <p>The collaboration with both governmental and non-governmental organizations to assist with the treatment of the inmates.</p>	<p>Reduction of mental individuals on remand allowing them to be capable to stand trial.</p> <p>Prepare inmates for reintegration into society</p>
<p>Priority 7</p> <p>Construction of a new Kitchen, Dining and Food Storage Facility</p>	<p>Conduct the feasibility study for the design and construction of the Catering Complex.</p>	<p>Improved efficiency in the preparation and service of meals. Ensuring the requisite sanitation and safety standards are met and maintained.</p> <p>Improved inmate morale. & dietary management</p>
<p>Priority 8</p> <p>Greater self-sufficiency in fruits, vegetables, meat and poultry production</p>	<p>Acquisition of the requisite pipes in order to facilitate access to adequate water needs to HMP farm in Duers.</p> <p>Construction of the required animal housing at Duers in order to accommodate the transfer of animals from the McKinnons Farm.</p> <p>Acquisition of additional farming implements in order to achieve greater efficiency and consequently better yield</p> <p>Investment in the requisite CCTV system infrastructure and/or construction of an officer and inmate accommodation to allow for improved security for the farm at Duers.</p>	<p>A larger yield toward healthier meals.</p> <p>A significant reduction in the Prison's food bill.</p> <p>Having extra produce to donate to suitable institutions.</p>

<p>Priority 9</p> <p>Acquisition of additional vehicles</p>	<p>To purchase a staff bus for 24 hour transportation of prison staff, ensuring separate vehicles for inmates and officers, while acquiring a utility vehicle for logistical needs and a truck to transport heavy equipment, agricultural produce and goods to and from HMP.</p>	<p>Improve the administrative, logistical, operational efficiency within HMP</p>
<p>Priority 10</p> <p>Construction of Administrative Building</p>	<p>Consult with Public works to conduct a feasibility study and preparation of the necessary architectural plans,</p> <p>The demolition of the condemn buildings within HMP.</p>	<p>Improve the administrative and logistical efficiency within HMP.</p>

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

Office of the Ombudsman

Business Plan

FY 2025

Office of the Ombudsman

Office Overview

The Constitution of Antigua and Barbuda, 1981 Section 66 Part 5 (4) made “*provision for the functions, powers, and duties of the Ombudsman*”. **The Ombudsman Act, 1994, Section 5 (1)** stipulated that the “*Ombudsman is to investigate any complaint relating to any decision or recommendation made or any act done or omitted by any officer of the Government or Statutory body in any case in which a member of the public claims to be aggrieved...*”. To this end, the Office of the Ombudsman investigated a range of complaints from the general public as well as the Civil Service. They include human rights issues, promotion, pension, land issues, health, and environmental issues. The Ombudsman visited the detention institutions as part of the **Humanitarian Programme**, to ascertain the conditions of these institutions and ensure the rights of the inmates are not infringed. The entire Staff is still concerned about the absence of **The Boys Training School for Young Offenders**. The Office also made referrals to a number of government Departments and Ministries. The objective of the Office is, “*To champion the rights of the people to ensure justice always prevails*”.

Vision

To create a high level of awareness within the public and the public sector entities; advise officers of their rights, and respect for their rights, and the enforcement of those rights so that there is fairness and justice at all times.

Mission

The Office of the Ombudsman pledges with God’s guidance to faithfully serve the nation of Antigua and Barbuda by impartially and efficiently investigating complaints of members of the public against unjust administrative decisions of officers of Government or Statuary Bodies with the view to righting wrongs and so contribute to good governance and further development of the democratic process in the country.

Personnel

In preparation to fulfill the mandate of this mission, the Office of the Ombudsman currently has six staff members to assist the Ombudsman. A summary of their respective duties are as follows:

Investigations Officer:

- Report directly to the Ombudsman;
- Carry out investigations and site visits;
- Assist in special projects;
- Receive complaints and forward to the Ombudsman;
- Assist with the preparation of the annual report;
- Team leader on investigative mission to Barbuda;
- Discuss investigative strategies with the Investigative team;

Senior Assistant Investigations Officer:

- Carry out the duties of Office Manager and Principal Accounting Officer;
- Oversight and training of junior officers;
- Assist with investigations and site visits;
- Supervise office logs and files;
- Assist the Ombudsman and the Investigations Officer.

Assistant Investigations Officer:

- Supervise the completion of complaint forms;
- Carry out follow-up on complaints;
- Assist with the preparation and development of educational materials;
- Assist with the updating of case files.
- Preparation and management of records (files) for complainants.

Research Officer functions:

- General office support;
- Supervise case management system;

- Carry out research to assist the investigative team;
- Provide statistical data;
- Assist with complaint handling;
- Assist in the preparation and development of education materials for the public

Senior Clerk:

- Personal Secretary to the Ombudsman;
- Type all Correspondence;
- Keep Guard file for cases;
- Type the annual report;
- Assist with printing and distributing of report;
- Management of complaint file;
- Keep an appointment book for the Ombudsman.

Junior Clerk

- Filing and Registry clerk;
- Type office correspondence;
- Prepare accounting documents eg. Social, Medical, Levy, Monthly Statement;
- Supervise incoming and outgoing books (ensure that the books are up to date);
- Supervise Dispatch Book;
- Give personal assistant to the Office manager;
- Assist Petty Officer where necessary;
- Supervise Stores;

Petty Officer functions:

- Dispatch official correspondence;
- Keep the Visitors' Log;
- Assist with filing and registry work;
- Create and refurbish files where necessary;
- Assist in the reception area;
- Record incoming and outgoing mails.

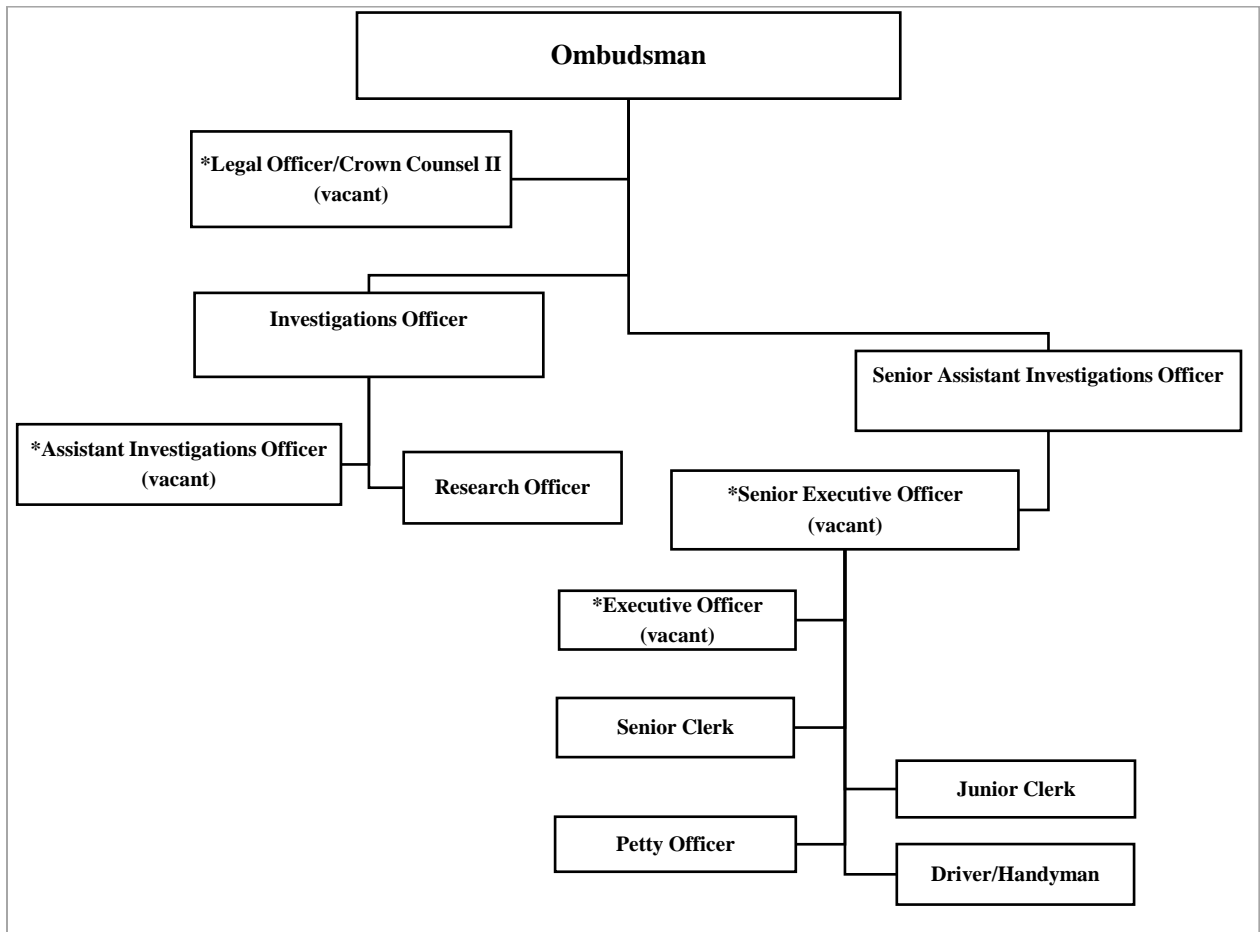

Driver:

- Transport Petty Officer
- Assist with clearing the postal mailbox;
- Transport staff members on government business;
- Transport Ombudsman on site visits and interviews;
- Ensure vehicle is cleaned, serviced, and roadworthy;
- General handyman.

Cleaner:

- Clean the offices and removal of trash;
- General cleanliness of the surroundings.

Office of the Ombudsman Organizational Structure

**not to be filled in 2025*

Service Performance Review and Critical Issues

Service Performance Achievements

The Office:

1. Received and successfully completed a range of complaints with various degrees of complexity. The investigations initiated were carried out as stipulated under the **Ombudsman Act #5 of 1994**.
2. Continue the Public Awareness and Educational Programme. Since COVID 19 some of these awareness activities have been reduced.
3. The Office continued its Humanitarian programme to His Majesty's Prison (HMP), the Fiennes Institute and the Clarevue Psychiatric Hospital.
4. The Ombudsman published the Annual Report on the activities of the Office for the years 2022 and 2023.
5. The Office is still hoping to introduce the Barbuda programme to better serve the sister island

Critical Issues

The usual problem persisted:

1. Lack of timely response from some Government Departments and Statutory Bodies to request for information relating to an investigation.
2. Absence of "*own initiative*" has limited the work/function of the Ombudsman especially in terms of human and civil rights issues.
3. Inadequate office space for storage of records.
4. The residential home which houses the office is in need of urgent repairs. The Ombudsman office was flooded in the recent tropical storm. The windows are kept closed with pieces of board. The walls have cracks wide enough to let in water.
5. There is a water problem. The trees seem to be at the root of the problem, that is, the fallen leaves and blossoms. The solution may be a problem in and of itself.
6. Insufficient and/or obsolete technological resources are a challenge to the operations of the department. The computers and telephone systems are in need of major up-grade.
7. Need for finance to facilitate the Ombudsman seeking legal opinion in certain complaints.

8. The Ombudsman Office needs to pay its vendors in a timely manner.
9. The office is in critical need of four air conditioning units and a Photocopier Machine to serve the Ombudsman Secretariat.

Organizational Matters

Capacity Building of the Department

Priorities	Strategies	Indicators
<p><u>Priority 1</u></p> <p>Repairs to the Office of the Ombudsman. It leaks profusely. It is not a good reflection of what the Office represents. There is an urgent need for two air – conditioning units, a new telephone system (30 years old) and new computers. They are over 8 years old.</p>	<ul style="list-style-type: none"> - Continue to appeal to the Prime Minister, Minister of Finance as well as the Ministry of Works, to carry out the much needed renovations to the building. It is a very old structure. It needs constant repairs. 	<p>Output:</p> <ul style="list-style-type: none"> - Repairs to the building to ensure safety and a high standard of work. <p>Outcome:</p> <ul style="list-style-type: none"> - Better working conditions which encourage professionalism. - Safe working environment. - Increase in work productivity.
<p><u>Priority 2</u></p> <p>Improve the current Public Awareness and Education Campaign. Hope to extend services to Barbuda.</p>	<ul style="list-style-type: none"> - Website has been launched but information about the office should be on other appropriate social media platforms. - Continue to visit schools, Prison, Home for the Elderly and Mentally Challenged. - Provide assistance to students and researchers. - Provide advice and referrals to the general public. - Open House Awareness Programme to educate the general public - Workshop on the roles of the Ombudsman 	<p>Output:</p> <ul style="list-style-type: none"> - A clearer understanding of the role and functions of the Ombudsman. - Easy access to the public and students doing research work. - Simplify the complaint procedure. <p>Outcome:</p> <ul style="list-style-type: none"> - Greater use of the services provided by the Office of the Ombudsman. - Easy access to information on the Office of the Ombudsman. - Feedback from the public about the effectiveness of the Office of the Ombudsman. - Awareness of services provided

<p><u>Priority 3</u></p> <p>Training of Staff</p>	<ul style="list-style-type: none"> - Continue the training of staff through seminars and workshops. Focusing on investigation, reporting, operations management, and digital technology. It was interrupted during the Covid 19 Pandemic 	<p>Output:</p> <ul style="list-style-type: none"> - A trained and competent workforce that can efficiently carry out the functions of the Office of the Ombudsman. <p>Outcome:</p> <ul style="list-style-type: none"> - Demonstrate competencies in complaint handling. - Demonstrate competencies in identifying systemic issues. - Demonstrate competencies in report writing, holding interviews, and promoting the organization on social media platforms.
<p><u>Priority 4</u></p> <p>Improve Records Management at the Office of the Ombudsman and dissemination of information.</p>	<ul style="list-style-type: none"> - Digitize complaints for future reference, better retrieval of statistical data, and condense the volume of paperwork stored in unsuitable conditions. - Foster relationships with supporting agencies and to avail the office to the best practices in Ombudsman ship. - Create and disseminate publications and information electronically to educate the public. 	<p>Output:</p> <ul style="list-style-type: none"> - Strengthen the role of the Ombudsman while at the same time ensure complainants have access to information. <p>Outcome:</p> <ul style="list-style-type: none"> - Reach a greater cross-section of the public. - Educate the public on the functions of the Ombudsman. - Increase users of the services offered by the Office.

**BUSINESS PLAN FOR THE YEAR 2025
AS SUBMITTED BY GOVERNMENT MINISTRIES**

**Ministry of Information
Communication Technologies,
Utilities and Energy**

Business Plan
FY 2025

Ministry Overview

The Ministry of Information Communication Technologies (ICTs), Utilities and Energy comprises of The Ministry Headquarters, Information Technology Centre, Telecommunications Division, E-Government Division, Cyber Security Unit, Antigua and Barbuda Broadcasting Services (ABS) and Government Information Services (GIS), Energy Unit, and two statutory bodies namely Antigua Public Utilities Authority (APUA) and PVD Petro Caribe.

The following are the objectives, visions and missions of the Ministry of ICTs:-

Objectives:-

- The development and management of the various information systems and platforms and for managing the distribution of information to the general public and other stakeholders.
- The management and regulation of the Broadcasting media space and associated spectrum as well as the development and management of the government's public broadcast facilities to include ABS Radio and Television and the Government Information System (GIS).
- The development and management of the government's ICT infrastructure and platforms that will enable and transform its intent to move towards a fully digitally enabled bureaucracy.
- The regulation and management of the Telecoms industry.
- The development and management of the country's renewable and sustainable energy policy, implementation and infrastructure.

Visions:-

- To be the catalyst for digital transformation of the Government and public service by "matching business processes with technology";
- To provide a secure and resilient digital environment through the use of Information Communication Technologies (ICTs), resulting in economic growth and social value for the progress and enhanced prosperity of every citizen, business and the government of Antigua and Barbuda;
- To be the centre of broadcasting excellence by consistently highlighting Antigua and Barbuda to a global audience, while adapting to the rapid changes in information and communication technologies;
- To transform Antigua and Barbuda's energy landscape into one that is cleaner, greener and more resilient, benefitting both the environment and economy;
- To deliver a professional, multi-media platform information service while becoming a public broadcasting entity;

Mission Statements:-

- ✓ To ensure the integration and adaptation of state-of-the-art information and communications technology in all spheres of our life, in education, health, production, commerce, services, governance systems, law enforcement, entertainment and social

interactions and ensure the security of the nation's information networks and a resilient digital environment;

- ✓ To be the most trusted and powerful source of information on all platforms delivering at world-class standards by harnessing the passion of our people;
- ✓ To lead Antigua and Barbuda towards a sustainable energy future by promoting renewable energy, energy efficiency, and innovative policies that ensure a secure, affordable and environmentally responsible energy landscape for all;
- ✓ To promote and disseminate information of the Government of Antigua and Barbuda's plans, programmes, projects and policies through television, radio, print, social media and all relevant platforms utilising the best available technologies;

9501 – Information Ministry Headquarters

The priorities of the Ministry's Headquarters (including the Minister's Office and Secretariat) for the year 2025 are:

1. Offer general accounting and administrative guidance and support to all Departments herein listed;
2. Manage all Human Resources functions and Labour Relations matter within the Ministry.

9502 - Information Technology Center

Department Overview

The Information Technology Center (ITC) exists to serve as a supporting role for the Government of Antigua in the area of information technology; both for equipment and services. ITC is determined to play its part in the transformational journey of our country one step at a time.

Steps to allow Antigua & Barbuda to enter the transformed state, include the build out of the Citizen's portal to include an enterprise service bus that would allow for a rapid deployment of e-services covering, but not limited to: passport renewal, online payment of taxes and statutory deductions, Electronic Funds Transfer, online permits process for DCA, and online request for Civil Registry documentation, online tax invoices and payments, and on-line one stop company registration. This will also include the development of public halls to allow everyone to participate in the digital era.

We will work alongside our hospital to renew its network infrastructure to facilitate the installation of a new health information system. This will see better healthcare for all and improved patient record management, NCD monitoring as well as enhanced decision making in the health arena.

The interconnectivity of the government network and its fleet of equipment refreshed to facilitate the offices to participate in the new digital economy. Closely coupled with this is the build out of a new data center to EN50600 international class standards and operations. The center will also

facilitate the implementation of a national internet exchange point that will improve access to local content, improve security and reduce costs for the providers by only sending traffic that is destined internationally off island. This will drive efficiency in the internet provider market as well as foster innovation and economic growth.

Our border entry platform is due an upgrade that will include the ability for rapid entry kiosks and gates, electronic ED cards as well as enhanced security and improved efficiency throughout the platform.

Various systems will see transformational changes as foundational technologies such as digital signatures are introduced allowing for full electronic interaction with the government. This will secure online transactions and allow for government operations to be conducted 24 hours a day, 365 days a year.

Work will continue on the National ICT Policy and Strategy in order to make the path plain to our stakeholders and facilitate partnerships with local and international partners.

Priorities, Strategies and Indicators for 2025

The priorities for 2024/25 are:

1. Completion of the Citizen Portal
2. SLBMC Network upgrade to facilitate the new HIS.
3. Development of an Internet Exchange Point (IXP)
4. Development of a new national data center with tier IV and EN 50600 international standards
5. Documentation of the National ICT Policy and Strategy
6. Upgrade of the Border Management Platform with new functionality to include rapid entry kiosks.
7. Implement an online E/D card platform to facilitate ease of entry, improved tourism statistics and drive efficiency in the immigration department.
8. Expand the digital signature framework
9. Renew the pool of computers in the service.

Our drive is a future where technology is not just a tool, but a way of life empowering everyone and shaping a bright future for all our citizens.

9503 - Telecommunications Division

Department Overview

In addition to its core Telecommunications Regulatory function, the division is responsible for the maintenance of all equipment and associated infrastructure related to the Public Safety Communications Network (PSCN), including the emergency radio communications network and the E911 Centre which handles emergency calls from the public.

It is anticipated that over the coming months, new Telecommunications law and regulations will be proclaimed to fully liberalize and govern the telecommunications sector in Antigua and Barbuda. The proposed new legislative framework will provide conditions for, among other things:

- a. an open market for telecommunications services, including conditions for encouraging and enabling fair competition in the telecommunications sector.
- b. Promoting the telecommunications sector by encouraging economically efficient investment in and use of telecommunications infrastructure.
- c. the establishment of new Telecommunications Regulatory Commission (NTRC) to have oversight of the sector.

The NTRC will be an independent Statutory Authority, funded mainly through the license fees and spectrum fees collected from public Telecommunications network operators and service providers. It is expected that immediately following the enactment of the new legislation, the Telecommunications Division, including all its existing staff, will be incorporated into the new NTRC.

Service Performance Review and Critical Issues

Achievements: In addition to its normal licensing activities, during the year 2024, the Division was mainly focused rationalizing the assignment of spectrum among the telecommunications operations in keeping with stated government policy, continuing the process of Mobile Number Portability as directed by the Cabinet, taking the lead role in finalizing drafting of the new Telecommunications regulations. In addition, the Division continued its ongoing work including, negotiating a framework agreement with ECTEL and the French Territories of Guadeloupe with the aim of: a) reducing the problem of cross border interference in the land mobile frequency bands; b) optimizing the use of spectrum resource in the border area; and c) strengthening cooperation between administrations in the management of interference issues.

Issues: Over the years, the Division has been somewhat constrained in its ability to perform its core regulatory functions resulting from:

1. lack of the legal authority needed to deal with many of the complex issues related to regulating a modern competitive telecommunications sector.
2. limited resources (skilled staff and technical resources) to carry out its primary mandate under the current Act, which is the management of the country's spectrum resources.
3. Insufficient and inconsistent funding to properly maintain key infrastructure related to the emergency communications network and spectrum management.

The upgrading and expansion of the government CCTV system which commenced in 2024 with the installation of new video servers and retrofitting of several key camera location will continue with the addition on and additional repeater site at Fig Tree Drive and the addition of 120 new subscriber units. The Government CCTV System will be expanded to the new monitoring System now located at the Ministry Headquarters will be fully operationalized. It is planned that control of and responsibility for operation of the system will be transferred to the E911 Centre within the Ministry.

Organisational Matters

Issues: Maintaining staff morale in the present climate of uncertainty pending passage of the Act and the setting up of the NTRC remains a major challenge.

Securing funding and making payment to suppliers/vendors for equipment and services is one the major challenges faced by the Division.

Priorities, Strategies, and Indicators

The first objective immediately following the enactment of the new legislation will be setting up the NTRC, including the appointment of the Board of Directors, a Managing Director, and key regulatory functions (legal, financial/economic, technical, and administrative staff). It is likely that the newly created NTRC will move to new premises once the necessary approvals and funding can be obtained.

Key deliverables during the first 3 months of the NTRC will be drafting and recommending for promulgation by the Minister of the following regulations, in consultation with stakeholders:

- Licencing Regulations
- Fees Regulations (Spectrum and License fees)
- Interconnection Regulations
- National Frequency Spectrum Plan
- Management of the Universal Fund
- Facilities Access Regulations

In 2017 an International Expert (IE) was made available by the International Telecommunications Union (ITU) to: “*establish an effective institutional and governance structure which is able to meet the future needs and challenges of the sector while achieving the objectives of the new legislation and key stakeholders*”.

The IE’s final report including several recommendations, including:

- The staff complement of the NTRC should be twelve posts, and the NTRC should build up to this number over a two-year timescale
- The structure of the NTRC should be profession based
- A Transition Team should be appointed for about six months as soon as the Telecommunications Bill becomes law to manage the recruitment of staff and the establishment of the NTRC
- During this time, an Executive Director, and staff of eight other posts should be recruited
- As this team comes into existence, it should initiate the NTRC’s high priority projects, including the setting of licence and spectrum fees, the issue of licences to public operators, and the production of regulations on infrastructure sharing and interconnection
- This team, once established, should recruit staff for the remaining posts. A Universal Service Administrator should be appointed once a suitable scheme has been approved by the Minister.

Once constituted, the Commission will need to begin a programme of public awareness to sensitise the public generally about the provisions of the new Act, the functions and working of the Commission and the rights afforded them under the new law.

Although it is intended that the newly created organization will be funded from fees collected from licensees, it is unlikely that in the first year of operation the revenues collected will be sufficient to fully cover its costs. Consequently, the amount included in this year's recurrent expenditure for the Telecommunications Division will be needed to supplement the funding of the Commission during the first 12 months.

Priorities and Strategies 2024-2025

1. Increase investment in broadband infrastructure - Remove regulatory uncertainty by creating a modern ICT regulatory framework that provides an investor friendly climate; Encourage and facilitate infrastructure sharing among network operators to optimize existing infrastructure and capacity.
2. More consumer choice in services and technologies - Introduce licensing regime which is technology neutral and allows for transparency and a level of predictability in the licensing process.
3. Reduce entry level price of broadband - Increase competition in the provision of broadband services; Reduce duplication and complexity in network infrastructure.
4. Improve quality of Broadband services - Closer oversight of operators ensuring compliance with licence obligations.
5. Number Portability implementation – Fully implement Number Portability.

9504 – e-Government Department

Department Overview

The e-Government Department is responsible for providing and implementing transformative projects and interventions within every department of the Government. The services we offer include, but are not limited to:

- Transformation of the Government bureaucracy to a digitally enabled platform.
- Business and data analysis services for decision makers
- Training of Officers within the central government on various topics to include digital literacy, laws governing operations within a digital environment, Office and email services via Office365 and more.
- Expansion of various mission critical projects such as CRVS system, Border Management and eVisa, Transport Board system, Freebalance, JEMS (Courts Management Systems), Tourism Database Management, Public Safety Communication Network, Landfolio, electronic payment gateways and the Companies Registry.
- Digitization and archiving of paper records and files.

Strategic Objectives

Strategic objectives include:

- System Integration and Automation of processes
- Customer-centric services
- Implement and upgrade mission critical information systems
- Training and capacity building of IT professionals and Public Sector
- Data-driven analysis for decision makers through Business Intelligence.

Priorities and strategies

The following is a list of objectives that the department intends to achieve within the 2025 budget year.

1. Government data integration
2. Finalize the implementation of the Civil Registration and Vital Statistics (CRVS) project
3. Finalise the upgrade of the Border Management System (BMS)
4. Establishment of a solution for the Antigua and Barbuda Transport Board
5. Establish Digital Training Academy
6. Finalise the implementation of the Health MIS
7. Establishment of a Police Management Information System
8. Improved operational efficiency through Business Process Reengineering
9. Digitization and Archiving

9505 - Cyber Security Department

Department Overview

The aim of the Cyber Security Department within the Ministry of Information Communication Technologies (ICTs), Utilities and Energy is to offer a secure and resilient digital environment for every citizen, business and the government of Antigua and Barbuda to operate in. This will be accomplished through the following initiatives:

- Operation of Government Cyber Incident Response Team
- Amendment and enactment of relevant Cybersecurity Legislation
- Review and Adoption of National Cybersecurity Strategy
- Identification and Classification of national Critical Infrastructures of Antigua and Barbuda
- Awareness programs to build the confidence of the citizens in Antigua and Barbuda in operating safely online

Service Performance Review and Critical Issues for 2024

Achievements:

- Becoming a Participating Nation of the Latin America and the Caribbean Cyber Competence Centre
- Cabinets approval for the AB govCIRT to join CSIRTAmericas

- Building awareness on issues of Cybersecurity
- Provide alerts and advise to some government agencies in relation to cyber issues
- Hosted the first Regional OECS Cybersecurity Table-Top Exercises focusing on critical infrastructures

Organisational Matters

- Build cooperation and collaboration locally, regionally and internationally
- Train proposed technical staff of CIRT
- Recruitment continues for staff to fill the vacant positions of AB govCIRT

Issues:

- Challenges with Recruitment of Staff, process too long resulting in persons finding other employment with better remuneration
- Acquisition of furniture, equipment and software tools is currently in progress.
- Project as per approved PSIP proposal is ongoing

Priorities, Strategies and Indicators for 2025

The priorities in order for 2025 are a continuation of 2024 priorities.

1. Commence operation of Cyber Incident Response Team (CIRT);
2. Acquire necessary hardware and software for CIRT;
3. Complete recruitment of technical personnel for the Cyber Incident Response Team (CIRT);
4. Continue specialized training of CIRT technical personnel;
5. Review and Adoption of National Cyber Security Strategy for Antigua and Barbuda;
6. Amendment and Enactment of legislation governing Cybersecurity in Antigua and Barbuda;
7. Robust awareness programme for the citizens of Antigua and Barbuda;

9506 - Antigua and Barbuda Broadcasting Services

Department Overview

The Antigua & Barbuda Broadcasting Services (ABS) is a division within the Ministry of Information, Communication Technology (ICTs), Utilities and Energy.

ABS will continue to be the centre of broadcasting excellence by consistently highlighting Antigua and Barbuda to a global audience, while adapting to the rapid changes in information and communication technologies. We will continue delivering at world-class standards by harnessing the passion of our people by:

- Employing and developing persons with the talent, creativity and intellectual capacity.
- Expanding the reach of our content across our several delivery platforms.
- Achieving and maintaining outstanding results.

Service Performance Review and Critical Issues

Achievements:

1. ABS continues to maintain a high level of broadcasting excellence. We have been called upon to function as a training ground for staff from other media houses.
2. ABS is also being asked to partner with Tourism Authorities in several of the neighbouring islands to promote and broadcast their national events. (St. Kitts Music Festival, Dominica World Creole Music Festival, Montserrat's St. Patrick Day festivities).

Issues :

1. The Department continues to be challenged in meeting the budgeted level of Sales Revenue. Contributing factors are:
 - a. Increase in reliance on Social Media marketing
 - b. Division is not staffed with "sales driven" individuals and though willing, it impacts negatively on revenue
 - c. The Department has functioned without a focussed Director, which has left the unit without focussed direction and guidance. Once the position is filled as planned, there will be a resultant increase in revenue.
2. Our radio division continues to underperform. There were several attempts to introduce new programs again in 2024 however, these were not maintained and as a consequence there was no resultant revenue increase. Renewed focus has been placed on the Radio Division and a major restructuring is planned. The radio division will be given a total overhaul in 2025.

Organisational matters

Achievements:

1. ABS Television remains solidly placed as the leading media house not only nationally and within the OECS region. We have continued to assist neighbouring territories with the reengineering and training of personnel for their television stations. This despite limitations due to our present premises.

Issues :

1. The staff at ABS includes persons who are in tune with technology and adapt well to technological changes and upgrades. There are also some staff members who are resistant/resistant to embracing new technologies or to be retool and so staffing changes, by attrition, will become necessary.
2. Several key vacancies at ABS are yet to be filled impacting negatively on productivity and placing a strain on some key personnel. The pool of trained media personnel locally is extremely small, and a regional search has yielded excellent candidates. All vacancies will be filled in Fiscal Year 2025.
3. Our current premises, which were supposed to be temporary since 1995, is woefully inadequate and continues to deteriorate due to lack of maintenance. Plans are now in train to relocate the operations to another building.

Summary of capability development strategy

The following enhancements are planned for Fiscal Year 2025

- ABS will be relocated to more suitable premises. This will contribute to the improvement in the look of the television programming.
- Staffing will have to be enhanced in Sales and Marketing, News and Current Affairs and On Air Radio talent.
- The following equipment upgrades are planned:
 - New broadcast capabilities/studio in Barbuda
 - Improved broadcast capability to make ABS accessible on Free-To-Air for all areas across Antigua.
 - New outside broadcast vehicle/equipment.

Priorities, strategies and indicators

The priorities in order are:

1. Relocation of premises.
2. Expanded Broadcast capability (to include a new and upgraded outside broadcast van)
3. Increased Operating Revenue
4. Recruitment of key positions and more training and development of human resource.

9507 - Energy Unit

Department Overview

The Energy Unit, under the Ministry of Information Communication Technologies (ICT), Public Utilities and Energy, serves as the central authority for advancing Antigua and Barbuda's energy agenda. Its mission is to ensure a secure, sustainable, and affordable energy future for the nation through a multi-pronged approach:

- **Renewable Energy:** Spearheading the development and integration of renewable energy sources like solar and wind power to reduce the country's reliance on fossil fuels and decrease greenhouse gas emissions.
- **Energy Efficiency & Conservation:** Promoting and implementing energy-efficient technologies and practices across all sectors to optimize energy consumption and reduce wastage.
- **Policy, Planning & Projects:** Developing and executing comprehensive energy policies, plans, and projects that guide the nation's energy transition and support its sustainable development goals.

By 2045, Antigua and Barbuda will be a shining beacon of energy sustainability in the Caribbean, powered predominantly by renewable resources and boasting a resilient, diversified energy mix that ensures affordable and reliable electricity for all. Energy efficiency will be ingrained in our culture, from homes and businesses to transportation and infrastructure, with innovative technologies harnessed to optimize energy use and minimize our carbon footprint. Through proactive planning and strategic partnerships, we will foster a thriving green energy sector that

creates jobs and strengthens our economy, while our forward-thinking energy policies ensure that Antigua and Barbuda remains at the forefront of the global energy transition. Clean, sustainable energy will empower our communities, protect our natural beauty, and contribute to a healthier, more prosperous future for generations to come.

Service Performance Review and Critical Issues for 2024

Achievements:

Over the past year, the Energy Unit has made significant strides in advancing Antigua and Barbuda's energy agenda. We spearheaded the promotion of electric vehicles, culminating in a successful EV expo during Energy Month last November, which raised public awareness and enthusiasm for cleaner transportation options. We also played a key role in supporting the Ministry of Trade's efforts to phase out ozone-depleting AC and refrigerator units, demonstrating our commitment to cross-ministerial collaboration for a greener future. Furthermore, we are actively exploring opportunities for capacity building, both within our unit and among key stakeholders like APUA, through partnerships with regional and international organizations such as the OECS, CARICOM, IRENA, and the IAEA. These initiatives underscore our dedication to fostering a knowledgeable and skilled workforce capable of driving Antigua and Barbuda's energy transition forward.

Organisational Matters:

The Energy Unit, while small, maintains a crucial role in the national energy landscape. With the recent addition of a Project Officer, the team now consists of five dedicated individuals: one Advisor to the Minister, three Energy Officers, and one Project Officer. Despite its size, the Unit serves as the primary focal point for all government business relating to energy, collaborating closely with key stakeholders such as the Antigua Public Utilities Authority (APUA), particularly its Electricity Business Unit.

Furthermore, the Energy Unit plays a pivotal role in regional and international cooperation, serving as the main point of contact for numerous organizations, including the International Renewable Energy Agency (IRENA), the International Atomic Energy Agency (IAEA), the Sustainable Energy Units at the Organisation of Eastern Caribbean States (OECS), the Caribbean Development Bank (CDB), and the Caribbean Community (CARICOM). This extensive network underscores the Unit's significance in driving Antigua and Barbuda's energy transition and contributing to regional and global sustainable energy efforts.

Issues:

Internally, the Energy Unit has faced several challenges that have hampered its efficiency and effectiveness. Delays in payment processing from the treasury, often taking two to three months, have strained relationships with vendors and created unnecessary administrative burdens for our staff. The lack of dedicated transportation for the unit has also hindered our ability to conduct fieldwork and attend meetings efficiently, relying on personal vehicles instead.

Additionally, the absence of uniforms for both domestic and international engagements presents a less professional image and creates logistical challenges for staff when representing the unit.

Moreover, the rising cost of living in Antigua and Barbuda has significantly impacted the financial well-being of our officers. While we are grateful for recent salary increases, the persistent high inflation has eroded their purchasing power, making it increasingly difficult to meet basic needs. This has led to decreased morale and potential difficulties in attracting and retaining top talent. A review of base salaries, taking into account the current economic realities, is urgently needed to ensure that our dedicated officers are fairly compensated and motivated to continue their vital work in advancing Antigua and Barbuda's energy goals.

Priorities, Strategies and Indicators for 2025

Priorities are key areas of focus for the ministry's policy and other services, its regulatory activities, and major capital development for the community (e.g roads, schools). If ministries face organizational challenges, such as limitations in human resources, their priorities may involve the development of staff and systems, along with other relevant aspects. However, it is essential to strike a balance and ensure that these concerns do not overshadow or take priority over the broader set of priorities.

This issue is particularly evident in the current business plans, where there is a lack of emphasis on the desired outcomes and outputs that the ministry should be generating with its funds and resources. Priorities can include enhancing services to the public, improving business practices within the ministry to enhance productivity, and being more responsive to client needs, among others.

The strategies to achieve these priorities, the accountable institution and the indicators to measure performance are set out in the table below.

Priorities and strategies 2024-2025

1. Developing Policy and Regulations for EVs and Hybrid Vehicles & Charging Infrastructure by drafting comprehensive EV and Hybrid Vehicle Policy and Regulations, incorporating incentives, infrastructure development guidelines, and safety standards.
2. Building Capacity among Unit and Energy Sector Experts by organising specialized training programs and workshops on energy studies, audits, and technical analysis for unit staff and industry professionals.
3. Public Awareness and Advocacy for RE, EE, and EC by developing and implementing a targeted public awareness campaign utilizing various media channels to promote the benefits of renewable energy, energy efficiency, and energy conservation.

9508 – Government Information Service (GIS)

Department Overview

The primary objective of the Government Information Service is to promote and disseminate information of the Government of Antigua and Barbuda's plans, programmes, projects and policies

through television, radio, print, social media and all relevant platforms utilizing the best available technologies.

The Government Information Service will deliver a professional, multi-media platform information service while becoming a public broadcasting entity.

Priorities, Strategies and Indicators for 2025

The following Key Result Areas (KRAs) have been identified to meet the priority needs of the Government. Strategic Objectives have been developed to support these KRAs.

PRIORITY 1 – Information support for Government’s plans, policies and programmes

To keep the public informed on the major plans, programmes, projects and policies of the Government of Antigua and Barbuda. This will focus mainly on:

1. Peace Love and Happiness Project – Barbuda
2. New Barbuda Airport
3. Major Tourism Developments to include but not limited to hotel developments
4. Port Expansion
5. Cruise Ship Berth Expansion
6. UWI Five Islands Development
7. Housing
8. Water
9. Agriculture
10. Infrastructure
11. Education
12. Health
13. OAS Heads of Government Meeting

PRIORITY 2 – Strengthening Government Ministries, Departments and Institutions

To feature the work/ activities of Government Ministries, Departments and Institutions through news, features, studio discussions and documentaries through television, print, radio and social media.

PRIORITY 3 – Information Dissemination

- Maintain and operate a 24 hour television channel
- Provide information to the public through ALL available media platforms.

Performance Targets

In keeping with the mission and vision, the Government Information Service will develop a series of specific performance targets to measure the progress towards achieving the Strategic Objectives of the Key Result Areas.
